UVHBA Parade of Homes App

With the new Utah Valley Parade of Homes app for iPhone and Android, you get everything you need for the parade all on one screen. Versatile, capable and reliable, the app does practically everything to make your Parade experience a memorable one.

Mobile Ticket
Purchase tickets through the app, at Uvparade.com or at ticketing partner locations. Then use the Parade mobile app to load your ticket and have it with you conveniently and securely. The mobile app gets rid of the need for a physical ticket to be checked in at every door and provides easy-scan access to each home.

Homes & Builder
Find information on each home, builder and member contractors involved with the construction. Builder contact information is readily available.

Navigation
Every home is on the mobile map, giving you the convenience to plan your route by selecting the homes you want to visit.

Share
Share your favorite features with your network of friends on apps like Facebook or Twitter.

Reviews, Notes, Photos and More
The app allows you to take notes, provide reviews, see photos, create favorites and so much more. So as you are walking through a home, don't forget to jot down the features you love, the builder information you want to remember, or snap a quick photo and pull it in to the app with your notes.

* Map is not to scale. All locations are approximate.
