**Detailed Rationale & Key Rating Drivers**

CARE has placed the long- term ratings of DB Corp Limited (DBCL) on 'Credit watch with negative implications' following the disclosure made by DBCL on the exchanges as well as based on various media articles with regard to search conducted by the Income Tax Department (ITD) across various offices of the Group. CARE is trying to reach out to management to understand the impact of event and outcome of the IT raid. CARE will remove the rating from watch and take a final rating action once it has clarity on the impact of IT raid on business and financial profile of DBCL.

The short-term rating has been reaffirmed on the back of strong liquidity profile of the company as indicated by healthy cash accruals against no long- term debt repayments apart from lease payments. Additionally, the presence of unencumbered cash and bank balance of Rs. 312.21 crore as on March 31, 2021 provides support to the company's liquidity position.

The ratings continue to derive strength from the leadership position of DBCL in Hindi print media industry under its flagship brand "Dainik Bhaskar" (DB). The ratings also positively factor in the comfortable financial risk profile of DBCL characterized by low leverage and comfortable debt coverage indicators.

The above rating strengths are, however, tempered by the pledge of the shares held by the promoters of DBCL for debt raised by its group entity Writers and Publishers Private Limited (WPPL). Although, the % pledge has reduced due to reduction in the quantum of debt at WPPL and increase in DBCL's share price, the share pledge percentage continues to be at 11.77% as on June 30, 2021. The ratings also take cognizance of the stretched receivable position of DBCL with ~50% of the total receivables as on March 31, 2021 being outstanding for more than 6 months. CARE believes that the receivable position is expected to remain elevated in the current financial year as well on account of stressed economic scenario. The ratings continue to be constrained by the susceptibility of DBCL's operating profit margins to newsprint prices and economic cycles.

**Rating sensitivities:***Positive factors:*

- Decline in pledged shareholding below 10% of promoter's shareholding
- Decline in debtor days / Debtor Cycle below 50 days
- Maintenance of comfortable leverage marked by Total Debt to Cash Flow from Operations below 0.40x

*Negative factors:*

- PBILDT margin on quarterly basis declining below 13% on a sustained basis
- Decline in interest cover below 10x on sustained basis

### **Recent Developments**

DBCL wide exchange notification dated July 23, 2021 has reported that the officials from the Income Tax department had visited the company's offices to conduct a search. According to the filing DBCL is responding to all the queries raised by the Income Tax Authorities and it is fully cooperating with the IT department officials. As of now, no conclusion has been reached.

According to various media reports IT raid took place at over 30 locations of Dainik Bhaskar in Delhi, Madhya Pradesh, Rajasthan, Gujarat and Maharashtra. The homes and offices of the group's promoters were also raided.

CARE is trying to reach out to management to understand the impact of event and outcome of the IT raid. CARE will remove the rating from watch and take a final rating action once it has clarity on the impact of IT raid on business and financial profile of DBCL.

### **Detailed description of the key rating drivers**

#### **Key Rating Strengths**

##### ***Experienced Promoters & strong execution skills***

The promoters of DBCL have been in the print media business for more than five decades, since the first edition of Dainik Bhaskar (DB) was launched in 1958. Mr. Sudhir Agarwal, promoter and managing director of DBCL, has been instrumental in pursuing growth opportunities and has demonstrated strong execution skills while expanding into new markets and launch of new editions. DBCL with its various publications has presence in 12 states in North, Central & West India and across three languages (Hindi, Gujarati and Marathi).

##### ***Strong brand presence and leadership position***

DBCL is one of the leading print media group amongst national dailies in terms of readership. DBCL's flagship newspaper Dainik Bhaskar is the most widely read Hindi newspaper in India. While Dainik Bhaskar has maintained its leadership position in the legacy markets, it has increased its presence in the newer markets of Bihar, Rajasthan, Chhattisgarh and Gujarat.

DBCL acquired 13 radio frequencies in FY17 in the Phase III auction in Ahmednagar, Akola, Aurangabad, Bikaner, Dhule, Hissar, Jalgaon, Karnal, Nanded, Nashik, Rajkot, Sangli and Solapur totaling the overall 30 stations under the frequency 94.3 "MY FM". The radio business maintained its leadership position across Chandigarh, Punjab, Haryana, Madhya Pradesh, Chhattisgarh and Rajasthan. It is the largest player in rest of Maharashtra.

DB Digital has 5 portals and 4 mobile apps which provide content across genres such as news, sports and entertainment. DB digital provides tailored content relevant for the Tier II and Tier III cities of India in four languages. DBCL launched "Dainik Bhaskar+" App – a new app that is set to provide news in the Hindi speaking markets. It also launched a new version of Divya Bhaskar Plus App to strengthen its leadership position in Gujarat.

##### ***De-growth in operating income in FY21 on the back of the lockdowns imposed due to CoVID -19***

Several restrictions/ lockdowns imposed due to CoVID -19 in FY21 had resulted in a steep decline both in advertisement and circulation revenue. Shut down of operations across industries and sectors led to postponement of advertising spends, postponement of government tenders etc. which severely impacted advertisement revenue for DBCL. Circulation was also impacted in particular on account of closure of several modes of public transport impacting delivery, closure of offices, airports, railway stations impacting subscription of copies to these places. Nevertheless, as DBCL has more presence in Tier II, III cities and in rural areas, circulation picked up very fast once lockdown relaxations were announced.

##### ***Comfortable leverage and debt coverage indicators***

DBCL's overall gearing improved to 0.12x as on March 31, 2021 from 0.22x as on March 31, 2020 on the back of lower utilization of working capital limits. Interest coverage has however, moderated in FY21 as compared to FY20 on account of decline in PBILDT.

CARE continues to factor in the pledge of the shares held by the promoters of DBCL for debt raised by its group entity Writers and Publishers Private Limited (WPPL). Although, the % pledge has reduced due to reduction in the quantum of debt at WPPL and increase in DBCL's share price, it still remains at 11.77% of the total shareholding.

#### **Key Rating Weaknesses**

##### ***Operating profitability susceptible to fluctuation in newsprint prices and economic cycles***

Newsprint constitutes a key raw material accounting for ~40-45% of the operating cost for DBCL. DBCL sources newsprint through a mix of domestic suppliers (60%-65%) and imports (30%-35%). Thus, apart from volatility in newsprint prices, rupee dollar fluctuations could also impact the company's profitability. Furthermore, operating margin of media houses remains vulnerable to economic downturns as advertisement revenue is linked to economic conditions.

##### ***Elevated receivable position***

DBCL's debtor position remains elevated with about 40%- 50% of the receivables outstanding for more than 6 months. Debtors comprise primarily of advertising debtors with ~30% of the receivables being outstanding from Government agencies and the balance from commercial clients. CARE notes that uncertainties associated with the pandemic could result in delays in collection of receivables in particular from commercial clients.

##### ***Liquidity: Strong***

Liquidity of DBCL is marked by healthy cash accruals from operations against no long -term debt repayment apart from the lease payments. Additionally, the presence of unencumbered cash and investments balance of Rs. 312.21 crore as on March 31, 2021 provides support to the company's liquidity position.

**Analytical approach:** CARE has considered consolidated financials of DBCL and its subsidiaries as subsidiaries are in a similar line of business. The list of entities which have been consolidated are placed in Annexure 4.
