at home

What makes a home liveable?
At VOX we believe that we feel best
in interiors that we have decided on
ourselves. They fully meet our needs
and give us a sense of freedom.
You don't have to follow defined
trends to create a beautiful interior.
It is enough to be attentive to what
serves us. VOX solutions are the
result of observing how we live today
and how we want to live. Our day-
to-day aim is to inspire, advise and
provide complex, tailor-made interior
solutions: from flooring, doors
and wall systems to furniture and
decorative articles.

THEY DESIGN FOR US

NEWS

We design our furniture to be with you for years to come. Among the new collections you will find both modular systems, the layout of which you can change at any time, as well as timeless designs that you can enjoy for years to come.

OMM COLLECTION

It is in the bedroom that we start and end each day. It is therefore important that this space infuses good energy and brings serenity. Every detail of OMM will help you take care of your well-being. Furniture of this collection consists of calm forms with curved shapes, subtle wood grain and warm colours. Here you will find inner harmony.

4 YOU FRESH COLLECTION

Our best-selling collection
in a new colour and functional design.
Now you can choose not only pure
white, but also a warming sandy
beige with oak accents. And there is
furniture like never before!

INTO SYSTEM

Into is a modular system that can be freely composed vertically or horizontally. The layout itself can be changed at any time without having to replace the entire piece of furniture. All you need to do is add the right module or box.

TODOS COLLECTION

The Todos collection consists of comfortable and functional sofas, corner sofas, armchairs and pouffes ready to meet your aesthetic needs. Choose from hundreds of configurations of cushions, armrests, feet and fabrics.

HUNDREDS OF CONFIGURATION OPTIONS

Beauty has more than one name, which is why you can define it in many ways in the Todos collection. One is the combination of button cushions, straight armrests and a light fabric. Beautiful, isn't it? Cushions, armrests, feet and fabrics - a choice for the whole family. Several hundred combinations for all and for every individual. Just choose.

CREATIVE CABINETS

The Cabinet provides the perfect place to display and highlight important and valuable items, while ensuring that they are protected from dust and accidental damage. Thanks to the possibilities of the Creative system, you will precisely define the appearance and functionality of the entire piece of furniture, selecting solutions according to your own needs.

ISLA HEIGHT ADJUSTABLE DESK

The ISLA desk with electric height adjustment will keep you comfortable for long hours so that you can perform your duties effectively without worrying about a healthy back. Thanks to the touch panel, you can easily adjust the level of the worktop so that you can sit or stand comfortably.

OMM COLLECTION NEW

The gentle, rounded edges of the OMM collection furniture will make your bedroom comfortable, safe and calming. The organic shapes allude to the forms we find in nature and help to create an atmosphere of deep relaxation.

OMM COLLECTION FEATURES

Furniture with wooden elements is a choice for years to come. Oak, rounded and ergonomic handles are pleasing to the touch, while the solid rounded legs give OMM a light and unique character. These sublime details will bring harmony and much gentleness to your interior.

OMM beds will take care of your comfort, both when reading and getting ready for rest, as well as during sleep. The sloping, curved headrest is ergonomic and by adding a soft cushion in a natural or contrasting colour, you will create an arrangement with the character of your choice.

Backrest pillow for a bed with a wide headboard

The subtle OMM dressing table can be the perfect alternative to a desk. The small size of this piece of furniture means that it will even find its way into a small bedroom. An opening mirror will help with getting ready in the morning. While working, you can close them and focus on the tasks at hand.

Order and good organisation of space is the first step to achieving harmony. That's why we've designed OMM wardrobes, chests of drawers and even beds to best fulfil their roles and equipped them with your favourite functions.

4 YOU FRESH COLLECTION NEW

You won't find so many clever functions in any other collection. You will use them from the bedroom through to the dining room and the youth room. Each of the 4 You Fresh furniture pieces is well thought out down to the smallest detail and allows you to make the most of your home's space.

4 YOU FRESH COLLECTION FEATURES

The colour base of the entire collection is a sandy beige. You can create a monochromatic combination or add colour boxes to individual pieces to give the furniture any desired atmosphere. By choosing one of two handle variants, you will also determine the final character of your 4 You Fresh.

DINING ROOM

THE HEART OF THE HOUSE

This table will be the star of any kitchen or dining room. Place flowers, herbs or cutlery in the functional recess in the worktop or arrange it in yet another way. Drawers and recesses under the worktop will hide a laptop when work is done or children's games and artistic creations.

The beautifully arranged dining room will make your daily meals feel like in the best restaurant. The cabinets allow you to display your favourite crockery, and in the evening their soft light will bring a soothing atmosphere to the interior.

BED

Almost the whole home world can fit in this extraordinary bed. You'll always have your favourite books close at hand, the baldachin will bring a soothing atmosphere and on the side ladder you'll hang a flowerbed or clothes for the next day. And in the evening you roll out the screen and your dream home cinema is ready.

SHELVES

The 4 You Fresh bed is fitted with a number of open shelves that are very spacious. They are found both on the shelf connected to the headrest and in the frame, which provides great design potential.

HEADREST

The original bed headrest in the form of a bookcase allows for any arrangement and personalisation of this place in the bedroom. You can create your own home library on it, place framed memorable photos or pots full of dangling green vines. There is also an additional lockable container in the headrest. A soft cushion can be added to its flap for a comfortable backrest.

BOXES

To personalise the look of the shelves and make it easier to keep them tidy, you can fill them with practical boxes, which are available separately in different sizes and colours.

DRESSING TABLE

With the 4 You Fresh dressing table, you can easily arrange a practical beauty corner. This subtle piece of furniture delights not only with its form, but also with its functionality. Thanks to its small dimensions, it will fit in any bedroom or dressing room. A wide, capacious drawer and a set of organisers with compartments will help to organise all accessories.

ORGANISERS

On the dressing table top there are functional organisers - two low and one high. With these you can conveniently organise your cosmetics and accessories. To keep the worktop even more tidy, the low utensils can be hidden inside a drawer. Organisers are complete with furniture.

DRAWER

The dressing table has a wide drawer so that all organisers are within easy reach. High-quality guides ensure that the drawer is comfortable to use and that it operates quietly and smoothly.

SIDES AND REAR PANEL

Slightly raised, in relation to the worktop, the sides and back panel of the furniture ensure that small cosmetics and accessories do not slip off the worktop.

MIRROR

Other furniture from the 4 You Fresh collection will also work well for arranging a comfortable beauty corner. A mirror with illumination and additional shelves can be hung just above the dressing table.

WARDROBE

The 4-door wardrobe, part of the 4 You Fresh collection, has been designed to make wardrobe organisation as easy as possible.

ACCORDION FOLDING DOORS

The sliding wardrobe doors fold down like an accordion. This ensures that all clothes and accessories are always close at hand. A soft-closing system is fitted to the door.

DIMENSIONS

The wardrobe comes in a choice of two heights: 206 cm and 241 cm. The higher variant means one more shelf (5 instead of 4) on the right-hand side, as well as an additional shelf above the drawers and a straightening system for the middle door.

DRAWERS

Three roomy smooth-running drawers with a soft-closing system are the ideal place for underwear or fashion accessories. It's worth putting them in practical organisers that make it easier to keep them tidy.

HANDLES

Comfortable access to the contents of the wardrobe is ensured by minimalist handles. There are two options to choose from: metal in the colour of the furniture or oak.

SIDE SHELVING UNITS

The 4-door wardrobe side shelving unit from the 4 You Fresh collection is an easy way to increase the amount of storage space for your belongings. What you can't fit in the wardrobe, you can easily place on the spacious shelves of the furniture. The shelving unit can function as the side of a wardrobe or as a stand-alone piece of furniture - simply attach it to the wall. It is available in two options. Smaller of them with a height of 206 cm has 5 shelves, while the one with a height of 240 cm is equipped with 6 shelves.

WOODEN RECESS

The recess of the bookcase in oak creates an interesting, gentle contrast with the beige corpus. It not only decorates the furniture, but also optically changes its dimensions. The nature-inspired décor can also be a great background for displaying a collection of plants.

YOUTH ROOM

The compact 4 You Fresh desk will fit into any space, even small and uncluttered one. The furniture creates an ergonomic area for working or studying and has a smart storage system that allows for perfect organisation of items. It will be perfect for the world of the teenager and will keep him or her on track as they enter their adolescence.

SIDE SHELVING UNIT

The right side of the desk contains a practical shelving unit. Four open shelves allow books and work items to be conveniently organised.

DRAWER

Underneath the desk there is a spacious and ergonomic drawer so that all important accessories are always at hand. The drawer is equipped with durable glides with a silent closing system, which allow it to be used comfortably.

Use one of the three ready-made designs - each modified to suit your needs. However, nothing prevents you from starting designing your cabinet completely from scratch. Decide on the number and location of shelves, customising the interior to suit your needs. You can choose from two lengths - short (42.5 cm) or long (88 cm). For the cabinet, you can choose fronts in 4 different sizes (single or double). All have a silent closing system (the exception is the choice of the push-to-open system, which prevents the use of silent closing).

RIBBON COLLECTION

For those who appreciate beauty and want to be surrounded by it, and for those who besides the functionality, enjoy the aesthetics of things, we have prepared something special. The geometric shapes of the Ribbon collection will bring a new lighter dimension to your interior. If you believe that both beauty and elegance come from simplicity and you would like to smarten up your interior, you couldn't have come to a better place

TALL SHELVING UNIT

See how to assemble
a shelving unit

PRACTICAL DESIGN

The absence of a back panel and the high feet of the shelving unit give it an optical lightness. In addition, the high feet make cleaning under the furniture easier. Thanks to the sculptural form of the furniture and the universal colour scheme, it can function as a set, but also as a single piece surrounded by furniture from other collections.

EASY ASSEMBLY

In the case of the tall shelving unit, you will receive ready-made cubbies that need to be slid one into the other. All you have to do is add the feet and it's all done. Remember that the shelving unit needs to be fixed to the wall - you will find a set of all the screws needed for this in the package with the furniture.

The aesthetic finish of the individual cubicles was made possible by the use of modern technology. In the furniture from the Ribbon collection, there are no visible joints known from classic furniture made from furniture board.

SELECTED BY LODZ DESIGN FESTIVAL 2017

Ribbon will add variety to a well-known living room or studio, giving it a refined character. Like a work of functional art, it will focus the eyes of guests. Mind you, it could become your beloved piece of furniture. The Ribbon collection was appreciated by the jury of the Must have competition during the 13th edition of the Łódź Design Festival. In 2019, it received an award for the best implementations from Polish designers and manufacturers.

The innovative approach towards furniture design has won the jury's approval. In 2019, the Ribbon collection won an award at Dobry Wzór' - a competition organized by the Institute of Industrial Design. It is a contest that distinguishes design products and services of highest quality.

RECTANGULAR FOLDING TABLE 140(340)X90 SIMPLE

Define your dream table by choosing one of four colour versions: white, grey, black or oak. The folding table can seat 6 people comfortably, with the table extended to 190 cm you can sit 8 people, with 240 cm you can sit 10 people. When the table top is extended to 290 cm, it will accommodate 12 people at the table, and when extended to its maximum, the table is a comfortable space for as many as 14 people.

SELECT CHAIRS AND STOOLS

The neat round table for 4 people easily extends (from 1.1 m to almost 2.1 m) to accommodate 8 guests. The round shape breaks up the geometry of the collection and gives the interior a warm, family atmosphere. The unfolding mechanism used does not require additional support, so each person can sit comfortably and have unlimited legroom.

VERY TO-THE-POINT WARDROBE

With a wardrobe like this, everything will go well, and then, thanks to the illumination of its interior, finds it easily and quickly.

ACCORDION FOLDING DOORS

On the one hand, this solution saves space in the bedroom and, on the other hand, allows access to the entire contents of the wardrobe.

COMFORTABLE INTERIOR

The interior has been planned to facilitate the storage of all types of clothing and footwear. If you wish to change the original arrangement of shelves and hangers - nothing could be simpler.

BARS

The wardrobe has 3 clothes bars - one permanently installed, two to be arranged in the wardrobe according to your preferences.

LED

Inside the wardrobe there are 3 LED lights with motion sensors - they light up when the wardrobe is opened.

HOOKS

There is one hook inside to make getting clothes ready for the next day easier.

In the Simple collection you will find four types of wardrobe, ranging from a single-door wardrobe to a corner wardrobe to a four-door one.

Zintegrowane oświetlenie z wbudowanym czujnikiem wewnątrz szuflady ułatwi szukanie przedmiotów. Rozwiązanie, które docenisz zwłaszcza po zmroku.

Dobry stolik nocny porządkuje podręczne przedmioty. Dlatego w stoliku Simple znajdziesz wnękę i pasującą do niej listwę funkcyjną z miejscem na telefon, ramkę ze zdjęciem czy notatki.

SHELVING UNITS AND CABINETS

Here, everything fits together and every configuration looks great. With Simple, you will create a variety of interiors, but all will meet your needs and preferences. How is this possible? The Simple collection was created according to Dieter Rams' iconic ten design principles, according to which the product gives the user the space to realise their own ideas.

SHELVING UNITS
All shelves in the shelving unit are height adjustable. The designer has also provided enough space above them so that they can be pulled out comfortably.

CABINETS
The display is also supported by discreet LED lighting installed in the cabinet. Its warm colour will bring a cosy atmosphere to the interior.

A PERFECTLY ORGANISED WORKPLACE

CONTAINER

To the left of the desk is a container.
It is fitted with a height-adjustable shelf.

DRAWERS

In the middle part of the desk (under the worktop) there is a wide and very capacious drawer. You can keep office utensils, laptop, calendar, chargers etc. useful small items.

All doors and drawers are equipped with the Silent System, which means that even closing them abruptly will not make a sound.

ACCESSORY KIT

MARTA KRUPIŃSKA

At this desk, the designer measured the most frequently used office items and adapted the dimensions to them: capacity of drawers, height of shelves, depth of cabinet and size of the worktop. She also looked at what you usually keep on your desk and created the perfect storage system - the function bar. Choose the best set for you at vox.pl

NATURE COLLECTION

See video

The Nature collection was inspired by the love of natural materials and the conviction that any space can be wisely and beautifully used. Nature will easily match all kinds of interiors: large open spaces, those classically divided into rooms or even the smallest ones that require exceptional care when being arranged. The solid shapes can fit a lot in and the skew wooden legs carrying them will add lightness to the room.

TABLE WITH NATURAL OAK TOP AND DRAWERS

The Nature table is made of noble oak wood, making each one unique and exceptional.

COMFORTABLE DRAWERS

In addition, the table has six capacious drawers to accommodate cutlery, napkins, frequently used trinkets and much more. Each family member can have their own private nook!

METAL RECESS

A metal recess runs across the entire table - sturdy enough so that hot objects can also be placed on it without fear of damaging the structure of the material.

TABANDA

Megi, Filip and Tomek smuggle nature-inspired motifs into modern geometric forms. They combine raw industrial accents with vibrant, cheerful colours. Their designs have received acclaim from design experts. In 2016, the Nature table won the Must Have quality mark, and in 2017 the entire Nature collection was awarded the Design of the Year.

In the metal recess you can place herbs, candles, spices, and when covered with the metal top you can put hot dishes on it.

But first
COFFEE.

The double-sided chest of drawers will subtly divide large areas, assigning them new functions.

If you want your bedroom to have an atmosphere as close to nature as possible, a great choice is a bed with a wooden headrest made of solid oak. Its open-work design will bring a touch of lightness and breath. You can also choose a full headrest inclined at a comfortable angle and finished with a soft edge.

SPOT COLLECTION

See video

Spot will charm you with its light form and will help you organize your bedroom, living room and dining room. The slender geometric shapes in natural colours offer plenty of space for things you don't want to have on display. Clever solutions and ergonomic shapes are a perfect foundation for a little bit of flair such as your favorite accessories like blankets, cushions, books or crockery.

PLEASURE AND COMFORT

Spot brings much more to the dining room than just a unique look. The comfortable table resting on solid wooden legs can be extended to the desired length. How many times have you run out of space for spices, napkins or cutlery? The practical storage compartments in the middle of the tabletop provide ideal space for dining trinkets.

FOLDING TABLE SPOT

The furniture has several variations: it can be folded or unfolded, with an open or closed recess in the top. To accommodate additional people, simply fit extension inserts. When they are no longer needed, they can be stowed away under the tabletop. The shorter sides of the recess have openings that allow cables and chargers to be conveniently routed under the table.

The bottom edges of the gutter have been rounded, making it safe and comfortable to sit at the table. In the middle of the tabletop is an oblong recess where you can store herbs, cutlery, napkins, crayons or hobby accessories. Keeping your trinkets in order is made easy with the 2 attached boxes.

BENCH WITH 3 DRAWERS

Spot bench provides seating and storing. There are 3 double-sided drawers for insertion into selected recesses. The furniture will work well in a hallway, dining room or living room. Drawers on both sides have fronts with ergonomic handles.

LED strips have been embedded in the back of the 2 shelves of the display unit. They glow bi-directionally - upwards and downwards, so that a warm glow brightens up the interior of the cabinet. The objects are elegantly displayed, and the room has a cosy atmosphere.

4 YOU COLLECTION

See video

Comfortable during day and night, cosy when you're alone and welcoming when your friends come to visit. The 4 You furniture will allow you to arrange all of the most important spaces of your home: your bedroom, living room, dining room and your child's room.

WHO SAID A BED IS ONLY FOR SLEEPING?

The solid bed from the 4 You collection will provide you with optimum comfort when sleeping or relaxing with a book in hand. The integrated shelving unit creates additional storage space for necessary trinkets and decorations in the bedroom.

WHAT'S IN THE BED?

1. Roll out the screen and have a cinema.
2. Add a side ladder and hang whatever you like, such as a flowerbed or hanger.
3. A capacious shelving unit behind the bed.
4. Recesses under the bed for everything you need.
5. Bedding container in the headrest.
6. A lift-up mattress, with space underneath for your use.

MATCH THE BOXES

To individualise the look of the shelves, you can fill them with practical boxes, which are available in different sizes and colours.

ADDITIONAL ACCESSORIES

JOANNA LECIEJEWSKA
PIOTR KUCHCIŃSKI

More than two hundred people, including psychologists and ethnographers, worked on the final shape of Bed 4 You. However, as the designers emphasise: Joanna Leciejewska and Piotr Kuchciński, the participation of the users themselves and their expectations was crucial in the development process.

The bed is fitted with a number of open shelves that are very spacious. They can be found both on a shelving unit connected to the headboard and in a frame, which provides enormous design possibilities.

WHAT DOES THE TABLE HIDE?

This table supports your passions! A specially designed recess in the centre of the table and drawers located between the double top make it easy to store and organise small items. Fresh herbs in pots and the ability to heat up meals encourages celebrating and cooking together with family and friends.

TABLE BENCH

The bench matches any VOX table. However, nothing prevents it from being used as a stand-alone piece of furniture: it will also work well in a hallway or home office. The bench should be matched with comfortable soft cushions for comfort during long meetings.

TABLE 200X100 4 YOU

1. A revolutionary recess for whatever you want, with the option to close.
3. Three table sizes to choose from.
4. Rounded corners for greater safety.
5. Cable opening for ease of use.
6. Wooden legs for stability.
7. Optional drawers to organise space - you can use them inside or outside the furniture.

The recesses and boxes keep everything within easy reach, saving space in the kitchen.

For easy organisation, make use of the dedicated colourful VOX boxes, which you can easily place on the shelves of the shelving unit.

WHAT DOES THE WARDROBE HIDE?

The 4-door wardrobe, part of the 4 You collection, has been designed to make wardrobe organisation as easy as possible. Its functionality makes it a great fit for any bedroom décor, keeping up with your needs as they change over the years. 4 - door wardrobe from the 4 You Collection will successfully replace a separate wardrobe. Clever solutions and hidden functions will help you make the most of the furniture's interior.

SIDE SHELVING UNIT

The shelving unit designed for the 4 You 4-door wardrobe has mounting holes that allow it to be attached to the side of this furniture. This gives you a wardrobe with a practical, extremely spacious extension. Different shelf sizes will make it easier to organise your belongings. Use them to display your favourite records, books or decorations.

ACCORDION FOLDING DOORS

The sliding wardrobe doors fold down like an accordion, allowing better access to the entire contents of the wardrobe.

DRAWERS

In addition, the wardrobe is equipped with 3 capacious drawers that will allow you to organise your clothes even better.

CONFIGURE YOUR SHELVING UNIT

DOUBLE-SIDED SHELVING UNIT

The double-sided shelving unit simply organises any space while allowing for creative personalisation with colourful boxes.

LOW DOUBLE-SIDED SHELVING UNIT

Because the shelves are accessible from all sides, you can use the shelving unit as an organising piece of furniture, easily demarcating the boundaries between the different zones of your home. Use the special coloured boxes to expand the possibilities of the double-sided shelving unit and

YOUTH COLLECTIONS

At VOX we carefully watch how young people live in order to design furniture that will keep on inspiring them. The youth collections don't offer ready, static solutions. It's furniture that motivates to explore and play in a creative way. Additionally, it grows with the users and allows them to change its appearance, colours and configuration. It encourages to experiment, rearrange, tinker, tamper and to look for surprising solutions. Thanks to this feature, children can build their own worlds full of hideouts and dens.

YOUNG USERS COLLECTION

Is there a way to cross the boundaries between worlds? Yes - and certainly between the worlds of adults, young people and children. These seemingly contradictory elements have finally found common ground. And there are still plenty of storage compartments and nooks and crannies. Young Users furniture grows with the user. Whoever you are and whatever your age is, YU adapts to you and your needs. They are the world's most personal furniture for a reason.

YOUNG USERS NEON ADD YOUR CHARACTER

Interchangeable overlays, fillers and organisers are ready for aesthetic experimentation and creative exploration. And the multi-coloured backlighting of the shelves and the LED Twinkly, the shape of which can be changed at will, give enormous scope for creating an atmosphere with light.

Nothing changes as fast as children. Young Users' durable materials and clever solutions will allow you to change the look of your room many times over, without replacing your furniture.

BUILD LIKE BRICKS CHOOSE FURNITURE

You can adapt the Young Users modules to the layout of any interior, from an attic with sloping ceilings to a small room for siblings. Combine, match, build, and add more modules as your child's needs grow.

SELECT THE PLATFORMS
A closed shelving unit, a wide chest of drawers or a 2-door wardrobe from the Young Users range can be placed on the platform. Remember to connect the whole thing with the included fittings, and additionally fix the built-in to the walls.

SET UP THE SHELVING UNITS
The closed shelving unit from the Young Users collection is equipped with 8 internal shelves and a mobile drawer. The platform gives you even more storage space. The shelving unit will work well in children's, youth and living rooms.

CHOOSE YOUR EXTRAS
A shelf accessory of your choice can be purchased to improve organisation. Filler GRILLE or Filler X will divide the space into smaller sections. The result will be an interesting looking piece of furniture and even greater functionality.

By combining black fronts with oak fronts, you will achieve a strong effect, which will be perfect for the creative task space.

WHAT DOES THE DESK HIDE?

The innovative Young Users desk includes mobile containers with drawers and a shelf. Their spacing can be varied, allowing the furniture to be placed in one of three positions, depending on current needs. Thanks to the castors, the desk can be moved freely. The Transformers desk includes 2 spacious containers. The left one has 2 deep drawers and the right one has a height-adjustable shelf. This arrangement makes it easier to organise items of different sizes.

The containers can be extended to the sides so that they do not overhang the edges of the tabletop.

An alternative is to extend the containers as far as possible and gain access to the recesses in their tops.

The last possible option is to slide the containers inwards and create a workspace for two people on either side of the tabletop.

Dedicated metal cover can be fitted on neutral cabinet doors. They can serve not only a decorative function, but also a practical one. There are educational game boards, game discs and useful planners to choose from. Each cover is a great base for magnets, drawings and organisers.

CREATIVE SYSTEM. TEENAGERS' ROOMS

Youth has its own rules and such rules should be followed when arranging a room for a teenager. NATURE YOUNG

Freedom is part of the nature of growing up. The Nature Young collection will help to build a harmonious space for the teenager. Lightweight blocks with oak finish will like green plants and natural accessories.

LEARN SMART

The clever desk from the Nature collection is an invaluable support for working, studying and developing passions. Thanks to its compact size, you can place it in your bedroom or living room, organising a comfortable office corner. The furniture will also work well as the heart of a modern home office. The size and form of the desk do not overwhelm the interior, and the work surface (130x60 cm) offers plenty of freedom. Part of it is a lockable recess with grommets where you can store cables and an electrical strip.

SPACIOUS TABLETOP

You will organise the spacious desk table top according to your own needs. It can, for example, permanently host a lamp and a organiser with paper accessories. There is also space for a laptop and a pile of books. Thanks to the rounded edges of the desk, you are able to rest your hands comfortably against the edge of the desk, even for many hours.

DRAWERS

In addition to the open space, a capacious drawer has been placed there. It will store all the little things you need for your daily chores. The drawer is double-sided. It has two front colours: white and oak. By rotating it, you will instantly refresh the look of your desk.

TABANDA

Megi, Filip and Tomek smuggle nature-inspired motifs into modern geometric forms. They combine raw industrial accents with vibrant, cheerful colours. Their designs have received acclaim from design experts. In 2016, the Nature table won the Must Have quality mark, and in 2017 the entire Nature collection was awarded the Design of the Year.

STIGE COLLECTION

See video

Climbing, conquering new territories - this is how the little ones learn and discover their surroundings. Older children are ready to create their own worlds and want to decide on their appearance themselves. Stige is a collection of modular furniture that enables children to build their first room, fully adapted to their needs.

CONFIGURE YOUR BED

Ordinary ladders can be bridges to fantastic adventures. It was their design that inspired the designers of the Stige collection to create unique furniture for young people. In Danish and Norwegian, stige means 'ladder', as well as 'to grow' and 'to increase'.

Hook-and-loop boxes and other accessories can be hung freely on desk and bed ladders, creating for example a dressing table with a mirror or a handy library.

WOODEN LADDERS

The wooden ladder, which is a structural element of the desk, can perform a number of practical functions. You can hang colourful boxes and denim organisers to support good organisation. By selecting the intended accessories, it is easy to match the furniture to your taste and needs. For more storage space, simply buy a mobile container from the Stige collection. The capacious drawers will hold all your treasures and the wooden handles will make the room not only safe but also modern.

ŁUKASZ STAWARSKI, BARTŁOMIEJ PAWLAK

What two capable heads make for more than one great project. Łukasz and Bartłomiej are a design duo working at the Pawlak & Stawarski studio since 2014. They differ a lot in the way they work, but have one thing in common - they are both eminently talented. They design furniture, lamps, ceramics and even medical devices.

CREATE YOUR SHELVING UNIT

A shelving unit with dividers that provide plenty of open storage space. It can be placed on the ground or combined with other furniture from the Stige modular collection to create a personalised built-in. You connect the individual modules to each other with ready-made metal elements and secure the entire structure to the wall.

NEST COLLECTION

See video

Childhood is a time when the imagination is unlimited. To keep it this way into adulthood, it's good to nurture it from the earliest years. Nest is a safe microworld that allows the youngest for creative play and learning. For teenagers, it makes it easier to explore their creativity and express their emotions. All that just to let your child bravely create their dream world.

BE SMART - USE THE MULTI-BED

The centre of your own kingdom is a multifunctional bunk bed. It allows you to select the furniture you need in your child's room, such as a desk, a bookcase, a hanging wardrobe, toy bins and a play mattress. And all within the same bed, which can be expanded and given more functions.

SMART SOLUTIONS

The container can become the perfect table for your guests. It will also store a modular mattress which, when unzipped, can be used for both wild play and rest.

SUPPLEMENTS

The multi bed can be complemented with a side shelving unit and a lamp that is mounted on top of the furniture. Thanks to a swivel element with an LED bar, the light can be directed towards the wall for pleasant illumination across the room, or towards the bed.

NYC
PARIS
DAKAR
URAL

Nest provides the opportunity for continuous aesthetic and functional change. The child can choose the function he or she needs at the moment and expand their kingdom as desired - for example, by selecting containers for toys or a desk on wheels that can be easily slide under the bed.

SPOT YOUNG COLLECTION

Spot Collection is an invitation to the world of childhood play. Inspired by the hours spent at the playground, on swings, building bases and playing hide and seek - it brings in energy and dynamics captured in the levitating slender shapes and swinging organizers.

BUNK BED SPOT

Can a bed be a sleeping area, a shelving unit and a wardrobe at the same time? Of course! Check out how many functions the Spot bunk bed offers - storage for seasonal clothes, two riding hangers and two shelves. The bed has won one of the most important iF DESIGN AWARD 2015 design awards in the Home Furniture category.

As an additional option, you can also buy a movable bed table. It means you don't have to go down to get your book, laptop or other items, which you can easily store in the table.

BALDACHIN

If you drape a light fabric over the baldachin and add small lamps, you create a magical aura in the room.

PULL-OUT HANGERS

Two pull-out clothes hangers can be placed anywhere in the room - a mobile wardrobe.

DRAWERS

The bed has a space with 4 deep pull-out drawers on high-quality glides.

LIGHTING

Due to the limited access to natural light, we illuminate the deep shelves and the recess for the pull-out hanger with economical and discreet LED sources.

BED SPOT YOUNG WITH TIPI TROLLEY

Planning the décor of your child's room
can help VOXBOX programme

Tipi trolley for 1-seater bed or sofa from the Spot Young collection. The wooden frame on wheels can become a „base" for playing or a place to hang lights and decorations.

TIPI TROLLEY

The Tipi trolley allows you to arrange your child's or teenager's room in an original way. It can enhance the look of a bed or sofa from the Spot Young collection, also in the crawl mattress variant. The trolley can be moved comfortably thanks to small, quiet running wheels that are safe for the floor.

TENT

The furniture will help to create a home theatre, and in combination with the fabric will turn into a charming baldachin. A dedicated tent can be bought for the Tipi trolley, making it easy to arrange a cosy play area.

UTENSILS

You can also hang utensils on the trolley to have the items you need always within easy reach.

DOUBLE-SIDED DESK WITH LIGHTING

The double-sided desk will work equally well for siblings or four friends who just happen to fancy a game of Chinese. No longer do you have to position your desk against a wall or in a corner. You are designer of your room and decide which space is best for playing, studying and working.

RAILING WITH LED

A milky LED profile has been placed in the railing to successfully replace a traditional desk lamp, and after dark it will prove useful as a source of indirect, cosy background lighting.

RECESS

In the middle of the tabletop there are 3 lockable recesses for office supplies, books or chargers. Electronic equipment can be conveniently plugged in thanks to a special cable hole.

ADJUSTABLE HEIGHT

The tabletop is height-adjustable, allowing the desk to fit the height of the children. There are 4 recesses under the worktop. They can be used as open shelves for notebooks and school supplies or fitted with drawers from the same collection to store smaller items.

4 YOU YOUNG COLLECTION

Let your child be the architect of their own world. Where is the safest place to experiment but home? Furniture from the 4 You collection encourages first experiments with space and making one's own decisions concerning interior design.

YOUTH BED WITH BALDACHIN

Furnish your bedroom with the single bed with baldachin from the 4 You collection to ensure a comfortable night's sleep while adding an original touch to your interior. With the right accessories, you can customise the piece of furniture and ensure that it blends in best with your bedroom décor.

FRAME

The baldachin frame allows you to hang a curtain over the bed to create an intimate atmosphere and shield it from the sun's rays in the morning. The design is capable of supporting a 5kg load, so will work well even with slightly thicker, blackout fabrics.

BED BASE

The bed base can be installed at one of two heights. You can place it just above the floor to coordinate with other furniture that stands directly on the floor. By choosing mounting holes positioned higher, you will gain additional storage space under the mattress.

DRAWER

You can use the free space under the furniture in several ways. It may be a good idea to buy a drawer on wheels or a lower bed, which will come in handy if you want to put an extra person in overnight.

DESK 4 YOU

The functional desk from the 4 You collection has been designed to adapt to individual room conditions and household preferences. It is an intelligent storage system that allows not only perfect organisation, but also comfortable use of the workspace.

DRAWERS

Underneath the top is a wide, ergonomic drawer providing additional space for organisation.

DESK ORGANISER

The clever combination of tabletop and desk organiser allows you to both stay organised and work comfortably on your project - everything you need is within easy reach. On the left side of the desk there is a filing box with two compartments, covered by a lid oak-coloured. With its compartments, it can act as a desk organiser for small office accessories. Don't need a desk organiser? Turn it upside down, so you extend the surface area of the tabletop.
