VIRGINIA VS. ODU
CHARLOTTESVILLE, VA. (SCOTT STADIUM)

OLD DOMINION PLAYER QUOTES

SENIOR SAFETY R'TARRIUN JOHNSON

On the loss:

“For me, it definitely hurts being on defense because we played a spectacular deep game on defense the whole game. and the last drive hurt. Our offense gave us a chance to win, and for us not to get that stop and bring it home, it really hurts me being a captain of defense.”

On the last drive:

“I think we should have communicated better on the back end, and we just couldn't contain a quarterback. He's dangerous when he's outside the pocket. He got a huge first down after that big completion and it hurt us. I think just communicating better on the back end and just containing the quarterback.”

SOPHOMORE QUARTERBACK HAYDEN WOLFF

On the game:

“I knew that we had to finish, that was one of our goals. I knew that we just had to finish it out. We all play for each other. We play as a team, no matter what happens on the field. We're always going to support one another just because we've been through so much together as a team. Whether it was last year in the summer or anything like that. It's never pointing fingers with us. It's never we gave up a chance to win or we missed opportunities that would have allowed us to win by more points if we would have capitalized on those. We play as a team, and at the end of the day, we just didn't finish.”
