Florida State took the game and the Atlantic Division berth in 2010, 2012, 2013 and 2014, while Clemson held forth in 2009, 2011 and last year. In five of those seven seasons, the winner has captured the ACC title.

One of those with whom he is tied, Florida State's Chris Weinke, captured the Heisman Trophy with his season's total in 2000. Earlier Jackson became the first ACC player in history to run for 15 touchdowns and throw for 15 in the same season.

the seventh player in ACC history to top 1,000 rushing yards in three separate seasons. he would be the first to accomplish the feat since Wake Forest's Chris Barclay did it during the 2003-05 seasons. Cook is 17th on the ACC's career rushing list with 3,599 yards.

134.3 - The average number of receiving yards per game for Syracuse graduate transfer **WR Amba Etta-Tawo**. He has totalled 1,074 receiving yards this fall and his per-game average ranks third nationally. His 8.3 catches per game is tied with North Carolina's **Ryan Switzer** and two others for sixth place nationally.

158.40 - The career pass efficiency rating for Clemson junior **QB Deshaun Watson**. Watson ranks sixth among all active players in the FBS in career pass efficiency.

214 - With eight receptions against Virginia, North Carolina senior **WR Ryan Switzer** zoomed into the career Top 10 of the ACC's receptions list. Switzer now has 214 career catches, which places him ninth on the all-time list behind Wake Forest's Desmond Clark (216) and Michael Campanaro (229).

368 - **Louisville** has scored 368 points this season, the second-highest total through seven games in ACC history. Florida State holds that record with 393 in 1995. The 1995 FSU team holds the eight-game record with 421 points. The 1990 Virginia team is second with 375.

438.4 - Louisville sophomore **QB Lamar Jackson** has averaged 438.4 yards of total offense a game, which ranks him second nationally.

1999 - The last time **Virginia Tech** defeated **Pitt** in Pittsburgh. The Panthers have captured four straight wins at home against the Hokies, including the last two (2012, 2014) at Heinz Field.

ACC Network Extra

An ACC record 331 Olympic sporting events will be streamed live this fall by ACC Network Extra, a dedicated digital channel for ACC sports that made its debut on August 19. The coverage marks the initial phase

of the full ACC Network announced July 21 by ESPN and the Atlantic Coast Conference. Live streaming of Olympic sports will increase annually, culminating with 1,300 total ACC events when the linear network launches in 2019.

"We've looked forward to the launch of ACC Network Extra with excitement and anticipation since last month's announcement," said ACC Commissioner John Swofford. "ACC Olympic sports have a record of unparalleled success, and it was important to both ESPN and our league to create a model in which each of the ACC's 27 sponsored sports would be carried live to fans in some manner."

The 2016 Fall Olympic sports schedule includes 354 total events involving ACC schools, with ESPNU scheduled to carry six contests and the Regional Sports Network an additional 17. Every conference Fall Olympic sport championship will be shown live on either a linear platform or ACC Network Extra, beginning with the ACC Cross Country Championships on Oct. 28.

The events covered by ACC Network Extra will be immediately available to users who have access to WatchESPN and the ESPN app. More than 600 total Olympic sporting events – encompassing the Fall, Winter and Spring seasons – will be carried exclusively by ACC Network Extra during the 2016-17 academic year.

Please see the link below for the full schedule of 2016 ACC Fall Olympic sports coverage (soccer, volleyball, field hockey and cross country). Additional events may be added.

The ACC & ESPN Thursday Night

The ACC & ESPN Thursday Night: A Great College and ACC Tradition

When Virginia Tech travels to play Pitt this Thursday night at Heinz Field in Pittsburgh, the meeting will be the 101st contest involving an ACC team on ESPN on Thursday night.

Virginia Tech has played in more Thursday night games televised by ESPN than any other ACC team, as this will be its 32nd appearance on the package. The Hokies have also won more ESPN Thursday night games (22) than any other team and have a record of 10-4 on the road. Tech, though dropped its last meeting in Pittsburgh on a Thursday night, a 21-16 decision in 2014.

In fact, Tech has not won at Heinz Field, and has not won against Pitt in Pittsburgh since 1999.

This week's game will be the second straight Thursday night ESPN game for Tech under new head coach Justin Fuente. Tech defeated Miami last Thursday, 37-16, at Lane Stadium.

Pitt will be making its 22nd appearance on the ESPN Thursday night package, but just its third since entering the ACC in 2013. The Panthers are 8-13 overall and 5-5 at home.

Thursday night's game has major implications for the Coastal Division race as Virginia Tech is tied with Coastal Division leader North Carolina in the loss column but holds the tiebreaker advantage by virtue of its October 8 win over the Tar Heels. Pitt is just a game back of the Hokies and a win Thursday night would get the Panthers back in the Coastal Division race.

The ACC's tradition of Thursday night football, which, more often than not has featured high drama, actually began with Georgia Tech. The Jackets hosted Virginia on Sept. 19, 1991, at Bobby Dodd Stadium in Atlanta, utilizing a 34-yard field goal by Scott Sisson on the game's final play to record a 24-21 victory.

This week's game is the third ESPN Thursday night contest of the year for the ACC. Earlier, on Sept. 22, Clemson defeated Georgia Tech, 26-7 at Bobby Dodd Stadium in Atlanta. The win was Clemson's sixth consecutive triumph on Thursday's under current head coach Dabo Swinney.

In all, after this week's game, ACC teams will have made 177 appearances on ESPN's Thursday night package.

After the Hokies (31) and Yellow Jackets (29), Miami leads in total appearances with 23, followed by Pitt (21), Louisville (20), NC State (19), Clemson (16), North Carolina (15), Florida State (14), Boston College (12) and Virginia (12).

When Maryland was a member of the ACC, the Terrapins played in 13 Thursday ESPN games, 10 of them at home.

There have been many great moments in the Thursday night series, including the 2007 game at Lane Stadium when 2nd-ranked Boston College rallied to beat 8th-ranked Virginia Tech, 14-10, behind a pair of touchdown passes from QB Matt Ryan in the game's final two minutes and 11 seconds. That game still stands

as the only ESPN Thursday night meeting of ACC opponents that were both ranked in the Top 10 nationally.

The 2009 season featured a pair of thrillers, both involving North Carolina. The Tar Heels and Seminoles were involved in an offensive gut-wrencher, as FSU overcame a 24-6 third-quarter deficit to capture a 30-27 triumph. A week later, UNC upset 14th-ranked Virginia Tech, 20-17, on the game's final play, a 22-yard field goal by placekicker Casey Barth.

The 2010 match-up between Georgia Tech and Virginia Tech was a classic a see-saw battle decided when the Hokies' David Wilson returned a kickoff 90 yards for a touchdown with 2:23 remaining. Perhaps the most memorable Thursday night moment and biggest upset on the Thursday night ESPN package was 24th-ranked Virginia's win over second-ranked Florida State in 1995. That game snapped the Seminoles' 29-game Conference winning streak, which began when FSU joined the ACC in 1992.

Miami has the highest winning percentage of any ACC school, having a posted an 18-5 overall record, an .783 winning percentage. Miami is 11-1 at home on Thursdays, posting an 8-0 record at the old Orange Bowl and is 3-1 in Hard Rock (then Sun Life) Stadium (3-1). The only UM loss at home came in 2011, when Virginia snapped the Canes' 10-game home win streak with a 28-21 verdict.

Miami also still has claim to the highest-rated game on Thursday night, when it met 10th-ranked Houston in an early season showdown in 1991. The Hurricanes and Cougars drew a 6.5 national rating as Miami took a lopsided 40-10 triumph.

The highest-rated Thursday ESPN battle between two ACC teams was the 1995 Virginia-Florida State telecast, which resulted in a 6.1 rating. Louisville recorded a pair of strong ratings while a member of the Big East in 2006, a 5.33 in downing West Virginia and a 5.03 in losing to Rutgers.

The ACC and ESPNU on Thursday Night

Two ACC games have been televised by ESPNU on Thursday night. Wake Forest hosted Vanderbilt in 2005 and Clemson and Temple met in Charlotte in 2006 and Louisville appeared on ESPNU as a member of the Big East in 2011.

Collaborative Instant Replay

NCAA Football Rules require that all instant replay equipment and personnel be located in the stadium. For the 2016 season, the Football Rules Committee has approved a one-year experimental exception which allows conferences to use a “collaborative” process for instant replay. Under this exception, personnel in a location away from the stadium may assist the replay official at the stadium in making replay decisions.

The ACC has approved the implementation and use of a collaborative replay system for the 2016 season. Under this system, replay officials located in the Conference’s Game Day Operations Center (GDOC) in Greensboro will have the ability to view exactly what the in-stadium replay officials are viewing in real time. The replay officials in the GDOC will also be able to participate in the communication between the referee and the in-stadium replay official.

In order to implement this process, technology enhancements and upgrades are taking place this summer, both at the ACC GDOC and at all of the ACC’s stadiums. This will allow the replay officials in the GDOC and the in-stadium replay officials to simultaneously view the same camera angles of a play under review, and to communicate with one another, and with the referee.

The expected benefits of this collaborative process are greater consistency and accuracy in replay decisions

FREQUENTLY ASKED QUESTIONS

WHO WILL BE THE REPLAY OFFICIALS LOCATED IN THE GDOC?

ANSWER: They will be experienced replay officials who have consistently performed at a high level as in-stadium replay officials.

Q: HOW MANY REPLAY OFFICIALS WILL BE IN THE GDOC ON GAME DAYS?

A: There will be from one to three officials, depending on the number of games.

Q: WHAT WILL BE THEIR ROLE IN THE REPLAY PROCESS?

A: Their role will be to assist the in-stadium replay officials in the replay decision-making process, to ensure that the decisions being made are in accordance with the replay rules and are consistent with the replay philosophies established nationwide.

Q: TO WHAT VIDEO WILL THE OFFICIALS IN THE GDOC HAVE ACCESS?

A: They will have access to the same video that the in-stadium replay officials are provided, at the same time.

Q: WILL THE OFFICIALS IN THE GDOC BE ABLE TO COMMUNICATE WITH THE IN-STADIUM REPLAY OFFICIALS?

A: Yes, they will be able to speak with the in-stadium replay officials, and they will also have the capability to be involved in the communication with the referee during the replay process.

Q: DO THE ROLES AND RESPONSIBILITIES OF THE IN-STADIUM REPLAY OFFICIALS CHANGE AS A RESULT OF THIS NEW PROCESS?

A: No, the in-stadium replay officials will operate exactly as they have done in past seasons.

Q: DOES THIS NEW PROCESS CHANGE THE TYPES OF PLAYS THAT ARE REVIEWABLE?

A: No, having this new system neither adds to nor deletes from the list of reviewable plays.

Q: DOES THIS NEW PROCESS CHANGE THE REPLAY STANDARD OF REVIEW?

A: No, in order to reverse an on-field ruling, there still must be indisputable video evidence that the ruling on the field was incorrect.

Q: IN WHAT GAMES WILL THIS NEW SYSTEM BE USED?

A: The collaborative replay system will be used in all games played at ACC stadiums and at Notre Dame.

ACC Divisional Tiebreaker

If more than one team in the same division is tied for the best winning percentage in its Conference games, the procedures listed below will be followed to determine the division's representative in the ACC Championship Game:

Two-Team Tie:

1. Head-to-head competition between the two tied teams.
2. Win percentage of the tied teams within the division.
3. Head-to-head competition versus the team within the division with the best overall win percentage. (Divisional and non-divisional) and proceeding through the division. Multiple ties within the division will be broken from first-to-last using the league's tiebreaking procedures.
4. Overall win percentage versus all common non-divisional opponents.
5. Combined win percentage vs. all non-divisional opponents.
6. Win percentage versus common non-divisional opponents based on their order of finish (overall conference win percentage) and proceeding through other common non-divisional teams based upon their divisional order of finish.
7. The tied team with the higher ranking by the Team Rating Score metric provided by SportSource Analytics following the conclusion of regular season games.
8. The representative shall be chosen by a draw.(as administered by the Commissioner or the Commissioner's designee.)

Three-Team (or More) Team Tie:

(Once a team is eliminated from the tie, the tie-breaker procedures restart for the remaining teams. If the three (or more) team tie can be reduced to two teams, the two-team tiebreaker format will then be applied.)

1. Combined head-to-head win percentage among the tied teams.
2. Win percentage of the tied teams within the division.
3. Head-to-head competition versus the team within the division with the best overall (divisional and non-divisional) Conference win percentage, and proceeding through the division. Multiple ties within the division will be broken first to last, using the league's tie-breaker policies.
4. Combined win percentage versus all common non-divisional opponents.
5. Overall win percentage versus non-divisional opponents.
6. Win percentage versus common non-divisional opponents based upon their order of finish (overall win percentage) and proceeding through other common non-divisional opponents based upon their divisional order of finish.

COLLEGE FOOTBALL PLAYOFF, ACC BOWL LINEUP

COLLEGE FOOTBALL PLAYOFF

The College Football Playoff begins its third year of operation after two highly-acclaimed years of operation season. The Playoff features the top four teams, two semifinals played in bowl games, and a national championship game played in a different city each year. Each semifinal is played during the New Year's holiday with the National Championship Game in prime time on a Monday night at least a week later.

The College Football Playoff selection committee chooses the four teams for the playoff based on their performance during the regular season, including, strength of schedule, head-to-head results, championships won, and other factors. The teams are seeded so that #1 will play #4 in one semifinal and #2 will meet #3 in the other, with the winners advancing to the national championship game. The selection committee announces its rankings each week on Tuesdays beginning this year on Nov. 1. The final rankings will be announced on Sunday, Dec. 4.

The semifinals rotate among six different bowls: the Chick-fil-A Peach, Goodyear Cotton, Fiesta and Capital One Orange Bowls; the Rose Bowl presented by Northwestern Mutual and the Allstate Sugar Bowl. In the years when the bowls are not hosting semifinals, the bowls will feature eight other teams in four compelling matchups.

ACC Bowl Quick Selection Order

(The ACC is in the third year of six-year contracts with its current bowl partners. The current College Football Playoff format is a 12-year agreement)

College Football Playoff (four teams)

If the ACC Champion is not in one of the semifinal games this year, it will appear the Capital One Orange Bowl. There is no limit on how many teams the College Football Playoff may choose from a particular conference. There is also a possibility an ACC team could be chosen for a berth in one of the New Year's Six Bowls if it is ranked high enough. This year only one at-large spot is open in a New Year's Six Bowl, that would be in the Goodyear Cotton Bowl.

Capital One Orange Bowl

The ACC champion, if not in the College Football Playoff, will appear this year in the Capital One Orange Bowl. The opponent will be the highest-ranked available team from the SEC, Big Ten or Notre Dame. If the ACC champion is selected for the College Football Playoff, then the next highest ranked ACC team will serve as the host team in the Capital One Orange Bowl.

Buffalo Wild Wings Citrus Bowl

In a year in which the Capital One Orange Bowl will not host the national semifinals, and the ACC opponent in the Orange Bowl is a team from the Big Ten, then the ACC will have a team selected to the Buffalo Wild Wings Citrus Bowl prior to the selection for the Russell Athletic Bowl.

Russell Athletic Bowl

Has first pick of ACC teams in 2016 after the College Football Playoff, the Capital One Orange Bowl, the Host Bowls (if applicable) and the Buffalo Wild Wings Citrus Bowl (only should the ACC Orange Bowl opponent be a team from the Big Ten).

Tier One Bowls

All have equal selection status

Belk /Hyundai Sun/New Era Pinstripe/Franklin American Mortgage Music City or TaxSlayer

Tier Two Bowls

Military Bowl Presented by Northrop Grumman
Camping World Independence Bowl
Quick Lane Bowl
St. Petersburg Bowl
Birmingham Bowl

Secondary only--if not filled by the Southeastern or American Athletic Conferences.

The One-Win Rule Applies Only to Notre Dame

The ACC's bowl selection will no longer be bound by the rigidity of a "one-win rule" but will have a general list of criteria to emphasize regionality and quality matchups on the field. A one-win rule does apply to Notre Dame's participation in the ACC Bowl structure. Notre Dame is eligible for ACC Bowl selection beginning with the Buffalo Wild Wings Citrus Bowl and continuing through the league's bowl selections. However, Notre Dame must be within one win of the ACC available team which has the best overall record, in order to be chosen. In other words, if an ACC team was 9-3, a 7-5 Notre Dame team could not be chosen in its place. Notre Dame would have to be 8-4 to be chosen over a 9-3 league team.

ACC Bowl Expenses And Revenue

The Atlantic Coast Conference shares all bowl revenues. Each school is provided an initial expense allotment. The Conference will share in the cost of unsold tickets for participating bowl institutions. After all bowl expense allotments and ticket reimbursements are subtracted from the total bowl revenue, the remaining revenue is distributed evenly among ACC schools.
