TAINO BAY PUERTO PLATA MEETING POINT

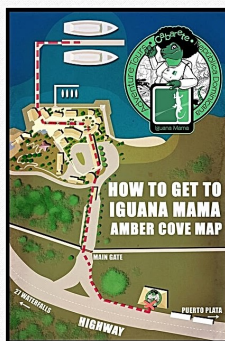

To get to the pick up location come off the ship, go into the Welcome Center and take one of the exits on the left hand side that lead you to the port shops and restaurants. Walk past all the shops and restaurants toward the far side of the port away from your ship (it will take 10 - 12 minutes walking time) to the independent passenger exit. Please see the attached map (port employees should also be able to point you to this exit). Once outside the exit gate look for our guide holding up an IGUANA MAMA sign.

AMBER COVE MEETING POINT

Pick up is from outside the MAIN GATE of the terminal entrance up by the highway. As ours is an INDEPENDENT tour, Carnival will not allow us to offer you a convenient pick up inside the terminal.

Once we receive your booking we will send you a receipt and confirmation including detailed instructions and a map of how to get to the meeting point. It takes approximately 12-15 minutes to walk there from the ship. We aim to depart on tour 45 minutes after your ship docks so please make your way to the meeting point as quickly as possible. We use private buses with A/C, not open trucks. During the 25 minute ride you will receive some local information of interest from your guide.
