virginia coach george welsh

I don't think we played that well. We made a lot of mistakes--mental errors, execution mistakes. We missed too many opportunities in the first quarter. If we get third and one at the goal line, we've got to score. And we can't give up a 98-yard drive. We're not going to be ~~an~~ a dominant defensive football team.

They're a good football team. They're better than they looked on tape.

(On ~~Brooks~~ Brooks' passing) There was a timing problem out there, and I don't know why. He was holding the ball too long, and when he did he had to run. I don't know if he wasn't getting enough time or if it was something else.

(On the running game) We have to do better than that (93 yards). That's still our barometer.

(On the option play at the goal line) We've done that for a long time. That's still a good play. It looked like he should have caught it, but I don't know. That's a huge play.

With that field position and how long we had the ball, we should maybe have 12 points ~~x~~ (after one quarter).

(On the timeout not called at the end of the first half) That's a definite coaching mistake. That's dumb. We got nothing out of that.

We made too many mistakes, and that's our fault. We have to do a better job of coaching.

QUOTES FROM AUBURN COACH TERRY BOWDEN:

Tough place to come into play, real tough place to come get a win. Just like my father told me, they're gonna get you in a field position game, use their kicking game, get you in trouble. We had four possessions the first half, twice inside the 10, twice inside the 20, and you're afraid to do anything. Then they made the mistake going in and we turned it around and came down, and then the defense held on, and Dameyune was probably the difference. Without the plays he made it would have been 7-2 or 7-7 to the fourth quarter.

I was real pleased. My hats off to Virginia. They wer out there with some young people. Without giving up those big plays they might have beat us. They'll be good again this year.

They're one of the best rush defenses in the country. The first half we were backed up so far, they know we're not going to do anything crazy down there. They got everybody lined up and the first half we're kinda in a jam. I think in the effort is there. I've watched every film they had last year and nobody really dominated the run against them.

I felt like we'd have to try their corners out because they were new. We tried to tie up their inside people. Dameyune just made some sensational plays.

They're (UVA) pretty quick. We sat there pregame and watched them work out. That's an SEC looking ~~the~~ team. They're very athletic.

To me, that was about as tough an opener as you want to get.

We really didn't know what to prepare for in a lot of ways. A new coaching staff on ~~offense~~ offense, a dangerous quarterback, not really sure of his blocking schemes. I thought the defense played really well, gave us a touchdown interception and could have given us another one. We can get a lot better.

I wanted to play it close to the vest and see who would make the first mistake. I really wanted to come up here and not go out there and ~~do some~~ do some things that would get us in trouble. So we came out with that in mind. We tried to keep it a little less no huddle. A lot of the things this team does are similar to Florida State and this team (Virginia) has been so prepared for them, I didn't do any no huddle. I didn't do a whole bunch of things because they would have ~~knocked~~ it down perfectly. So I did some other things. Moved the backs around in the I formation just to change up. Hadn't thrown to the tailback in the flat. Just changed up some things.
