UNIVERSITY OF MARYLAND HEAD COACH JOE KRIVAK AND PLAYERS
FOLLOWING MARYLAND'S 17-6 WIN OVER VIRGINIA
SATURDAY SEPTEMBER 7, 1991

"I think it was pretty much what you would expect from a typical game. I don't think it was much different from what we talked about in pre-season. We thought the defense would be pretty good we played good tough defense. I didn't think we would be able to shut those two backs down. Our defensive line, our defensive group -- I think Coach Greg Williams and his staff put together a pretty good game plan. It was the defense that kept us in the game.

"Offensively, we wanted to establish the run because we have a couple of guys that can run the ball. For maybe the first time in a long time we rushed for 200 yards. Passing game, we just have to keep working on it. We just have to keep moving along.

"I don't know what condition Steve Ingram is but if we lose him we are going to lose a big part of that offensive line. He has the chance to be an outstanding player and you just hate to see something like that happen.

"Jackson and Mason came up real big in the first half but they hung in and came back in the second half. Sandwisch byinlarge had a good game - first time under fire against a pretty good football team made a couple of mistakes but all in all he did more good than he did bad."

Lubo Zizakovic (#98)

QUESTION: What did you do to stop the running game?

"Same thing we have done for the last five years. We have experience in the front line when you get together a bunch of fifth-year seniors on the line and outside backers obviously we are going to do well. We were fired up to stop the running game. We shut them down.

Scott Rosen (#24)

"If a receiver gets a jump on the DB one thing you do is you don't look back. I just kept looking at his head and thankfully I got it."

Mike Jarmolowich (#40)

"We were getting ready for the run. They have two good running backs. Leading rushers and both all-ACC. We were planning on stopping the run and letting them beat us with the pass."

UVA COACHES QUOTES

COACH WELSH: Big difference today was the turnovers. It was a disappointing part for me. We had not turned the ball over in practice or in the scrimmages. But then again, we had not been hit that hard in 10 days. Maryland has got some good down linemen. We are usually better than that...We got off to a slow start in the first half. Maybe we were a little nervous, I don't know. Our concentration was not there. We looked slow and lacked a little bit of enthusiasm...We played better in the second half. Our defense hung in there and overall played a good game. They played well enough to win...Offensively, our pass protection wasn't good enough this game. We have to get better at that...~~XXXXXXXXXX~~ This was a typical first game. I thought Maryland was sharper however...Their punter DeArmas did a good job punting for them. We did not get a chance to return many kicks.

COACHES' QUOTES—NAVY AT VIRGINIA—CHARLOTTESVILLE, VA—September 14, 1991

VIRGINIA COACH GEORGE WELSH

We played harder tonight. We were more emotional and more intense. We didn't play smart on offense. We ~~made~~ had too many penalties, but we played harder.

We had a lot of things go ~~w~~ against us tonight. There was a lot of adversity. We had a new quarterback, got a kick blocked, had a lot of penalties. But we hung in there.

(On Bobby Goodman's play) He had an excellent night under the circumstances. We put in some new things for him on Wednesday. He made a bad choice on the interception in the second half, but otherwise I think he played really well.

(On Matt Blundin) On Monday, we wanted him to throw the ball some instead of running it because he was having trouble with his heal. Next thing I know his elbow's sore. They drained some fluid from it and tested it, ~~xxx~~ and it didn't show an infection. Then his temperature went up to 102. We hoped that by Friday he'd be able to bend the elbow enough to hand off, so he would be the back pp quarterback. But there was no way. I still don't know what's wrong with him.

(On Nikki Fisher) He had a great night running the ball. I don't know how he got out of those piles. We weren't trying to make things up for him. We just made a mistake last week.

NAVY COACH GEORGE CHALMP

(On Navy's Blocked Punt) There was no block set. We practice it every day in practice and hope to get lucky. A block occurs when there is an individual breakdown. It is good to get one and we just have to get trying.

I don't worry about the point spread. I don't give a damn. We are young and just have to keep trying. We have to hit hard and not worry about it.

The defense did tire but everyone tired. Both teams played hard and they were able to convert their third down plays.

They have two great runners and they are hard to bring down. They are going to win a lot of ballgames with those two. They are fine players.

(On Virginia) They have a big offensive line. They have a big strong team and they can move the football. The stlye of play is not pretty. It is not wide open the way fans would like it but they move the ball and they will win a lot of games.

Coach's Quotes Duke vs. Virginia 9/28/91
 Visiting Coach's Quotes- Barry Wilson

We were beat by a good team. Virginia played well and we played poorly. We were not able to overcome the players we lost.

The defense played well late in the game but we gave up too many points in the first-half and early in the second-half. We just didn't get it done on offense. We have got a group of guys up front who are stuggling to find themselves. We have got to find ways to control the pass rush and we need to help Dave Brown more.

(Coach Wilson was asked to compare this year's game to last year)
 We didn't fumble as much. I thought we hung tough. The gate didn't open up like last year and the team did not collapse.

In 1989 we did not look pretty after four games but this is not the season. I just hope this was a bad day for us.

I have a bad temper but it doesn't do any good to throw a temper tantrum. I have to stifle my reaction and wait to look at film. Then those who deserved to be chewed out will be and those who played hard but didn't get the job done, the coaches will have to help.

VIRGINIA COACH GEORGE WELSH

(On making decision to start Blundin over Goodman) We pretty much decided by Thursday. Goodman was still sore on Thursday. But he was going in if anything happened to Blundin.

(Was he surpsied by Blundin's sharpness--14 consecutive completions in second half) NO, I wasn't surprised ~~xx~~ that he was sharp. He had a whole week of practice. Probably more because Goodman missed a couple of days. But anytime a quarterback completes 14 in a row it surprises me. You don't do that in practice.

(On Virginia's young pass receivers) Tyrone Davis has made measurable strides. He'll have some Saturdays like he had today. But he'll probably have some where he drops a few, too. ~~xxx~~ He's still young. I'd still like to have Satola and Tomlin. ~~xxx~~ Those other guys are just babies. I thought the week of the Georgia Tech game we started to get better. We did a little more play action today than we have before and that helped.

The running game is still not consistent. But we have our top two guards out. We're not going to be consistant. Hopefully, we'll get a little better this week.

We played our regular defense against Duke. Against Duke you have to play the pass first. That's why those draws and shovel passes ~~was expected~~ went for 10 yards. But that's still better than 15 and 20-yard completions down the field.

(On secondary's play) A game like this is good for our four deep people. They thow a lot of passes and they throw deep. Now we'll have a better evaluation of our people. We still had some people hurt and moved some people around. We played seven people and just shuffled them around.

VIRGINIA COACH GEORGE WELSH

(Welsh's feelings at halftime, down 13-10): I was upset, angry. I didn't think we played a very good half. But we were only three points down. We played better in the second half, and I think we played hard the whole game.

The offensive line has been decimated (by injuries). All the injuries have been right there. It's unusual. But we hung in there, got some turnovers, and played hard. We're going to have to do that all year. It's going to be tough to win.

(On playing Bobby Goodman late in the ~~first~~ second quarter) We decided that before the game. He deserves to play. We didn't want him to go too long without playing.

(Comparing this year's team with previous Virginia teams) We've been in worse shape, but we've been in better. With the injury situation and the young people and learning a new system on defense, I think it's going to be an adventure every week.

(On the play of the defense) I wish we could be a little more solid. We got run over on a lot of those runs. There were lots of nine- and ten-yard runs.

(On the reverse run by Kansas on fourth down and four from the Virginia seven with 6:33 left in game and Virginia leading 31-19) That was a surprise. I didn't expect it. That would have fooled me if I had been out there.

Kansas Coach Glen Mason

Well we did not play well enough to win. There were 5 key plays where we self-destructed.

In the 1st-half the run game was working pretty well and we didn't rely on the pass.

The gameplan for this week was: to execute the offense, control the ball, move the chains, use the clock but not control it, eliminate turnovers and score. We did about half of that. The turnovers did us in.

(Asked if this was his most frustrating loss) No. This is not my most frustrating loss. I have a couple of others that still haunt me. I will get over this.

(On the reverse run on fourth down and four from the Virginia seven with 6:33 left in the game and Virginia leading 31-19) We needed two scores and you have to go for it. I wasn't real happy with the outcome. We had been running sweeps and thought they would go for it.

It was a hard-hitting game. It was our half in the second-half and Virginia's in the first (talking about when the injuries occurred). I don't think the injuries are of the serious nature.

(On the game next week) We wanted to do well in the game but next week we play rival Kansas St. In this business you get knocked down and have to get up and go.

Coach's Quotes-- North Carolina vs. Virginia 10/19/91

Visiting Coach's Quotes- Mack Brown

I was very disappointed in losing but pleased with our effort. We played with effort to win a big game but didn't do the little things. We didn't make the plays to win the ballgame.

I didn't think we played well early. We shanked a couple of punts but at halftime we settled down and played better in the 2nd-half. We just came up short.

(Coach Brown was asked about his gameplan) They have great skill on offense and they did the things they needed to do. Our plan was to fight for field position and keep them off the field with our backs. We wanted to hang in there until the fourth quarter, then pull it out which we almost did.

We are at the stage where we have to learn to beat good teams on the road. I hope we learned something today and hopefully that will help us beat a good team next week in Atlanta.

We didn't stop them in third and long all day. We are still giving up the big play. Today, we didn't give up the big play for a score but we still gave it up.

VIRGINIA COACH GEORGE WELSH

(On playing close games against Carolina in recent history) We're playing a lot of close games against everybody. That's the way this team is, and we're playing a lot of teams that are good defensively.

(On the use of shotgun and passing game early) We made the decision to try to open it up early in the game. Maybe we should have done that more later.

(On the play of Brian Satola) He ~~has~~ helped us a lot when he came back last week against Clemson, and he made a lot of big catches today. That last one (for a first down with less than two minutes to play) was very important. We need some other people to make big plays like that ~~for us to win games the rest of the season.~~

(On UNC players' contention that Satola trapped the ball) That was a catch. Absolutely. If they had ruled that it wasn't a catch, it would have been an injustice.

(On calling a pass in that situation) We felt like we had to get a first down. Our chances of making it with the run weren't so good.

We defended the run better today than we did against Clemson or Kansas, and I think North Carolina is as good as either one. We worked on it a lot this week. We're going to have to play well against the run the rest of the year.

(On Virginia's rushing attack) I think the running backs did okay. There wasn't a lot of running room out there today. We're not a great offensive team, and North Carolina's very good on defense.

Coach's Quotes Wake Forest vs. Virginia 10/26/91

Visiting Coach's Quotes-- Bill Dooley

"We were embarrassed by our play. We just took a good old fashion licking. UVA outplayed us on both offense and defense."

"They were able to do what they wanted to do. It was simply a matter of too many mistakes by our team and too many big plays by Virginia."

"We had been making progress the last two weeks, but for whatever reason, we just didn't play with the same intensity today. That is the most disappointing thing."

"We were able to move the ball early, especially on our scoring drive, when we could mix our play selection. But when we fell to them three touchdowns behind, it was really tough to play catchup."

1889 4-46 Wake Forest's worst loss to University of Virginia

1981 24-82 Wake Forest's worst loss before today - vs. Clemson.

Home Coach's Quotes -- George Walsh

"We needed a win. I think it was important for us. I still think that Wake Forest is a good football team. They are better than that score."

(On Blundin) - I thought he was sharp. He threw the ball to the right people and his timing was good. Good pass protection helped."

"I think the pass protection was good. A lot of it is the quarterback making the right decisions, throwing to the right guy at the right time. That is what it amounts to, because usually someone is open."

(On Way's first touchdown) - "He was grandstanding. I really think he was. You can get a fifteen yard penalty for running out in front of the crowd with your hands up. I do not want our team to do that. I think he knew that, but he just got excited about scoring the touchdown."

"I think we are out of the conference (race) no matter what happens. I can't imagine winning ~~and~~ or tying the conference. We've just got to strive for eight wins now. We are in position for eight. You've got to get six before you get eight."

"I think we executed pretty well on offense. We had running room for the backs. Blundin was sharp. And we had some receivers who were wide open, which helped."

VIRGINIA COACH GEORGE WELSH

VMI played well for a half. They did some things defensively that gave us trouble. We dropped a ~~number~~ couple of passes. It was still a football game.

To hold them to no points--I didn't expect that. I think our kids did a good job against the wishbone. Penetration helped us a lot. We got good penetration and that messed up their timing. We didn't concentrate on the quarterback. In the wishbone you have to stop everything.

I don't think we had a lot of intensity, but it wasn't because we didn't respect VMI or because they're a I-AA school. We've had a lot of tough games lately and this is a non-conference game. It's hard to keep the emotional level g up week after week.

(On ~~gag~~ goals now that Virginia has reached Welsh's goal of a winning season) I'm not setting any more goals. That's up to the team. Next week will have a lot to say about this season.

(On not losing in last six games--5-0-1) I thought there was a strong possibility that we might not be a good football team early. It could have gone either way. But we got better execution from key players, and some young players came through. The talent was always there, but you can't keep losing week after week with young players.

VMI COACH JIM SHUCK

(On Tim Williams who played both ways) We were ~~thin~~ on personnel/Marcus Hines did not practice all week and we let him play both ways. At our level we have to use our talent the best way possible. He only learned 3 or 4 plays but he did a great job.

I was really proud of the way our kids played. Virginia has some great athletes and they made the big plays when they had to. We had opportunities but didn't make them. When your are in a game like this we have to play perfect to win.

(On what the coaches take away from game like this) The kids didn't quit. Virginia is better than VMI but our kids played hard.

(On the future of the game) The kids look forward to a game like this. A chance to into the big city and see big time football. As a coach you want to play someone who you have a chance of beating. On the other hand a game like this is a way for the athletic department to make some money. I understand that you might have one game a year like this but not 2 or 3. It is nice to have an opportunity to play an hour away rather than traveling 8 or 9 hours to play a team in I-AA. I would like to see the series continue but I understand if can't.

DICK SHERIDAN QUOTES:

(About the game) "They were a better team. They dominated us. There's nothing more we can say."

(On what he said to the team) "When you go through disappointment like today, you either get closer together or further apart. I just wanted to make sure that we get closer together."

(On Terry Harvey) "It's about as difficult a situation as you can put him in. We've been working with him in practice trying to prepare him. I thought that all things considered he played very well."

(On the 91-yard pass) "It mainly hurt on the scoreboard. One play shouldn't get the defense or the team down. Sure, it hurt. Even if you take that out, they were still the better football team."

GEORGE WELSH QUOTES: (About the first half) The way it looked it was a good half. I don't know maybe they helped us. We played very well, again Blundin had that extra fraction of a second to work.

(About Blitz) That is the way that the defensive coaches planned. Inexperience at quarterback helped, it seems that State has problems with quarterbacks every year during the past three or four times.

(About Blundin) He has played as good as he can, the accuracy is there. We are catching the ball. They are a good pass rush team, our team has Blundin has just done a great job of passing.

(Offensive line) Our offensive line is getting more stable. Roberts is at the top of his game, Dixon is in a groove the past three or four games. The kids are just playing good football. We're just a young team improving.

(emotional state before game/practice) I didn't see much difference in practice this past week. Before the game, he had more intensity than they have had all year long, they were very intense and alive. I don't know how much better we're going to get. If you take a look at the first half today, how much better could you play except for the fumbles and turnovers.

(Va. dominance over State) Through the last few years it has been pretty much the same, this year's first half was almost a duplicate of last years.

(Getting better) I think we never got down even though we started the season 1-2. It is a question of a young team getting better.

(About bowl improving stock) I feel the team has done its part. I think they want to play in a bowl. I just hope somebody will see that. I don't think we hurt our stock today.

(about Blundin and streak 208 without interception) Maybe he has one game left then he can throw some interceptions for the Chicago Bears or somebody."

GAME NOTES

** The 91-yard pass play from Blundin to T. Davis in the first quarter was the fourth longest pass play in Virginia history.

** Gary Downs' one-yard touchdown run in the third quarter was the first third-quarter touchdown allowed by Virginia this year.

** Virginia has now defeated N.C. State six straight times.

** Quarterback Terry Harvey saw his first collegiate action today, and completed his first pass attempt -- a 19-yarder to Todd Harrison.

Coach's press Virginia Tech vs. Virginia 11/23/91

Visiting Coach Frank Beamer

Virginia played exceptionally well and we had a long day. We made some errors in the kicking game that came back to haunt us. The 2nd half kickoff was a big play. I thought we had a chance to come back then that hurt us.

Things go in cycles. They got us this year but we got them last year. There will be another day. They are a very good football team and they played well.

(Coach Beamer was asked about switching quarterbacks) They split time this week. We wanted to get a spark and move the ball. I was worried about going back and forth. Looking back I am glad Maurice (DeShazo) got to play but it was tough.

I thought we came in ready to play. We hung in early and the offense was able to move the ball but we got in a situation where we really needed points. You have to give Virginia credit and things worked against us.

I think the team is disappointed with the loss and we were disappointed with the loss last week. We made progress and we were doing some good things. Those last two games got us, ~~to~~ win the last two and we feel better.

(On Chris Slade) He got on our tight tackle who has a bad ankle. He is a heck of a player with great quickness. He was able to take advantage of the situation.

VIRGINIA COACH GEORGE WELSH

I'm really happy for this football team. They really came together this year. We were a little bit better than I thought we could be and the players played a little better than I thought they could play. It just shows you what we believe as coaches: You go out on the practice field to get better, and they did. You have to give credit to the players and the assistant coaches.

(On the game's intensity) We were almost too intense. I didn't see anybody hitting any lockers before the game, but we were ready to play.

(On Tech's switching quarterbacks) It was something we had to adjust to. We practiced against the option, but we didn't practice against some of the things they did. It's hard for DeShazo, though. It's hard to ask a young player to win a game like this.

The big play in that game was the kickoff return. That was a psychological blow. 17-0 is not much. 24-0 is not enough but coming so early it really picked us up.

(On Blundin's records) Five weeks ago, I would have said 'No way.' ~~Yes~~ He didn't get any tipped balls and his height helps that, but you've got to give him credit. That's an amazing streak.
