COACH'S QUOTES, virginia 40-vmi 15, at scott stadium, september 14, 1985
ken stadlin tied uva mark with four field goals in game and set school mark for kicking points in game with 16 points, passed bill dudley into 6th place in uva career scoring(144 points)

Virginia coach George Welsh

It wasn't very pretty. It's called winning ugly or something, isn't it? It's a good thing t-ey turned the ball over or it would have been a close game.

They're much improved over last year. They did a lot of different things. On defense they stunted a lot in the lane and we didn't pick it up.

(Virginia defense) We didn't get lined up right a lot of times. The people in the secondary didn't get lined up right. I think the inexperience showed.

They were well coached. All that shifting. It was impossible for us to know what they were going to do. Opening games are always strange, but this was one of the strangest because we didn't have any idea what to expect.

We played like I thought we were going to play -- the way we played in practice, lack of cohesion, missed assignments. I'm not complaining too much. We just played like I thought we would.

VMI Head Coach Eddie Williamson

"Defensively, we played much better than even possibly we expected...we held up well and tackled well.

We came up here thinking we had a chance as bizarre and crazy as that may seem...no I am not happy to have this ~~QB~~ behind us because we lost.

One thing that excited me was when we recovered that fumble at their 30, the players realized that we were just a couple of touchdowns and two point conversions away, and that was the way they were talking on the ~~sidelines~~ sidelines.

We did not have any problems with fumbling in pre-season so that aspect on tonight's game was disappointing. That is a skill, however, and we can work that out.

On their secondary coverage we had a feeling that they might be ~~xxx~~ cautious and we could have success with the short out.

COACH'S QUOTES: VIRGINIA 24 GEORGIA TECH 13

BILL CURRY, GEORGIA TECH: "I'm sure everybody in this room could describe what we just saw as well as I could. We got beat by a team that was better coached, by a team that outthit us. They outthustled us. They beat us. I really thought that we would play better. I thought that this would be ~~XXXXXXXXXX~~ an even game. This was not an even game. These are the ~~XXX~~ things that force you to go back to work, with a disappointment. But that's why football is a great game. We won three in a row, We won four out of five. We're not used to this feeling anymore. And we are not going to get used to it. We're going to come back and we will perform better than that."

"I thought that there were any number of things that the game hinged on. Of course, the early long runs were shocking. We went into a sort of comatose state defensively, for the remainder of the half. In the second half, of course we played much better defense. Offensively, I'll just have to look at it. I can't imagine that we could have performed that poorly, but we did. So, there is nothing beyond that, than I can say."

ON 2ND HALF DEFENSE: "We played mostly the same thing, we just played it better."

ON PUNT RETURN INSIDE 10: "Cory's supposed to let it go if it's inside the ten. But the ball was kicked so far, he got disoriented and caught it."

"Majkowski's excellent. Word is excellent. Petty's excellent. Dombrowski's excellent. And that defense of theirs was excellent today."

GEORGE Welsh -- UNIVERSITY OF VIRGINIA: "I think both defenses were down a bit in the first half. Maybe their defense saw that we weren't playing too hard offensively in the second half. I didn't think we were hustling too much in the first half. I know that their defense was really good in the second half. They really stuffed us and ~~xxxx~~ if that's the way they're capable of playing, I don't know why they didn't play like that in the first half."

X Q: It looked like you pulled in back a little bit the second half

A: "I don't think so. We didn't pull it back until we got back up. We caught passes. We decided at the half that we weren't going to pull in back. We were only 11 points up. We were talking about that we had to get a couple more (touchdowns). At least get on the scoreboard twice more, to get into the thirties."

ON WORD'S TWO RUNS: "The first one was just what we've been running for eons of times, he cut back and then he has great speed. Same play for the second long run. It's just a standard tailback play."

ON PUNTER JEFF WALKER: "He did it when we needed it. We had the wind in the third quarter and we couldn't make a first down. I don't know how far they were, but boy they ~~they~~ were great ones. He got them up in the wind and we had good coverage. That helped us win the game."

X On switching players in the game "I don't dare who's in the game. It doesn't matter to us. Coach Mack keeps track of that."

"I still think we were very spotty. You go a quarter and whatever we went without a first down, that's not ~~real~~ good. You play the first half on defense like we did that's not real good either."

Navy Head Football Coach Gary Tranquill --

"17 turned out to be enough -- I didn't think it would be at half. It was a super overall defensive effort. I know our up-front, down people played well. We blitzed less than we have in the first three games...we just played, hit hard and executed."

"When you're 0-3, any win is a good win. As far as the rankings go, I just think that it's too early in the year for all that."

(on McCallum): "He ~~se~~ seems to get stronger as the game goes on; maybe that's a combination of other guys getting tired, too."

"We've struggled, but I'm not sure just how bad a football team we really are."

(did you sense an upset today?) "I've given up trying to predict how we're going to play. I stopped doing that a long time ago."

Virginia head coach George Welsh

(offense): There weren't a lot of missed assignments, I just think they played well against us. It was just McCallum, A whole lot of them played well against us.

We had troubles running off tackle today. That's been a staple for us for years. We can go outside ~~xxxx~~ sometimes, but for us to be a good football team we have to be able to run oftackle.

(being up for Navy) I was trying to run scared. It was apparent to me that they were a good football team, despite being 0-3.

We've got a young defense and it's going to take awhile to tell w how good t they're going to be. I've been saying that for three weeks. We're not real good yet.

(On trap for Chuck Smith) They bring the man in motion and trap with the wing-back. There's ~~xxxxxx~~ no way to tell if that's coming.

* * * 8

More from coach Tranquill

We didn't blitz as much as we have. We blitzed Carolina and Indiana because we knew they were going to pass. But we got hurt by some runs when we blitzed. We didn't have any all out, sick 'em blitzes today.

(on trap for C. Smith) We always try a new wrinkle. That little trap for Chuck Smith was good to us. We haven't used that before.

Navy vs. Virginia
Sept. 28, 1985

NAVY NOTES

* This marks the ~~first~~ first Navy victory while scoring less than 30 points since the last ~~game~~ game of the 1982 season... a 24-7 win over Army.

* With 138 yards rushing on 37 carries, Napoleon McCallum sets his 22nd Naval Academy record...14 career 100-yard games.

* McCallum's 37 carries and 43 all-purpose plays were both season highs...the 37 carries ties his third-heaviest workload ever (39 carries tops) and the 43 all-purpose plays ties for the second most all-purpose plays in his career (47 tops).

COACH'S QUOTES, DUKE VS. VIRGINIA, SOOTT STADIUM, OCTOBER 5, 1985

Kenny Stadlin (3 field goals, 4 PAT's) puts him 4th on career scoring list, UVA 170 points (ahead of John Papit 162, behind Wayne Morrison, 193)

Duke Coach: Steve Sloan

"We want to give Virginia all the credit. They had a great game plan and executed very well. Offensively that's the best anyone has done against us. They did an excellent job in the first half, moved the ball at will, had some excellent drives and made some big plays.

"Offensively, I thought we moved the ball pretty well but weren't able to score any ~~any~~ points. They pretty much dominated play in the game. I think Virginia has a very fine team. What we've got to do from our standpoint is go back and evaluate what happened to us, try to correct the errors, try to get ~~xxxxxx~~ ourselves back together. I think we had gained some measure of confidence so I don't know what effect this will have on our team.

"I thought we fought hard in the second half but we just couldn't stay with them. They got ahead of us early and just took us out of our game plan. Offensively I thought they executed about as well as I've seen a team execute in a long time. ~~X~~ They deserve a lot of credit for it."

Virginia Coach George Welsh

"I think the intensity level was up. I think we responded in the right ~~wayxxxx~~ way from that loss."

"I thought they were (Duke's defensiveline) pretty good. They hit us and they took the tailback away from us. I think they're good." "I don't know if they're going to go through a whole year holding 79 yards, but they're a better defenisve ballclub."

"We had no plans using the fallback more than before, but they were doing a good job holding our tailback. We did have a couple new things in for the fullbackthat helped us. We used the motion man inside and that helped."

On Morgan's Success (18 carries, 123 yards): "I think ~~sisk~~ a lot of it was ~~him~~, especially in the first half."

On passingagainst Duke "I though it was very good in the first half. Majkowski kept them off balance, He did very well. We got 24 points in the first half, so that's a long way to winning the football game."

On second half output of offense: "I think we've had a tendency to slump a bit and ~~I~~ don't know why. We had the ball a lot in the first half. Maybe we're getting a little bit tired."

VIRGINIA VS. VIRGINIA TECH COACHES' QUOTES:

Virginia Coach George Welsh:

I think this is the most difficult loss for us. We survived the loss to Navy and came back and won the next week. I thought we handled the Clemson loss well psychologically this week, but ~~know~~ now we have to regroup.

I told our football team after Duke that we had the chance to be a good football team, and we haven't won since. Obviously we're not a real good football team right now.

I think we're getting penalized a lot and I don't know why. (On the Swan interference call) I think that's equal rights to the ball. I don't see any interference on that play.

When we've lost, we've given up too many yards on the ground.

(interception on Va drive with 6 minutes left) The interception was a misread. Zimmerlink broke one way and Majkowski threw the other way, ~~xxxx~~ It was a mistake but I don't know whose it was.

I think there's personal pride involved. It's not like we're 2-8 and going into a meaningless game. We're 3-3 and ~~3~~ ~~2~~ 2-1 in the conference. I think we ~~8~~ still can have a chance for a good season.

Virginia Tech Coach Bill Dooley

It was a matter of pride with our football team. Our players have not hung their heads all year in the face of adversity and they didn't hang them at the half today. We came back and played a very determined second half and got a great victory.

Anytime you perform well in the kicking ~~xxxx~~ game and do not have any turnovers you have a chance to win. We excelled in the kicking game today.

I didn't really tell my team a whole lot at halftime. We just talked about the way we had played in the first half. And I reminded the players they could perform a whole lot better than that.

Our tailbacks ran about as hard as I've ever seen them run. And our offensive line really came off the ball in the second half. We were getting great effort from all those players in the trenches. We made a lot of big plays on defense. In fact, in the second half, our defense gave Virginia very little. We felt we had to control the ball and we did in the second half. Virginia had completely controlled the ball in the first half.

This is a game for us to build upon. I have said all along that we have a good football team if we would just eliminate the mistakes. Well, we did that today and you see the result.

I'm so proud of our players. They've had a lot of things go against them this season. But they held their heads high and they beat their biggest rival."

Coaches Notes:

UVA - RE George Welch

On Zimmmerlink's move to Split End:

We ~~had~~ ^{called} some passes (for him) but they didn't get to him.

WE just thought it would be better for our football team to have him there for the last half of the season. I like it because it enables us to go to two tight ends without substituting.

On Matkowski's Arm:

His arm is better now than it was early in the season, it actually is. I think it bothered him for awhile. I don't think it's been sore for a couple of weeks now.

Re: Elkins at QB:

It looked to me like he was pretty good in the second half, except for the interceptions, its not bad for a guy who was probably 3rd string a couple weeks ago. I think he did pretty well. I told Al after the game, I think he's going to have a good one.

This was a big test for us in some ways. If we don't win this one we're in trouble psychologically. If ~~there~~ there was any time when we really needed one, in my career at ~~Wake Forest~~ Virginia, this is the one in the last three years to have a shot at a decent season.

Wake Forest - Al Groh

The players showed a tremendous amount of courage and unity.

The defense was outstanding especially around the goal line.

Mike Elkins played admirably under the circumstances. I ~~was~~ thought it was a courageous performance.

We went to the running game early to take some pressure off Mike.

In the 1st Half we had some communication problems, for instance, the offence had to get used to Mike's count.

Topper Clements did an excellent job running the football throughout the game.

Coaches' Quotes, Virginia vs. West Virginia, Scott Stadium, Nov. 2, 1938

VIRGINIA COACH GEORGE WELSH

I think we played well in the second half. We just got bogged down a little. If we score a touchdown and a field goal in the times we got down close, it's a different ball game. Think it was better defense, and we moved the ball well but we didn't score enough.

On fumbles and blocked punts: I try to be philosophical about it. What can you do? I didn't throw my hat. The defense was playing pretty well, so I didn't think we were in danger of losing it right there.

I hope this game is going to give us some momentum. We talked a little this week about being a good November football team. This is the time of ~~year~~ the year where you can turn the season around or, if you're in our position, 4-3, you can get into a position where you can win six or seven games.

On the defense: We've been so spotty on defense this year, I feel like you just set your defenses and hope the kids play well. We were missing ~~ax~~ a lot of people out there tonight, so I think this was an outstanding effort by everybody.

West Virginia Coach Don Nehlen:

In the first half we couldn't do anything. In the second half we start to play better, but Virginia is a pretty good football team. All they have to do is move their defensive backs back about two steps and let us run for five yards every time. By the time we score enough, the game will have been over.

One thing that I will say in defense of the offense, we always seem to be starting on the 9, 10 or 12 yard line. If you look at the statistics, you don't score very often when you have to keep doing that, about 2 percent of the time.

I felt that if we could not put points on the board we had to make a switch (at QB). John Talley did not play that bad, it was just a case of trying something different to get some points ~~on~~ on the board.

The defense did play pretty good, but win the second half. We need to play good in the first half too. When you get behind you are not only fighting Virginia, but the clock too.

REFEREE ROD DAILEY on officials' call which brought Scott Urch(UVa) fumble re-run back from UVa 40 to UVa 11: I t was an inadvertent whistle. The player catches the ball and starts to run with it and the whistle was inadvertently blown. The ball is dead where the player was when the whistle was inadvertently blown.

Virginia Head Coach George Welsh

On first missed extra point pass attempt by Secules

"I didn't see it, I saw the ball, I was kind of turned away, thinking it was automatic maybe like a lot of other people, but it never is. It was off to his (Secules') right I think he should have handled it. He's handled snapps like that before."

On call to go for two to win the game

"There's no way you do anything else. We decided around the four minute mark it would be one of two things. I told some of the assistants on the sidelines that we have our list made up, so we had three or four things ~~ready~~^{ready}, a couple runs and a couple passes and we decided we were going to ~~execute~~ throw the ball, not try to run it in. That was at the four minute mark, then it was down to one or two choices and that's what we decided on. It wasn't a hard choice."

"He (Majkowski) has a chance to run it, he has Word first and Zimmerlink second. We don't want too many options."

Was the team flat in the first half?

"I don't think we played very well, I don't know about flat. I've kind of given up on making these judgements."

Is this a big loss?

"It's going to be more difficult for us to win. I think we're not in a very good position right now."

More on going for two

"I think you've got a 50-50 chance on two points, you might as well go for it, that kind of a comeback. We played a helluva fourth quarter, and you've got to find out...win or lose."

DICK CRUM: "It was a good, tough football game. It was as tight as I thought it would be. I think the difference was their ability to run the ball and our inability to move the ball consistently. Their offense was just better than our defense and their defense was better than our offense. They are a good team running the ball and we didn't do as good of a job stopping them as I thought we would."

(on the change to Anthony at quarterback): "We weren't moving the ball ~~ex~~ very well. We needed to try something else."

(on the ~~long~~ long TD pass): "We were in a three-deep coverage, but the guy just ran right past us. We were in the right defense, we just didn't make the play."

(on Virginia missing Majkowski): "On a day like this I ~~don't~~ don't think the quarterback would have changed things. ~~xxxxxxx~~ The ball probably weighed six pounds at the end because of the water and I don't know if they could have run the option with him. ~~When~~ When you've got a back like Word on a day like this all you have to do is hand it to him."

virginia coach George Welsh

I think we played a pretty good football game and we had to win. We made some pretty dumb mistakes that could have cost us but they didn't.

Anytime you beat ~~North~~ North Carolina it's a helluva a win. That's two of the last three years we've beaten them at the end of the season for six wins.

(on notifying Secules) On Friday I called (qb coach) Tom Sherman and told him not to go on the road recruiting but to get Secules and Pett and go over the ready list with them. Then I called Secules and told him what we were going to do.

Secules played better than I thought he was going to play. He held his own. He played better than he ~~practiced~~.

It was a psychological blow more than anything else. I thought the team responded well.

(on simplifying the game plan for Secules) The only thing we didn't do was run the option as much. With the situation, the game, the weather, we thought it was more judicious not to run it as much.

(on Word) I think Word's having a great year. I think he's one of the best backs in the country. I can't say enough about what he's done for this football team.

Scott Secules

I've been here for three years now, and I've been waiting for this opportunity. That's the job of a backup quarterback, to be ready at all times.

We could either let the situation affect the football team or we could pull together and work hard to ~~xxxxxxx~~ win the football game.
