

June 16, 2020

Hi everyone,

I almost forgot I owed you an update today! The sun is shining. It's a beautiful day. I guess I wanted to pretend we aren't in a pandemic! I'm sure you all wish the same thing. But alas, we are. Governor Scott yesterday extended the State of Emergency until July 15. The Canadian/US border will remain closed until at least July 21st. Some good news though - Vermont Dept. Of Health is feeling pretty confident that the Winooski outbreak has been contained. We will continue to watch closely, but honestly that is very hopeful news.

I had a call from a resident about the guidance Meagan and Dr. Moore sent out (attached here again) to help you determine the risk of contracting COVID-19 during different medical appointments and to give you some recommended precautions you should take when you are back in the Wake Robin community. We really will leave it up to each of you to determine what, if any, post procedure precautions you need to take. As always, when in doubt, feel free to run it by Meagan. And rest assured, if Meagan wants you to quarantine, you will know about it!

From Dr. Moore:

Just a reminder that the Wellness Center can schedule medical visits with Dr Moore or Dr Hebert with you if you are overdue for an appointment. Please give them a call at 264-5139.

From the Refundable Program:

The collection of **refundable** bottles and cans will begin again, starting next week (6/22). As previously, all deposits collected will go to the WRRRA Treasury to support programs. If you have **refundable** bottles/cans please put them in the smallish bin marked "Refundable" in your Green Room. A member of the Refundable Team will collect these weekly starting next week. Because we are now used to having dinner in our homes, many of us order beverages such as apple, cranberry or V8: these small cans are **not** refundable, whereas the small cans of Coke, Cola and ginger ale are. Thanks for being alert, and for helping make the Refundable Program thrive again!

Father's Day this weekend!

Once again, **Nu Chocolat** in Burlington has agreed to deliver to Wake Robin! You can order directly from their website, nuchocolat.com. You will need to enter your address in the "shipping" section. Then under "shipping options" choose "local curbside pickup" and in the "additional information" section add "Wake Robin delivery." Your order must be placed by noon on Thursday, June 18 for delivery the morning of Friday, June 19, just in time for Father's Day! Residents who are not able to order off the website may call directly at (802) 540-8378. Ask for Virginia and mention you are from Wake Robin so it can be included in the Friday delivery. Father's Day bouquets are available for delivery as well.

And finally some great humor passed on to me this week! (Thanks to everyone who shared!) Here's a sampling...

- I find, these days, that most of my conversations start out with: Did I tell you this already? Or What was I going to say?
- The main function of the little toe on your foot is to make sure that all the furniture in the house is in place.
- I finally did it! Bought a new pair of shoes with memory foam insoles. No more forgetting why I walked into the kitchen!
- The fattest knight at King Arthur's round table was Sir Cumference. He acquired his size from too much pi.
- She was only a whiskey-maker, but he loved her still.
- A rubber-band pistol was confiscated from an algebra class, because it was a weapon of math disruption.
- No matter how much you push the envelope, it'll still be stationery.
- A dog gave birth to puppies near the road and was cited for littering.
- Time flies like an arrow. Fruit flies like a banana.

And my personal favorite...

- I was visiting my daughter last night when I asked if I could borrow a newspaper. "This is the 21st century" she said. "We don't waste money on newspapers. Here, use my iPad." I can tell you this...that fly never knew what hit him!

Still laughing at that one! Have a good week. Hope to see you around! Stay safe.

Martha
