QUOTES FROM HEAD COACH DON NEHLEN:

" In the first half, I thought we played exceptionally good football. The pre-game game story was their veteran defense against our rookie offense, but we sure did the right things.

"We didn't know how they were going to line up in that 4-3, but obviouslyl our guys blocked pretty well. Also, when we needed the third down play, we were able to get the pass.

"In the second half, the weather man won just as much as anyone else. We played just about everybody we brought because of the heat. In fact, my defensive coaches are a little mad at me ~~xxxx~~ right now because we put our young kids in late and they scored another TD.

"This was a big victory for us. It was our first game and an away game; any time you win one away from home you have to feel good about it. "

Virginia coach Dick Bestwick:

To say that this was expected would be quite to the contrary. I sincerely felt we went into the game ready to playxx and could beat West Virginia. But when you throw it and catch it you win and you don't throw it and catch you don't.

I thought the offensive line played very well. They protected the passer well. Our skilled positions are just going to have to ~~xxxx~~ coordinate themselves better.

If I remember correctly all their big gains in the first half were third down plays. I would say that alot of that is due that we had to play a lot of young people in the secondary. Sean McCall was hurt and Corwin Word didn't play very long (aggravated a hip pointer). ~~The experience hurt on the one touchdown~~

I'm pleased with the play of our young people. Most of the mistakes we made were mistakes we can correct and that's what we're going to have to do. I'm pleased with our offensive line. I'm dissappointed with our third down defense and our pass rush. And I'd like th think we can play better pass defense.

On Miller's early catches: For one thing he's an excellent receiver. He runs very good patterns. I don't know if our linebacker drops were deep enough or not. We won't k really know untile we see the films. Early on we ewre giving Luck too much time to pass.

I thought Darren Goode and Derek Jenkins ran well enough that we don't have to worry about depth at running back.

RUTGERS-VIRGINIA

QUOTES

FRANK BURNS (RUTGERS)

"I'm very happy we won. It was a great defensive game..no doubt about that. Both defensive units played fine games. In particular, our defensive line played extremely well.

Falcinelli got a chance to win the game and did it. He seems to be getting better every week.

Our young freshmen played well. Gary Liska, the punter, did a fine job under a lot of pressure. Boris Pendergrass, the receiver, went in for Johnson and did a fine job.

It bothers me about our offense. We just can't have the turnovers that we had. We played in our own backyard most of the night. Maybe the turnovers are a result of some inexperience. Maybe our kids were a bit anxious....but I'm happy we're 3-0. We just have to have more consistency on offense. We had some breakdowns, but Ralph Leek was not a fault.

DICK BESTWICK (VIRGINIA)

"Obviously, we had a super effort from the defense...as fine as any since I've been here. Our game plan was a good one. It was not a good effort by the offense and I'm extremely disappointed. When the defense turns the ball over to you as often as it did and you can't get it done offensively, you gotta look to people to get it done."

"Our offensive line is young, we'll watch the film and try to find where the breakdowns were. We missee a field goal early and a chip shot later. We thought that three points could have won it but like last year, the Rutgers licker won it for them."

Dick Bestwick of Virginia:

"I thought the second half we had about as fine an effort as we have had by any football team since I've been here. I thought that they were able to exploit some of the physical weaknesses we have from people being out of the lineup. When you realize we are playing some fourth and fifth line players then you can see what our situation is like.

"Right now, we have to get some people healed and eliminate some of the mistakes our young people make. When we do, we'll play everyone in this conference, including North Carolina, Maryland, State, and Clemson, and hold them and we'll beat them because balls aren't going to hit people on the back of the helmet all the time."

"I don't feel pressure right now, let's get that straight. All I feel is a great deal of sympathy for a group of young men who can't seem to get the ball to bounce their way. Once it starts to look out, 'cause we'll go after everybody."

On the late fumble by Derek Jenkins:

"It's a judgement call. Our kids thought Derek was down, and we thought we had their fumble right after that, but the officials had ruled it dead."

"We had a very good game plan this week. We've had a good plan since the Rutgers game. In college football today, when everybody is chasing the split backs, you've got to be able to check off at the line of scrimmage and Gordie's done a pretty good job of reading defenses and checking the plays, but everybody's got to hear it."

MONTE KIFFIN, N.C. State: "Talk about a happy guy, that's me. I don't care if the score was 30-24, or 3-2 or whatever. I even heard about a One-point safety this week. I'd even take that. We just about blew the game with mistakes. The punt block and a couple of other things almost ruined the whole thing.

"Winners or losers. Last week, we were losers. This week, we're winners. It's a great feeling. Losers continue losing, winners come back. We did that today. The biggest thing, don't tell me can't throw the football. We proved today we can. Tol (Avery) had a tough week. He worked hard on his passing, and you saw the result. The ball didn't sail on him, did it? The critical mistake was by me. We gave him too much of a passing game. But we simplified it last week, and you could see the improvement. Nine for 12, or something like that.

"(Vince) Evans came on today. He's a tough back, broke a lot of tackles. He's a lot like McIntosh in that respect. Lawson ran very well, too. We had a balanced passing attack, Mike Quick is a great receiver, but you can't throw to him all the time. Jenkins and Whitley caught the ball well, so did Mike. Tol did a fine job throwing into the wind.

"The punt block was a mistake. A nine-man rush should never block a punt. If you come over, you might see us working on the punting game two hours Tuesday.

"I've got to say this about coach Bestwick. He's done a heckuva job with his football team. There's been a little heat on him from the media, but his players have rallied around him. They don't give up. That's a tremendous tribute to Dick.

"Yes, recovering the punt fumble was a real big play for us. The punt block by Virginia was another big play in the game. We had a pretty pass rush today, much better than last week. Virginia's defense is tough to run against. That's why we had to throw the ball."

GAME BALLS AWARDED TO: Mike Quick, SE and Mr. Chester Grant, longtime N.C. State trainer.

VIRGINIA'S DICK BESTWICK : "I think we're getting just about as much out of our kids as we ~~can~~ can get. Under the circumstances -- with all the people we have hurt -- I thought we played them a grzeat first half. The score (at the half) should have been 3-0, 3-3, maybe even 0-0. But when you are down to your sixth or a seventh man in certain positions and you have so many people hurt, you just can't play with peak estfficiency. Their kicking game hurt us as much as anything in the football game, because we were backed up in poor field position all day. As I said coming into the game, I was more impressed with their kicking game than with any other phase of their football team. People criticize their offense; I don't see how. An offense is supposed to win you football games when they have the chance, and that is exactly what Clemson's offense does. They don't n make any mistakes or turnovers, and they score what it takes to win. They also have a great defense -- Davis and several others are truly outstanding football players. The ACC could have two teams up there close to the top five, depending how other teams do this week. Hopefully, the media will recognize that this is not just a basketball conference, it is also a football conference.

I tip my hat to Danny Ford and his coaching staff. I think we were ready to play emotionally, and I think this was borne out in the first half. They came out with the fullback in the second half and did what they had to do to control the football game. I think this was every bit as hard a football game as any they have played.

The fans wdown here are the best in the country. They are such good people. This is what football should be all bout -- the way they have it at Clemson. Out at the motel, you don't see a bunch of drunks, you see families there. They have children coming to the football game with their parents, and they have parties like you are supposed to have. This Clemson operation -- I can't say anything negative about it. I'd be proud if every school in the country operate like Clemson does.

CLEMSON COACH DANNY FORD: I'm real proud of our team for the way it played today, especially the seniors. The seniors, as well as our coaches, did a good job this week getting the team ready for this game.

The defense got itself a zero for the first time this year, and the offense put 27 points on the board. There are several times we could have done better on short yardage situations, but we didn't have many mistakes and that's a big plus for us.

Coach Bestwick, as always, has his team well prepared. They have a lot of their young men hurt and that is bound to have hurt them.

But we didn't have any fumbles or interceptions and it looked like they were having a lot of fun out there. The kicking game was good and we had good coverage. Right now, I can't think of anything we did wrong, but I'm sure we'll see several things when we look at the film.

We're getting some good competition right now between our two tailbacks and the two fullbacks. I was very glad to see the line take ~~control~~ control of the game. We're real proud of our offensive line. I don't think we've played as good as we can on both sides of the line as yet, but we're improving all along and that's what counts.

COACH AL GROH--WAKE FOREST

" I thought it was really a fine football game. I thought their team really fought back hard. We had a lot of chances to give ~~ix~~ into it but our guys came up here determined to win. I want to give a lot of credit for fighting back the way they did.

"This is a young football team. We're ~~makini~~ maturing every time we go on the field. I thought coming up here we were probably as determined as I've seen us at anytime. I felt very secure on the sideline despite what it might ~~gxy~~ have looked like. They had complete confidence. I was very pleased to see a lot of our seniors make the contribution they did here coming down the home stretch.

"We're going to pass the ball ~~makini~~ because that's what we can do best to win. I thought we played the run pretty good for a team that ~~does~~ doesn't get the chance to practice against it a lot. I thought coming ~~ix~~ into the game that their front four as a group could have been the best front line we've played against so far. We had a lot of ~~concern~~ concern coming in. They did a good job of mixing their blitzes with their straight rushes. We had to make alterations in our protection schemes to hopefully try to offset that at the half."

DISCK BESTWICK

The game was ours to win early. It was obvious we could move the football. The unfortunate thing is that you've got to catch it when it's there to be caught and you've got to hold onto the ball when you're making yardage. We just had too many turnovers to beat anyone.

(on Wake's passing game): It's tough for anybody to stop them. We got a pretty good rush. We did a little better than Maryland, but any time you after them you have to play some man coverage and we did. We worked very hard all week on stopping the tight end and we did that, but the people on the corners--for example Corwin Word.x was in on on the one he's been hurt all year and he's playing for the first time for any length of time and the man beats him in a situation I don't think he normally wouldx so I can't fault Corwin because he's going in to play because we don't have anybody else.

You lose the game as a team. You lose it in the kicking game. The field goal--if Wayne hits that it changes the complexion of the game. It's a total game. I can't say we lost it offensively or defensively, or the kicking game. I can't blame it on any one area.

It's a game of holding onto the football and catching the football and we fumbled four times and dropped six passes.

COACH'S QUOTES----VIRGINIA vs. VMI, October 31, 1981 final score, virginia 13-vmi 10

1 DICK BESTWICK--

It was a great effort by VMI, first of all. I thought their kids played with great intensity. They always do, and I laud Coach Thalman and his staff and their young people for the great play they've given VMI this year.

2 We probably should have had a lot more points. We certainly had ample opportunities, but some of our most sure handed people had a little trouble holding onto the football.

3 We try to play defense against their whole team, knowing that Allen is their bread and butter man an a fine back. But our kids gave us great effort today. They wanted very badly to play well and knew they'd have to and whatever Allen got I'm sure he earned.

4 Hopefully, the week off will give us time to get people healed, that's the most important. (four more players--Sermonet, Goode, Pitman, and Gulaskey--were injured today)

5 BOB THALMAN --

We don't have any excuses or alibis, we just didn't play well enough to win today... the turnovers and penalties just killed us, especially the turnovers.

6 I congratulate Virginia...they did a good job of defending or rollout.

(When ask about the effect of losing defensive tackle G.J. Walley) -- I would rather not comment on that; we came over here with one thing in mind -- to win the game; we have no excuses.

7 We'll find a way to handle this one--we had a dream to go undefeated, but that is now shattered, but we can still have a great season.

I don't think that we were as alert and consistent today as we have been in past weeks.

8 I'm not really handling this interview very well; this is the first time I have had to deal with a loss this season.

COACH'S QUOTES-----VIRGINIA vs NORTH CAROLINA, NOVEMBER 14, 1981--SCOTT STADIUM

ties

Virginia ~~set~~ school record 48 pass attempts---

Gordie Whitehead(18-31 --243 yards, 14th best single game, passing yds UVA QB)

Virginia had most yards passing(320) and total offense(411) against UNC this season

VIRGINIA COACH DICK BESTWICK:

To say that I'm disappointed would be the understatement of the year. I thought we got a great, great effort from our young people. We played with great intensity and I thought we had a great gameplan for Carolina. We thought there were some things we could do with them after observing the different films we had to study and I felt we did them.

Our youngsters are not happy to accept close losses to anyone, nationally ranked teams or unranked ones. I feel thought that this a step and a step in the right direction despite the loss.

(split backfield instead of the I): Quickness. They've got great ~~quickness~~ defensive quickness. In the I ~~they~~ stuff everything. We went to the split backs so we could get on the corner with the passing game and the running game.

(Whitehead): I thought he gave us a great performance until he got hurt. That's an outstanding game by him and we thought we could have that kind of football game because we thought we could throw on them. We programed our game plan with nine plays that we had sequenced and we kept coming back to the nine plays for the most part.

Coach ~~Bestwick~~ Dick Crum:

"Virginia executed very well. I wasn't surprised with their passing game. We didn't play well in the first half. We were still flat after last week's disappointment. Virginia came right at us and did a good job. I've got to give our kids credit. They got off the deck in the second half and did what they had to do to win.

"I'm concerned about our pass rush. Our secondary has been beat up, but the pass rush makes your secondary anyway. Nobody can stop them if they have all day to throw.

"We went with Sharpe in the first half because we were trying to save Rod for the second. It's tough to play on turf.

(difference in first half and second): "We got more pressure on the passer than we did in the first.

(Kelvin Bryant): "He played a lot better and moved better this week. He's still not full speed. We used him more than we had intended, but he held up pretty well."

(Walt Black): "Walter did a good job for us. He had a chance to sack the quarterback in the first half, but let him get away and Virginia turned that into a big play. Walter was down at the half because of that. But, he's a real competitor and came back."

INJURY SITUATION: Lee Shaffer suffered a broken tibia. Doctors believe Alan Burrus has damaged a ~~ligament~~ ligament in his left knee. He will be examined tomorrow morning and will probably undergo surgery at that time.

COACH'S QUOTES---VIRGINIA Tech, Vs. VIRGINIA-----November 28, 1981---Charlottesville-

Virginia Tech junior tailback Cyrus Lawrence finished the season with 1,403 yards rushing, a new Tech single season record. The previous ~~XXXX~~ Tech mark of 1,221 was set last season by Lawrence. Lawrence's 202 yards rushing against Virginia today was a personal high, surpassing his previous best of 194 yards against the Cavs last season

VIRGINIA COACH :DICK BESTWICK

It's been a very difficult year ffor our playes and our coaches, and I've got nothing but the greatest respect for these young people for all dthey've endured,through the darnedest trials and tribulations you could ever heap upon youngsters.

I said before the game ~~X~~ it would be a matter of who executed the best, it would be a quarterbacks' football game, and certainly through the early stages that proved to be true. In the colleges and the pros, take players particularly where everything is very, very equal, the guy who's got the hot hand is the guy who leads his team to victory~~x~~. We didn't have that early and that was the difference in the football game.

quick traps: Early they hurt us. We knew it would be a play for them, but the guy you've got to stop first is Lawrence and then Casey on the bootleg and sprint pass. And he had a good day. When Casey's played well, Tech's played well.

Malcolm Pittman's injury was typical of the way the year's gone for us~~xxxxxxxx~~ when he ran for a first down and got the damendest broken thumb I've ever seen. The bone was sticking our through the skin and that's what caused the fumble.

VIRGINIA TECH COACH BILL DOOLEY

I'm extremely proud of our football team, especially the seniors who have given us such outstanding leadership. This team didn't accomplish its top goal which was to go to a bowl game. But we went 7-4 and I think we have made great strides in the program.

Our defense performed very well today to hold Virginia without a touchdown. I could name a lot of them, but some who certainly had outstanding days were Robert Brown, Ashley Lee, Jeremiah Thomas, Ron Luraschi.

I thought the offense played well today too, but just didn't cash in on every oppportunity it had. Cyrus Lawrence defenitely is one of the best runners in college football. He proved it out there today. You can't arm-tackle Cyrus and he has amazing balance. I wouldn't swap him for any back anywhere.

We had a big disappointment last week against VMI. We just didn't execute well enough to win a football game. But our players showed today that they have caharacter. They came out with their heads held high and they went out winners. I couldn't be prouder of them.

The reason our offense was so effective was because the offensive line was really coming off the ball. Let's give credit to the men up front who did a heck of a job.
