If we don't have it it's not in the country.

Fox Distributing INC PO Box 1126 / 3N 650N 17th St. St. Charles, IL 60174 (630) 513-9700 Proud distributer of Mikuni since 1987.

## **RS Series Carbs**

The Mikuni RS Series Carburetors were designed and built in response to the needs of the world's top motorcycle road race and drag race teams. They required carburetors which could satisfy the precise fuel metering demands and high flow volume required by highly modified race engines. And yet, also provide the smooth, controllable throttle response that is needed by any rider pushing his motorcycle to its limits on the race track and under any high performance applications. The carburetors need to meter fuel correctly under a wide range of atmospheric conditions and engine tuning modifications while being easily accessible for trackside

tuning changes which need to be made quickly. Designed for in-line four cylinder performance motorcycle applications, the Mikuni RS Series Radial Flat Slide Carburetors offer superior horsepower gains with their maximum flowing smoothbore induction tract and radial flat slide design. An adjustable accelerator pump system helps to provide instant throttle response, particularly in the lower RPM range. The RS Series Carburetors feature a compact design which is 25% lighter than other performance carburetors and uses readily available Mikuni jets. Available in 34, 36, 38, and 40mm sizes.

## **RS SIZE / FITMENT & STANDARD TUNING SPECIFICATIONS**

IMPORTANT: Mikuni RS Series Carburetors are legal in California ONLY FOR RACING VEHICLES WHICH MAY NEVER BE USED UPON A PUBLIC STREET OR HIGHWAY. In other locations check for similar laws which may apply.

\*NOTE: RS34/36 MAY USE 9DZH05 RS38/40 MAY USE 9CHY10

CARBURETOR SPACING:

## **MIKUNI PUSH/PULL THROTTLE ASSEMBLY**

A Push/Pull Throttle Assembly is required with the use of all Mikuni Racing Carburetors to assure the positive closing of the carburetor throttle slides against the high vacuum pressures encountered in racing engines. The Mikuni Push/Pull Throttle Assembly includes a twist throttle assembly and both throttle cables with adjusters.

### Push/Pull Throttle Assy. Part No. KRS-001

## **MIKUNI VELOCITY STACKS**

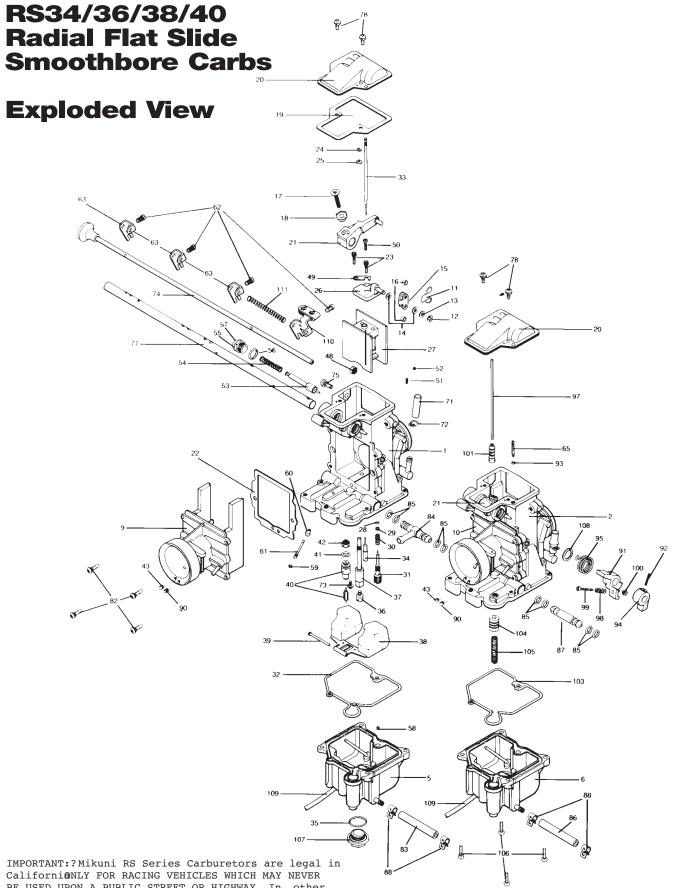

Velocity stacks improve the air flow into the carburetors to increase induction efficiency and increase horsepower on racing engines where air filters are not required. Set of 4 Velocity Stacks fits all Mikuni RS Series Carburetors and other carburetors with 55mm O.D. intake bells. Choose length depending on chassis clearance and desired tuning characteristics.

30mm Mikuni Velocity Stacks, Part No. KRS-002 50mm Mikuni Velocity Stacks, Part No. KRS-003 70mm Mikuni Velocity Stacks, Part No. KRS-004 15mm Mikuni Velocity Stacks, Part No. KRS-007

## MIKUNI RS METHANOL KIT

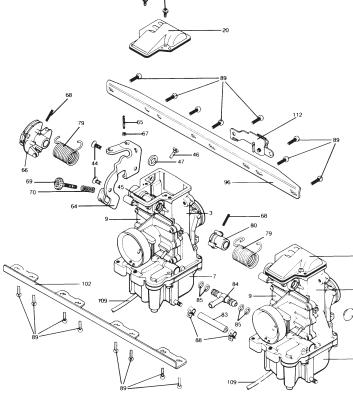

All the jetting components necessary to allow the use of methanol fuel with RS38 and RS40mm carburetors. Mikuni RS Methanol Kit Part No. KRS-005
