WOMEN'S BUSINESS COUNCIL

The Women's Business Council exists to bridge professional women with industry-related information and/or leadership development within the community and the business or service organization they represent.

Why should you attend? Female business leaders and mentors wear many hats and consistently adapt to the most challenging circumstances. Today's professional women lead, volunteer, inspire and support. Through it all, we empower each other to succeed, shine and make a difference as women in business within the community. Join the WBC to be a part of our cause.

When + How? The First Wednesday of the Month from 3-4pm. Virtually via ZOOM throughout Covid-19, normally in person at the Chamber Office

- Quarterly events, live or virtual, with relevant topics, impactful speakers and inspiring activities
- Provide mentoring and networking opportunities for women at various stages in their career paths
- Fundraise for local charities throughout the calendar year
- Engagement in initiatives related to empowerment of women in business
- Promote a healthy work/life balance
- Not limited to women only, the group is open to everyone.

Join the WBC for any meeting to see us in action!
