

## ABOUT RAMSEY ASSOCIATES AND ITS FOUNDER

**Ramsey Associates** is a boutique compensation consulting practice providing clients with big firm experience and expertise coupled with small company flexibility and pricing. Not answering to a corporate office on the east coast allows me to set fees at levels that national firms can't match.

**Dorothy E. Ramsey** is a Certified Compensation Professional, with over 30 years of compensation experience providing expertise in base salary design, long and short term incentive design, and performance management. Her clients have included small family owned organizations and large international firms, crossing a variety of industries.
