

September 3, 2020

Greetings everyone,

September is upon us. Kids are getting ready to start back at school, in some fashion anyway. Days are getting a bit shorter and the temperatures are becoming a bit cooler. Still the beautiful Fall season ahead of us to look forward to! I can't wait to see Wake Robin in all its colorful Fall glory. Just a reminder that Monday is Labor Day and so many of the staff, myself included, will be off.

I heard a fascinating and alarming story on NPR a few days ago. There is a new phone scam where callers are claiming to be Health Dept. contact tracers. How rotten is that! ***So please beware!*** The link to the story is below, but bottom line, true contact tracers may ask you for some personal information because they need to verify your identity and not share someone else's personal health info with you. So you could expect them to ask for your address and date of birth. They will **NEVER** ask you for money to pay for any testing. They will **NEVER** ask you for your social security number. If you aren't sure of the veracity of the caller, ask for their name and number and call the Health Dept. to verify that the person is, in fact, one of VHD's contact tracers. <https://www.npr.org/sections/health-shots/2020/08/20/903664222/how-to-tell-a-real-covid-19-contact-tracers-call-from-a-scammers>

You also may have noticed that the construction trailer is gone. We wanted to have a proper send off, but unbeknownst to us, they (whoever 'they' is) fixed the broken axle and moved the two halves on Wednesday morning. So, we weren't able to mobilize you all to bid them a fond farewell. But, bottom line, it's gone - another sign Phase III is just about in our rearview mirror!

### **Linden Visiting Update:**

Linden Resident visits will begin again on Friday, September 4; they will take place in the same outside areas as they did previously. The visits are still for 45 minutes and require supervision. The visit schedule is a bit different so I have outlined it below.

Visits can be scheduled for Monday, Wednesday and Friday and each neighborhood will have a Saturday visit once each month.

- Cedar visits are at 11:00 - 11:45 am or 2:00 - 2:45 pm and Saturday 9/5 at 11:00 to 11:45.
- Juniper visits are at 10:00 - 10:45 am or 11:00 - 11:45 am and Saturday 9/19 at 11:00 - 11:45 am.
- Spruce visits are at 11:00 - 11:45 or 3:00 - 3:45 pm and Saturday 9/12 at 11:00 - 11:45 am.
