

Get the APP

Virtual Parade of Homes
is found at
www.HBAEvents.com

Grand Junction Parade of Homes

VISIT THE APP STORE
on your mobile
device to download

INFO

See pictures, descriptions and information about the house, builder and subcontractors. Contact the builder with one click!

PLAN

Choose what houses you want to visit. The app will assist you in staying on track.

NAVIGATE

Plan your route and the app will use your phone's GPS to give you navigation guidance. Interactive maps are also available.

This is extremely helpful as many of the Parade homes are on new streets and in newer subdivisions that Google Map or other mapping services don't recognize yet.

The app will guide you as close to the home as possible. Follow the signs when you enter the subdivision and you will find the home you are looking for.

TAKE NOTE

Take photos and notes throughout the day to remember special features, your favorite items, etc.
