1 of 1 people found the following review helpful. Boody by Marjorie K. RawlingsBy M. FinnellTerrific story from the woods of Florida about a Pulitzer Prize winning author. A great predecessor to the book, THE YEARLING.1 of 1 people found the following review helpful. Unexplainably ProfoundBy Nancy RollinsI have difficulty putting my love for this book into words. I feel a kinship with Marjorie Kinnan Rawlings that defies reason. After reading this book, I had to buy every book I could find about the author, and then I went to Florida to see her house and farm at Cross Creek. I have read the book aloud to other people twice and have given copies of it to friends. It may not move others in the same way as it does me, but it is a lovely depiction of life in rural Florida in the 1930s.0 of 0 people found the following review helpful. Three StarsBy Sue A.Thank you!

Cross Creek is the warm and delightful memoir about the life of Marjorie Kinnan Rawlingsauthor of The Yearlingin the Florida backcountry.Originally published in 1942, Cross Creek has become a classic in modern American literature. For the millions of readers raised on The Yearling, here is the story of Marjorie Kinnan Rawlings's experiences in the remote Florida hamlet of Cross Creek, where she lived for thirteen years. From the daily labors of managing a seventy-two-acre orange grove to bouts with runaway pigs and a succession of unruly farmhands, Rawlings describes her life at the Creek with humor and spirit. Her tireless determination to overcome the challenges of her adopted home in the Florida backcountry, her deep-rooted love of the earth, and her genius for character and description result in a most delightful and heartwarming memoir.
