“ Kelly planned our event from the beginning to the end. She listened to our ideas and brought our vision to life. She was responsive, professional and created an atmosphere of calm for each and every one of us and *we could not have been happier!* She provided things we didn't even know we needed. We would not have been able to pull off the event had it not been for Kelly and her team. Hiring her team was the wisest investment ever.

-Janice, Mother of the bride ”
