

Join OIX and **Shape the Future** of Internet Infrastructure

Would you like to be part of global initiatives that ensure a **more reliable digital future**?

OIX is a global, volunteer-driven organization dedicated to creating fair, reasonable and non-discriminatory standards and best practices for Internet Exchange Points (IXPs), Data Centers, and Edge infrastructure.

Why volunteer with **OIX**?

Direct Impact:

Your voice matters! As a volunteer, you'll influence decisions that shape the internet's infrastructure.

Contribute and Lead:

Work on projects you're passionate about, with opportunities to lead initiatives.

Community Engagement:

Join a network of like-minded professionals who share your passion for improving the internet.

Networking Opportunities:

Collaborate with experts from diverse sectors of the global interconnection ecosystem.

Our **Mission**

OIX develops and maintains technical standards for IXPs, Data Centers, and Edge facilities through community consensus. These standards ensure consistency, reliability, and security in internet traffic. By volunteering, you'll play a vital role in refining these standards as technology evolves.

OIX Committees are entirely volunteer-driven. **Here's how you can get involved:**

- 1.** Internet Exchange Point Standards (IXP) Committee
 - Develops and maintains OIX-1 standards for IXPs.
- 2.** Data Center & Edge Standards (DC-Edge) Committee
 - Oversees OIX-2 standards for Data Centers and OIX-3 standards for Edge Data Centers.
- 3.** Community Engagement Committee (CEC)
 - Amplifies OIX's mission through partnerships, promotions, and educational outreach.

What **We Expect** from Volunteers

- Attend bi-weekly committee meetings (via Google Meet).
- Actively participate in discussions and take on action items.
- Be an ambassador for OIX by sharing its mission at conferences and events.
- Disclose any conflicts of interest to maintain transparency.

Let's Work **Together**

The internet is the backbone of our digital world. By volunteering with OIX, you'll help maintain the infrastructure that keeps it running smoothly. Whether you have suggestions or want to join a committee, we need your input!

Contact us today at info@oix.org to get started. Together, we can make the internet a more secure and reliable place for everyone.
