INTRODUCING SUITE METERING

**HALTON HILLS HYDRO'S EASY
NO-COST SOLUTION FOR
MULTI-UNIT RESIDENTIAL BUILDINGS**

WHAT IS SUITE METERING?

- ✓ Electricity use for each individual unit or suite is recorded separately
- ✓ Each unit or suite is billed directly for the electricity it uses
- ✓ The building owner or property manager is only billed for the electricity for systems and common areas
- ✓ Electricity data is automatically collected by Halton Hills Hydro each day
- ✓ Individual unit owners have access to their detailed energy use online through Halton Hills Hydro's AccountOnline
- ✓ Each individual unit is a customer of Halton Hills Hydro
- ✓ Data monitoring and analysis ensures accurate billing
- ✓ Suite-metering solutions require much less space than conventional* meters – freeing up more floor space for suites or common areas.

*Note – conventional meters may be recommended in some instances

BENEFITS FOR RESIDENTS:

- ✓ Access to AccountOnline customer portal to view energy use, account balances and payments
- ✓ Pre-authorized and equal payment plan options
- ✓ E-billing – electronic statements available
- ✓ The trusted electricity provider in Halton Hills
- ✓ Time-of-Use billing
- ✓ Access to all eligible provincial rebates and payment assistance programs
- ✓ Access to Halton Hills Hydro customer service team
- ✓ All rates approved and regulated by Ontario Energy Board
- ✓ Access to energy conservation programs and incentives
- ✓ Suite owners only pay for the energy they use, not their neighbours
