Table 1 – Athletics Participation

This table lists the number of participants by gender for each varsity team. According to the federal regulations governing EADA reporting, a participant is defined as a student-athlete who, as of the day of a varsity team's first scheduled contest: (a) is listed by the institution on the varsity team's roster; or (b) receives athletically related student aid; or (c) practices with the varsity team and receives coaching from one or more varsity coaches. Any student who satisfies one or more of the criteria in paragraphs (b)(3)(i)(A) through (C) of this section is a participant, including a student on a team the institution designates or defines as junior varsity, freshman, or novice, or a student withheld from competition to preserve eligibility (i.e., a redshirt), or for academic, medical, or other reasons. Male practice players who are listed on the women's team roster as of the day of the first scheduled contest should be counted as participants on the women's team. Women's basketball participation count includes 12 male practice players and women's soccer participation count includes 5 male practice players.
