

Position: Growth Intern [Remote]

Time Commitment: Expected approx. 12-15hrs per week [Conversion to Full Time possible]

Period: 4-6 months

Start date: ASAP

Treeapp enables its users to plant a tree for free every day in a few seconds. How does it work? We work with organisations to promote their sustainable products & services to our users. These organisations fund the planting of trees, which is facilitated by our international NGOs partners. Try it [here on iOS](#) or [here on Android](#).

History

Treeapp (thetreeapp.org) was founded because our team realised the devastating state of our environment. Since 2019 our team has been growing in order to reverse effects of environmental degradation and climate change. By using Treeapp, anyone can make a positive impact, by planting trees on their phone every day.

What we look for

The perfect candidate will have strong people skills, be results-driven and enjoy creating and maintaining partnerships with business incubators and accelerators. In addition, the candidate should be detail-oriented and have experience managing operational tasks. Ideally, a final year master's student who is passionate about saving the environment.

What you will do

- Work alongside Treeapp founders to maintain relations with business incubators & accelerators
- In charge of applications for grants & program memberships
- Manage the coordination of ongoing operational tasks including certification applications
- Contribute to and learn about internal process management

What you'll get

- Join a fast-growing start-up that has reached 'Hottest App' & 'App of the Day' on the App Store as well as 'Top 10 Downloads' on the Play Store
- Work with both co-founders, serial entrepreneurs who founded businesses valued £30mIn+
- Introduction & connections to key stakeholders in the environmental industry
- Get first-hand business experience in the sustainability sector

- Monthly drinks with the team
- Opportunity to convert the internship into a full-time role and join our growing team
