Wix Property Tax Specialists, LLC is a full service property tax firm specializing in commercial, residential, and light industrial property in the \$300,000 + range.

If you would like to speak to someone about your property taxes, please call 713-316-4430, or email me directly at Dean_Wix@yahoo.com . We will be glad to discuss your property with you and determine if a protest is feasible.

Our Fee

Our fee is contingent upon our success, and is calculated as a percentage of the tax savings we achieve for you. If there is no reduction in property tax, there is no charge for our services.

The Protest Process

The number of property tax protests filed in Texas Counties continues to increase. Protest are most often filed to dispute the market value of a property. Market value is a part of the equation that determines how much property tax you pay.

Because the market value placed on property by the appraisal districts is a matter of judgment and available information, values can be over stated or unequally appraised. With precise data and a solid presentation many values are reduced in the hearings process. This can often save property owners hundreds or even thousands in tax dollars.

For more information about us, the protest process, or for frequently asked questions, please see the drop down menu at the top of the page.

Sincerely,
