

Roberta Katz Consulting

Nonprofit Finance Consultant

Strengthening Nonprofit Organizations

A Strong Finance Department is the Foundation Upon Which You Build and Maintain a Strong Nonprofit Organization

Roberta Katz, MBA works with nonprofit organizations to build and maintain an efficient and effective finance department that supports their organization as they work towards carrying out their mission.

What Sets Roberta Apart

The strength of Roberta's services is her ability to use the hands-on experience she gained working in senior financial management positions for major nonprofit organizations for fifteen years. This experience enables her to assist nonprofit organizations with innovative guidance and practical solutions that have been proven successful in the nonprofit organizations for whom she has worked.

Services Provided

- process analysis, redesign & efficiency improvement
- fraud risk management through effective internal accounting controls
- review, evaluation & implementation of accounting policies & procedures
- compilation of an accounting policies & procedures manual
- automated financial software implementation support
- financial audit support & oversight

Published Articles

Roberta has published articles addressing critical challenges faced by all nonprofit finance departments and the steps they should take to ensure proper internal controls, policies and procedures to mitigate the risk of fraud and safeguard their organization's assets.
