National Education Issue Guide Toolkit

Thank you for helping us spread the word about education issues that could be on your ballot! Your engagement and support are crucial in raising awareness about the importance of our children's education and safety.

By using our social media toolkit, you're playing a vital role in informing your community. Every post, share, and comment helps amplify the conversation and encourages others to take action. Together, we can ensure that education remains a top priority for our leaders.

Let's keep the momentum going! Share your thoughts, encourage your friends to join the discussion, and remind everyone to make their voices heard this election season. Your efforts are making a difference! 💪📚

WeBelieve and @ParentsTogetherOrg, are releasing a National Voter Guide on the key education issues in this election. Our kids deserve the freedom to learn, and your vote will shape their future!

Top issues include:

School Safety: Mental health, security, and crisis preparedness are on the ballot.
School Funding: Decisions on school bonds and taxes could boost teacher pay and renovate schools.
Inclusive Education System: Inclusive, truthful public education where parents and teachers collaborate.

Let's set our children up for success in the classroom. Access the National Education Issue Guide here:
