Notes and Quotes from the N. C. State - Virginia Game

Tonight's 43-23 win was N. C. State's 300th all-time football victory in ~~the~~ 82 years of play.

Tonight's win leveled Coach Lou Holtz's record (all-time) at the .500 mark for the first time at 23-23-1.

Dave Buckey had completed his six passes last week and connected on his first five this week before missing.

N. C. State coach Lou Holtz-----

"It was a heckuva ball game. I knew it would be. Virginia came out all fired up. They've scared me all year because I picked them as the conference darkhorse. Virginia is a very fine football team, very impressive.

"I felt it was a good game for us. We made some mistakes, but our goal is "total team" effort and I felt we achieved that. I feel as if we dodged lightning by winning the way we did. We made mistakes, but when you do that and win, it's a sign of a good football team.

"Defensively, I thought we played well. We missed Bob Divens, of course, and we didn't get the big play often, but we played well enough to win. I think our defense right now is better than it was last year.

On Nebraska: "We're anxious to see how good we are. We certainly can't make the mistakes tonight if we expect to make a game against them. But then ~~xxx~~ again, I don't think this team will. I have a lot of faith in this ball club.

Asked if State were on the verge of breaking the game open in the second period, Holtz replied: "We let 'em score just before the half and this made a new game of it. Football ~~game~~ is a game of emotions, and the tide went their way to some extent with the touchdown.

"I thought Frank Haywood played a fine game defensively. So did Mike Daley and Bobby Pilz. I believe we turned the ball over to Virginia in our side of the field only once. That's pretty good field position. I can't say enough about our offensive line. They do a tremendous job, and so do our backs."

GAME BALLS went to Bobby Pilz, Mike Stultz and Ken Sheesley.

Virginia Coach Don Lawrence:

"State has a very fine football team. They have a great offense, they move the ball.

"I also think we helped them beat us. The three big points: We got 15 yards for a piling on on third down which let them keep the ball. Then when we fumbled and gave them the ball at the 10. The third crucial breakdown was when we didn't make it with fourth and 2.

"We can expect to win and make those kind of mistakes. Offensively we moved the football and I think we should have put more points on the board. We should of had a minimum of 30, maybe 35.

"I wish State all the best against Nebraska because their carrying the conference honors.

"We're going to improve each week and I'd give my right arm to play them in 5 weeks.

"The officiating as far as my point of view was very biased. I want to make that statement. I am referring to the last 3 minutes.

"State has absolutely a very fine football team and I know they have the best offense I've seen since I've been in the conference.

"We will improve from week to week. Both our offense and defense can improve 50 per cent."

FINAL SCORE	VIRGINIA	7

## LOCKER ROOM QUOTES

DON LAWRENCE, Virginia coach -- "It was obvious we played a good first half. We moved the ball well and did the things we wanted to do. At the half, I actually thought we could win the football game.

"But in the third quarter, we just couldn't move the ball, and then in the fourth period, we just lost our poise. When the score went to 24-7, we were just pushing too hard, especially with our passing.

"Missouri is a good football team, but they have 50 redshirts, and their experience really showed up. They just beat us up front.

"We gave up the weak-side flat to stop the sweep, but they just seemed to hit us at the wrong time. Cherry threw the ball extremely well. Still, I give our defense a lot of credit, especially on that fourth-and-one at the goalline.

"We seemed to move the ball in the first half, and our kids were really up. But Missouri just kept the ball too long on offense, and we always ended up giving our defense bad field position.

"The goalline stand should help us in the future. We improved from N.C. State, and I still think we can have a heckuva football team."

\* \* \* \*

DICK AMBROSE, Va. linebacker -- "I don't think people expected us to do too much. They really underestimated us. We weren't that surprised by the size and strength of Missouri's offensive line..

"Their linemen were powerful, but not intimidating. In the second half, we weren't tired physically, but our mental errors increased and that's what really hurt us.

"We didn't really key on any of the Missouri backs, but we did a lot of stunting. All their backs were really quick, and I was impressed by the way they go for the extra yardage.

"Missouri didn't do as many things offensively as I'd expected of a ranked football team. They really didn't show much variety on offense. They won't be a national power for long if they don't improve."

\* \* \* \*

= SCOTT GARDNER, Va. quarterback -- "We just couldn't put it together at all. Although Missouri put on a good rush and we had people open, we just didn't execute right.

"We went into the game thinking we could win, and at the half we still felt confident...But we just didn't play well in the second half.

"I think we would have been in good shape if we just could have put two good halves together.

"The way it looks now, Missouri and N.C. State are probably the two toughest teams on our schedule."

(MORE QUOTES TO COME)

LOCKER ROOM QUOTES  
(cont'd)

AL ONOFRIO, Missouri coach -- "We weren't very consistent either offensively or defensively in the first half, mainly because Virginia is a fine team. They pursued well and took away our wide stuff..."

"I don't want to take anything away from Virginia, but we were not as keyed up in the first half as we were against Mississippi. We were far more consistent in the second half and got stronger as we went on.

"We may have been overly pass-conscious at first. The Houston veer offense is difficult to dummy in scrimmage -- and Virginia executes it well.

\* \* \* \* \*

JOHN CHERRY, MU quarterback -- "I had a lot of time to throw today. It put a lot of pressure on their backs. We tried to mix up the run and the pass -- and I think we did well. The defensive backs will be a lot tougher and quicker in the Big Eight, so we'll have to be ready for that.

"But I was real pleased with the win, especially because of our passing -- and there were no serious injuries.

"On the first quarter touchdown pass (to Sharp) ... it was a play-action fake, and we caught the defensive corner-back rolling up for the run -- and Sharp got behind him.

\* \* \* \*

MARK MILLER, split end -- "Cherry had a great percentage. When you've got a quarterback throwing like he did, you've got to catch 'em. We've got a great corps of receivers.

"We've got to prove we can pass before we can go .... And Cherry is proving it, Sharp is proving -- and I'm trying to prove myself."

\* \* \* \*

SCOTT PICKENS, linebacker -- "The second half, we knew we had to play. We knew we could play better. I think everybody could tell we didn't play well defensively the first half; offensively, yes...

"We got some breaks in the first half."

\* \* \* \* \*

JIM SHARP, split end -- "They were giving us a real big cushion on the outs, preventing the deep passes. We could have beat them all day on the outs -- but we beat them enough. "

\* \* \* \*

RAY BYBEE, fullback -- "They were playing the Eagle defense, similar to California last year -- and it leaves a crease everytime on the fullback handoff. The line opened up creases about every time -- and the guards' trap blocking opened up some gaping holes in the middle .

"I love to run with this -- it makes my job a lot easier."

"After our success last week with the option and sweeps, Virginia was playing tight on our outside."

\* \* \* \*

STEVE SCHREIBER, def. end (given the game ball) -- "Their options were hard to prepare for because it's a play where ~~anything~~ anything can happen, and each time the situation is different.

"We defended them better in the second half, because we came out ready to play the kind of defense Missouri is noted for... We just didn't respond aggressively in the first half.

\* \* \* \*

TOMMY REAMON, tailback -- "I'm not satisfied with my performance today, but we won... They were keying on the tailback but also stunting on us. I respect their linebackers."

**Coach Don Lawrence---Virginia**

We beat ourselves.

We just didn't move the football in the second half. If we move it, we win. It's as simple as that.

It's a tough loss. You hate to beat yourself.

I think the turning point of the game for us was the interference call on Sreba. From where I sat I thought the ball was past the receiver when contact was initiated.

But we have to be disappointed when we played so hard.

**Coach Red Parker --Clemson**

I thought our defense played so good in the second half, and then to have that touch-down scored on that fumbled punt which went into the end zone, in which made it twice as tough on our offense to have to come back and score twice.

Unless somebody thinks I'm crazy, Tyner was supposed to take a safety on that last play. I called time out and personally told him myself. When he got the ball and started running in there, I thought he was doing an beautiful job. And all of a sudden, bang, he's out of the end zone. I liked to have had a heart attack. Both of us are still in shock.

I thought Virginia did a ~~super~~ super job moving the ball on us in the first half, and I don't think ~~our~~ our defense thought they could move the ball on us like that. But they are a well drilled team and have some mighty fine athletes. They have a great offense.

We had hoped to keep Merritt from ~~his~~ breaking a long one on us, but you can't hold those good ones down.

But we thought we made some real good defensive adjustments at halftime and they didn't score on our defense in the second half.

Fangitore had a super great game. I'm real happy for him because he's had a lot of criticism since he's been here.

This is a win our team needed real bad. We haven't had anything good happen to us this year yet.

Coach Charlie Coffey: "It's the first time in seven weeks I'm doing better. It was a long time coming. When you've been where we've been, it's the greatest thing you can experience. We've been under pressure ... worn out, physically and mentally, but we haven't stopped until the last whistle.

Our running game was going. Barber must have had a great day. Rogers ran well. We're proud of the way Eddie Joyce came in the game and handled that last drive.

Virginia has been running very effectively inside. We didn't exactly stop them, but we slowed them down a little bit. Gardner is a fine quarterback. He's been effective in every game.

(Rick Popp apparently could be out the rest of the season due to torn knee ligaments)

"We'll activate ~~MULLINAX~~ Mullinax and ~~not~~ bring up a freshman from the JV squad."

"We followed our game plan until the score was 17-15. Then we tried to keep it on the ground. Especially on that last td we told Joyce we didn't want to put the ball in the air.

Coach Don Lawrence:

"For all of us involved, it was a ~~a~~ hard loss. We had many opportunities to win but just didn't take advantage of them. We just couldn't cash in.

"The effort was there--we beat ourselves.

"I want to congratulate Charley Coffey--His team ~~a~~ was 0-6--they needed a win and went out and got it. Barber and Rogers are great backs. As good as ~~a~~ any N.C. State has.

"They're celebrating and we aren't."

FINAL SCORE WVU 42, Virginia 17

## COACHES QUOTES

BOBBY BOWDEN, West Virginia

"It's good to win. I'm proud of our seniors. I think our seniors in our last game at home showed the fans what they could do. We've had some good games on the road, but this is our first good one at home. Our game plan offensively was to try to run at them and get sustained drives going on the ground.

"This has got to be our best game of the year offensively. It wasn't our most exciting one, though.

"Defensively we were overpursuing in the first half. It was killing us, so we slowed down our back side in the second half."

about

Asked ~~if~~ Virginia Freshman Bill Copeland, Bowden said "He ran real good. He was more impressive when you actually lined up against him than he was on film. He's a real good one."

DON LAWRENCE, Virginia

Asked to explain the difference in Virginia's offensive performance in the first and second half: "I think it was a combination of losing our quarterback and having two fumbles and a pass interception in the second half.

"The real turning point was when we fumbled when the score was 21-17 and we had the ball in good field position.

"You can look at the statistics of the first half and the statistics of the second half and see what effect ~~from~~ losing our quarterback (Gardner) had on us. We expected West Virginia to run real well. We obviously did a good job defending against Danny Buggs. I think it was a very good ballgame, and we were still in it, until the fourth quarter."
