

**Small Amounts,  
Big Results.  
Every Day**

*Even the smallest act of caring  
will, like a drop of water,  
ripple through the entire pond.*

## WELCOME TO GIVE A LITTLE

We are an independent grassroots nonprofit organization. Our mission is to provide one-time assistance to individuals and families in Yamhill County who are experiencing temporary financial difficulties as well as to alleviate hardship and enhance the quality of life of those on very limited budgets.

We have identified **four areas of focus** as described at the bottom of the page.

We believe in the following guiding principles:

- ♥ That modest amounts of money or assistance, provided at the right time, can make a critical difference in people's lives.
- ♥ That we all have something to offer, and we all can give a little.
- ♥ That if everyone gives a little, amazing things can happen.
- ♥ That a caring community is possible and worthwhile.

### Our pledge to donors

Our Board of Directors and specific patrons fully cover the operating costs of the Foundation, which means that, unless you designate otherwise, **your donations to go 100% to the cause.**
