An Avis Franchise is a business of renting automobiles, without drivers, to the general public, for periods of 180 days or less under the Avis Trademarks.

The total investment necessary to begin operation of an Avis Franchise, assuming that you finance 100% of your rental car fleet, ranges from \$605,500 to \$1,568,400 for an Avis Franchise with a 30-car fleet and a territory of 55,000 people. This includes the Initial License Purchase Fee of up to \$30,000 (\$25,000 plus an additional \$5,000) for a territory with a population of 55,000.

What You Need To Know About Franchising *Generally*

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About *This Franchise*

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution.** The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration and/or litigation only in Delaware. Out-of-state mediation, arbitration, or litigation may force you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with the franchisor in Delaware than in your own state.
2. **Financial Condition.** The Franchisor's financial condition as reflected in its financial statements (see Item 21) calls into question the Franchisor's financial ability to provide services and support to you.
3. **Sales Performance Required.** You must maintain minimum sales performance levels. Your inability to maintain these levels may result in loss of any territorial rights you are granted, termination of your franchise, and loss of your investment.

Certain states may require other risks to be highlighted. Check the "State Specific Addenda" (if any) to see whether your state requires other risks to be highlighted.

**NOTICE REQUIRED
BY
STATE OF MICHIGAN**

THE STATE OF MICHIGAN PROHIBITS CERTAIN UNFAIR PROVISIONS THAT ARE SOMETIMES IN FRANCHISE DOCUMENTS. IF ANY OF THE FOLLOWING PROVISIONS ARE IN THESE FRANCHISE DOCUMENTS, THE PROVISIONS ARE VOID AND CANNOT BE ENFORCED AGAINST YOU.

Each of the following provisions is void and unenforceable if contained in any documents relating to a franchise:

- (a) A prohibition on the right of a franchisee to join an association of franchisees.
- (b) A requirement that a franchisee assent to a release, assignment, novation, waiver, or estoppel that deprives a franchisee of rights and protections provided in this act. This shall not preclude a franchisee, after entering into a franchise agreement, from settling any and all claims.
- (c) A provision that permits a franchisor to terminate a franchise prior to the expiration of its term except for good cause. Good cause shall include the failure of the franchisee to comply with any lawful provision of the franchise agreement and to cure such failure after being given written notice thereof and a reasonable opportunity, which in no event need be more than 30 days, to cure such failure.
- (d) A provision that permits a franchisor to refuse to renew a franchise without fairly compensating the franchisee by repurchase or other means for the fair market value at the time of expiration of the franchisee's inventory, supplies, equipment, fixtures, and furnishings. Personalized materials that have no value to the franchisor and inventory, supplies, equipment, fixtures, and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applies only if: (i) the term of the franchise is less than five years and (ii) the franchisee is prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising, or other commercial symbol in the same area subsequent to the expiration of the franchise or the franchisee does not receive at least six months advance notice of franchisor's intent not to renew the franchise.
- (e) A provision that permits the franchisor to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.
- (f) A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude the franchisee from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside this state.

THIS MICHIGAN NOTICE APPLIES ONLY TO FRANCHISEES WHO ARE RESIDENTS OF MICHIGAN OR LOCATE THEIR FRANCHISES IN MICHIGAN.

(g) A provision which permits a franchisor to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent a franchisor from exercising a right of first refusal to purchase the franchise. Good cause shall include, but is not limited to:

(i) The failure of the proposed transferee to meet the franchisor's then current reasonable qualifications or standards.

(ii) The fact that the proposed transferee is a competitor of the franchisor or subfranchisor.

(iii) The unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.

(iv) The failure of the franchisee or proposed transferee to pay any sums owing to the franchisor or to cure any default in the franchise agreement existing at the time of the proposed transfer.

(h) A provision that requires the franchisee to resell to the franchisor items that are not uniquely identified with the franchisor. This subdivision does not prohibit a provision that grants to a franchisor a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants the franchisor the right to acquire the assets of a franchise for the market or appraised value of such assets if the franchisee has breached the lawful provisions of the franchise agreement and has failed to cure the breach in the manner provided in subdivision (c).

(i) A provision that permits the franchisor to directly or indirectly convey, assign, or otherwise transfer its obligations to fulfill contractual obligations to the franchisee unless provision has been made for providing the required contractual services.

The fact that there is a notice of this offering on file with the attorney general does not constitute approval, recommendation, or endorsement by the attorney general.

Any questions regarding this notice should be directed to the Department of Attorney General, State of Michigan, Consumer Protection Division, G. Mennen Williams Building, 1st Floor, Lansing, Michigan 48913, telephone (517) 373-7117.

Item 1

THE FRANCHISOR, AND ANY PARENTS, PREDECESSORS AND AFFILIATES

The Franchisor

In this disclosure document, “**Avis**” means Avis Rent A Car System, LLC, the franchisor. “**You**” means the person awarded an Avis Franchise. If you are a corporation, partnership, limited liability company, or other business entity, certain provisions of the Avis Rent A Car System License Agreement (together with all Exhibits and ancillary agreements, the “**Avis License Agreement**” or “**License Agreement**”) (**Exhibit H**) also will apply to your owners under the Nondisclosure and Noncompetition Agreement (**Exhibit C** to the Avis License Agreement) and Personal Guarantee (**Exhibit A** to the Avis License Agreement).

Avis incorporated in Delaware on July 16, 1986. In February 1998, Avis changed its name from HFS Car Rental, Inc. to Cendant Car Rental, Inc., and in November 2002 Avis changed its name to Avis Car Rental Group, Inc. On January 12, 2006, Avis converted to a Delaware limited liability company from a Delaware corporation. Avis conducts business under the corporate name as well as the names “Avis” and “Avis Rent A Car.” Its principal business address is 379 Interpace Parkway, Parsippany, New Jersey 07054. Avis does not do business under any other name. Avis is a wholly owned subsidiary of Avis Budget Car Rental, LLC (“**ABCR**”), which in turn is a subsidiary of Avis Budget Group, Inc. (“**ABG**”). Avis’ agents for service of process are listed in **Exhibit A**. Avis has offered licenses or franchises since 1946.

The Avis Franchise

Avis franchises the right to own and operate a business under Avis’ Proprietary Marks (as defined below) (an “**Avis Franchise**”) to rent automobiles, without drivers, to the general public, for periods of 180 days or less, under various trademarks, trade names, and service marks, owned by Avis’ wholly-owned subsidiary Wizard Co., Inc., that Avis licenses to you to use, including “Avis Rent A Car” (and Avis Car Rental in New Jersey and Delaware) (collectively, “**Avis’ Proprietary Marks**”), and that uses uniform operating methods distinctively associated with Avis’ Proprietary Marks, which Avis may periodically supplement and modify (the “**Rent A Car System**”). (In this disclosure document, the word “including” means “for example.”) A network of mutually interdependent vehicle rental businesses operating under the “Avis” name (“**Avis Rent A Car businesses**”), including those that Avis, its subsidiaries and affiliates, and its franchisees operate (collectively, the “**Network**”), promotes the Rent A Car System. Avis may waive or negotiate the License Fee, Development Requirements, and certain other provisions of the Avis License Agreement.

While using Avis’ Proprietary Marks, Avis Franchises also perform various services associated with the car rental industry and identified in the Avis License Agreement, including the sale of loss damage waivers. Subject to Avis’ approval, Avis Franchises may, and if Avis requires, must, in addition to renting vehicles, sell or rent to vehicle rental customers certain products and services directly related to the vehicle rental business, such as optional insurance services, loss damage waivers, refueling services, child seats, navigational devices, portable XM radios, and tire chains. Your Avis Franchise must offer all the products and services that Avis requires for your Avis Franchise, and may not offer any products and services that Avis has not authorized.

You must participate in the **Corporate Rate Program**, with regard to **National Accounts** (See Art. VI of **Exhibit H**), as such accounts are designated by Avis from time to time. The **Corporate Rate Program** is a program offering corporate customers special rates and benefits in return for the volume of rental car business that they provide to the Network. You must also utilize the Wizard System, a

computerized rental and reservations system (“**Wizard**”) for all your locations under agreements you must execute with ABCR (see Items 6, 8, 11, and 16.)

Avis Franchises compete with all other businesses that rent vehicles to business and leisure customers including our affiliates. In the United States, the car rental industry includes regional, national, and international chains, and local, independent stores, which operate predominantly in non-airport locations. The market that an Avis Franchise services is developed in some areas and developing in others. The market depends on the population of a given market area and the number of similar businesses operating in a particular area. Market demand in some areas may be seasonal.

Avis’ Affiliates

Avis is a wholly owned subsidiary of ABCR, formerly known as Cendant Car Rental Group, Inc., which incorporated in Delaware on April 29, 1996, and which converted to a limited liability company on January 9, 2006. ABCR’s principal business address is 379 Interpace Parkway, Parsippany, New Jersey 07054. ABCR is wholly owned by Cendant Finance Holding Corporation (“**CFHC**”), which incorporated in Delaware on April 29, 1996. CFHC owns franchising subsidiaries (the “**Affiliates**”) and is a wholly owned subsidiary of ABG, formerly known as Cendant Corporation (“**Cendant**”), a Delaware corporation created on December 17, 1997, through the merger of CUC International, Inc. (“**CUC**”) and HFS, Inc. (“**HFS**”). In the merger, HFS merged with and into CUC with CUC surviving and changing its name to Cendant. CUC incorporated in Delaware on August 1, 1974, and HFS incorporated in Delaware on May 15, 1990. Cendant changed its name to Avis Budget Group, Inc. on September 1, 2006.

In October 1996, HFS acquired Avis and its subsidiaries, including Avis Rent A Car System, Inc. (“**ARACS**”), which incorporated in Delaware in September 1946. HFS utilized Avis to conduct the franchising operations of ARACS and transferred to Avis the plan and system developed by ARACS relating to the establishment and operation of motor vehicle rental businesses and specializing in the rental of vehicles without drivers (the “**System**”). The car rental businesses owned and operated by ARACS before the acquisition by HFS remain assets of ARACS. ARACS operates these businesses under the name “**AVIS**” as one of its franchisees. ARACS may provide services to you and other franchisees on its behalf under agreements with it. In an initial public offering in September 1997, HFS sold 82.2% of its newly formed subsidiary called Avis Rent A Car, Inc. (“**ARAC**”), which changed its name to Avis Group Holdings, Inc. (“**AGH**”) on March 27, 2000. On March 1, 2001, Cendant purchased all of the outstanding shares of AGH that it did not own and has operated the ARACS car rental businesses worldwide through that wholly owned subsidiary.

Avis Budget Car Rental, LLC (referred to as ABCR or Avis Budget Car Rental, LLC in this document), by itself and its subsidiaries Wizard Services, Inc. (“**WSI**”), provides rental system and reservation services to Avis Franchises, under the **Rental System Agreement (Exhibit I)** (see Items 6, 8, and 11). The business address for both WSI and ABCR is 379 Interpace Parkway, Parsippany, New Jersey 07054.

ARACS and its affiliates have operated vehicle rental businesses since 1946 and have offered franchises for vehicle rental businesses since 1955. ARACS and/or its affiliates have, in the past, granted franchises for the operation of truck rental businesses under the name “Avis Rent A Truck.” Between 1955 and 1980, ARACS entered into franchise agreements governing the operation of car rental and truck rental businesses (the “1955 Agreement”), which are different from the franchise agreements governing the operation of the franchises described in this disclosure document. ARACS also entered into franchise agreements governing the operation of car rental businesses, which are similar to the franchise agreements governing the operation of the franchises described in this disclosure document. ARACS engaged in the business of selling used cars in the retail markets under the name “Avis” during the years 1979–1993, and

ARACS authorized its franchisees under the 1955 Agreement to operate a retail vehicle sales business under the Avis name.

Avis' affiliate, Avis Service, Inc., previously offered licenses for a business called Avis Lube Fast Oil Change Centers, but ceased doing so in 1991, when existing license agreements were converted to royalty free trademark licenses. As of the Cendant Separation described below, neither ABCR, previously known as Cendant Car Rental Group, LLC, nor Avis or Budget, are currently affiliated with Cendant's other former subsidiaries, which offer and grant franchises in various industries.

On August 23, 2006, Cendant completed a separation into four separate companies (the "**Cendant Separation**"), one for each of its former Real Estate Services businesses (Realogy Corporation), its former Hospitality Services businesses (Wyndham Worldwide Corporation), its former Travel Distribution Services businesses (Travelport), and its Vehicle Rental businesses (Cendant, now Avis Budget Group).

Following completion of the Cendant Separation, Cendant changed its name to Avis Budget Group, Inc. and our common stock currently trades on the NASDAQ Global Select Market under the symbol "CAR."

Budget Rent A Car System, Inc. ("**BRAC**" or "**Budget**"), an affiliate of ours, offers, sells, and supports franchises for, and together with its subsidiaries operate, businesses that rent vehicles without drivers to the general public under the "Budget Rent A Car" name. BRAC has operated vehicle rental businesses under the name "Budget Rent A Car" name since November 22, 2002. Prior to that, BRAC's predecessors operated and franchised vehicle rental businesses since 1958. ABCR provides reservation and data processing services to Budget locations. BRAC offers car rental services at company-owned and franchised locations.

BRAC's principal business address is the same as our address. Budget has been franchising car rental services since 1960 through various predecessors and had approximately 1,334 domestic vehicle rental outlets (of which 1,157 were company-owned and 177 were franchised) as of December 31, 2023.

Payless Car Rental System, Inc. ("**Payless Car Rental**"), an affiliate of ours, offers, sells, and supports franchises for businesses that rent vehicles without drivers to the general public under the names "Payless" and "Payless Car Rental" since September 26, 2001. From February 1978 through September 26, 2001, its parent company Payless Car Rental, Inc., formerly known as Avalon Global Group, Inc., offered franchises under the Payless name and service marks. Payless Car Rental's principal business address is the same as Avis' address. Payless Car Rental had approximately 118 domestic vehicle rental outlets (of which 106 were company-owned and 12 were franchised) as of December 31, 2023.

In 2011, ABG acquired Avis Europe PLC (now known as "**Avis Budget EMEA, Limited**" or "**Avis Europe**"). Avis Europe and subsidiaries operated a similar car rental business and has been franchising car rental services. Avis EMEA had approximately 1,959 vehicle rental outlets (of which 1,790 were company-owned and 169 were franchised) as of December 31, 2023. Budget EMEA had approximately 1,389 vehicle rental outlets (of which 692 were company-owned and 697 were franchised) as of December 31, 2023.

Avis, its affiliates, and related companies may also in the future acquire, operate, and/or franchise additional businesses, some of which may be similar or related to, or competitive with, Avis Franchises. For example, Avis may in the future but, as of the date of this disclosure document, does not operate or offer franchises for a used vehicle sales business operating under the "Avis" name. Avis permits the use of the "Avis" name in connection with a licensee's Avis Franchise but does not offer parking franchises separate from the car rental license. Budget currently offers franchises for a used vehicle sales business

operating under the name “Budget.” However, except as described above, neither Avis, nor any of Avis’ affiliates, has ever operated another vehicle rental business, and none has ever offered franchises in any other line of business. Except as described above, Avis has no other business activities.

Industry-Specific Regulations

Certain laws and regulations apply to the car rental industry. Refer to Exhibit B for a general description of those laws. In July 1997, Avis entered into a Settlement Agreement with the U.S. Department of Justice regarding obligations under the Americans with Disabilities Act to persons with disabilities that prevent them from driving, such as blindness or epilepsy. Under the Settlement Agreement, Avis agreed to strongly urge its franchisees to comply with the terms of the Settlement Agreement. A copy of the Announcement setting forth the terms of the Settlement Agreement is contained in Exhibit B. You must also follow all other local, state, and federal laws that apply to you and businesses generally. Avis urges you to investigate these laws in order to understand your potential legal obligations.

There are also specific statutes, which are applicable to the operation of your franchise. State laws regulate the disclosure, sale, and pricing of the loss damage waiver option (“LDW”), which is the waiver of a renter’s responsibility for any loss or damage to a rented vehicle (whether due to collision, theft, or vandalism) in return for payment of a daily fee, the pricing of our refueling service charge to customers, and the car rental registration process. Local laws also impose tax surcharges on car rental, which are passed along to the rental customer.

Avis, and its affiliate, Budget, entered into settlement agreements with the U.S. Justice Department covering the application of the American with Disabilities Act to each System. Copies are attached as Exhibit B (see also Item 3).

LITIGATION

Pending Actions

The following are pending actions that are subject to disclosure by Avis and/or are actions in which Avis is a defendant.

Avis Budget Group Domestic

Abigail Bacon, Arcadia Lee, Jeannine Devries, Lisa Geary, Richard Alexander, Yvonne Wheeler and George Davidson and on behalf of themselves and the putative class v. Avis Budget Group, Inc. and Payless Car Rental, Inc. (United States District Court for the District of New Jersey, Case No. 2:16-cv-05939-KM-JBC). Plaintiffs filed this lawsuit on September 26, 2016 alleging that Payless has a pattern and practice of fraudulent counter sales including: 1) "add-on" sales—practice of adding coverages that were declined by customers; and 2) Fuel charges-customers were charged for fuel reserving services even though they returned the vehicle full. As of April 2024, the parties are discussing settlement while moving the case forward towards class certification via discovery.

Dawn Valli vs. Avis Budget Group, Inc. (United States District Court, District of New Jersey, Case No. 2:2014-cv-06072-CCC-JBC) On September 30, 2014, Plaintiff Dawn Valli filed an alleged class action suit for violation of the New Jersey Consumer Fraud Act, breach of good faith, and unjust enrichment arising from payment of speeding violation incurred in Washington DC and administrative fees. Discovery and document collection is in progress. ABG continues to defend this case and discovery is ongoing. The parties participated in a mediation in June 2021, which resulted in an impasse. The Motion to seek appeal on class certification issues was denied on November 17, 2023. As of December 2023, Plaintiff has filed a motion for summary judgment and ABG has filed a motion to compel arbitration.

Currently Effective Injunctive Orders or Restrictive Orders or Decrees

There are no currently effective injunctive or restrictive order or decrees for Avis, ABCR, Payless Car Rental, Payless Car Sales, or ABG.

Budget franchises and the Network entered into the following consent orders pertaining to Budget franchises and the Network.

In the Matter of Budget Rent A Car System, Inc. (Federal Trade Commission Docket No. C-4212). The Federal Trade Commission (“FTC”) undertook an investigation of Budget’s practices alleging that Budget engaged in unfair and deceptive practices related to fuel charges imposed upon renters who drive less than 75 miles. As part of a Consent Agreement, Budget agreed to modify disclosure language regarding fuel-related charges. The Consent Agreement requires Budget to disclose expressly or by implication any fuel-related charges, fees, or costs relating to the rental of any vehicle in marketing and promotional materials. Further, Budget is required to disclose clearly and conspicuously at the time of the rental transaction any fuel-related charges, fees, or costs, including any fuel-related charges, fees, or costs that a renter who drives the vehicle less than any specified amount may incur and the manner in which a renter can avoid such fuel-related charges. On January 2, 2008, the FTC signed the Decision and Consent Order. Budget is obligated to comply with the Consent Order until January 2, 2028. The Consent Order is included in **Exhibit C** of this disclosure document.

Avis Actions Concluded Within the Past 10 Years

The following concluded actions involved Avis, the Predecessor, or current affiliates or parents of Avis that are offering franchises under the “Avis” trademark.

Jose Mendez v. Avis Budget Group and Highway Toll Administration (United States District Court for the District of New Jersey, Case No. 2:11-CV-06537). On November 7, 2011, Jose Mendez filed a putative nationwide class action lawsuit for breach of contract, unjust enrichment, and breach of the implied covenant of good faith for alleged failure to disclose E-Toll activations, fees, and charging non-discounted tolls. The plaintiff alleges that customers were not made aware of these transponders in advance and that they were subsequently charged for their use and/or non-use. The plaintiff claims breach of contract, violations of New Jersey’s Consumer Fraud Act, unjust enrichment, breach of implied covenant of good faith and fairly dealing and seeks monetary damages, and declaratory and injunctive relief. Completion of discovery is ongoing with respect to identification of class members. On November 16, 2017 the Court issued a decision certifying the class; on January 18, 2018, the Third Circuit denied defendants’ petition for leave to appeal. The Settlement conference scheduled for December 4, 2018 was postponed and the parties have agreed to deadlines for filing various motions, including motions to decertify the class, to exclude damages expert, and summary judgment, with possible trial dates in late 2019. This matter was re-assigned in 2019 to a different Judge because the earlier Judge had retired from the bench. All motions are still pending. The plaintiff’s original complaint was dismissed for failure to plead an amount in controversy (\$75k) sufficient for federal court jurisdiction. Later, the plaintiff failed to file an amended complaint in a timely

On August 27, 2020, the pro se plaintiff filed an order to show cause ("OTSC") claiming he was not aware of the court's prior order dismissing his claim. The parties settled this case on December 2, 2022 for \$20,000 and the case was closed on December 14, 2022.

In the Matter of Budget Rent-A-Car Systems Inc. (Federal Trade Commission Docket No. C3674). On June 21, 1996, the FTC made final the Consent Order with BRAC, an affiliate of the Predecessor ("Systems"), which settled charges that Systems engaged in deceptive practices when failing to disclose

potential charges to customers of “loss of turnback” values exceeding the cost of repairs, when those customers returned their cars with significant damage. The FTC alleged that, in those situations, Systems sought to collect “loss of turnback” values, which value was the amount Systems lost because damaged vehicles could not be resold to the manufacturer at a price higher than retail.

The Consent Order required Systems to pay the FTC \$75,000 for consumer redress. In addition, if Systems intended to charge consumers for the “loss of turnback” values again, the order required Systems to clearly disclose in rental contracts and in travel agents’ and other computerized reservation systems consumers’ liability for damage or loss in excess of the actual cost of repairs to damaged vehicles or the fair market value of the vehicle, and to post this information at each of its rental locations where it collects such amounts. The Consent Order also required Systems to distribute a copy of the Order to all managers who have responsibilities relating to the collision or theft damages from renters, and to notify the FTC of any proposed change in Systems’ corporate structure. Budget is obligated to comply with the Consent Order. The Consent Order terminated on June 17, 2016, and is included in **Exhibit C** of this disclosure document.

4 The Reservation Fee covers: (i) the operating expenses of the Reservation System, including expenses for the acquisition, maintenance, and enhancement of facilities, equipment, and personnel for the Reservation System; (ii) general overhead expenses in administering and processing reservations, which include the oversight of the operation, accounts payable processing, tax return preparation, internal audits, and partner and association expenses; (iii) administrative expenses in processing customer complaints (does not include amounts that Licensee must pay ABCR for resolving customer complaints); (iv) expenses related to the promotion of avis.com and other reservation channels and partnerships; and (v) reservations made by general consumers, tour licensees, or corporate customers who connect directly with the Reservation System.

5 The Rental System Agreement imposes the Avis Licensee Customer Adjustment Procedure. Under this Procedure, your Avis Franchise authorizes Avis' Customer Relations Department to resolve disputes at Avis' discretion between you and your customer and issue payments to the customer on your behalf up to the amount of the total rental charges to the Customer. The resolution amount is then charged to your Avis Franchise via the monthly Licensee Settlement Statement.

6 The Commission Reimbursement Payment equals the actual amount of commissions that Avis must pay on behalf of your Avis Franchise to travel sources or other similar booking sources for commissionable rentals. Any individual travel source(s), single travel source group of travel sources (regardless of location), or booking source that Avis selects to be eligible to receive special compensation as part of a particular promotion or program will be processed through ACCS. Avis may calculate compensation payments as a percentage of revenue, a flat dollar amount, or any other calculation method Avis selects. A rental transaction may be eligible for compensation with any vehicle type, rate type/code (including discounted rates), rental period and/or any other category of rental deemed appropriate for promotions or programs. The current commission percentages are mandatory for Avis Franchises.

7 As a part of ACCS, Avis provides an Override/Bonus Program that allows eligible travel agencies or preferred groups to earn a bonus by achieving certain preset goals for business generated for Avis Rent A Car business locations. The primary difference between the base commission Schedule and the Override/Bonus Program is that any override/bonus is based on achieving the preset targets for business

directed to Avis Rent A Car businesses. When an override is due, all Avis Franchises receiving the business are charged an override/bonus at the same preset payout rate. Avis Franchises are only charged an override/bonus on business that eligible travel agencies have generated for those Avis Franchises.

8 You will incur these charges under the Rental System Agreement. The charges will vary depending on the size of your franchise, the amount of equipment you use, and whether you choose to connect to Wizard by Internet Access or Legacy SNA (Frame Relay).

9 You will incur these charges under the Rental System Agreement and related Addendums and Schedules. The charges will vary depending upon the size of your franchise, the amount of equipment you use, and whether you choose to connect to Thin Client via MPLS or an Aruba/DSL Based Network Solution. A Site Survey is required prior to installation. The Survey must be conducted by an ABCR approved third-party supplier. The Site Survey fee depends upon the complexity of the installation and the accessibility of the location and equipment. The Site Survey will determine the necessary system requirements for your location. The Thin Client Terminals are purchased through ABCR from an approved third-party supplier. ABCR collects the fee and forwards it to the vendor, without profit. The hardware and equipment may be purchased through an approved third-party supplier and you may choose a local internet service provider, or two separate providers to ensure a more secure, redundant connection. The fees are further described in Schedule B to the Rental System Agreement and Schedule 4 to the Administrative Services Addendum.

An Avis Franchise serving a population of 55,000 will typically need 2 to 4 Thin Client terminals. The Costs per Unit or Terminal include the following:

Hardware	Cost
HP 5730 or later Thin Client	\$475.00
NEC AccuSync monitor	\$145.00

Notes:

- 1 These estimated expenditures are based on a fleet of 30 cars and cover the first three months of your Avis Franchise's operation. All fees paid to Avis as a part of your initial investment are not refundable. The refundability of fees paid to outside suppliers and third parties depends on your arrangements with them.
- 2 The Initial License Purchase Fee is \$30,000 based on a population of 55,000, but can vary as described in Items 1 and 5.
- 3 Your Avis Franchise's location will typically be in a commercial area that allows for adequate parking of cars. Leasehold improvements may include exterior site improvements; interior site improvements like floor covering, wall treatment, counters, ceilings, painting, window coverings, electrical, carpentry, related work, and contractor's fees. This expense will vary significantly depending on the size and condition of the premises of your Avis Franchise. Your location must distinctly appear as a vehicle rental office, and must not share premises with another business unless otherwise approved in writing by Avis.
- 4 This figure includes items like ventilation systems, tables, chairs, booths, office equipment (such as copying and facsimile machines), phone systems, desks, filing cabinets, and automation (including computer hardware and software for your general use and for your use of Wizard and includes an estimate of your initial costs in connection with your access and use of Wizard). This

estimate includes the Wizard Connection start fees and related costs. If you lease any of these items, this segment of the initial investment would decrease.

- 5 Signage investment may vary, depending on factors such as the amount of exposure your Avis Franchise may need, local ordinances where your Avis Franchise is located, and the type of building in which your Avis Franchise operates. All signage must display proper logos and required colors. You must maintain, in a timely manner, signage paint, lighting, and materials. At the minimum, your Avis Franchise location must have one interior sign and one exterior sign (the largest size and type reasonably and lawfully permissible).
- 6 Your rent will depend on the size, condition, and location of the premises where your Avis Franchise is located, and the rental market demand in the area of your Avis Franchise. Your security deposit may vary, depending on your monthly rent payments and local custom. Security deposits usually are refundable if you comply with the lease during its term.
- 7 Your vehicle insurance premiums will vary based on your initial fleet size, your vehicle mix, the state in which you insure your vehicles, and whether or not your insurance is issued as part of an assigned risk pool. Your premiums will also vary if you chose to retain the risk of loss for damage to and theft of your vehicles, if you qualify as a duly authorized self-insurer, and if you chose to self-insure for third-party liability, with Avis' consent. Avis used an estimated cost of \$2000 to \$5000 per vehicle per annum to calculate these figures for the cost of obtaining insurance coverage for vehicle damage, theft, and third-party liability from vehicle accidents based on payment of your annual or semi-annual premiums in monthly installments for your first three months of operation.
- 8 This item covers miscellaneous opening costs and expenses such as utility installation and deposits, business licenses and certificates, and professional fees.
- 9 This item reflects the estimated range of payments, less interest, you would make based on estimated acquisition cost for your 30-car rental fleet during the first three months that your Avis Franchise operates. This estimate cannot take into account your cost of financing your fleet as interest rates vary. This estimate also cannot take into account the initial fleet mix you may need to serve the anticipated needs of your customers. Therefore, the extremes of this estimate represent a fleet solely composed of one class of vehicle at the extreme ends of the cost range. The purchase price of your fleet, using an estimated cost of \$15,000 per vehicle (for an economy car) to \$43,000 per vehicle (for a luxury car), would be \$450,000 to \$1,290,000 for a 30-vehicle fleet composed solely of economy or luxury cars. Avis expects franchisees to finance 100% of the purchase price of their fleet, and expects that you will provide security for this financing using the fleet, your (or your owners') personal guarantee, and, perhaps, certain of your (or your owners') personal assets. If you finance the fleet, you will make finance payments to financial institutions you select to provide the financing. Avis expects that your monthly fleet expenses will increase after your first three months of operation as your fleet size increases.
- 10 Avis provides web-based training and seminars, manuals, on-the-job instruction, and other programs and materials appropriate for you, your General Manager, and other employees Avis approves. Avis offers web based training through Workday Learning allowing you and your approved employees to complete training on any device that allows web access. You and your approved employees must complete the program to Avis' satisfaction (to that extent that they must actively participate in and timely complete all web-based sessions). The estimate covers training for you, your General Manager and your approved employees.
11. Avis does not offer financing (directly or indirectly) for any part of the initial investment.

12. This is only an estimate of the range of initial operating expenses you may incur (other than items identified separately in the table). These amounts are the minimum recommended levels to cover your operating expenses for 3 months. However, we cannot guarantee that this amount will be sufficient. Additional working capital may be required if sales are low or fixed costs are high. The disclosure laws require us to include this estimate of all costs and expenses to operate your franchise during the “initial phase” of your business, which is defined as 3 months or a longer period if “reasonable for the industry.” We are not aware of any established longer “reasonable period,” so our disclosures cover a 3 month period. You should review these figures carefully with a business advisor before making any decision to purchase the franchise.

Item 8

RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

Standards

To maintain a uniformly high standard of performance among all Avis Rent A Car businesses, you must develop and operate your Avis Franchise in strict compliance with the Avis License Agreement and all standards, specifications, and operating procedures that Avis designates, including, but not limited to, the Avis Rent A Car Administration Manual (the “**Manual**”), as Avis may periodically modify them (the “**Standards**”). If Avis requires, your Avis Franchise must use the vehicle models that Avis periodically specifies in the Standards or otherwise in writing. Avis does not currently specify makes or models for the vehicles that Avis Franchises rent, but you must maintain all vehicles in a clean and presentable condition and maintain the quality standards that Avis periodically specifies for vehicles. Standards also govern the letter and number symbols you must use for communicating rental rates, vehicle types, credit cards, and other similar information related to rental transactions. Avis formulates and modifies its Standards based on its and other network members’ experience in developing and operating Avis Rent A Car businesses. Avis will notify you in the Manual and in other written or electronic communications of the Standards (and modifications to the Standards)

Other required and optional agreements provide specifications for purchases or leases during the establishment or operation of your Avis Franchise. The Inter-City Rules and Regulations contain specifications (including rental rates) for aspects like fleet size and insurance. The Corporate Rate Program regulates some aspects of your rental rates, incentives, and other terms of transactions with Corporate Rate Program customers. Avis and its affiliates may periodically modify these standards and specifications.

Other than a non-controlling interest in our ultimate parent, none of our officers owns an interest in any supplier.

Designated and Approved Suppliers.

Your Avis Franchise must participate in Wizard, according to the Rental System Agreement. ABCR administers the Wizard System and is the only supplier of reservation and rental system services to Avis Franchises. Avis Budget Car Rental also provides reservation and rental processing services using Wizard for Budget and the Budget Rent A Car business network. All of the fees and other revenues that Avis Budget Car Rental currently receives from Avis Franchises for providing Wizard services are described in Item 6. During 2023, Wizard Services, Inc. received approximately \$60,478.99 from providing reservation services to the Network (based on Wizard Service, Inc.’s internal unaudited financial records) which represents 100% of its total revenue of \$124,376,027. Except as described in this Item, neither Avis nor its affiliates derive any revenue as a result of required purchases or leases of franchisees.

Avis requires you to execute the Rental System Agreement with ABCR, which agreement provides for all reservation and back office functionalities to your Avis Franchise. Under the Rental System Agreement you must buy certain hardware, software, and communications utilized in connecting to Wizard only from Approved Suppliers (see Item 11). In connection with a Thin Client infrastructure providing you with PCI compliant access to the Wizard System, the Thin Client Terminals must be purchased from an Approved Supplier through ABCR. ABCR collects the fee from you and forwards it to the supplier. (**Schedule B** to the Rental System Agreement and **Schedule 4** of the Administrative Services Addendum). Additionally, the Site Surveys must be purchased only from Approved Suppliers.

Subject to Avis' approval, you may, and if Avis requires, you must, in addition to renting vehicles, sell or rent to your vehicle rental customers products and services directly related to your vehicle rental business. Avis may require you to sell or rent to your customers designated product brands and to obtain the products or services that you will sell to your customers only from designated or approved sources. Avis does not currently require you to sell any products or services other than Loss Damage Waiver, but may do so in the future. Unless you have an Avis Car Sales Addendum, you are not authorized to sell vehicles using Avis' Proprietary Marks.

You must purchase from us, ARACS, or our approved supplier sequentially numbered Standard Rental Agreement forms and jackets and additional driver forms for use in renting vehicles. Together these documents contain the terms and conditions of the rental contract, and the purchase of these documents from us and/or our approved supplier achieves uniformity and quality control for the System. The Standard Rental Agreement, a multipart form, is also designed to meet specifications for the Wizard System and the Avis Computer System (together "Wizard") and our audit requirements. We may derive revenue from selling Standard Rental Agreement forms and jackets and additional driver forms to you. ARACS derives revenue from the sale of Standard Rental Agreement forms and jackets and additional driver forms to franchisees. For the fiscal year ending 2023, ARACS' revenues from the sale of Standard Rental Agreement forms and jackets and additional driver forms was approximately \$970,963.00 of ARACS' total revenue, not including the Generic Rental Agreements.

In addition, you must purchase items that bear a Proprietary Mark or which are part of System identity that meet our specifications as to style, color, design, etc. Examples of these items are stationery, signage, backwall counter modules, and uniforms. Precise product specifications exist for each of these items and are made available to franchisees. However, existing franchisees purchase most of these required items from the suppliers with which we have negotiated purchase contracts due to the better pricing and available supply. Modifications to existing specifications and standards are communicated to franchisees through bulletins and revisions to the Manual.

Collectively, the purchases and leases you will make from designated or approved suppliers or according to the Standards represent approximately 15% of your total purchases and leases in establishing, and approximately 10% of your total purchases and leases in operating your Avis Franchise. Except as described in this Item, Avis currently provides no material benefits (like renewal rights or granting additional franchises) to licensees for using designated, approved, or recommended sources.

Currently, except as described above, there are no other goods, services, supplies, fixtures, equipment, inventory, computer hardware or software, or real estate relating to the establishment or operation of your Avis Franchise that you must purchase or lease from Avis, an Avis affiliate, or suppliers that Avis designates or approves. Except as described above in this Item, neither Avis nor its affiliates are approved suppliers for any items or services for your Avis Franchise. However, during the license term Avis may require you to purchase additional items only from suppliers it designates or approves (which might include or be limited to Avis or its affiliates). Upon Avis' request, or if you want to use any item that Avis has not yet evaluated or buy from a supplier that Avis has not yet approved (for those items that require

supplier approval), you first must submit sufficient information, specifications, and samples for Avis to determine whether the item complies with the Standards or the supplier meets Avis' criteria. Avis currently charges no fee for product or supplier evaluation, but may do so in the future. Within a reasonable time (typically 30 days) after receiving this information, Avis will approve or reject the product or supplier. If Avis requires supplier approval, it may condition this approval on the proposed supplier's financial record, business reputation, delivery performance, credit rating, and other criteria; however, currently Avis does not have any set criteria for approving suppliers. If Avis determines at any time that a product or supplier no longer satisfies the Standards, it may revoke its approval by notifying you and/or the supplier in writing. You may not purchase any items or buy from a supplier Avis has disapproved.

Purchase Arrangements with Recommended Suppliers.

Avis has no purchasing or distribution cooperatives. However, Avis and its affiliates negotiate purchase arrangements (including price terms) with various sources for many of the services and supplies needed to establish and operate an Avis Franchise. Except as stated above, neither we nor any of our affiliates are currently approved suppliers.

Insurance.

<u>Type of Insurance</u>	<u>Minimum Amount</u>
Fleet Insurance	\$100,000 / \$300,000 bodily injury and \$50,000 per occurrence for property damage, or such other amounts as are required by local law.
Lessor's / Owner's Excess Liability Insurance	\$1,000,000 combined single limit per occurrence
General Liability Insurance	\$1,000,000 combined single limits

Item 11

FRANCHISOR'S ASSISTANCE, ADVERTISING, COMPUTER SYSTEMS, AND TRAINING

Except as listed below, Avis need not provide you with any assistance.

Before the Opening of Your Avis Franchise.

Before you open your business, Avis will:

- 1) Approve the trade name for your Avis Franchise (the Avis License Agreement, **initial recital of parties**).
- 2) Designate your territory. Your authorization to operate an Avis Franchise is limited to an authorized geographic area (the Avis License Agreement, **paragraph 1.5** and the **Summary Pages**) (see Item 12).
- 3) Furnish your General Manager and other employees Avis approves with instruction on the operation of an Avis Franchise, as further described in this Item (the Avis License Agreement, **paragraphs 4.1** and **4.2**).
- 4) Calculate your Initial License Purchase Fee (the Avis License Agreement, **paragraph 7.1** and the **Summary Pages**) (see Item 5).
- 5) Establish minimum annual License Fees based on your territory and the expected business demand in that territory (the Avis License Agreement, **paragraph 7.2**) (see Item 6).

- 6) Establish a minimum number of rental offices for your territory based on the expected business demand and any needs of the airport and central business district in your territory (the Avis License Agreement, **paragraph 8.1** and the **Summary Pages**).
- 7) Establish the deadline for you to open your Avis Franchise. If you fail to find a location that Avis approves and open and begin operating your Avis Franchise within the time period Avis specifies, Avis may terminate your Avis License Agreement (the Avis License Agreement, **paragraph 8.4** and the **Summary Pages**).
- 8) Approve your selection of one or more locations that meet Avis' criteria, which must be within your licensed territory (see Item 12). In approving the location(s) for your Avis Franchise, Avis Licensee Relations Department will consult with and assist you, but Avis does not own or lease the locations at which Avis Franchises operate. When determining whether to approve a location for your Avis Franchise, Avis will consider factors such as traffic count, demographics, rent, suitability for use as an Avis Franchise, exposure, parking, and proximity to the central business district. Avis usually approves or disapproves of your selection within two weeks. You may not open a location for your Avis Franchise without Avis' approval (the Avis License Agreement, **paragraph 8.3**).
- 9) Establish your initial automobile requirements (the Avis License Agreement, **paragraph 8.1** and the **Summary Pages**).
- 10) Establish average annual market penetration quotas, based on the territory assigned to your Avis Franchise and the expected market demand in that territory (the Avis License Agreement, **paragraph 8.1** and the **Summary Pages**).
- 11) Avis will lend you one copy of the Manual and any other manuals Avis provides for franchisees. The Manual is confidential and remains Avis' property. Avis may modify the Manual as Avis determines useful to preserve or enhance the efficient operation, image, or goodwill of Avis' Proprietary Marks and Avis Franchises, but any modification will not alter your status or rights under the Avis License Agreement. You may view the Manual in confidence if you sign and return a Confidentiality Agreement to Avis (See **Exhibit D**.) You must return the Manual and any other manuals to Avis when required under the Avis License Agreement (the Avis License Agreement, **Article III**) (see Item 8).
- 12) Provide you information concerning the equipment, signs, fixtures, supplies, and vehicles that you will need to develop and operate your Avis Franchise (the Avis License Agreement, **paragraphs 9.11** and **9.12**) (see Items 7 and 8). We will provide a list of approved vendors and specifications related to equipment, signs, fixtures, opening inventory, and supplies. However, we will not deliver or install these items.
- 13) We do not provide assistance with conforming the premises to local ordinances and building codes and obtaining any permits, and/or constructing, remodeling, or decorating the premises, and/or hiring and training employees.

During the Operation of Your Avis Franchise.

During the operation of your Avis Franchise, Avis will:

- 1) Furnish a representative and additional resources through web-based training seminars, field visits, or other programs, at its expense, to train and assist your General Manager and employees in the operation of your Avis Franchise as in Avis' judgment is necessary (the Avis License Agreement, **paragraphs 4.1 and 4.2**).
- 2) Furnish operating training and assistance through web-based training seminars, representatives, or other training programs requiring your (and/or your managers') attendance, as deemed necessary, by Avis (the Avis License Agreement, **paragraph 4.2**). Operating assistance and training may include advice and guidance for establishing administrative, bookkeeping, accounting, and general operating procedures, and the acquisition, disposition, and financing of fleet and equipment.
- 3) Advertise suggested rental rates or include rental rates in promotions (the Avis License Agreement, **paragraphs 6.1 and 9.15**). To the maximum extent permitted by law, you must comply with, and adhere to, any rental rates Avis sets (including complying with and adhering to maximum rates Avis establishes). If Avis does not set rental rates, but you communicate to Avis your decision to adhere to Avis' suggested rental rates, then you must honor those rates. You also must honor rental rates that Avis periodically establishes under the Corporate Rate Program with regard to **National Accounts**, as such accounts are designated by Avis from time to time.
- 4) Evaluate and approve or reject a website you propose (or changes to your approved website) (the Avis License Agreement, **paragraphs 9.2 and 10.1**).
- 5) Review and consider requests for approval of any transfer of your Avis Franchise (**Transfer Requirements, Exhibit G** of the Avis License Agreement) (see Items 6 and 17).
- 6) Together with Avis Budget Car Rental, make rental reservations available to you through the Avis Reservation System under the terms set forth in the Rental System Agreement (the Avis License Agreement, **paragraph 6.2**). Wizard is an online, real time reservations system. Participation in Wizard is mandatory because Avis considers Wizard to be a significant part of the Avis Rent A Car System. Avis Budget Car Rental, LLC or its subsidiaries currently will provide you with services under the Rental System Agreement as follows:
 - a) Provide facilities, equipment, and personnel for the Avis Reservation System that may be reasonably necessary for the solicitation, reception, and transmission of national and international reservations for your Avis Franchise (Rental System Agreement, **paragraph II.2.(b)**);
 - b) Resolve customer complaints by payment, for your Avis Franchise, of up to \$150 without prior approval from you. Adjustments greater than \$150 require contact and approval by you (Rental System Agreement, **paragraph II.1.(b)**) and provide you with a report documenting payments Avis makes on your behalf pursuant to the Avis Licensee Customer Adjustment Procedure (Rental System Agreement, **paragraph I.1.(a)1**);
 - c) For as long as Avis Budget Car Rental operates the Avis Reservation System domestically on a nonprofit basis, prepare a profit and loss statement for the reservation system and reconcile the applicable fees and expenses within ninety

(90) days adjust the fees for the then current year (including any retroactive adjustment to the beginning of the then current calendar year) (Rental System Agreement, **paragraph II.3.**) (see Item 6); and

- d) Pay travel agencies commissions or other similar booking sources for referral of customers through the Avis Reservation System by one central payment method (Rental System Agreement, **Schedule F3**).
- e) During the term of the Rental System Agreement, Avis will comply with the Rental System Agreement's terms and conditions, and pay the fees it describes, for Avis Rent A Car locations that it operates.

Opening Your Avis Franchise.

The length of time between the signing of your Avis License Agreement (and the payment of your Initial License Purchase Fee) and the opening of your Avis Franchise is typically 0 to 90 days. Factors affecting this time period may include your ability to obtain a lease, financing, or building permits; zoning and local ordinances; weather conditions; timing of yellow pages or other telephone directory advertisements; and shortages or delayed installation of equipment, fixtures, inventory, or signs (the Avis License Agreement, **paragraphs 8.4, 10.4 and 10.5**).

The Manual.

You may view the Manual before you purchase an Avis Franchise if you sign the Confidentiality Agreement attached to this disclosure document as **Exhibit D** (the Avis License Agreement, **Article III**). You cannot, during the term of your Avis License Agreement or after the Agreement is terminated:

- a) reproduce, exhibit, or disclose the Manual, or any confidential element of or information about a Avis Franchise, to anyone other than your partners, shareholders, directors, and employees; or
- b) disclose any confidential information communicated to your partners, shareholders, directors, and employees by or at the direction of Avis.

Avis Rent A Car businesses operate in a dynamic business environment requiring Avis' careful assessment of long-range interests and the overall direction of all Avis Rent A Car vehicle rental locations, and the decision-making flexibility appropriate to achieve Avis' determined goals. Accordingly, Avis may periodically modify the Manual and the Standards through bulletins, supplements, and other communications. You must comply with all of these modifications.

The table of contents of our Manual is attached as Exhibit L. Our Manual has a total of 538 pages.

Training.

Avis and its affiliates provide training necessary to operate your Avis Franchise. Avis provides web-based training and seminars, manuals, on-the-job instruction, and other programs and materials appropriate for you, your General Manager, and other employees Avis approves. Avis offers web based training through Workday Learning allowing you and your approved employees to complete training on any device that allows web access. You and your approved employees must complete the program to Avis' satisfaction (to that extent that they must actively participate in and timely complete all web-based sessions). You must complete the initial training at least 30 days before opening the business.

Avis offers approximately fifty-five (55) individual web-based training programs and seminars via Workday Learning as noted in the catalogues below. These training programs and seminars include instruction on all aspects of the Wizard and Wizard GUI point of sale system and methods that Avis utilizes in the operation of its Avis Franchise business. Laura Lirio is the Senior Director, Global Learning & Development for ABCR, and supervises the training program. Ms. Lirio has held her current title since November 2022. Should on-the-job training or instruction at a different location be required, the instructors will have at least one year of experience in the car rental industry. Instructors also may be members of the Licensee Relations Department. Avis' training program is web-based and available on-demand.

Periodically during the license term, Avis may add new and refresher web-based training programs and seminars and may require you and your General Manager and other managerial personnel of your Avis Franchise to satisfactorily complete these. Avis communicates the requirement to complete such web-based training programs and seminars via System Bulletins (the Avis License Agreement, paragraph 4.2). You and/or your General Manager also must attend any periodic conventions or seminars that Avis holds for the Network (the Avis License Agreement, paragraph 4.3). You must bear all of your and your personnel's cost of attending these programs, conventions, and seminars, including travel, lodging, meals, and wages.

Computerized Rental System.

Under the Avis License Agreement, you must enter into a Rental System Agreement with ABCR that governs your use of Wizard. Wizard generates and stores reservation, rental, and customer data, to

which Avis has unlimited, independent access. Under the Rental System Agreement you must acquire, install, and maintain certain computer hardware software and communications equipment, which will vary depending on whether you choose to connect to Wizard via the Internet. Your estimated cost to acquire and install such equipment per connected workstation is approximately \$3,000–\$4,500. If you choose to use a PC, your estimated cost to acquire and install such equipment per workstation is approximately \$1,500 with monthly costs estimated at approximately \$190.00. These amounts are per workstation and will vary based on the number of workstations that you have. If you choose to access Wizard through the Internet, you must also obtain Internet access through an Internet Service Provider and implement computer security standards and procedures.

If you choose to access Wizard through Thin Client, a PCI-compliant infrastructure, your estimated cost to acquire and install such equipment per connected workstation is approximately \$7,000–\$13,000 plus \$565 if you choose Signature Capture, an electronic signature system. Monthly costs for Thin Client will vary widely based on the Site Survey results; however, we estimate monthly costs at approximately \$600–\$1600 if you choose to connect via MPLS Frame Circuit and \$175–\$900 for an Aruba/DSL Based Network Solution. Local internet service provider fees are additional. A Site Survey must be conducted prior to the implementation of Thin Client to determine the network and physical needs of your Location. The Site Survey must be conducted by an Avis approved third-party supplier and the fees for the Site Survey are paid by you directly to the supplier.

ABCR will provide ongoing repairs, maintenance upgrades, or upgrades to Wizard as necessary. You must purchase, lease, or otherwise acquire, from sources Avis designates or approves (which might include or be limited to Avis or its affiliates), computer hardware, software, and communications equipment that is totally compatible with and strictly conforms to the requirements of the Rental System Agreement as Avis may modify those requirements during the term. Avis cannot estimate the annual cost of maintenance or upgrade obligations and their associated costs. There are no contractual limitations on the frequency or cost of your obligations under this section of the Avis License Agreement.

Avis and its designees will have independent access to the Wizard system and all other computer systems, hardware, and software you use. Avis and its designees may access all information and software on such systems and there is no limitation on such access. There are no contractual limits upon our access to your computer information.

Marketing and Advertising.

Avis conducts advertising and promotion at its own expense and at its sole discretion as described in **Article V** of the Avis License Agreement. Avis Franchise owners do not directly contribute to such advertising and promotion. However, Avis Franchisees may be asked to elect to participate in various types of Marketing Programs under a Participation Agreement. Avis may, at any time, increase, decrease, or eliminate its expenditures on advertising and promotion. Avis will pay the service providers directly and you must reimburse Avis for these costs.

There is no advertising council composed of franchisees.

Avis has sole control and discretion over these expenditures and the related advertising and promotion activities, including, without limitation, the creative concepts, materials, and endorsements used, and the geographic, market, and media placement and allocation of programs and activities. Advertising may appear in any form of media, and may be local, regional, or national in scope. Avis currently utilizes both in-house advertising personnel and outside advertising agencies to assist with marketing and promotion. In addition to the marketing fund referenced above, Avis currently applies a portion of the Reservation Fee towards expenses related to the promotion of avis.com and other reservation channels.

This portion of the Reservation Fee does not constitute a contribution to any advertising or marketing fund by licensees and is not separately accounted for or reported.

You have no right, claim, or interest of any kind in or to any funds Avis allocates from those fees or with regard to Avis' funds generally. Avis' expenditures are intended to maximize recognition of Avis' Proprietary Marks and all rental locations operated by the Network. Avis' expenditures do not have to be proportionate or equivalent to the fees paid by licensees in a geographic area, and Avis has no obligation to ensure that you will benefit directly from its advertising and promotion expenditures. Avis is not obligated to spend any amount on advertising in your area or territory.

Avis has the following advertising and promotions expenditures during 2023: 87% on media placement (including television, tablet, in-airport signage, magazines, search and display); 2% on production (production, fees, and fulfillment); and 11% on administrative expenses (Avis' personnel and general expenses). No amounts are spent for advertising that principally is a solicitation of prospective Avis Franchise owners. Franchisees may submit written requests to obtain an accounting of the marketing fees. The marketing fees are not audited. Currently, we do not charge a marketing fee to franchisees.

Avis may require that you spend \$2,000 to \$5,000 for grand opening promotions. Avis currently does not, but may require in the future that you spend an amount equal to 2% of the Gross Revenues of your Avis Franchise on local advertising annually. Avis has the right to review all advertising and promotional materials that you use prior to their use. Avis currently does not conduct regular reviews of each licensee's materials, but you are required to develop materials that are in good taste, are in compliance with the law, and comply with rules for Avis' Proprietary Marks and the Standards. You are not required to participate in any local or regional advertising cooperative (the Avis License Agreement, **Article X**).

Avis may, in its sole discretion, obtain "yellow pages" and "white pages" listings identifying the Franchised Business in such telephone directories as Avis may designate, and Avis may obtain reimbursement from you for its costs and expenses in obtaining and maintaining such listings. If Avis does not obtain telephone directory listings for you, you must advertise, in a manner prescribed by Avis, in the local "yellow pages" and "white pages" of the telephone directory(ies) serving your territory, but must not obtain any listing or place any advertisements in any telephone directories, without Avis' prior written consent. Avis credits what you spend for "yellow pages" and "white pages" advertising toward your Local Advertising Requirement (the Avis License Agreement, **Article V**).

Any Website (as defined below) will be deemed "advertising" under the franchise agreement, and will be subject to (among other things) Avis' approval. The term "Website" means an interactive electronic document, contained in a network of computers linked by communications software that you operate or authorize others to operate and that refers to the Franchised Business, Proprietary Marks, Avis, ARACS, Avis Budget Group, and/or the System. The term Website includes Internet and World Wide Web home pages. As to any Website, you agree to the following:

1. Before establishing the Website, you must submit to Avis a sample of the Website format and information in the form and manner we may reasonably require.
2. You may not establish the Website without Avis' prior written approval.
3. In addition to any other applicable requirements, you must comply with the standards and specifications for Websites Avis prescribe as in writing. If required by Avis, you must establish your Website as part of Avis' Website (primarily "Avis.com") and/or establish HTML or other electronic links to Avis' Website.

4. If you propose any material revision to the Website or any of the information contained in the Website, you must submit each revision to Avis for its prior written approval (the Avis License Agreement, **Article V**).

Avis will conduct advertising, at its own expense, and in the manner it sees fit. Avis does not guarantee the distribution of advertising in any quantity or format, to or for any particular franchisee or franchisees, or in any area, which includes a particular franchisee's territory. Avis will have sole discretion over the placement and format of the advertising. Avis is not obligated to expend any amount of funds on advertising or contribute any amount to an advertising fund. You will not be obligated to participate in an advertising cooperative.

Franchisees operating under the 1955 Agreement subscribe to, and contribute to the expenses of, a national advertising campaign that is administered by the Advertising and Policy Committee (which consists of a majority of franchisee representatives operating under the 1955 Agreement who are elected by the 1955 Agreement franchisees, as well as our representatives) under the 1955 Agreement. The current practice and procedure permits the national advertising campaign to be conducted by the Advertising and Policy Committee in conjunction with Avis although Avis does not control the content or placement of advertising conducted by the Committee. However, there are certain restrictions imposed on types of advertising and promotional activities for which the Committee may expend its funds. Franchisees presently acquiring a license under the franchise agreement will not be represented on the Advertising and Policy Committee, will not vote for franchisee members of the Committee, nor may they expect that any advertising produced by the Advertising and Policy Committee will be utilized on their behalf or for their benefit. Except as described above, we do not have an advertising council composed of franchisees that advise us on advertising policies.

Avis has no ongoing or future obligation to pay fees to or support the advertising program administered under the 1955 Agreement, and may conduct a national advertising program separate from the program administered under the 1955 Agreement.

Avis has no obligation to assist you in establishing prices at which you must offer and sell products and services.

Item 12

TERRITORY

Avis grants licenses to operate an Avis Franchise to persons with the ability to operate and promote an Avis Franchise in a particular geographic territory. Avis will assign you a territory in which to operate under the Avis License Agreement and in which you choose your business locations, subject to Avis' approval (see Item 11). Because the size of the licensed territory depends on factors like population, the presence or absence of an airport, and your operational abilities and experience, it is not possible to specify the minimum area granted to an Avis Franchise. The territory is usually described by political boundaries (for example, part of a city or county), but in certain areas might be a circle with your location at the center. Avis may use accepted industry parameters, census tracts, population densities, zip code boundaries, buying patterns, traffic counts, and projected commercial and residential growth to determine the territory's boundaries. However, a territory will not usually include a population of less than 25,000 people. During the term of your Avis License Agreement and subject to your compliance with all of your other obligations under the Avis License Agreement, Avis will not operate on its own behalf, or grant a license to another party to operate, an Avis Franchise within your territory.

You will not receive an exclusive territory. You may face competition from other franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control.

Nothing in the Avis License Agreement prohibits Avis or its parent company, subsidiaries, or affiliates from: (a) engaging in the activities referred to above; (b) operating, or granting others the right to operate, Avis Rent A Car businesses in the licensed territory that offer for rental vehicles other than the Vehicles including, but not limited to, renting or leasing motor vehicles that are designed, used or maintained for the transportation of property, cargo, or goods (collectively defined as “Trucks”); or (c) selling their assets, engaging in a public offering or private placement of ownership interests, merging with or acquiring other corporations or entities, or being acquired by another corporation or entity (including a corporation or entity that owns or operates systems or chains that may be competitive with or similar to the Network).

Avis reserves all rights not expressly granted to you under your Avis License Agreement, including the rights of Avis and its affiliates to: (1) operate, and grant others the right to operate, Avis Franchises outside your licensed territory and, under certain circumstances (for National Programs or if you fail to comply with the Avis License Agreement, as described below), inside the licensed territory, on any terms and conditions Avis deems appropriate; (2) hire and/or appoint sales persons and general sales agents and negotiate and enter into local, regional, national, and international sales and marketing agreements with persons or entities located within your licensed territory; (3) use Avis’ Proprietary Marks for any purpose within your licensed territory, other than for the operation of an Avis Rent A Car business location offering for rental the vehicles offered through your Avis Franchise (“**Vehicles**”), subject to Avis’ rights under the Avis License Agreement; and (4) operate, and grant others the right to operate, businesses (including businesses that offer for rent or sale Vehicles and other motorized and non-motorized equipment and parking business) outside and within the licensed territory under trademarks different than Avis’ Proprietary Marks.

Avis and its affiliates have established, and may in the future establish, other franchises or company-owned outlets or other channels of distribution selling or leasing products or services similar to those of an Avis Franchise under different trademarks or under Avis’ Proprietary Marks. You may not use alternative distribution channels to make sales and you will receive no compensation for our sales through alternative distribution channels.

As described in Item 1, our affiliates currently operate and grant franchises for businesses that rent vehicles without drivers to the general public. Such affiliates’ business locations might be located in your licensed territory, and these locations (whether within or outside your licensed territory) may solicit and accept orders from customers within your licensed territory. Likewise, your Avis Franchise may solicit and accept orders from customers and potential customers of our affiliates’ business locations, without compensation to you. Avis is under no obligation to take any action if conflicts arise concerning Avis Franchise owners and our affiliates’ business operators.

If you fail to: (i) open and continue operating the required minimum number of locations for your Avis Franchise, including requirements to develop additional rental offices at Avis’ request; (ii) achieve and/or maintain average market penetration quotas Avis periodically establishes in the Avis License Agreement for automobile penetration; or (iii) participate in and comply with mandatory programs; then Avis may, in lieu of terminating your Avis License Agreement and in its sole discretion on 30 days’ notice to you: (a) terminate the Avis License Agreement with respect to the portion of the licensed territory that Avis determines you have failed to develop; or (b) convert your exclusive rights in the geographic market that Avis determines is underdeveloped, and/or your rights with respect to those products and services that Avis determines are underdeveloped, to become non-exclusive in nature.

You may serve any customer without regard to his or her domicile. You may not operate your Avis Franchise or any part of it from a location outside the licensed territory. You may not pick up customers who reside outside your Avis Franchise’s territory unless authorized by Avis in writing. Otherwise, there are no restrictions on your accepting customers who reside outside your licensed territory or on other Network members’ accepting customers who reside inside your licensed territory. You must obtain Avis’ prior written consent for your initial location, any change in your location, or construction of additional facilities (see Item 11).

You have no options, rights of first refusal, or similar rights to acquire additional franchises within your licensed territory or contiguous territories. As described above in this Item, your exclusive right to the licensed territory depends on your meeting market penetration quotas for automobile rental and otherwise complying with your Avis License Agreement. In addition, if you do not meet minimum fleet and royalty requirements set forth in the Avis License Agreement, you may risk termination of your Avis Franchise. Avis may negotiate development terms for the Avis License Agreements it offers to Avis licensees.

You may not relocate your Avis Franchise without Avis’ prior written approval. You may apply for the right to open additional Avis Franchises under separate franchise agreements, but we have no obligation to allow you to open additional Avis Franchises. Avis does not compensate you for soliciting or accepting orders from persons residing in your licensed territory.

You will not be allowed to relocate your Avis Franchise outside of your licensed territory. We and our affiliates and other franchisees may solicit or accept orders from customers located anywhere, without compensation to you.

Avis nevertheless has enforceable common law rights in those marks to the extent they have been used in commerce.

You must follow Avis' rules when you use any of Avis' Proprietary Marks. You cannot use a name or mark as part of a corporate name or with modifying words, designs or symbols, except for those which Avis licenses to you, or in any modified form. No agreements limit Avis' right to use or license the use of Avis' Proprietary Marks. Avis does not know of any superior prior rights or infringing use that could materially affect your use of Avis' Proprietary Marks.

You must notify Avis immediately when you learn about an infringement of or challenge to your use of Avis' Proprietary Marks or of any person's claim of any rights in any of Avis' Proprietary Marks or any similar name or mark. Avis will take the action it thinks appropriate and has the exclusive right to control any litigation or administrative proceeding arising out of the infringement, challenge, or claim or otherwise relating to any of Avis' Proprietary Marks. Avis is not required to indemnify or defend you against claims from your use of Avis' Proprietary Marks, or to protect your right to use these marks. You must modify or discontinue the use of any of Avis' Proprietary Marks at Avis' direction. You will be granted the right to use the modified marks in accordance with the terms of the License Agreement applicable to the current proprietary marks. . If this happens, we will reimburse you for your tangible costs of compliance (for example, changing signs). You must not directly or indirectly contest our right to our trademarks, trade secrets or business techniques that are part of an Avis franchise.

Item 14

PATENTS, COPYRIGHTS, AND PROPRIETARY INFORMATION

No patents are material to Avis Franchises. Avis claims a copyright in its Manual, advertising material, and related items used in operating an Avis Franchise whether registered or unregistered with the United States Registrar of Copyrights.

You must immediately notify Avis of any actual or apparent infringement of or challenge to any of the copyrighted works, or any person's claim of any rights in the copyrighted works. Avis may take any action (or no action) in response to these matters and control exclusively any settlement, litigation, arbitration, administrative, or other proceeding arising out of any alleged infringement, challenge, or claim or otherwise relating to the copyrighted works. Avis has no obligation to participate in your defense or indemnify you for damages or expenses you incur if you are a party to any proceeding involving the copyrighted work. If it becomes advisable at any time in Avis' judgment for you to modify or discontinue using any of the copyrighted works and/or for you to use one or more additional or substitute copyrighted or copyrightable items, you must comply with Avis' directions. There are no effective determinations of the Copyright Office (Library of Congress), any state or any court, or any pending proceedings or litigation, regarding any of the copyrighted works. Avis has no actual knowledge of any superior prior rights to or infringements of the copyrighted works that could materially affect your use of the copyrighted works. No agreement limits Avis' right to use or license its copyrights.

Avis' Manual, which is described in Items 8, 11, and other materials Avis provides to you contain Avis' confidential and proprietary information. In **paragraph 2.4** of the Avis License Agreement, you acknowledge that you have had no part in the creation or development of, no prior knowledge of, and no proprietary or other rights or claims in or to any element of, the Rent A Car System or Avis' Proprietary Marks. You must also acknowledge that all materials loaned or otherwise made available to you and all disclosures made to you by or at the direction of Avis, and not to the general public, at any time before or during the term of your Avis License Agreement, including the contents of the Manual, are communicated and made available confidentially and as trade secrets.

You must not, during the term of your Avis License Agreement or afterwards, reproduce, exhibit, or disclose to any person other than your partners, shareholders, officers, and employees, the Manual or any other confidential element of, or information about, the Avis Rent A Car System. You must also acknowledge that these items are trade secrets in which Avis has made a substantial investment and has a legitimate right to protect against unlawful disclosure.

During the term of the Avis License Agreement, if you develop any idea, method of operation, formula, design, invention, marketing technique, or trademark that could be useful to the operation of the Rent A Car System, then you must make it available to Avis, its affiliates, and Network members throughout the world free of charge.

Item 15

OBLIGATION TO PARTICIPATE IN THE ACTUAL OPERATION OF THE FRANCHISE BUSINESS

Avis does not require you to participate personally in the direct operation of your Avis Franchise, but strongly urges you to do so.

You must employ on a full-time basis, at all times during the term of your Avis License Agreement, at least one General Manager who has completed the instruction Avis furnishes and who will devote his or her entire time during normal business hours to the management, operation, and development of your Avis Franchise as required in the Standards and the Manual. Your General Manager need not have an equity interest in the Avis Franchise or in you. An on-premises supervisor must successfully complete Avis' training program.

Persons who are the beneficial owners and principal officers of your Avis Franchise must sign certain documents included in the Avis License Agreement, including Avis' Nondisclosure and Noncompetition Agreement. Avis may negotiate provisions in this section for the Avis License Agreements it offers to Avis Licensees.

Item 16

RESTRICTIONS ON WHAT THE FRANCHISEE MAY SELL

Avis requires you to rent, and you are authorized to rent, only those types of motor vehicles that Avis specifies (see Item 8).

Avis currently does not, by any restriction or condition, limit you regarding the make or model of automobiles that you offer to rent (although it may impose these restrictions or conditions in the future). The Avis License Agreement limits the class of vehicles your Avis Franchise may rent (for example, you may not rent trucks, which definition excludes SUVs of any size, crossovers, passenger vans of any occupancy, and smaller than medium duty pickup trucks. In addition, you may not rent motorcycles, snow mobiles, all-terrain vehicles (ATVs), bicycles, horse-drawn vehicles, or other similar vehicles under the "Avis" name without Avis' consent). The Avis License Agreement and the Standards regulate age and other standards of quality regarding the automobiles you offer for rental or sale.

Subject to Avis' approval, and as part of your Avis Franchise, you may, and if required by Avis, must, in addition to renting motor vehicles, sell or rent to your vehicle rental customers products and services directly related to your vehicle rental business. Avis reserves the right to require you to sell or rent to your customers, as applicable, designated product brands and to obtain products and services to be sold

or rented to your customers from designated sources. Your Avis Franchise may not offer any products or services that Avis has not authorized in advance in writing. Avis may periodically change required and authorized products and services, and there are no limits on Avis' right to do so. You are not authorized to sell used vehicles using Avis' Proprietary Marks.

Under the Avis License Agreement, you must adhere to Avis' rental rates to the maximum extent the law allows, including for maximum rates. You also must honor all rental rates that you communicate to Avis for your Avis Franchise. Under the Inter-City Rules and Regulations, you must enforce and abide by certain minimum rental qualifications for customers when renting vehicles owned by another Avis Franchise or an Avis affiliate. Under the Corporate Rate Program with regard to **National Accounts**, you must abide by any pre-negotiated rental rates and other terms that Avis negotiates for Corporate Rate Program participants.

Item 19

FINANCIAL PERFORMANCE REPRESENTATIONS

The FTC's Franchise Rule permits a franchisor to provide information about the actual or potential financial performance of its franchised and/or franchisor-owned outlets, if there is a reasonable basis for the information, and if the information is included in the disclosure document. Financial performance information that differs from that included in Item 19 may be given only if: (1) a franchisor provides the actual records of an existing outlet you are considering buying; or (2) a franchisor supplements the information provided in this Item 19, for example, by providing information about possible performance at a particular location or under particular circumstances.

Avis does not make any representations about a franchisee's future financial performance or the past financial performance of company-owned or franchised outlets. Avis also does not authorize its employees or representatives to make any such representations either orally or in writing. If you are purchasing an existing outlet, however, Avis may provide you with actual records of that outlet. If you receive any other financial performance information or projections of your future income, you should report it to the franchisor's management by contacting Shari Asarch at (973) 496-3444, the Federal Trade Commission, and the appropriate state regulatory agencies.

LAWS AND REGULATIONS CONCERNING THE CAR RENTAL INDUSTRY

The types of laws and regulations that specifically apply to the car rental industry are as follows:

Federal

The Americans with Disabilities Act and federal regulations require that hand controls and other accommodations be available for disabled customers. See the Attachment regarding the Americans with Disabilities Act.

The Federal Trade Commission has entered into a series of consent orders with various members of the rental industry (including Budget) prohibiting certain practices. Refer to **Exhibit C**.

The Federal Department of Transportation/Federal Aviation Administration has certain proposed regulations for Disadvantaged Business Enterprises (DBE) at many airports.

The U.S. Department of Transportation Federal Highway Administration requires compliance for Budget rental cars with the Federal Motor Carrier Safety Regulations.

The Federal Environmental Protection Agency requires underground storage tanks to have a method of leak detection and to be upgraded to include corrosion protection and spill and overflow controls, or else replaced or closed.

State

Most states have laws dealing with your financial responsibility as the owner of the vehicles to be rented and the types and proofs of financial responsibility, which must be maintained for the benefit of third parties injured or damages caused by use of your owned vehicles.

Certain states have vicarious liability laws that subject owners of rental vehicles to liability for injuries or damages caused by the tortious acts of renters, even if the owner is not negligent and there is no defect in the car. In certain states, this liability is unlimited.

Customer responsibility laws in certain states limit the amount for which a car rental customer can be held liable for damage to, or loss or theft of, a rented car.

Many states regulate the sale of loss damage waiver, or LDW. LDW is not insurance, but an optional waiver of the renter's responsibility to pay for damage to or loss of the rented vehicle, including loss of use and any related costs and expenses resulting from collision, theft or vandalism. Typical statutes require car rental companies to disclose the terms of the waiver on the front of the rental agreement form, and some statutes regulate the content and price of the waivers.

The National Association of Attorneys General promulgated Guidelines covering certain aspects of the car rental industry, such as price advertising, prohibiting profiting from repairs, disclosure of collision damage waiver and loss damage waiver provisions, and rate structures (with respect to which charges are includable in rates).

Certain states also have laws:

- requiring that vehicles only be rented to licensed drivers;

- prohibiting age discrimination in car rental and discrimination in renting terms;
- requiring availability of child seats;
- providing for certain surcharges;
- restricting certain rental requirements for cash customers;
- requiring primary insurance liability for third party claims;
- requiring limited licensing for the retail sale of insurance products;
- permitting immobilization or seizure of vehicles for certain actions associated with felonies, drug dealing, soliciting prostitution or other criminal acts;
- restricting the methods of disposal of used oil filters, used oil and other environmentally sensitive materials;
- requiring a certain number of vehicle registrations under the International Registration Plan (IRP);
- requiring licensure as a vehicle dealer and disclosure of vehicle conditions in selling used cars directly to third party consumers; and
- requiring certain disclosures to be made on vehicle rental agreements and/or in connection with vehicle rental advertising.
- regulating the pricing of refueling service charges.

Local and Municipal

Certain local governmental and municipal authorities may have vehicle registration and tax laws applying to the car rental industry and may impose or require collection of surcharges, concession arrangements, taxes and fees.

Certain local governmental and municipal authorities may have parking ticket laws and moving traffic violation laws holding the registered owner and not the renter or operator responsible for fines, penalties and interest.

ANNOUNCEMENT

DEPARTMENT OF JUSTICE

SETTLEMENT AGREEMENT

AMERICANS WITH DISABILITIES ACT

Settlement Agreement Under the Americans with Disabilities Act of 1990 Between the United States of America and Avis, Inc. for Complaint DJ 202-48-7.

I. Background

1. This action was initiated by a complaint filed with the United States Department of Justice ("the Department") against Avis, Inc. ("Avis"). The complaint was investigated by the Department under the authority granted by section 308 (b) of the Americans with Disabilities Act of 1990 ("ADA"), 42 U.S.C. § 12188. The complainant alleged that Avis violated the ADA because it failed to provide renters hand controls for the full range of vehicles that are available to the general public.*

2. Avis has cooperated fully in the government's investigation and has demonstrated its strong commitment to provide its services to persons with disabilities without discrimination. The parties have agreed that this matter can be resolved without resort to litigation.

3. The parties to this settlement agreement ("Agreement") are the United States of America and Avis, Inc.

II. Title III Coverage

4. Avis is a public accommodation as defined in section 301(7)(e) of the ADA, 42 U.S.C. § 12181, and its implementing regulation, 28 C.F.R. § 36.104. In part, the ADA requires public accommodations to remove barriers to access for persons with disabilities where it is readily achievable for them to do so, 42 U.S.C. § 12182 (b) (2) (A) (iv) and 28 C.F.R. § 36.304; and to make reasonable modifications to its policies and practices as necessary to afford its goods and services to persons with disabilities, as long as doing so does not alter the nature of its goods and services, 42 U.S.C. § 12182 (b) (2) (A) (ii) and 28 C.F.R. § 36.302.

*This action originally included two additional complaints. Complaint **DJ** 202-50-1 alleged that Avis would not substitute verifiable disability-related sources of income for verifiable employment in its cash qualification procedure, thus preventing persons from renting vehicles with Avis who, due to a disability, were unemployed and could not qualify for credit cards. The investigation of complaint **DJ** 202-50-1 was closed upon submission to the Department of a revised Avis form for cash qualification. On this form, persons with disabilities may identify one of the following sources of income in lieu of providing employment information: SSI (Supplemental Security Income); ssm (Supplemental Security Disability Income); Veteran's Administration Disability Benefits; or Employer's Disability Benefits.

Complaint **DJ** 202-42-8 alleged that Avis would not permit the renter of the vehicle and the driver of the vehicle to be different individuals, thus preventing persons from renting vehicles with Avis who, due to a disability, did not possess a valid driver's license. The investigation of complaint **DJ** 202-42-8 has been closed upon submission to the Department of Avis Form F190, the "Non-Licensed Renter Form." On this form, a person who does not possess a driver's license due to a disability may rent a vehicle if such person (i) has proven personal and financial responsibility in accordance with A vis qualification procedures (the "renter"), (ii) appears at the time of the rental with an individual possessing a valid driver's license (the "driver") and (iii) the driver will be the sole operator of the vehicle. The authorized driver also shall be exempt from any local additional driver requirement.

III. Actions to be taken by Avis

5. In order to make vehicle rental accessible to persons with disabilities, Avis agrees to do the following within thirty (30) days of date of this Agreement:

6. Upon request, Avis shall use its best efforts to provide a vehicle equipped with hand controls to any renter who has a disability and who is otherwise qualified to rent a vehicle from Avis. Appendix A summarizes current Avis policies with respect to (i) categories of vehicles equipped with hand controls, (ii) general notice requirements for making available vehicles equipped with hand controls, and (iii) specific notice requirements for making available vehicles equipped with hand controls at certain high volume locations and is hereby incorporated as part of this Agreement.

7. Upon request for a vehicle of specific size with a specific number of doors that is equipped with hand controls, Avis will use its best efforts to satisfy this request. In the event that a renter requests hand controls to be installed in a particular size of car and no such car is available, the renter will be upgraded at no charge to the next available size vehicle.

8. Avis will not impose any charge for providing or installing hand controls in its rental vehicles.

9. Avis will train an adequate number of mechanics or other employees in the proper installation of vehicle hand controls, and at least one such employee will be trained at any location at which a mechanic is employed. Likewise, similar instruction will be incorporated as part of the formal training undertaken by newly-hired mechanics and other appropriate employees.

10. When no person trained in the proper installation of hand controls is available at a particular location, Avis shall make appropriate alternative arrangements for the installation of hand controls at that location, and shall use its best efforts to satisfy the customer's request.

11. Avis shall inform all employees who have contact with the public of the availability of hand controls, notice requirements, and all other policies regarding reservations of vehicles equipped with hand controls as set forth in this Agreement.

IV. General Provisions

12. All prospective renters, upon request, shall be advised of Avis' rental policies as described in paragraph 6-11.

13. Avis shall notify all current Licensees of the rental policies described in paragraphs 6-11; and shall urge current Licensees to adopt such policies.

14. Avis shall require all Licensees entering into a new contract or renewing an existing contract on or after the effective date of this Agreement to adopt the changes in rental policies described above in paragraphs 6-11. Avis shall further require all such Licensees to adopt notice requirements consistent with those set forth in Appendix A.

15. Except as specifically provided in paragraphs 13 and 14 of this Agreement, nothing herein shall be construed to impose upon Avis any additional duties, obligations, or liabilities with respect to any act or practice, or any alleged act or practice, of discrimination by any of its Licensees beyond those which otherwise might be applicable under Federal, State or local law.

V. Implementation

16. Under section 308 (b) (1) (B) of the ADA, 42 U.S.C. § 12188 (b) (1) (B), the Attorney General is authorized to bring a civil action under title III in any situation where a pattern or practice of discrimination is believed to exist or where a matter of general public importance is raised. In consideration of this Agreement as set forth above, the Attorney General agrees to refrain from undertaking further investigation or from filing civil suit under title III in this matter.

17. The Department may review compliance with this Agreement at any time. If the Department believes that this Agreement or provision thereof has been violated, it may institute a civil action in the federal district court for the District of Columbia, or any other appropriate federal district court, following written notice to Avis of the possible violation and a period of ten (10) days in which Avis has the opportunity to cure the alleged violation. The Attorney General is authorized to seek civil penalties pursuant to 42 D.S.C. § 12188 (b) (2) (C).

18. A violation of this Agreement shall be deemed a subsequent violation of the ADA. 42 D.S.C. § 12188 (b) (3) and 28 C.F.R. § 36.504(b).

19. This Agreement is a public document. A copy of this Agreement or any information contained herein may be made available to any person. Avis or the Department shall provide a copy of this Agreement to any person upon request.

20. This Agreement shall become effective as of the last signature below. The Agreement shall be binding and its successors in interest. The owners and operators have a duty to so notify all such successors in interest. The owners and operators of Avis have a duty to so notify all such successors in interest.

21. The Agreement constitutes the entire agreement between the parties on the matters raised herein, and no other statement, promise, or agreement, either written or oral, made by either party or agents of either party, that is not contained in this written Agreement shall be enforceable. This Agreement is limited to the facts as set forth in paragraphs 1 through 4, and it does not purport to remedy any other potential violations of the ADA or any other federal law. This Agreement does not affect Avis' continuing responsibility to comply with all aspects of the ADA.

22. A signatory to this Agreement in a representative capacity for a partnership, corporation, or other such entity represents that he or she is authorized to bind such partnership, corporation, or other entity to this Agreement.

**SETTLEMENT AGREEMENT
UNDER THE AMERICANS WITH DISABILITIES ACT OF
BETWEEN THE UNITED STATES OF AMERICA AND
AVIS RENT A CAR, INC.
FOR COMPLAINT DJ 202-37-60**

A. Background

1. This matter was initiated by a complaint filed with the United States Department of Justice (Department) against Avis Rent A Car, Inc. The complaint was investigated by the Department under the authority granted by section 308(b) of the Americans with Disabilities Act of 1990 (ADA), 42 U.S.C. §§12101 et seq. The complaint alleges that Avis violated the ADA by denying individuals who use wheelchairs access to the shuttle service that Avis operates between the Detroit Metro Airport terminal and Avis' rental car service center.

2. To avoid unnecessary and costly litigation, the parties have agreed to resolve this action as set forth below.

3. The parties to this Settlement Agreement (Agreement) are the United States of America and Avis Rent A Car, Inc. (Avis). "Avis" shall mean and refer to Avis Rent A Car, Inc., and its agents, employees, parents, subsidiaries, affiliates, assignees, and/or successors-in-interest.

4. Avis is a public accommodation, as defined in section 301(7) (e) of the ADA, 42 U.S.C. § 12181(7) (e), and its implementing regulation, 28 C.F.R. § 36.104. With respect to the shuttle bus system Avis operates at the Detroit Metro Airport (the "Detroit Airport"), Avis is also a private entity, as defined in section 301(6) of the ADA, 42 U.S.C. § 12181(6), and its implementing regulations, 28 C.F.R. § 36.104 and 49 C.F.R. § 37.3, which is not primarily engaged in the business of transporting people.

5. Based on its investigation, the Department concluded that Avis operates its shuttle system at the Detroit Airport as a fixed route system, as such term is defined in section 301(4) of the ADA, 42 U.S.C. § 12181(4), and its implementing regulation, 49 C.F.R. § 37.3. The ADA imposes certain obligations on private operators of fixed route systems, as more particularly set forth in section 302 (b) (2) (B) of the ADA, 42 U.S.C. § 12182 (b) (2) (B), and its implementing regulation, 49 C.F.R. § 37.101.

6. In addition, as a public accommodation, Avis is subject to certain obligations set forth in title III of the ADA, 42 U.S.C. §§ 12181 through 12189, and the Department's regulation implementing title III, 28 C.F.R. Part 36, including, but not limited to, the obligation to remove architectural barriers to access in existing facilities and transportation barriers in existing vehicles, when such barrier removal is readily achievable. *See* section 302(b) (2) (A) of the ADA, 42 U.S.C. § 12182(b) (2) (A), and its implementing regulations, 28 C.F.R. § 36.304 and § 36.310(b).

7. By letter dated April 24, 1996 (the "Notice Letter"), the Department notified Avis that, based on its investigation and the information Avis provided in response to the Department's request, Avis was, in general, providing an acceptable level of service to individuals who use wheelchairs. However, in its

letter, the Department also informed Avis that it had concluded that Avis was in violation of certain of the provisions of the ADA cited above relating to (i) the acquisition of accessible shuttle vehicles, (ii) the provision of curbside service to individuals who use wheelchairs, (iii) the existence of architectural barriers that the Department believed should have been removed under Avis' obligation to engage in readily achievable barrier removal, and (iv) the provision of effective communication for individuals who are deaf or hard of hearing. Since that time, Avis and the Department have engaged in negotiations in an effort to resolve this matter without resort to litigation. During this period Avis has taken action to eliminate most of the violations identified by the Department in the Notice Letter by, for example, acquiring and deploying accessible shuttle vehicles and removing architectural barriers at the Detroit Airport and other Avis rental car facilities nationwide.

8. The original purpose of this Agreement was to set forth the agreement between the parties regarding the remaining violations at the Detroit Airport. However, in the course of negotiations, Avis determined that it would prefer to enter into a nationwide settlement in order to establish its obligation to acquire, modify, and deploy shuttle vehicles at its' corporately operated airport rental car facilities nationwide (the "Airport Facilities"), whether currently or hereafter operated by Avis. In addition, the parties desire to reach a comprehensive agreement regarding the actions Avis has taken and will take nationwide to establish policies and procedures for providing curb-side service to individuals with mobility impairments and/or those who are deaf or hard of hearing.

9. Avis does not admit that it is in violation of any of the provisions of the ADA with respect to the operation of its shuttle services at the Detroit Airport or any of its other Airport Facilities.

10. Therefore, in order to avoid further investigation and possible litigation, and in consideration of the mutual promises and covenants contained in this Agreement, the Department and Avis have entered into this Settlement Agreement.

B. Actions Regarding Shuttle Vehicles

11. In the Notice Letter the Department informed Avis that it had concluded that the shuttle system Avis operates at the Detroit Airport is a fixed route system, as such term is defined in section 301(4) of the ADA, 42 U.S.C. § 12181(4), and its implementing regulation, 49 C.F.R. § 37.3. The ADA imposes certain obligations on private operators of fixed route systems, as more particularly set forth in section 302(b) (2) (B) of the ADA, 42 U.S.C. § 12182(b) (2) (B), and its implementing regulation, 49 C.F.R. § 37.101. Based on its investigation and the information provided by Avis, the Department concluded that two GMC/RTS shuttle vehicles acquired by Avis in 1992 and 1994, respectively, and deployed at the Detroit Airport were required to be readily accessible to and usable by individuals who use wheelchairs, but were not. To remedy this alleged violation, the Department proposed that Avis make these vehicles accessible or replace them with new, accessible vehicles of the same capacity and design. As of the Effective Date of this Agreement (as hereafter defined), both of these vehicles have been refurbished and equipped with wheelchair lifts. Avis has also deployed an additional accessible shuttle vehicle of the same model at its Detroit Airport Facility. However, as set forth in paragraph 8 above, the parties have also agreed to address this issue on a nationwide basis.

12. In order to resolve this matter, Avis and the Department have agreed to treat all shuttle systems at Avis' Airport Facilities, whether currently or hereafter operated by Avis, as fixed route systems, as defined in section 301(4) of the ADA, 42 U.S.C. § 12181(4), and its implementing regulation, 49 C.F.R. § 37.3. Avis does not concede that such systems are fixed route systems and the Department has not investigated the manner in which such shuttle systems other than the system at the Detroit Airport are operated, in order to make a determination as to the type of system being operated in each location.

13. As noted in paragraph 7 above, Avis has already taken actions to eliminate most of the violations alleged by the Department in the Notice Letter. Avis hereby represents and warrants to the Department that all shuttle vehicles that Avis has purchased or leased for use at any Airport Facility beginning on February 16, 1996, and continuing through the Effective Date of this Agreement, which have a capacity of over 16 passengers, including the driver (hereinafter, "Large Capacity Vehicles"), are accessible to individuals with disabilities including those who use wheelchairs. Avis agrees that, following the Effective Date of this Agreement, all Large Capacity Vehicles purchased or leased for use at any Airport Facility, whether the facility is currently operated by Avis or first operated by Avis after the Effective Date of this Agreement, shall also be accessible regardless of whether an accessible shuttle vehicle would otherwise be required by the ADA or its implementing regulations.

14. With respect to the shuttle systems at all Airport Facilities operated by Avis as of the Effective Date of this Agreement, except for the systems at Las Vegas and Los Angeles, Avis hereby agrees that, on or before December 31, 2000, all such systems will be in full compliance with the regulations governing the acquisition of shuttle vehicles for fixed route systems. The parties hereby agree that the shuttle systems at Las Vegas and Los Angeles, which were acquired by Avis after the Department began this investigation, must be in full compliance on or before December 31, 2003. For purposes of this Agreement, full compliance shall mean that all vehicles for which a solicitation for purchase or lease was made after August 25, 1990, for use at one of the Airport Facilities (whether currently or hereafter operated by Avis) and which have a capacity of over 16 passengers, including the driver, shall be readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. *See* 49 C.F.R. §§ 37.101 (a) and (b). Avis agrees to meet this goal by either removing or refurbishing all non-complying vehicles currently part of such shuttle systems. Avis further agrees that such removal and refurbishment shall be completed in accordance with the schedule set forth in the document entitled "Avis Shuttle Bus Listing" and dated 3/29/99, which is attached hereto as Exhibit A and hereby made a part of this Agreement. Following the date the shuttle system at any Airport Facility is brought into full compliance with the ADA, Avis may transfer one or more of the shuttle vehicles at that facility, as listed on Exhibit A, to other Airport Facilities so long as such transfer does not result in a reduction in the number of accessible vehicles at any Airport Facility.

15. With respect to the shuttle systems at all Airport Facilities acquired by Avis after the Effective Date of this Agreement, Avis hereby agrees that all such systems will be in full compliance with the regulations governing the acquisition of shuttle vehicles for fixed route systems within two (2) years of the date of acquisition. Avis agrees to meet this goal by either removing or refurbishing all non-complying vehicles currently part of such shuttle systems.

16. Avis further agrees that, on or before December 31, 2000, the shuttle systems at all Airport Facilities operated by Avis on the Effective Date of this Agreement will each contain at least one accessible shuttle vehicle, regardless of whether an accessible shuttle vehicle is required by the ADA or its implementing regulations. The shuttle system at Miami International Airport shall be exempt from the requirements set forth in this paragraph because a height-restricted tunnel along the shuttle route precludes the use of lift-equipped vehicles. Avis agrees that the deployment of such accessible vehicles shall be completed in accordance with the schedule attached hereto as Exhibit A. Avis further agrees that, within sixty (60) days of its acquisition of any new Airport Facility with a shuttle system, whether that system could be considered a fixed route or demand responsive system, the shuttle system at that facility shall contain at least one accessible shuttle vehicle regardless of whether an accessible shuttle vehicle would otherwise be required by the ADA or its implementing regulations. Avis agrees that from and after the date it is required by this paragraph to deploy an accessible vehicle in the fleet at a given Airport Facility, it will ensure that at least one accessible shuttle vehicle will be permanently deployed and fully operational at that location at all times. This obligation is binding upon Avis and its successors and assigns for as long as any shuttle system, whether fixed route, demand responsive, or of any other nature, is operated at that Airport Facility.

17. Avis hereby represents and warrants to the Department that the information set forth in Exhibit A is true, complete, and correct as of the Effective Date of this Agreement. Any breach of this representation and warranty shall constitute a breach of this Agreement and the Department, at its sole option, may exercise its remedies under this Agreement, including the remedies set forth in paragraph 28.

C. Curbside Service

18. In order to provide equivalent service to its customers at Detroit Airport with disabilities, including those who use wheelchairs, Avis currently provides curbside pick-up and drop off services using regular Avis fleet vehicles. Avis hereby agrees to transport such customers to and from its rental car service center in either (i) a van equipped with a wheelchair lift, or (ii) an accessible shuttle vehicle from its Detroit fleet. Any vehicle used to comply with the requirements of this paragraph shall meet the Accessibility Specifications for Transportation Vehicles set forth in 49 C.F.R. Part 38, Subpart B. The service provided pursuant to this paragraph must meet the equivalent service standard set forth in 49 C.F.R. § 37.105. Avis may meet the equivalency requirement by means such as sharing or pooling accessible vehicles among entities with similar obligations, or by contracting with third-party transportation service providers, as long as Avis ensures the provision of equivalent service.

19. In order to clarify the procedures used by Avis at Detroit Airport to provide equivalent service to individuals with disabilities, including those who use wheelchairs, Avis has adopted the policies and procedures set forth in the Statement of Policies and Procedures for the Provision of Equivalent Service to Individuals Who Use Wheelchairs (Policy Statement), attached hereto as Exhibit B and hereby made a part hereof. The Policy Statement was adopted by Avis and made effective as of May 10, 1996. Avis hereby reaffirms that it has adopted the Policy Statement and that it is in full force and

effect.

20. Avis has determined that it wishes to adopt the policies and procedures applicable to its facilities at the Detroit Airport, as set forth in the Policy Statement, to all its Airport Facilities nationwide, whether currently or hereafter operated by Avis. Within sixty (60) days of the Effective Date of this Agreement, Avis agrees to adopt a policy statement for each Airport Facility it currently operates, which shall be identical in form and substance to the Policy Statement for the Detroit Airport (Exhibit B), except for any minor modifications necessary to address local conditions at a particular facility. Avis also agrees that, within sixty (60) days after it begins serving customers at any new Airport Facility, it will adopt such a policy statement for that facility.

21. Avis shall inform all employees who have contact with the public of the modification in policies and procedures described above and shall disseminate copies of the Policy Statement to all such employees. Employees at the Detroit Airport shall receive copies of the Policy Statement within fifteen (15) days of the Effective Date of this Agreement. Employees at all other Airport Facilities shall receive copies of the appropriate policy statement on or before the date Avis is required to adopt it. Further, Avis shall remind all employees who have contact with the public of the policies and procedures set forth in the applicable policy statement on an annual basis for the five years following the latter of (i) the Effective Date of this Agreement, or (ii) the date the Airport Facility was acquired. Avis shall incorporate the new policies and procedures into all appropriate training manuals and programs for employees.

22. All prospective renters, upon request, shall be advised of Avis' policies and procedures as set forth in the Policy Statement. A copy of the applicable policy statement shall be made available at each airport rental car service center to all prospective renters, upon request, for a period of one year following the latter of sixty (60) days after (i) the Effective Date of this Agreement, or (ii) the date the Airport Facility was acquired.

23. Avis shall notify all current licensees of the u.s. Avis Rent A Car system of the modification in policies and procedures described above, shall provide such licensees with a copy of the Policy Statement, and shall encourage current licensees to adopt such policies and procedures.

24. Avis shall require all contract or renewing an existing Effective date of this Agreement and procedures described above.

D. Architectural Barriers

25. As Attachment A to the Notice Letter, the Department provided Avis with a list of physical barriers to access at Avis' Detroit Airport Facility. In response, Avis informed the Department that access improvements to its Detroit Airport facilities were planned as part of its nationwide program of barrier removal. At the Department's request, Avis agreed to accelerate barrier removal at the Detroit Airport and has provided evidence that barrier removal was completed as of December 16, 1998. Although Avis has informed the Department, that it has engaged in substantial barrier removal efforts at its corporately-operated sites nationwide, this Agreement addresses barrier removal at Avis' Detroit Airport Facility only.

E. Effective Communication

26. Avis currently provides a direct telephone connection between the Airport terminal and its service center that customers, including its customers who use wheelchairs, may use to request delivery of their cars and to otherwise transact business with Avis; however no direct TDD service is provided. Avis acknowledges that, pursuant to 42 U.S.C. § 12182 (b) (2) (A) (iii), 28 C.F.R. § 36.303 (c), it has the obligation to ensure effective communication with individuals with disabilities. The Department has informed Avis that its present method of communicating with the public at the Airport terminal does not ensure effective communication with individuals who are deaf, hard of hearing, or otherwise unable to communicate by telephone. Avis hereby agrees to develop and implement a system for providing effective communication with its customers at the Detroit Airport. The system must be in operation by the date that is six months from the Effective Date of this Agreement. At a minimum, Avis shall install appropriate signage directing individuals to the location of airport TDD's and ensure that TDD's and trained personnel are available to respond to calls from the airport terminal to its Detroit rental car facility. Any proposed system must receive the prior written approval of the Department, which approval shall not be unreasonably withheld or delayed.

F. Implementation and Enforcement of the Settlement Agreement

27. The Attorney General is authorized, pursuant to section 308(b) (1) (B) of the ADA, to bring a civil action to enforce. Title III of the ADA in any situation where the Attorney General believes a pattern or practice of discrimination exists or a matter of general public importance is raised. In consideration of the terms of this Agreement, the Attorney General agrees to refrain from filing a civil suit under title III with respect to the specific matters agreed to herein.

28. The Department may review compliance with this Agreement at any time. Announcement

On July 2, 1997, Budget Rent A Car System, Inc. and the United States Department of Justice entered into a settlement agreement under Title III of the Americans with Disabilities Act of 1990. As part of that agreement, Budget is distributing this Announcement to its licensees and prospective licensees.

Budget has adopted the following policies and strongly urges its licensees to do the same:

- Some people have disabilities that prevent them from driving, such as blindness or epilepsy. They will be allowed to rent vehicles from Budget when accompanied by a licensed driver. The person with a disability will be considered the “renter” under these circumstances and will bear the primary financial responsibility for the rental. The renter must present a qualified method of payment and otherwise meet generally imposed credit qualification requirements. The driver must have a valid driver’s license and otherwise meet generally imposed driver qualification requirements. Budget will treat the driver as an “additional driver” on the Rental Agreement. Budget will not require the renter to document that he or she has a disability and will not inquire into the nature of severity of the disability.
- People with disabilities who use service animals will have the same access to Budget’s goods and services as other customers. They will not be denied access to rental cars or shuttle buses. They will not be separated from their service animals at any time. Budget representatives will not require people with disabilities to provide any type of identification or certification of an animal as having been trained as a service animal. Service animals may be used by people with different kinds of disabilities such as hearing, vision, and mobility impairments as well as seizure disorders.
- Budget shall waive any “additional driver” charges for one person accompanying a renter with a disability that would otherwise apply, and shall not impose any other surcharge on the renter in connection with actions required by this policy.

Copies of the settlement agreement are available from the United States or Budget.

FTC CONSENT ORDER

UNITED STATES OF AMERICA BEFORE
FEDERAL TRADE COMMISSION

COMMISSIONERS: Robert Pitofsky, Chairman
Mary L. Azcuenaga
Janet D. Steiger
Roscoe B. Starek, III
Christine A. Varney

In the Matter of) DOCKET NO. C-3674
)
BUDGET RENT A CAR SYSTEMS, INC.,)
a corporation.)

The Federal Trade Commission having initiated an investigation of certain acts and practices of the respondent named in the caption hereof, and the respondent having been furnished thereafter with a copy of a draft of complaint which the Seattle Regional Office proposed to present to the Commission for its consideration and which, if issued by the Commission, would charge respondent with violation of the Federal Trade Commission Act; and

The respondent, its general counsel, and counsel for the Commission having thereafter executed an agreement containing a consent order, an admission by the respondent of all the jurisdictional facts set forth in the aforesaid draft of complaint, a statement that the signing of said agreement is for settlement purposes only and does not constitute an admission by respondent that the law has been violated as alleged in such complaint, or that the facts as alleged in such complaint, other than jurisdictional facts, are true and waivers and other provisions as required by the Commission's Rules; and

The Commission having thereafter considered the matter and having determined that it had reason to believe that the respondent has violated the said Act, and that a complaint should issue stating its charges in that respect, and having thereupon accepted the executed consent agreement and placed such agreement on the public record for a period of sixty (60) days, now in further conformity with the procedure prescribed in section 2.34 of its Rules, the Commission hereby issues its complaint, makes the following jurisdictional findings and enters the following order:

1. Respondent Budget Rent a Car Systems, Inc., is a Delaware corporation with its principal office and place of business located at 4225 Naperville Road, Lisle, Illinois 60532-3662.
2. The Federal Trade Commission has jurisdiction of the subject matter of this proceeding and of the respondent, and the proceeding is in the public interest.

ORDER

Definitions

For purposes of this order:

- A. “**Turnback**” means any preset price, premium, bonus, or formula that could result in respondent receiving more than the vehicle’s fair market value upon repurchase by the vehicle’s original vender, financier, or their designee.
- B. “**Fair market value**” means the vehicle’s price as listed in an industry-wide and generally accepted publication or directory of used car values, or the resale price received in a commercially reasonable sale.
- C. “**LDW**” means any option that respondent offers that limits or eliminates a renter’s liability to respondent for loss of or damage to the respondent’s vehicle during the pendency of the rental agreement.
- D. “**Insurance**” means the renter’s own standard vehicle insurance, and any alternative, supplemental, or secondary coverage the renter possesses that provides coverage for rented vehicles including, but not limited to, the coverage currently furnished by many credit card companies.

I.

IT IS ORDERED that respondent, its successors and assigns, and its officers, agents, representatives, and employees, directly or through any partnership, corporation, subsidiary, division, or other device, in connection with the promoting, offering for rental, or rental of any vehicle, in or for any rental location where it seeks loss of turnback or turnback value in any form for vehicles rented in that location, in or affecting commerce, as “**commerce**” is defined in the Federal Trade Commission Act, does forthwith cease and desist from:

A. Failing to disclose, clearly and prominently, in connection with any representation relating to the renter’s liability for loss of or damage to a rental vehicle, including any representation about LDW, that in the event of loss of or damage to a vehicle for which LDW was declined, respondent may charge the renter between \$x and \$y (specify range of dollar amounts Budget may seek) more than the cost of repairs or the fair market value of the vehicle, that many insurance companies will not pay this charge, and that the renter will have to pay it. This paragraph applies specifically to, but is not limited to, Budget’s rental contracts and to any representation relating to the price or terms of LDW made through respondent’s inputs in the “**company-specific location**” part of third-party, computerized reservation systems, such as “**Apollo**”, “**PARS**”, “**Sabre**”, or “**System One**”.

Provided, however, that if respondent uses a “**short-form**” rental contract or other document or electronic form of agreement that makes it impractical to place the required disclosure within the document or form, respondent shall devise other means to ensure that each renter receives the substance of the disclosure before entering into the rental agreement. The other means could include, but are not limited to, a separate disclosure document to be signed or initialed by the renter.

B. Failing to post at each Budget rental location a sign or placard clearly and prominently containing the following language:

If you decline LDW and the rental car is damaged or stolen, we may charge you between \$x and \$y (specify range of dollar amounts Budget may seek) more than the cost of repairs or the fair market value of the vehicle. Many insurance companies will not pay this. If yours does not, you will have to pay it.

The sign or placard shall be of a size, and posted in a manner, reasonably calculated to elicit prospective renters' attention.

C. Failing to disclose in a clear and prominent manner in any communication seeking payment of any charge for loss of or damage to a rental vehicle, any part of the charge that is attributable to loss of turnback including, but not limited to, instances where the vehicle is totaled or stolen and respondent is seeking compensation based in whole or part on any turnback amount. This disclosure shall include an explanation of what loss of turnback means and how it was calculated.

II.

IT IS FURTHER ORDERED that respondent, its successors and assigns, and its officers, agents, representatives, and employees, directly or through any partnership, corporation, subsidiary, division, or other device, in connection with the promoting, offering for rental, or rental of any vehicle, in or for any rental location where it seeks loss of turnback or turnback value in any form for vehicles rented in that location, in or affecting commerce, as “**commerce**” is defined in the Federal Trade Commission Act, does forthwith cease and desist from misrepresenting, in any manner, directly or by implication:

1. the obligation of the renter to make any payment as the result of the loss of or damage to a rental vehicle; and
2. the value of a vehicle that has been lost or damaged.

III.

IT IS FURTHER ORDERED that no provision of this order is intended to preempt any state law, regulation, or administrative interpretation that may limit or prevent respondent from collecting loss of turnback from a renter.

IV.

IT IS FURTHER ORDERED that respondent shall pay into an interest-bearing escrow account designated by the Commission, under the control of the Commission's designated agent, the sum of \$75,000 on or before five days from the date of service of this order. This shall fully satisfy all monetary claims asserted by the Commission in the complaint filed herein against this respondent and shall be used to provide redress to consumers who made a payment to respondent and to pay any attendant expenses of administration. if the Commission determines, in its sole discretion, that redress to consumers is wholly or partially impracticable, any funds not so used shall be deposited into the United States Treasury. No portion of respondent's payment shall be deemed a payment of any fine, penalty, or punitive assessment. Respondent shall be notified as to how funds are disbursed but shall have no right to contest the manner of distribution chosen by the Commission.

V.

IT IS FURTHER ORDERED that respondent shall, for three years from the date of service upon it of this order, distribute, or cause to be distributed, a copy of this order to all present and future division, regional, branch, and subrogation managers who have management responsibilities relating to the collection of collision or theft damages from renters.

VI.

IT IS FURTHER ORDERED that respondent shall, for three years from the date of service of this order, maintain and upon request make available to the Federal Trade Commission for inspection and copying all documents relating to compliance with this order.

VII.

IT IS FURTHER ORDERED that respondent shall, for 10 years from the date of service of this order, notify the FTC in writing at least 30 days prior to the effective date of any proposed change in its corporate structure, such as dissolution, assignment, or sale resulting in the emergence of successor corporations, the creation or dissolution of subsidiaries, or any other changes in the corporation that may affect compliance obligations arising out of this Order.

VIII.

IT IS FURTHER ORDERED that respondent shall, within 60 days from the date of service of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which it has complied with this Order.

IX.

IT IS FURTHER ORDERED that this order will terminate on June 17, 2016, or twenty years from the most recent date that the United States or the Federal Trade Commission files a complaint (with or without an accompanying consent decree) in federal court alleging any violation of the order, whichever comes later; provided, however, that the filing of such a complaint will not affect the duration of:

- A. Any paragraph in this order that terminates in less than twenty years; and
- B. This order if the complaint is filed after the order has terminated pursuant to this paragraph.

Provided further, that if the complaint is dismissed or a federal court rules that the respondent did not violate any provision of the order, and the dismissal or ruling is either not appealed or upheld on appeal, then the order will terminate according to this paragraph as though the complaint was never filed, except that the order will not terminate between the date the complaint is filed and the later of the deadline for appealing the dismissal or ruling and the date the dismissal or ruling is upheld on appeal.

By the Commission.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of
Avis Budget Group, Inc.
Parsippany, New Jersey

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Avis Budget Group, Inc. and subsidiaries (the "Company") as of December 31, 2023 and 2022, the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2023, and the related notes and the schedule listed in the Index at Item 15 (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2023, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current-period audit of the financial statements that were communicated or required to be communicated to the audit committee and that (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Vehicles - Depreciation Expense - United States Risk Vehicles - Refer to Notes 2 and 8 to the financial statements

Critical Audit Matter Description

The Company records rental vehicles at cost, net of accumulated depreciation. The initial cost of the vehicles is recorded net of incentives and allowances from manufacturers. Rental vehicles acquired by the Company outside of manufacturer repurchase and guaranteed depreciation programs are referred to as risk vehicles and the carrying values of these risk vehicles are depreciated based upon the vehicles' estimated residual values at their expected dates of disposition. The estimation of residual values for risk vehicles requires the Company to make assumptions regarding factors which include, but are not limited to, the anticipated age of the vehicles and market conditions for used vehicles at the time of disposal. The Company regularly evaluates estimated residual values and adjusts vehicle depreciation rates as appropriate. Any adjustments to depreciation are made prospectively.

Given the volume of risk vehicles in the United States and the significant estimation uncertainty and judgments made by management to calculate the estimated residual values of these risk vehicles, auditing the estimated residual values of United States risk vehicles and related vehicle depreciation expense required extensive audit effort to develop an independent expectation of residual values and depreciation expense, and a high degree of auditor judgment was required when performing audit procedures and evaluating the results of those procedures. The significant estimation uncertainty was primarily due to management's assumptions regarding the impact of future consumer demand and general economic conditions on expected pricing of used vehicles. Additionally, auditing the calculation of the estimated residual values for United States risk vehicles was challenging due to the volume of data inputs utilized in management's calculation, including historical sales data and data specific to the Company's current fleet.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures to assess the reasonableness of the estimated residual values and vehicle depreciation expense related to United States risk vehicles included the following, among others:

- We evaluated the appropriateness and consistency of the Company's methods, significant assumptions and judgments to calculate the estimated residual values of risk vehicles and the expected dates of disposition.
- We tested the effectiveness of controls over vehicle depreciation expense related to risk vehicles and management's review of the significant assumptions and judgments to calculate the estimated residual values of risk vehicles, including those over the Company's monitoring of residual values and used vehicle market conditions.
- We assessed the reasonableness of the estimated residual values of risk vehicles by performing the following procedures on a selection of risk vehicles:
 - We tested the underlying historical data that served as the basis for the Company's calculation of the estimated residual values to evaluate the reasonableness of the inputs.
 - We tested the mathematical accuracy of the Company's calculation of the estimated residual values and vehicle depreciation expense rates.
 - We tested significant assumptions and judgments used in the Company's calculation by developing an independent expectation of residual values and compared them to the estimated residual values calculated by the Company. Our independent expectation was calculated using our professional judgment by reference to third-party data, information produced by the Company, subsequent vehicle sales, and inquiries of management.
 - We searched for contradictory evidence associated with the significant assumptions and judgments made by management based on our knowledge of the industry and review of third-party industry data.
- We developed an independent expectation of depreciation expense based on, but not limited to, the

vehicles' age and results of our residual value testing and compared it to the amount recorded by the Company as depreciation expense.

Self-Insurance Reserves - Public Liability and Property Damage Claims - United States - Refer to Note 2 to the financial statements

Critical Audit Matter Description

The Company is self-insured for public liability and property damage claims. These self-insurance reserves represent an estimate for both reported claims not yet paid and claims incurred but not yet reported. The estimated reserve requirements for such claims are calculated on an undiscounted basis using actuarial methods and various assumptions which include, but are not limited to, historical loss experience and projected loss development factors. The required liability is subject to adjustment in the future based upon changes in claims experience, including changes in the number of incidents for which the Company is ultimately liable and changes in the cost per incident.

Given the volume of public liability and property damage claims in the United States and the subjectivity of estimating the related self-insurance reserves for reported claims not yet paid and claims incurred but not yet reported due to uncertain exposure and projected loss development, performing audit procedures to evaluate whether these self-insurance reserves were appropriately recorded as of December 31, 2023 required a significant degree of auditor judgment and an increased extent of effort, including the need to involve our actuarial specialists.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to United States public liability and property damage self-insurance reserves included the following, among others:

- We tested the effectiveness of controls over management's review of significant assumptions, key inputs and methods used to calculate the estimate of the reported claims not yet paid and claims incurred but not yet reported.
- We tested the underlying data that served as the basis for the Company's actuarial analysis, including historical claims, to test the reasonableness of the inputs to the actuarial estimate.
- With the assistance of our actuarial specialists, we developed an independent estimate of the self-insurance reserves, including assessment of loss data and claim development factors, and compared our estimate to management's estimate. In addition, we performed the following:
 - Evaluated the reasonableness of the methodologies used in management's estimate based on actuarial methods followed in the insurance industry associated with such liabilities.
 - Evaluated the reasonableness of the assumptions used in management's estimate by comparing prior-year assumptions of expected development and ultimate loss to actuals incurred during the current year to identify potential bias in the determination of these liabilities.

Avis Budget Group, Inc.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unless otherwise noted, all dollar amounts are in millions, except per share amounts)

1. Basis of Presentation

Avis Budget Group, Inc. provides mobility solutions to businesses and consumers worldwide. The accompanying Consolidated Financial Statements include the accounts and transactions of Avis Budget Group, Inc. and its subsidiaries, as well as entities in which Avis Budget Group, Inc. directly or indirectly has a controlling financial interest (collectively, “we”, “our”, “us”, or the “Company”).

We operate the following reportable business segments:

- **Americas** - consisting primarily of (i) vehicle rental operations in North America, South America, Central America and the Caribbean, (ii) car sharing operations in certain of these markets, and (iii) licensees in the areas in which we do not operate directly.
- **International** - consisting primarily of (i) vehicle rental operations in Europe, the Middle East, Africa, Asia and Australasia, (ii) car sharing operations in certain of these markets, and (iii) licensees in the areas in which we do not operate directly.

We have completed the business acquisitions discussed in Note 6 – Acquisitions to these Consolidated Financial Statements. The operating results of the acquired businesses are included in the accompanying Consolidated Financial Statements from the dates of acquisition.

We present separately the financial data of our vehicle programs. These programs are distinct from our other activities since the assets under vehicle programs are generally funded through the issuance of debt that is collateralized by such assets. The income generated by these assets is used, in part, to repay the principal and interest associated with the debt. Cash inflows and outflows relating to the acquisition of such assets and the principal debt repayment or financing of such assets are classified as activities of our vehicle programs. We believe it is appropriate to segregate the financial data of our vehicle programs because, ultimately, the source of repayment of such debt is the realization of such assets.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) and include the accounts of our Company and all entities in which we have a direct or indirect controlling financial interest and variable interest entities for which we have determined we are the primary beneficiary. We consolidate joint venture activities when we have a controlling interest and record non-controlling interests within stockholders’ equity and the statement of comprehensive income equal to the percentage of ownership interest retained in such entities by the respective non-controlling party. Intercompany transactions have been eliminated in consolidation.

Use of Estimates and Assumptions

The use of estimates and assumptions as determined by management is required in the preparation of the Consolidated Financial Statements in conformity with GAAP. These estimates are based on management’s evaluation of historical trends and other information available when the Consolidated Financial Statements are prepared and may affect the amounts reported and related disclosures. Actual results could differ from those estimates.

Revenue Recognition

We derive revenues primarily by providing vehicle rentals and other related products and mobility services to commercial and leisure customers, as well as through licensing of our rental brands. Other related products and mobility services include sales of collision and loss damage waivers under which a customer is relieved from financial responsibility arising from vehicle damage incurred during the rental; products and services for driving convenience such as fuel service options, roadside safety net, electronic toll collection,

access to satellite radio, mobile WiFi devices, GPS navigation, child safety seat rentals, and rentals of other supplemental items including automobile towing equipment and other moving accessories and supplies. We also receive payment from customers for certain operating expenses that we incur, including airport concession fees that are paid by us in exchange for the right to operate at airports and other locations, as well as vehicle licensing fees. In addition, we collect membership fees in connection with our car sharing business.

We combine all lease and non-lease components of our vehicle rental contracts for which the timing and pattern of transfer are the same and the lease component meets the classification of an operating lease. Vehicle rentals and other related products and mobility services are recognized evenly over the period of rental, which is on average approximately five days. (See Note 3 – Leases).

Licensing revenues principally consist of royalties paid by our licensees and are recorded as the licensees' revenues are earned (over the rental period). We renew license agreements in the normal course of business and occasionally terminate, purchase or sell license agreements. In connection with ongoing fees that we receive from our licensees pursuant to license agreements, we are required to provide certain services, such as training, marketing and the operation of reservation systems.

We exclude from the measurement of our transaction price any tax assessed by a governmental authority that is both imposed on and concurrent with a specific revenue-producing transaction and collected from a customer. As a result, revenue is recorded net of such taxes collected. Revenues and expenses associated with fuel, airport concessions and vehicle licensing are recorded on a gross basis within revenues and operating expenses. Membership fees related to our car sharing business are generally nonrefundable, are deferred and recognized ratably over the period of membership.

Revenues are recognized under Leases (Topic 842) with the exception of royalty fee revenue derived from our licensees and revenue related to our customer loyalty program, which were approximately \$187 million, \$165 million, and \$127 million for the years ended December 31, 2023, 2022 and 2021, respectively.

The following table presents our revenues disaggregated by geography:

	Year Ended December 31,

Other	751	774	704
Total revenues	<u>\$ 12,008</u>	<u>\$ 11,994</u>	<u>\$ 9,313</u>

Other includes Zipcar and other operating brands.

Deferred Revenue

We record deferred revenues when cash payments are received in advance of satisfying our performance obligations, including amounts that are refundable. In addition, certain customers earn loyalty points on rentals, for which we defer a portion of our rental revenues generally equivalent to the estimated retail value of points expected to be redeemed. We estimate points that will never be redeemed based upon actual redemption and expiration patterns. Currently, loyalty points expire after 12 months of member inactivity. Future changes to expiration assumptions or expiration policy, or to program rules, may result in changes to deferred revenue as well as recognized revenues from the program.

The following table presents changes in deferred revenue associated with our customer loyalty program:

	Year Ended December 31,	
	2023	2022
Balance, January 1	\$ 61	\$ 50
Revenue deferred	58	52
Revenue recognized	(52)	(41)
Balance, December 31	<u>\$ 67</u>	<u>\$ 61</u>

At December 31, 2023 and 2022, \$20 million and \$15 million was included in accounts payable and other current liabilities, respectively, and \$47 million and \$46 million in other non-current liabilities, respectively. Non-current amounts are expected to be recognized as revenue within two to three years.

Currency Translation

Assets and liabilities of foreign operations are translated at the rate of exchange in effect on the balance sheet date; income and expenses are translated at the prevailing monthly average rate of exchange. The related translation adjustments are reflected in accumulated other comprehensive income (loss) in the stockholders' equity section of the Consolidated Balance Sheets and in the Consolidated Statements of Comprehensive Income (See Note 16 – Stockholders' Equity). We have designated our euro-denominated Notes as a hedge of our investment in euro-denominated foreign operations and, accordingly, record the effective portion of gains or losses on this net investment hedge in accumulated other comprehensive income (loss) as part of currency translation adjustments.

Cash and Cash Equivalents, Program Cash and Restricted Cash

We consider highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Program cash primarily represents amounts specifically designated to purchase assets under vehicle programs and/or to repay the related debt, as such we consider it a restricted cash equivalent. The following table provides a detail of cash and cash equivalents, program and restricted cash reported within the Consolidated Balance Sheets to the amounts shown in the Consolidated Statements of Cash Flows:

	As of December 31,	
	2023	2022
Cash and cash equivalents	\$ 555	\$ 570
Program cash	85	70
Restricted cash ^(a)	4	2
Total cash and cash equivalents, program and restricted cash	<u>\$ 644</u>	<u>\$ 642</u>

^(a) Included within other current assets.

Property and Equipment

Property and equipment (including leasehold improvements) are stated at cost, net of accumulated depreciation and amortization. Depreciation (non-vehicle related) is computed utilizing the straight-line method over the estimated useful lives of the related assets. Leasehold improvements are amortized over the shorter of the term of the lease or the estimated useful lives of the improvements. Useful lives are as follows:

Buildings	30 years
Furniture, fixtures & equipment	3 to 10 years
Capitalized software	3 to 7 years
Buses and support vehicles	4 to 15 years

We capitalize the costs of software developed for internal use when the preliminary project stage is completed and management (i) commits to funding the project and (ii) believes it is probable that the project will be completed and the software will be used to perform the function intended. The software developed or obtained for internal use is amortized on a straight-line basis commencing when such software is ready for its intended use. The net carrying value of software developed or obtained for internal use was \$143 million and \$174 million as of December 31, 2023 and 2022, respectively.

Goodwill and Other Intangible Assets

Goodwill represents the excess, if any, of the fair value of the consideration transferred by the acquirer and the fair value of any non-controlling interest remaining in the acquiree, if any, over the fair values of the identifiable net assets acquired. We do not amortize goodwill, but assess it for impairment at least annually and whenever events or changes in circumstances indicate that the carrying amounts of their respective reporting units exceed their fair values. We perform our annual impairment assessment in the fourth quarter of each year at the reporting unit level. We assess goodwill for such impairment by comparing the carrying value of each reporting unit to its fair value using the present value of expected future cash flows. When appropriate, comparative market multiples and other factors are used to corroborate the discounted cash flow results.

Other intangible assets, primarily trademarks, with indefinite lives are not amortized but are evaluated annually for impairment and whenever events or changes in circumstances indicate that the carrying amount of this asset may exceed its fair value. If the carrying value of an other intangible asset exceeds its fair value, an impairment loss is recognized in an amount equal to that excess. Other intangible assets with finite lives are amortized over their estimated useful lives and are evaluated each reporting period to determine if circumstances warrant a revision to these lives.

Impairment of Long-Lived Assets

We are required to assess long-lived assets for impairment whenever circumstances indicate impairment may have occurred. This analysis is performed by comparing the respective carrying values of the assets to the undiscounted expected future cash flows to be generated from such assets. Property and equipment is evaluated separately at the lowest level of identifiable cash flows. If such analysis indicates that the carrying value of these assets is not recoverable, the carrying value of such assets is reduced to fair value.

Vehicles

Vehicles are stated at cost, net of accumulated depreciation. The initial cost of the vehicles is recorded net of incentives and allowances from manufacturers. We acquire a portion of our rental vehicles pursuant to repurchase and guaranteed depreciation programs established by automobile manufacturers. Under these programs, the manufacturers agree to repurchase vehicles at a specified price and date, or guarantee the depreciation rate for a specified period of time, subject to certain eligibility criteria (such as car condition and mileage requirements). We depreciate vehicles such that the net book value on the date of return to the manufacturers is intended to equal the contractual guaranteed residual values, thereby minimizing any gain or loss.

Rental vehicles acquired outside of manufacturer repurchase and guaranteed depreciation programs are depreciated based upon their estimated residual values at their expected dates of disposition, after giving effect to anticipated conditions in the used car market. Any adjustments to depreciation are made prospectively.

The estimation of residual values requires us to make assumptions regarding the age and mileage of the car at the time of disposal, as well as expected used vehicle auction market conditions. We regularly evaluate estimated residual values and adjust depreciation rates as appropriate. Differences between actual residual values and those estimated result in a gain or loss on disposal and are recorded as part of

vehicle depreciation at the time of sale. Vehicle-related interest expense amounts are net of vehicle-related interest income of \$34 million, \$1 million, and \$1 million for 2023, 2022 and 2021, respectively.

Advertising Expenses

Advertising and digital marketing costs are generally expensed in the period incurred and are recorded within selling, general and administrative expenses in our Consolidated Statements of Operations. During 2023, 2022 and 2021, advertising costs were approximately \$86 million, \$64 million, and \$81 million, respectively. In addition, during 2023, 2022 and 2021, digital marketing costs were approximately \$86 million, \$71 million, and \$44 million, respectively.

Taxes

We account for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial statement and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date. As a result of the provisions of the Tax Cuts and Jobs Act, we account for Global Intangible Low-Taxed Income ("GILTI") as a component of current period income tax expense in the year incurred.

We record net deferred tax assets to the extent we believe that it is more likely than not that these assets will be realized. In making such determination, we consider all available positive and negative evidence, including scheduled reversals of deferred tax liabilities, projected future taxable income, tax planning strategies and recent results of operations. In the event we were to determine that we would be able to realize the deferred income tax assets in the future in excess of their net recorded amount, we would adjust the valuation allowance, which would reduce the provision for income taxes.

Fair Value Measurements

We measure the fair value of assets and liabilities and disclose the source for such fair value measurements. Financial assets and liabilities are classified as follows: Level 1, which refers to assets and liabilities valued using quoted prices from active markets for identical assets or liabilities; Level 2, which refers to assets and liabilities for which significant other observable market inputs are readily available; and Level 3, which are valued based on significant unobservable inputs.

The fair value of our financial instruments is generally determined by reference to market values resulting from trading on a national securities exchange or in an over-the-counter market (Level 1 inputs). In some cases where quoted market prices are not available, prices are derived by considering the yield of the benchmark security that was issued to initially price the instruments and adjusting this rate by the credit spread that market participants would demand for the instruments as of the measurement date (Level 2 inputs). In situations where long-term borrowings are part of a conduit facility backed by short-term floating rate debt, we have determined that its carrying value approximates the fair value of this debt (Level 2 inputs). The carrying amounts of cash and cash equivalents, available-for-sale securities, accounts receivable, program cash and accounts payable and accrued liabilities approximate fair value due to the short-term maturities of these assets and liabilities.

Our derivative assets and liabilities consist principally of currency exchange contracts, interest rate swaps, interest rate caps and commodity contracts, and are carried at fair value based on significant observable inputs (Level 2 inputs). Derivatives entered into by us are typically executed over-the-counter and are valued using internal valuation techniques, as no quoted market prices exist for such instruments. The valuation technique and inputs depend on the type of derivative and the nature of the underlying exposure. We principally use discounted cash flows to value these instruments. These models take into account a variety of factors including, where applicable, maturity, currency exchange rates, our interest rate yield curves and counterparties, credit curves, counterparty creditworthiness and commodity prices. These factors are applied on a consistent basis and are based upon observable inputs where available.

Derivative Instruments

Derivative instruments are used as part of our overall strategy to manage exposure to market risks associated with fluctuations in currency exchange rates, interest rates and fuel costs. As a matter of policy, derivatives are not used for trading or speculative purposes.

All derivatives are recorded at fair value either as assets or liabilities. Changes in fair value of derivatives not designated as hedging instruments are recognized currently in earnings within the same line item as the hedged item. The changes in fair value of a derivative that is designated as either a cash flow or net investment hedge is recorded as a component of accumulated other comprehensive income (loss) and reclassified into earnings in the same period or periods during which the hedged transaction affects earnings and is presented in the same income statement line item as the earnings effect of the hedged item. Amounts related to our derivative instruments are recognized in the Consolidated Statements of Cash Flows consistent with the nature of the hedged item (principally operating activities).

Currency Transactions

Currency gains and losses resulting from foreign currency transactions are generally included in operating expenses within the Consolidated Statements of Operations; however, the net gain or loss of currency transactions on intercompany loans and the unrealized gain or loss on intercompany loan hedges are included within interest expense related to corporate debt, net.

Self-Insurance Reserves

The Consolidated Balance Sheets include \$397 million and \$391 million of liabilities associated with retained risks of liability to third parties as of December 31, 2023 and 2022, respectively. Such liabilities relate primarily to public liability and third-party property damage claims, as well as claims arising from the sale of ancillary insurance products including, but not limited to, supplemental liability, personal effects protection and personal accident insurance. These obligations represent an estimate for both reported claims not yet paid and claims incurred but not yet reported. The estimated reserve requirements for such claims are recorded on an undiscounted basis utilizing actuarial methodologies and various assumptions which include, but are not limited to, our historical loss experience and projected loss development factors. The required liability is also subject to adjustment in the future based upon changes in claims experience, including changes in the number of incidents for which we are ultimately liable and changes in the cost per incident. These amounts are included within accounts payable and other current liabilities and other non-current liabilities.

The Consolidated Balance Sheets also include liabilities of approximately \$49 million and \$53 million as of December 31, 2023 and 2022, respectively, related to workers' compensation, health and welfare and other employee benefit programs. The liabilities represent an estimate for both reported claims not yet paid and claims incurred but not yet reported, utilizing actuarial methodologies similar to those described above. These amounts are included within accounts payable and other current liabilities and other non-current liabilities.

Stock-Based Compensation

Stock-based compensation cost is measured at the grant date, based on the fair value of the award, and is recognized as expense on a straight-line basis over the vesting period. Our policy is to record compensation expense for stock options, and restricted stock units that are time- and performance-based, for the portion of the award that vests. Compensation expense related to market-based restricted stock units is recognized provided that the requisite service is rendered, regardless of when, if ever, the market condition is satisfied. We estimate the fair value of restricted stock units using the market price of our common stock on the date of grant. We estimate the fair value of stock-based and cash unit awards containing a market condition using a Monte Carlo simulation model. Key inputs and assumptions used in the Monte Carlo simulation model include the stock price of the award on the grant date, the expected term, the risk-free interest rate over the expected term, the expected annual dividend yield and the expected stock price volatility. The expected volatility is based on a combination of the historical and implied volatility of our publicly traded, near-the-money stock options, and the valuation period is based on the vesting period of the awards. The risk-free interest rate is derived from the U.S. Treasury yield curve in effect at the

time of grant and, since we do not currently pay or plan to pay a recurring dividend on our common stock, the expected dividend yield was zero.

Business Combinations

We use the acquisition method of accounting for business combinations, which requires that the assets acquired and liabilities assumed be recorded at their respective fair values at the date of acquisition. Assets acquired and liabilities assumed in a business combination that arise from contingencies are recognized if fair value can be reasonably estimated at the acquisition date. The excess, if any, of (i) the fair value of the consideration transferred by the acquirer and the fair value of any non-controlling interest remaining in the acquiree, over (ii) the fair values of the identifiable net assets acquired is recorded as goodwill. Gains and losses on the re-acquisition of license agreements are recorded in the Consolidated Statements of Operations within transaction-related costs, net, upon completion of the respective acquisition. Costs incurred to effect a business combination are expensed as incurred, except for the cost to issue debt related to the acquisition.

We record contingent consideration resulting from a business combination at its fair value on the acquisition date. The fair value of the contingent consideration is generally estimated by utilizing a Monte Carlo simulation technique, based on a range of possible future results (Level 3). Any changes in contingent consideration are recorded in transaction-related costs, net.

Transaction-related Costs, net

Transaction-related costs, net are classified separately in the Consolidated Statements of Operations. These costs are comprised of expenses primarily related to acquisition-related activities such as due-diligence and other advisory costs, expenses related to the integration of the acquiree's operations with our comparable expenses, including the implementation of best practices and process improvements, non-cash gains and losses related to re-acquired rights, expenses related to pre-acquisition contingencies and contingent consideration related to acquisitions.

Investments

We account for investments for which we have the ability to exercise significant influence, but do not have a controlling interest, using the equity method of accounting and record our proportional share of net income or loss within operating expenses in the Consolidated Statements of Operations. We assess equity method investments for impairment whenever events or changes in circumstances indicate that the carrying amounts of such investments may not be recoverable. Any difference between the carrying value of the equity method investment and its estimated fair value is recognized as an impairment charge if the loss in value is deemed other than temporary. As of December 31, 2023 and 2022, we had investments with a carrying value of \$93 million and \$77 million, respectively, recorded within other non-current assets on the Consolidated Balance Sheets.

Aggregate realized gains and losses on equity investments and dividend income are recorded within operating expenses on the Consolidated Statements of Operations. During 2023, 2022 and 2021, the amounts realized from the sale of equity investments and dividend income was \$12 million, \$12 million, and \$10 million, respectively. See Note 17 – Related Party Transactions for our equity method investment in our former subsidiary.

Divestitures

We classify long-lived assets and liabilities to be disposed of as held for sale in the period in which they are available for immediate sale in their present condition and the sale is probable and expected to be completed within one year. We initially measure assets and liabilities held for sale at the lower of their carrying value or fair value less costs to sell, and we reassess their fair value each reporting period until disposed. When the divestiture represents a strategic shift that has, or will have, a major effect on our operations and financial results, the disposal is presented as a discontinued operation.

In February 2022, we completed the sale of our operations in the United States Virgin Islands for \$13 million, for the right to operate the Avis brand. During the year ended December 31, 2022, we recorded a gain of \$2 million within restructuring and other related charges.

In December 2021, we entered into a stock purchase agreement with Spuigroep B.V. to sell our operations in the Netherlands. In March 2022, we completed the sale of our operations in the Netherlands for \$15 million, subject to working capital adjustments, for the right to operate the Avis and Budget brands. During the year ended December 31, 2022, we recorded a loss of \$7 million, net of impact of foreign currency adjustments, within restructuring and other related charges. The Netherlands operations are reported within our International reporting segment.

In May 2021, we completed the sale of our operation in Argentina to Urbiz S.A. for \$4 million. As part of the sale, Urbiz S.A. agreed to pay the purchase price, plus interest, over two years for the right to operate the Avis and Budget brands. During the year ended December 31, 2021, we recorded a loss of \$14 million, net of the impact of foreign currency adjustments, within restructuring and other related charges. In addition, we paid severance to terminated employees of \$2 million.

Variable Interest Entity ("VIE")

We review our investments to determine if they are VIEs. A VIE is an entity in which either (i) the equity investors as a group lack the power through voting or similar rights to direct the activities of such entity that most significantly impact such entity's economic performance or (ii) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support. Entities that are determined to be VIEs are consolidated if we are the primary beneficiary of the entity. The primary beneficiary possesses the power to direct the activities of the VIE that most significantly impact its economic performance and has the obligation to absorb losses or the right to receive benefits from the VIE that are significant to it. We will reconsider our original assessment of a VIE upon the occurrence of certain events such as contributions and redemptions, either by us, or third parties, or amendments to an entity's governing documents. On an ongoing basis, we reconsider whether we are deemed to be a VIE's primary beneficiary. See Note 17 – Related Party Transactions for our VIE investment in our former subsidiary.

Nonmarketable Equity Securities

We classify investments without readily determinable fair values that are not accounted for under the equity method as nonmarketable equity securities. The accounting guidance requires nonmarketable equity securities to be recorded at cost and adjusted to fair value at each reporting period. We apply the measurement alternative, which allows these investments to be recorded at cost, less impairment, if any, and subsequently adjust for observable price changes of identical or similar investments of the same issuer. Any changes in value are recorded within operating expenses. As of December 31, 2023 and 2022, our nonmarketable equity securities within non-current assets on our Consolidated Balance sheets were not material and no material adjustments were made to the carrying values of these securities during the years ended December 31, 2023, 2022 or 2021.

Lessee

We have operating and finance leases for rental locations, corporate offices, vehicle rental fleet and equipment. Many of our operating leases for rental locations contain concession agreements with various airport authorities that allow us to conduct our vehicle rental operations on site. In general, concession fees for airport locations are based on a percentage of total commissionable revenue as defined by each airport authority, some of which are subject to minimum annual guaranteed amounts. Concession fees other than minimum annual guaranteed amounts are not included in the measurement of operating lease ROU assets and operating lease liabilities and are recorded as variable lease expense as incurred. Our operating leases for rental locations often also require us to pay or reimburse operating expenses.

We lease a portion of our vehicles under operating leases. As of December 31, 2023 and 2022, we have guaranteed up to \$52 million and \$65 million, respectively, of residual values for these vehicles at the end of their respective lease terms. We believe that, based on current market conditions, the net proceeds from the sale of these vehicles at the end of their lease terms will equal or exceed their net book values and therefore have not recorded a liability related to guaranteed residual values.

The components of lease expense are as follows:

5. Restructuring and Other Related Charges

During second quarter 2022, we initiated a restructuring plan to focus on consolidating our global operations by designing new processes and implementing new systems ("Cost Optimization"). As of December 31, 2023, we formally communicated the termination of employment to approximately 400 employees as part of this process, the majority of which have been terminated. We expect this initiative to be completed in 2024.

During first quarter 2021, we initiated a global restructuring plan to focus on cost discipline by reviewing headcounts, facilities and contractor agreements. We transformed our business as we exited the COVID-19 crisis by controlling fixed costs and matching variable costs to demand ("T21"). This initiative is complete.

During first quarter 2020, we initiated a global restructuring plan to reduce operating costs, such as headcount and facilities, due to declining reservations and revenue resulting from the COVID-19 outbreak ("2020 Optimization"). This initiative is complete.

During third quarter 2019, we initiated a restructuring plan to exit our operations in Brazil by closing rental facilities, disposing of assets and terminating personnel ("Brazil"). This initiative is complete.

During first quarter 2019, we initiated a restructuring plan to drive global efficiency by improving processes and consolidating functions, and to create new objectives and strategies for our truck rental operations in the United States by reducing headcount, large vehicles and rental locations ("T19"). This initiative is complete.

The following tables summarize the change to our restructuring-related liabilities and identifies the amounts recorded within our reporting segments for restructuring charges and corresponding payments and utilizations:

Other Related Charges

Limited Voluntary Opportunity Plans ("LVOP")

During the second quarter of 2021, our operations in our International segment offered a voluntary termination program to certain employees in field operations and general and administrative functions for a limited time. These employees, if qualified, elected resignation from employment in return for enhanced severance benefits to be settled in cash. During the year ended December 31, 2021, we recorded other related charges of approximately \$17 million in connection with the LVOP. As of December 31, 2021, approximately 130 employees elected to participate in the plan and the participants have been terminated.

Officer Separation Costs

In April 2022, we announced the departure of Veresh Sita as Executive Vice President and Chief Digital and Innovation Officer effective May 13, 2022. In connection with Mr. Sita's separation, we recorded other related charges of approximately \$1 million, inclusive of accelerated stock-based compensation expense, for the year ended December 31, 2022.

6. Acquisitions

2023

In June 2023, we completed the acquisition of a licensee in North America for approximately \$14 million, plus approximately \$20 million for acquired fleet. This investment is in-line with our strategy to re-acquire licensees when advantageous to expand our footprint of Company-operated locations. The acquired fleet was financed under our existing financing arrangements. In connection with this acquisition, approximately \$14 million was recorded to other intangibles related to license agreements. The license agreements are being amortized over a weighted average useful life of approximately five years. The fair value of the assets acquired and liabilities assumed has not yet been finalized and is therefore subject to change.

In September 2023, we completed the acquisition of McNicoll Vehicle Hire, a vehicle rental company in Scotland specializing in van and car rentals, for approximately \$17 million, net of acquired cash. The investment enabled the Company to expand its footprint of vehicle rental services in Scotland. The excess of the purchase price over preliminary fair value of net assets acquired was allocated to goodwill, which was assigned to the Company's International reportable segment. In connection with this acquisition, approximately \$10 million was recorded to goodwill, \$4 million was recorded to trade names, and \$1 million was recorded to customer relationships. The trade names and customer relationships will be amortized over a weighted average useful life of approximately 10 years. The goodwill is not deductible for tax purposes. The fair value of the assets acquired and liabilities assumed has not yet been finalized and is therefore subject to change.

In October 2023, we completed the acquisition of a licensee in North America for approximately \$10 million, plus approximately \$4 million for acquired fleet. This investment is in-line with our strategy to re-acquire licensees when advantageous to expand our footprint of Company-operated locations. The acquired fleet was financed under our existing financing arrangements. In connection with this acquisition, approximately \$10 million was recorded to other intangibles related to license agreements. The license agreements are being amortized over a weighted average useful life of approximately three years. The fair value of the assets acquired and liabilities assumed has not yet been finalized and is therefore subject to change.

2021

During 2021, we completed the acquisitions of various licensees in Europe and North America, for approximately \$23 million, plus \$22 million for acquired fleet. These investments were in-line with our strategy to re-acquire licensees when advantageous to expand our footprint of Company-operated locations. The acquired fleet was financed under our existing financing arrangements. In connection with these acquisitions, approximately \$28 million was recorded to other intangibles related to license agreements. The license agreements are being amortized over a weighted average useful life of approximately one year. Differences between the preliminary allocation of purchase price and the final allocation were not material.

<i>Deferred income tax assets:</i>

At December 31, 2023, we had U.S. federal net operating loss carryforwards of approximately \$4.9 billion. The majority of the net operating loss carryforwards have an indefinite utilization period pursuant to the Tax Act and a significant remaining portion expires by 2031. Such net operating loss carryforwards are primarily related to accelerated depreciation of our U.S. vehicles. Currently, we do not record valuation allowances on the majority of our U.S. federal tax loss carryforwards as there are adequate deferred tax liabilities that could be realized within the carryforward period. At December 31, 2023, we had foreign net operating loss carryforwards of approximately \$1.0 billion, the majority of which has an indefinite utilization period.

At December 31, 2023, we had undistributed earnings of certain foreign subsidiaries of approximately \$1.6 billion that we have indefinitely reinvested, and on which we have not recognized deferred taxes. Estimating the amount of potential tax is not practicable because of the complexity and variety of assumptions necessary to compute the tax.

The reconciliation between the U.S. federal income tax statutory rate and our effective income tax rate is as follows:

	Year Ended December 31,		
	2023	2022	2021
U.S. federal statutory rate	21.0 %	21.0 %	21.0 %
<i>Adjustments to reconcile to the effective rate:</i>			
State and local income taxes, net of federal tax benefits	4.0	3.9	5.5

(a) For the year ended December 31, 2022, we reclassified (0.4%) of certain tax credits to conform to the current year presentation. This reclassification had no impact to our reported effective income tax rate.

The following is a tabular reconciliation of the gross amount of unrecognized tax benefits for the year:

	2023	2022	2021
Balance, January 1	\$ 53	\$ 58	\$ 57
Additions for tax positions related to current year	5	4	4
Additions for tax positions for prior years	5	3	3

Statute of limitations	(2)	—	—
Foreign currency translation	2	(2)	(3)
Balance, December 31	<u>\$ 63</u>	<u>\$ 53</u>	<u>\$ 58</u>

We do not anticipate that total unrecognized tax benefits will change significantly in 2024.

We are subject to taxation in the United States and various foreign jurisdictions. As of December 31, 2023, the 2007 through 2022 tax years generally remain subject to examination by the federal tax authorities. The 2012 through 2022 tax years generally remain subject to examination by various state tax authorities. In significant foreign jurisdictions, the 2012 through 2022 tax years generally remain subject to examination by their respective tax authorities.

Substantially all of the gross amount of the unrecognized tax benefits at December 31, 2023, 2022 and 2021, if recognized, would affect our provision for income taxes. As of December 31, 2023, our unrecognized tax benefits were offset by tax loss carryforwards and other deferred tax assets in the amount of \$28 million.

The following table presents unrecognized tax benefits:

	As of December 31,	
	2023	2022
Unrecognized tax benefits in current income taxes payable ^(a)	\$ 17	\$ —
Unrecognized tax benefits in non-current income taxes payable ^(a)	21	33
Accrued interest payable on potential tax liabilities ^(b)	44	31

^(a) Pursuant to the agreements governing the disposition of certain subsidiaries in 2006, we are entitled to indemnification for certain predisposition tax contingencies. As of December 31, 2023, \$17 million of unrecognized tax benefits in current income taxes payable are related to tax contingencies which we believe we are entitled to indemnification. As of December 31, 2022, \$13 million unrecognized tax benefits in non-current income taxes payable are related to tax contingencies for which we believe we are entitled to indemnification.

^(b) We recognize potential interest related to unrecognized tax benefits within interest expense related to corporate debt, net on the accompanying Consolidated Statements of Operations. Penalties incurred during the years ended December 31, 2023, 2022 and 2021, were not significant and were recognized as a component of the provision for income taxes.

Americas

Debt due to Avis Budget Rental Car Funding. Avis Budget Rental Car Funding, an unconsolidated bankruptcy remote qualifying special purpose limited liability company, issues privately placed notes to investors as well as to banks and bank-sponsored conduit entities. Avis Budget Rental Car Funding uses the proceeds from its note issuances to make loans to our wholly-owned subsidiary, AESOP Leasing LP (“AESOP Leasing”), on a continuing basis. AESOP Leasing is required to use the proceeds of such loans to acquire or finance the acquisition of vehicles used in our rental car operations. By issuing debt through the Avis Budget Rental Car Funding program, we pay a lower rate of interest than if we had issued debt directly to third parties. Avis Budget Rental Car Funding is not consolidated, as we are not the “primary beneficiary” of Avis Budget Rental Car Funding. We determined that we are not the primary beneficiary because we do not have the obligation to absorb the potential losses or receive the benefits of Avis Budget Rental Car Funding’s activities since our only significant source of variability in the earnings, losses or cash flows of Avis Budget Rental Car Funding is exposure to our own creditworthiness, due to our loan from Avis Budget Rental Car Funding. Because Avis Budget Rental Car Funding is not consolidated, AESOP Leasing’s loan obligations to Avis Budget Rental Car Funding are reflected as related party debt on our Consolidated Balance Sheets. We also have an asset within Assets under vehicle programs on our Consolidated Balance Sheets which represents securities issued to us by Avis Budget Rental Car Funding. AESOP Leasing is consolidated, as we are the “primary beneficiary” of AESOP Leasing; as a result, the vehicles purchased by AESOP Leasing remain on our Consolidated Balance Sheets. We determined we are the primary beneficiary of AESOP Leasing, as we have the ability to direct its activities, an obligation to absorb a majority of its expected losses and the right to receive the benefits of AESOP Leasing’s activities. AESOP Leasing’s vehicles and related assets, which as of December 31, 2023, approximate \$18 billion and some of which are subject to manufacturer repurchase and guaranteed depreciation agreements, collateralize the debt issued by Avis Budget Rental Car Funding. The assets and liabilities of AESOP Leasing are presented on our Consolidated Balance Sheets within Assets under vehicle programs and Liabilities under vehicle programs, respectively. The assets of AESOP Leasing, included within assets under vehicle programs (excluding the investment in Avis Budget Rental Car Funding (AESOP) LLC—related party) are restricted. Such assets may be used only to repay the respective AESOP Leasing liabilities, included within Liabilities under vehicle programs, and to purchase new vehicles, although if certain collateral coverage requirements are met, AESOP Leasing may pay dividends from excess cash. The creditors of AESOP Leasing and Avis Budget Rental Car Funding have no recourse to our general credit. We periodically provide Avis Budget Rental Car Funding with non-contractually required support, in the form of equity and loans, to serve as additional collateral for the debt issued by Avis Budget Rental Car Funding.

The business activities of Avis Budget Rental Car Funding are limited primarily to issuing indebtedness and using the proceeds thereof to make loans to AESOP Leasing for the purpose of acquiring or financing the acquisition of vehicles to be leased to our rental car subsidiaries and pledging its assets to secure the indebtedness. Because Avis Budget Rental Car Funding is not consolidated by us, its results of operations and cash flows are not reflected within our financial statements.

The following table provides a summary of debt issued by AESOP during the years ended December 31, 2023 and 2022:

We used the proceeds from these borrowings to fund the repayment of maturing vehicle-backed debt and the acquisition of rental cars in the United States. Borrowings under the Avis Budget Rental Car Funding program primarily represent fixed rate notes and had a weighted average interest rate of 4.99% and 4.07% as of December 31, 2023 and 2022 respectively.

Debt borrowings. We finance the acquisition of vehicles used in our Canadian rental operations through a consolidated, bankruptcy remote special-purpose entity, which issues privately placed notes to investors and bank-sponsored conduits. We finance the acquisition of fleet for our truck rental operations in the United States through a combination of debt facilities and leases. These debt borrowings represent a mix of fixed and floating rate debt and had a weighted average interest rate of 5.77% and 4.26% as of December 31, 2023 and 2022 respectively.

International

Debt borrowings. In EMEA we operate a €1.7 billion European rental fleet securitization program, with maturity in 2024, which is used to finance fleet purchases for certain of our European operations. The International borrowings primarily represent floating rate notes and had a weighted average interest rate of 5.51% and 3.92% as of December 31, 2023 and 2022, respectively.

Finance leases. We obtain a portion of our International vehicles under finance lease arrangements. For the years ended December 31, 2023 and 2022, the weighted average interest rate on these borrowings was 3.68% and 1.82% respectively. All finance leases are on a fixed repayment basis and interest rates are fixed at the contract date.

Debt Covenants

The agreements under our vehicle-backed funding programs contain restrictive covenants, including restrictions on dividends paid to us by certain of our subsidiaries and restrictions on indebtedness, mergers, liens, liquidations and sale and leaseback transactions, and in some cases also require compliance with certain financial requirements. As of December 31, 2023, we are not aware of any instances of non-compliance with any of the financial or restrictive covenants contained in the debt agreements under our vehicle-backed funding programs.

15. Commitments and Contingencies

Contingencies

In 2006, we completed the spin-offs of our Realogy and Wyndham subsidiaries (now known as Anywhere Real Estate, Inc., and Wyndham Hotels and Resorts, Inc. and Travel + Leisure Co., respectively). We do not believe that the impact of any resolution of pre-existing contingent liabilities in connection with the spin-offs should result in a material liability to us in relation to our consolidated financial position or liquidity, as Anywhere Real Estate, Inc., Wyndham Hotels and Resorts, Inc. and Travel + Leisure Co. have agreed to assume responsibility for these liabilities. In March 2023, the California Office of Tax Appeals (“OTA”) issued an opinion in a case involving notices of proposed assessment of California corporation franchise tax for tax year 1999 issued to us. The case involves whether (i) the notices of proposed assessment were barred by the statute of limitations; and (ii) a transaction undertaken by us in tax year 1999 constituted a tax-free reorganization under the Internal Revenue Code (“IRC”). The OTA concluded that the notices of proposed assessment were not barred by the statute of limitations and that the 1999 transaction was not a tax-free reorganization under the IRC. Anywhere Real Estate, Inc. has assumed 62.5%, and Wyndham Hotels and Resorts, Inc. and Travel + Leisure Co. have assumed 37.5% of the potential tax liability in this matter, respectively. We have filed a petition for rehearing and intend to vigorously pursue this matter. We are also named in litigation that is primarily related to the businesses of our former subsidiaries, including Realogy and Wyndham. We are entitled to indemnification from such entities for any liability resulting from such litigation.

In September 2014, Dawn Valli et al. v. Avis Budget Group Inc., et al. was filed in U.S. District Court for the District of New Jersey. The plaintiffs seek to represent a purported nationwide class of certain renters of vehicles from our Avis and Budget subsidiaries from September 30, 2008 through the present. The plaintiffs seek damages in connection with claims relating to alleged misrepresentations and omissions concerning charging customers for traffic infractions and related administrative fees. On October 10, 2023, plaintiffs’ motion for class certification was denied as to their proposed nationwide class and granted as to a subclass, created at the Court’s discretion, of Avis Preferred and Budget Fastbreak members. We have been named as a defendant in other purported consumer class action lawsuits, including two class actions filed against us in New Jersey, one seeking damages in connection with a breach of contract claim and another related to ancillary charges at our Payless subsidiary. However, the Company intends to vigorously defend them.

We are currently involved, and in the future may be involved, in claims and/or legal proceedings, including class actions, and governmental inquiries that are incidental to our vehicle rental and car sharing operations, including, among others, contract and licensee disputes, competition matters, employment and wage-and-hour claims, insurance and liability claims, intellectual property claims, business practice disputes and other regulatory, environmental, commercial and tax matters. We are a defendant in a number of legal proceedings for personal injury arising from the operation of our vehicles. In June 2023, two of our subsidiaries were named as defendants in a lawsuit filed in Dallas, Texas alleging that one of our employees caused the death of an individual with one of our vehicles: Peggy Dawson Edwards, Individually and as Anticipated Representative of the Estate of Michael Edwards, Sr., et. al. v. Avis Budget Car Rental, LLC; PV Holding Corp.; and Kevin Barnes, Cause No. CC-23-03188-E, pending in County Court at Law No. 5 for Dallas County, Texas. The complaint alleges that our subsidiaries are responsible for Mr. Edwards’ death and seeks compensatory and punitive damages in an unspecified amount exceeding \$1 million. The court has set a trial date in November 2024 for this lawsuit. Given the early stages of the legal proceedings, it is not possible to predict the outcome of the claim. However, the Company intends to vigorously defend it.

Litigation is inherently unpredictable and, although we believe that our accruals are adequate and/or that we have valid defenses in these matters, unfavorable resolutions could occur. We estimate that the potential exposure resulting from adverse outcomes of current legal proceedings in which it is reasonably possible that a loss may be incurred could, in the aggregate, be up to approximately \$40 million in excess of amounts accrued as of December 31, 2023. We do not believe that the impact should result in a material liability to us in relation to our consolidated financial condition or results of operations.

Commitments to Purchase Vehicles

We maintain agreements with vehicle manufacturers under which we have agreed to purchase approximately \$6.8 billion of vehicles from manufacturers over the next 12 months, which is consistent with December 31, 2022, financed primarily through the issuance of vehicle-backed debt and cash received upon the disposition of vehicles. Certain of these commitments are subject to the vehicle manufacturers satisfying their obligations under their respective repurchase and guaranteed depreciation agreements.

Other Purchase Commitments

In the normal course of business, we make various commitments to purchase other goods or services from specific suppliers, including those related to marketing, advertising, computer services and capital expenditures. As of December 31, 2023, we had approximately \$149 million of purchase obligations, which extend through 2028.

Concentrations

Concentrations of credit risk at December 31, 2023, include (i) risks related to our repurchase and guaranteed depreciation agreements with domestic and foreign car manufacturers and primarily with respect to receivables for program cars that have been disposed, but for which we have not yet received payment from the manufacturers and (ii) risks related to Realogy and Wyndham, including receivables of \$38 million and \$23 million, respectively, related to certain contingent, income tax and other corporate liabilities assumed by Realogy and Wyndham in connection with their disposition.

Asset Retirement Obligations

We maintain a liability for asset retirement obligations. An asset retirement obligation is a legal obligation to perform certain activities in connection with the retirement, disposal or abandonment of assets. Our asset retirement obligations, which are measured at discounted fair values, are primarily related to the removal of underground fuel storage tanks at our rental facilities. The Consolidated Balance Sheets include a liability for asset retirement obligations of approximately \$27 million and \$26 million at December 31, 2023 and 2022, respectively.

Standard Guarantees/Indemnifications

In the ordinary course of business, we enter into numerous agreements that contain standard guarantees and indemnities whereby we agree to indemnify another party, among other things, for performance under contracts and any breaches of representations and warranties thereunder. In addition, many of these parties are also indemnified against any third-party claim resulting from the transaction that is contemplated in the underlying agreement. Such guarantees or indemnifications are granted under various agreements, including those governing (i) purchases, sales or outsourcing of assets, businesses or activities, (ii) leases of real estate, (iii) licensing of trademarks, (iv) access to credit facilities and use of derivatives and (v) issuances of debt or equity securities. The guarantees or indemnifications issued are for the benefit of the (i) buyers in sale agreements and sellers in purchase agreements, (ii) landlords in lease contracts, (iii) licensees under licensing agreements, (iv) financial institutions in credit facility arrangements and derivative contracts and (v) underwriters and placement agents in debt or equity security issuances. While some of these guarantees extend only for the duration of the underlying agreement, many may survive the expiration of the term of the agreement or extend into perpetuity (unless subject to a legal statute of limitations). There are no specific limitations on the maximum potential amount of future payments that we could be required to make under these guarantees, nor are we able to develop an estimate of the maximum potential amount of future payments to be made under these guarantees as the triggering events are not subject to predictability. With respect to certain of the aforementioned guarantees, such as indemnifications provided to landlords against third-party claims for the use of real estate property leased by us, we maintain insurance coverage that mitigates our potential exposure.

16. Stockholders' Equity

Cash Dividend Payments

In December 2023, we paid a special cash dividend of \$10.00 per share to all holders of our common stock as of December 15, 2023, totaling approximately \$355 million. During 2022 and 2021, we did not declare or

pay any cash dividends. Our ability to pay dividends to holders of our common stock is limited by our senior credit facility, the indentures governing our senior notes and our vehicle financing programs.

Share Repurchases

Our Board of Directors authorized the repurchase of up to approximately \$8.1 billion of our common stock under a plan originally approved in 2013 and subsequently expanded most recently in February 2023 (the “Stock Repurchase Program”). During 2023, 2022 and 2021, we repurchased approximately 35.4 million shares of common stock at a cost of approximately \$5.6 billion (excluding excise taxes due for 2023 repurchases under the Inflation Reduction Act of 2022) under the program. As of December 31, 2023, approximately \$802 million of authorization remained available to repurchase common stock under this plan.

For the year ended December 31, 2021, the amount reclassified from accumulated other comprehensive income (loss) into vehicle interest expense was losses of \$2 million (\$2 million, net of tax).

17. Related Party Transactions

SRS Mobility Ventures, LLC

In 2021, SRS Mobility Ventures, LLC acquired a 33 1/3% Class A Membership Interest in one of our subsidiaries at fair value of \$37.5 million. SRS Mobility Ventures, LLC is an affiliate of our largest shareholder, SRS Investment Management, LLC.

On September 1, 2022, through the issuance of Class B Preferred Voting Membership Interests, SRS Mobility Ventures, LLC increased their ownership in this subsidiary to 51% at a fair value of \$62 million. As a result, we deconsolidated our former subsidiary, Avis Mobility Ventures LLC (“AMV”), from our financial

statements and began to report our proportional share of the former subsidiary's income or loss within other (income) expense, net in our Consolidated Statements of Operations as we do not have the ability to direct the significant activities of the former subsidiary and are therefore no longer primary beneficiary of the VIE. In August and October 2023, SRS made capital contributions to AMV, increasing their ownership to approximately 65%.

In accordance with ASC Topic 810-10-40, we must deconsolidate a subsidiary as of the date we cease to have a controlling interest in that subsidiary and recognize the gain or loss in net income at that time. The fair value of our retained investment was determined utilizing a discounted cash flow methodology based on various assumptions, including projections of future cash flows, which include forecast of future revenue and EBITDA. Upon deconsolidation, our former subsidiary had a net asset carrying amount of \$49 million resulting in a gain of \$10 million, which was reported within other (income) expense, net during the year ended December 31, 2022.

We continue to provide vehicles, related fleet services, and certain administrative services to AMV to support their operations. For the years ended December 31, 2023 and 2022, we recorded \$22 million and \$7 million of related income within other (income) expense, net, respectively. For the years ended December 31, 2023 and 2022, we recorded losses of \$25 million and \$10 million within other (income) expense, net, related to our equity method investment, respectively.

As of December 31, 2023 and 2022, receivables from AMV related to these services were \$2 million and \$6 million, respectively, and our net investment in vehicle finance lease with AMV, which is included in vehicles, net, was \$31 million and \$36 million, respectively. The carrying value of our equity investment in AMV as of December 31, 2023 and 2022 was approximately \$24 million and \$49 million, respectively, which is included in other non-current assets.

18. Stock-Based Compensation

Our Amended and Restated Equity and Incentive Plan provides for the grant of options, stock appreciation rights, restricted stock, restricted stock units ("RSUs") and other stock- or cash-based awards to employees, directors and other individuals who perform services for us and our subsidiaries. The maximum number of shares reserved for grant of awards under the plan is 22.5 million, with approximately 3.9 million shares available as of December 31, 2023. We typically settle stock-based awards with treasury shares.

Time-based awards generally vest ratably over a three-year period following the date of grant, and performance- or market-based awards generally vest three years following the date of grant based on the attainment of performance- or market-based goals, all of which are subject to a service condition.

Stock Unit Awards

Stock unit awards entitle the holder to receive shares of common stock upon vesting on a one-to-one basis. Certain performance-based RSUs vest based upon the level of performance attained, but vesting can increase (typically by up to 20%) if certain relative total shareholder return goals are achieved. Market-based RSUs generally vest based on the level of total shareholder return or absolute stock price attainment.

As part of our declaration and payment of a special cash dividend in December 2023, we granted additional RSUs to our award holders with unvested shares as a dividend equivalent, which has been deferred until, and will not be paid unless, the shares of stock underlying the award vest.

In 2020, we granted market-based RSUs that vest based on absolute stock price attainment. The grant date fair value of this award is estimated using a Monte Carlo simulation model. The weighted average assumptions used in the model are outlined in the table below. During the years ended December 31, 2023 and 2022, we did not issue any stock unit awards containing a market condition.

The weighted-average fair value of time-based RSUs, and performance-based and market-based RSUs granted in 2022 was \$172.34 and \$193.48, respectively, and the weighted-average fair value of time-based RSUs and performance-based RSUs granted in 2021 was \$65.23 and \$62.27, respectively.

^(b) The total fair value of RSUs vested during 2023, 2022 and 2021 was \$21 million, \$22 million and \$17 million, respectively.

^(c) Aggregate unrecognized compensation expense related to time-based RSUs and performance-based and market-based RSUs amounted to \$45 million and will be recognized over a weighted average vesting period of 1.0 year.

Non-employee Directors Deferred Compensation Plan

We grant stock awards on an annual basis to non-employee directors representing between 50% and 100% of a director's annual compensation and such awards could be deferred under the Non-employee Directors Deferred Compensation Plan. During 2023, 2022 and 2021, we granted 4,000, 2,500, and 8,800 awards, respectively, to non-employee directors.

Stock-Compensation Expense

During 2023, 2022 and 2021, we recorded stock-based compensation expense of \$30 million (\$21 million, net of tax), \$25 million (\$17 million, net of tax), and \$30 million (\$21 million, net of tax), respectively.

19. Employee Benefit Plans

Defined Contribution Savings Plans

We sponsor several defined contribution savings plans in the United States and certain foreign subsidiaries that provide certain of our eligible employees an opportunity to accumulate funds for retirement. We match portions of the contributions of participating employees on the basis specified by the plans. Our contributions to these plans were \$29 million, \$26 million, and \$22 million during 2023, 2022 and 2021, respectively.

Defined Benefit Pension Plans

We sponsor defined benefit pension plans in the United States and in certain foreign subsidiaries with some plans offering participation in the plans at the employees' option. Under these plans, benefits are based on an employee's years of credited service and a percentage of final average compensation. However, the majority of the plans are closed to new employees and participants are no longer accruing benefits.

The funded status of the defined benefit pension plans is recognized on the Consolidated Balance Sheets and the gains or losses and prior service costs or credits that arise during the period, but are not recognized as components of net periodic benefit cost, are recognized as a component of accumulated other comprehensive loss, net of tax.

The components of net periodic (benefit) cost consisted of the following:

	Year Ended December 31,		
	2023	2022	2021
Service cost ^(a)	\$ 3	\$ 5	\$ 6
Interest cost ^(b)	27	16	12

^(a) For the years ended December 31, 2023, 2022, and 2021, \$3 million, \$4 million, and \$4 million was included in operating expenses, respectively. For the years ended December 31, 2022 and 2021, \$1 million, and \$2 million was included in selling, general and administrative expenses, respectively.

^(b) Included in selling, general and administrative expenses.

We use a measurement date of December 31 for our pension plans. The funded status of the pension plans were as follows:

	As of December 31,	
	2023	2022
Change in Benefit Obligation		
Benefit obligation at end of prior year	\$ 575	\$ 881

Amounts recognized in the statement of financial position consist of the following:

	2023	2022
Classification of net balance sheet assets (liabilities):		
Non-current assets	\$ 24	\$ 36
Current liabilities	(4)	(4)
Non-current liabilities	(100)	(93)
Net funded status	<u>\$ (80)</u>	<u>\$ (61)</u>

The following assumptions were used to determine pension obligations and pension costs for the principal plans in which our employees participated:

	For the Year Ended December 31,		
	2023	2022	2021
U.S. Pension Benefit Plans			
Discount rate:			
Net periodic benefit cost	5.18 %	2.67 %	2.25 %
Benefit obligation	4.96 %	5.18 %	2.67 %
Long-term rate of return on plan assets	6.25 %	6.25 %	6.75 %
Non-U.S. Pension Benefit Plans			
Discount rate:			
Net periodic benefit cost	4.79 %	1.83 %	1.40 %
Benefit obligation	4.40 %	4.79 %	1.83 %
Long-term rate of return on plan assets	5.59 %	4.39 %	3.71 %

To select discount rates for our defined benefit pension plans, we use a modeling process that involves matching the expected cash outflows of such plans, to yield curves constructed from portfolios of AA-rated fixed-income debt instruments. We use the average yields of the hypothetical portfolios as a discount rate benchmark.

Our expected rate of return on plan assets of 6.25% and 5.59% for the U.S. plans and non-U.S. plans, respectively, used to determine pension obligations and pension costs, are long-term rates based on historic plan asset returns in individual jurisdictions, over varying long-term periods combined with current market expectations and broad asset mix considerations.

As of December 31, 2023 and 2022, plans with projected benefit obligations in excess of plan assets had projected benefit obligations of \$350 million and \$332 million, respectively, and plan assets of \$246 million and \$235 million, respectively. As of December 31, 2023 and 2022, plans with accumulated benefit obligations in excess of plan assets had accumulated benefit obligations of \$346 million and \$329 million, respectively, and plan assets of \$246 million and \$235 million, respectively. The accumulated benefit obligation for all plans was \$615 million and \$571 million as of December 31, 2023 and 2022, respectively. We expect to contribute approximately \$1 million to the plans in 2024.

Our defined benefit pension plans' assets are invested primarily in mutual funds and may change in value due to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of the pension plans' investment securities will occur in the near term and that such changes would materially affect the amounts reported in our financial statements.

The defined benefit pension plans' investment goals and objectives are managed by us or Company-appointed and member-appointed trustees with consultation from independent investment advisors. While the objectives may vary slightly by country and jurisdiction, collectively we seek to produce returns on pension plan investments, which are based on levels of liquidity and investment risk that we believe are prudent and reasonable, given prevailing capital market conditions. The pension plans' assets are managed

in the long-term interests of the participants and the beneficiaries of the plans. A suitable strategic asset allocation benchmark is determined for each plan to maintain a diversified portfolio, taking into account government requirements, if any, regarding unnecessary investment risk and protection of pension plans' assets. We believe that diversification of the pension plans' assets is an important investment strategy to provide reasonable assurance that no single security or class of securities will have a disproportionate impact on the pension plans. As such, we allocate assets among traditional equity, fixed income (government issued securities, corporate bonds and short-term cash investments) and other investment strategies.

The equity component's purpose is to provide a total return that will help preserve the purchasing power of the assets. The pension plans hold various mutual funds that invest in equity securities and are diversified among funds that invest in large cap, small cap, growth, value and international stocks as well as funds that are intended to "track" an index, such as the S&P 500. The equity investments in the portfolios will represent a greater assumption of market volatility and risk as well as provide higher anticipated total return over the long term. The equity component is expected to approximate 35%-55% of the plans' assets.

The purpose of the fixed income component is to provide a deflation hedge, to reduce the overall volatility of the pension plans' assets in relation to the liability and to produce current income. The pension plans hold mutual funds that invest in securities issued by governments, government agencies and corporations. The fixed income component is expected to approximate 35%-55% of the plans' assets.

The purpose of the alternative investment component is to provide diversification and risk reduction through less correlated investment strategies with the goal of enhanced returns and downside protection. Alternative strategies will not be used if they are designed solely to enhance return and/or employ significant leverage. Diversification of asset categories, investment styles and managers is central to managing investment risk. The alternative investment component is expected to approximate 5%-15% of the plans' assets.

The following table presents the defined benefit pension plans' assets measured at fair value:

Multiemployer Plans

We contribute to a number of multiemployer plans under the terms of collective-bargaining agreements that cover a portion of our employees. The risks of participating in these multiemployer plans are different from single-employer plans in the following aspects: (i) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers; (ii) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers; (iii) if we elect to stop participating in a multiemployer plan, we may be required to contribute to such plan an amount based on the under-funded status of the plan; and (iv) we have no involvement in the management of the multiemployer plans' investments. For the years ended December 31, 2023, 2022, and 2021, we contributed \$10 million, \$8 million and \$7 million, respectively, to multiemployer plans.

20. Financial Instruments

Risk Management

Currency Risk. We use currency exchange contracts to manage our exposure to changes in currency exchange rates associated with certain of our non-U.S.-dollar denominated receivables and forecasted royalties, forecasted earnings of non-U.S. subsidiaries and forecasted non-U.S. dollar denominated acquisitions. We primarily hedge a portion of our current-year currency exposure to the Australian, Canadian and New Zealand dollars, the euro and the British pound sterling. The majority of forward contracts do not qualify for hedge accounting treatment. The fluctuations in the value of these forward contracts do, however, largely offset the impact of changes in the value of the underlying risk they economically hedge. Forward contracts used to hedge forecasted third-party receipts and disbursements up to 12 months are designated and do qualify as cash flow hedges. We have designated our euro-denominated notes as a hedge of our investment in euro-denominated foreign operations.

The estimated net amount of existing gains or losses we expect to reclassify from accumulated other comprehensive income (loss) to earnings for cash flow and net investment hedges over the next 12 months is not material.

Interest Rate Risk. We use various hedging strategies including interest rate swaps and interest rate caps to create what we deem an appropriate mix of fixed and floating rate assets and liabilities. We use interest rate swaps and interest rate caps to manage the risk related to our floating rate corporate debt and our floating rate vehicle-backed debt. We record the changes in the fair value of our cash flow hedges to other comprehensive income (loss), net of tax, and subsequently reclassify these amounts into earnings in the period during which the hedged transaction affects earnings and is presented in the same income statement line item as the earnings effect of the hedged item. We record the gains or losses related to freestanding derivatives, which are not designated as a hedge for accounting purposes, currently in earnings and are presented in the same line of the income statement expected for the hedged item. We estimate that approximately \$24 million of gain currently recorded in accumulated other comprehensive income (loss) will be recognized in earnings over the next 12 months.

Commodity Risk. We periodically enter into derivative commodity contracts to manage our exposure to changes in the price of fuel. These instruments were designated as freestanding derivatives and the changes in fair value are recorded in earnings and are presented in the same line of the income statement expected for the hedged item.

Credit Risk and Exposure. We are exposed to counterparty credit risks in the event of nonperformance by counterparties to various agreements and sales transactions. We manage such risk by evaluating the financial position and creditworthiness of such counterparties and by requiring collateral in certain instances in which financing is provided. We mitigate counterparty credit risk associated with our derivative contracts by monitoring the amount for which we are at risk with each counterparty, periodically evaluating counterparty creditworthiness and financial position, and where possible, dispersing our risk among multiple counterparties.

There were no significant concentrations of credit risk with any individual counterparty or groups of counterparties at December 31, 2023 or 2022, other than (i) risks related to our repurchase and guaranteed depreciation agreements with domestic and foreign car manufacturers, and primarily with respect to

receivables for program cars that were disposed but for which we have not yet received payment from the manufacturers (see Note 2 – Summary of Significant Accounting Policies), (ii) receivables from Realogy and Wyndham related to certain contingent, income tax and other corporate liabilities assumed by Realogy and Wyndham in connection with their disposition and (iii) risks related to leases which have been assumed by Realogy but of which we are a guarantor. Concentrations of credit risk associated with trade receivables are considered minimal due to our diverse customer base. We do not normally require collateral or other security to support credit sales.

21. Segment Information

Our chief operating decision-maker assesses performance and allocates resources based upon the separate financial information of our operating segments. In identifying our reportable segments, we also consider the nature of services provided by our operating segments, the geographical areas in which the segments operate and other relevant factors. We aggregate certain of our operating segments into our reportable segments.

Management evaluates the operating results of each of our reportable segments based upon revenues and Adjusted EBITDA, which we define as income (loss) from continuing operations before non-vehicle related depreciation and amortization; any impairment charges; restructuring and other related charges; early extinguishment of debt costs; non-vehicle related interest; transaction-related costs, net; charges for legal matters, net, which includes amounts recorded in excess of \$5 million related to class action lawsuits and personal injury matters; non-operational charges related to shareholder activist activity, which includes third-party advisory, legal and other professional fees; COVID-19 charges, net; cloud computing costs; other (income) expense, net, and income taxes.

We believe Adjusted EBITDA is useful as a supplemental measure in evaluating the performance of our operating businesses and in comparing our results from period to period. We also believe that Adjusted EBITDA is useful to investors because it allows them to assess our results of operations and financial condition on the same basis that management uses internally. Our presentation of Adjusted EBITDA may not be comparable to similarly-titled measures used by other companies.

The System has acquired substantial good will through the efforts of Avis and its international network of mutually interdependent licensees and affiliate-owned operations (the “**Network**”). The System may be improved, further developed or otherwise modified by Avis through the use of standards, specifications and operating procedures prescribed by Avis in its Rent A Car Administration Manual (the “**Manual**”). Licensee shall be exclusively licensed by Avis to use the System and the Marks to conduct a Rental Business offering for rental the types of vehicles designed primarily for transporting passengers, including sport utility vehicles (“**SUVs**”) of any size, crossovers, passenger vans of any occupancy and smaller than medium duty pick-up trucks (collectively, the “**Vehicles**”). In executing this Agreement, Licensee shall operate the Rental Business in conformity with the Standards, to strictly comply with the provisions of this Agreement and conduct the Rental Business ethically, honestly and fairly. Licensee will not conduct the Rental Business in a manner, which may discredit or impair the value of the Rental Business, the System or the Marks. AGREEMENT

ARTICLE I

EXCLUSIVE LICENSE

1.1 Exclusive License. Subject to the provisions hereof (including **Paragraphs 1.2 and 1.3**) and the continuing performance by Licensee of its obligations under this Agreement and the Standards, and excluding Licensee's right to license and conduct non-exclusive Rental Business, Avis hereby grants to Licensee the exclusive right and license to conduct a Rental Business under the Marks and the System within the geographical territory identified on Summary Pages (Section 3) hereto (the "**Territory**"). Licensee accepts such license and agrees to use its best efforts to develop and continuously operate the Rental Business in accordance with this Agreement and the Standards.

1.2 Reservation of Rights for Licensee's Rental Business. Licensee will not operate the Rental Business or any part thereof except from the Location (s) identified on Summary Pages (Section 4) hereto or such other Location (s) within the Territory approved by Avis. Licensee may serve any customer without regard to the customer's domicile, provided Licensee will not pick up customers or deliver Vehicles outside of the Territory, nor will Licensee rent any Vehicles which are not returnable by the customer to a Location operated by Licensee within the Territory, unless such rental is made pursuant to an authorized Avis program. In connection with the license granted to Licensee hereunder, the term "**Rental Business**" is defined exclusively as the business of renting and leasing Vehicles and such other vehicles, without drivers, as may be approved by Avis in writing, for a period not to exceed one hundred and eighty (180) days under the Marks and the System, and does not include or refer to the rental, lease or sharing of any other vehicle or product or to any other business or commercial activity, including any business engaged in the sale of new or used vehicles or the rental, lease or sharing of any type of vehicle not authorized by Avis.

Avis reserves all rights not expressly granted to Licensee in this Agreement, including rights of Avis and its affiliates and parent companies and subsidiaries (collectively, the "**Related Entities**") to: (a) operate, and grant others the right to operate, one or more Rental Business outside the Territory and, under certain circumstances as agreed to in **Paragraphs 6.1, 11.7, 11.10, 11.11 and 11.12**, inside the Territory, on such terms and conditions as Avis deems appropriate; (b) hire and/or appoint sales persons and general sales agents and negotiate and enter into local, regional, national and international sales and marketing agreements with persons or entities located within the Territory; (c) use the Marks for any purpose within the Territory, other than for the operation of a Rental Business at a location within the Territory (subject to Avis' rights under **Paragraphs 6.1, 11.7, 11.10, 11.11 and 11.12**); (d) operate, and grant others the right to operate, businesses (including businesses that offer for rent, lease, share or sale Vehicles and other motorized and non-motorized equipment) outside and within the Territory under trademarks different than the Marks; and (e) offer and sell products and services to customers located anywhere, whether inside or outside of the Territory, under the Marks or any other trademarks or service marks through alternative channels of distribution, like the Internet, e-mail, digital cellular networks, smartphone applications and similar e-commerce channels, as well as tour operators, wholesalers, telemarketing or other direct marketing. In addition, Avis and its Related Entities may advertise its services to any person anywhere including in the Territory. Licensee may advertise for customers outside the Territory, but not in yellow pages advertising circulated wholly outside the Territory.

Nothing in this Agreement will prohibit Avis or its Related Entities from: (i) operating, and granting others the right to operate, a Rental Business in the Territory where such Rental Business offers for rental, lease, share or sale vehicles other than the Vehicles; (ii) operating the System alongside or in conjunction with any of the Related Entities; or (iii) selling their assets, engaging in a public offering or private placement of ownership interests, merging with or acquiring other corporations or entities, or being acquired by another corporation or entity (including a corporation or entity which may own or operate systems or chains which may be competitive with or similar to the Network).

1.3 Prohibition Against Sublicensing. Licensee no right or authority to grant a sublicense to any person to perform any part of Licensee’s rights or obligations.

1.4 Territory. This license will be exclusive, for the Rental Business and non-exclusive for Rental Business, subject to the terms of this Agreement, only throughout the Territory as it exists on the Effective Date (as defined in the Summary Pages (Section 7)). If the Territory description, as understood in the future, defines a territory larger than the Territory as it exists as of the Effective Date (the “**Expanded Territory**”), the Territory will include such Expanded Territory provided that such territory is not being served by corporate locations or has not already been licensed by Avis to another person or entity.

1.5 Exclusive Relationship. Avis would be unable to protect its confidential information against unauthorized use or disclosure and would be unable to encourage a free exchange of ideas and information among the Network and between Licensee and Avis if Licensee, its beneficial owners or persons related to Licensee or its beneficial owners were permitted to engage in other businesses competing with Rental Business or Avis. Accordingly, neither Licensee, its beneficial owners, any immediate family member of Licensee or its beneficial owners, nor any of Licensee’s principal officers or directors will, during the term of this Agreement, directly or indirectly, participate or engage in as an owner, partner, director, officer, employee, consultant or agent, or in any other capacity, in any other vehicle rental business, car sales or sharing business or system located or operating anywhere in the United States (or its territories or possessions), except other vehicle rental or vehicle sharing businesses operated under license agreements with Avis or, with Avis’ consent, any of the Related Entities.

ARTICLE II

MARKS AND SYSTEM

2.1 Avis’ Exclusive Ownership. Avis represents that it has applied for or is applying for registration in the Territory of the Marks. Licensee acknowledges and agrees that Avis, or one of its Related Entities, by and through its wholly owned direct subsidiary Wizard Co, Inc., owns all rights to and interest in the Marks, and has exclusive ownership of the System, and that Licensee’s use of the Marks, or any variation thereof, and any goodwill established thereby inures to the exclusive benefit of Avis. Licensee agrees not to contest, or assist anyone else in contesting, at any time during or after the term of this Agreement, in any manner, the validity of Avis’ exclusive ownership of and rights to the Marks, the limitations on Licensee usage (as defined below and in the then-current Standards) or any element of the System, whether now existing or hereafter created or obtained.

2.2 Notification of Infringement/Claim. Licensee shall notify Avis immediately in writing of any apparent infringement of or challenge to Licensee’s use of any Mark or claim by any person other

than Avis of any rights in any Mark or any similar trade name, trademark or service mark of which Licensee becomes aware. Licensee shall not communicate with any person other than Avis and Avis' counsel in connection with any such infringement, challenge or claim. Avis will have sole discretion to take such action as it deems appropriate and the right to control exclusively any litigation or administrative proceeding arising out of any such infringement, challenge or claim or otherwise relating to any Mark. Licensee shall execute any documents, render such assistance and do such acts and things as may, in the opinion of counsel for Avis, be necessary or advisable to protect the interest of Avis in any such litigation or proceeding or to otherwise protect the interest of Avis in the Marks. Avis will indemnify, defend and hold harmless Licensee from any third party damages suffered by Licensee in any such litigation or proceeding arising from Licensee's proper use of any Mark, and Avis may resolve the matter by obtaining a license for Licensee at Avis' expense, or by requiring that Licensee discontinue using the infringing mark or modify Licensee's use of such mark to avoid infringing the rights of any third party. Licensee shall not infringe upon the trademark rights of any third parties, will cease any infringing activities upon request by Avis and agrees to fully indemnify, defend and hold harmless Avis from any third party infringement claims and or damages suffered by Avis in any such litigation or proceeding arising from Licensee's activities.

2.3 Limitation On Use. Licensee will not register or apply to register any trademarks or service marks containing or comprising the term Avis, or any of the other Marks, in whole or in part, at any time during or after the term of this Agreement in the United States or anywhere else in the world. Licensee will not advertise the Rental Business on any other website aside from the authorized Avis website, absent Avis' prior written approval. Licensee may be required to develop and maintain an interior page on Avis' website at Licensee's expense; however, Avis has sole discretion and control over the design and content on or linked to its website and reserves the right to engage third parties to develop, service or otherwise administer its website. For purposes of this Agreement, a "**website**" is an electronic document contained in a network of computers linked by communications software. Licensee agrees to immediately transfer, without charge, the ownership of any domain names containing the Marks to Avis upon demand. Licensee agrees to display the Marks prominently and in the manner prescribed by Avis on signs, forms, and other materials and articles that Avis designates. Licensee agrees to give such notices of trademark, service mark and copyright ownership or registration as Avis specifies and to obtain such fictitious or assumed name registrations as may be required under applicable law. If it becomes advisable or desirable at any time in the judgment of Avis for Licensee to modify or discontinue use of any Mark, and/or use one or more additional or substitute Marks, Licensee agrees to do so at its sole cost and expense and in accordance with the schedule prescribed by Avis. Upon expiration or termination of this Agreement, Licensee will immediately cease and desist from all further use of each of the Marks.

2.4 Nondisclosure. Licensee acknowledges and agrees that: (a) it has no proprietary or other rights or claims in or to any element of, the System or the Marks; (b) all materials loaned or otherwise made available to Licensee, and all disclosures made to Licensee by or at the direction of Avis, and not to the general public, at any time before or during the term of this Agreement, including the contents of the Manual and the Standards, current and prior research, development and test programs and any marketing, advertising, operational and promotional programs, are communicated and made available confidentially and as trade secrets; and (c) the copyright in the Standards and all other documents and materials relating to the System vest solely in Avis. Licensee agrees to make all reasonable efforts to maintain the confidentiality of these documents both during and after the term of this Agreement. Licensee will not reproduce, exhibit, remove from its place of business or disclose to any person (other than its partners, shareholders, officers and employees on a need to know basis and after ensuring their commitment to confidentiality), or use for any purpose other than operation of the Rental Business, the Standards or any other confidential element of, or information relating to, the System. Licensee acknowledges and agrees that the foregoing are trade secrets of significant commercial value to Avis, in which Avis has made a substantial investment and has a legitimate right to protect against unlawful disclosure.

2.5 System Ideas. If Licensee develops any idea, method of operation, formula, design, invention, marketing technique or trademark (collectively, “**Improvements**”) which could be useful to the operation of the System, then Licensee agrees upon the request of Avis, to make available to Avis and the Related Entities, and their respective successors and assigns, and all System licensees and operators in the Network throughout the world, such Improvements free of charge and for perpetual duration.

Avis does not guarantee that any licensee will benefit directly from Avis' advertising and promotion expenditures, nor does Avis guarantee the distribution of advertising in any quantity or format, to or for any particular licensee or licensees, or in any area, which includes a particular licensee's territory. Licensee agrees to support and service such Programs in accordance with the relevant provisions thereof, as required by the Standards, and to contribute to the expense thereof, if any, on the same basis as other similarly situated System licensees. Licensee may be required to enter into participation or other agreements to evidence its participation in such Programs.

Licensee will accept and service all reservations at the time of day requested by the customer. The current Reservation Fee is identified in the Summary Pages (Section 10(d)). This fee is subject to change at the discretion of Avis. If Licensee fails to pay Reservation Fees when due, Avis may remove, suspend or block Licensee's right to receive reservations. 8.3 Prior Approval of Locations. Each Location operated by Licensee will be subject to the prior written approval of Avis and will be managed by an employee of Licensee who has completed the instruction specified in Paragraph 4.1. Such approval will not constitute a representation by Avis regarding the profitability of a particular Location. Locations must adhere to the specific requirements listed in the Summary Pages (Section 4) and in accordance with the Standards. Avis will consider factors including market size, fleet requirements, proximity to airport or other commercial hub, traffic patterns and access, the availability of real estate in the given market and cost factors before declaring approval or disapproval.

(a) By Licensee. Licensee agrees that this Agreement is personal to Licensee and Licensee hereby acknowledges the personal confidence Avis has in Licensee and/or the beneficial owners of Licensee as identified in Paragraph 12.5 and the Summary Pages (Section

6). Neither this Agreement, the beneficial ownership of Licensee or the Rental Business (or any material assets relating to the Rental Business), or any licenses, concession agreements and/or permits which are required by, or related to, the Rental Business, may be voluntarily, involuntarily, directly or indirectly sold, assigned or otherwise transferred by Licensee (including by will, declaration of or transfer in trust or the laws of intestate succession or by operation of law through a divorce or other legal proceeding), without the prior written consent of Avis, which will not be unreasonably withheld in accordance with this Agreement and the transfer requirements prescribed by Avis from time to time, including payment of a transfer fee (see the “**Transfer Requirements**” contained in **Exhibit F**) and Licensee’s execution of a general release of claims in a form satisfactory to Avis, except that such general release will exclude then-existing litigation between Licensee and Avis or the Related Entities and then-existing claims of Licensee against Avis or the Related Entities in the ordinary course of business under this Agreement or any other agreement between such parties, which litigation and claims will be identified in such release. Any such attempted or purported sale, assignment or transfer contrary to the terms and conditions of this Agreement or the Transfer Requirements will constitute a breach hereof and be void.

(b) Meaning of Assignment or Transfer Requiring Approval. Sale, assignment or transfer of Licensee, the Rental Business, or the beneficial ownership of Licensee requiring the consent of Avis will include: (i) a sale, assignment or transfer, or cumulative sales, assignments or transfers, lifetime and testamentary, at any time during the term of this Agreement, of twenty-five percent (25%) or more of the equity ownership, or a lesser percentage if such transfer would change the voting control of Licensee or the Rental Business, whether in the form of common or preferred stock or any security convertible thereto or partnership or proprietorship interest; provided that, notwithstanding anything in this Agreement to the contrary, dispositions by a beneficial owner by will or intestacy or by gifts, sales or otherwise to the spouse or children of such beneficial owner or to other then-current beneficial owners of Licensee or their respective spouses or children (a “**Permitted Transferee**”) will not be deemed a sale, assignment or transfer giving rise to Avis’ need to consent thereto so long as Licensee gives prior written notice of any such disposition to Avis.

(c) Notice of Any Sale, Assignment, or Transfer. Notwithstanding the foregoing, Licensee will provide to Avis prior written notice of any proposed sales, assignments or transfers constituting any change in the equity ownership or control of Licensee or the Rental Business. Furthermore, Licensee will maintain stop-transfer instructions against the transfer on its records of any equity securities of Licensee; and all certificates evidencing ownership of equity securities will have the following legend printed legibly and conspicuously on their face:

“Transfer of these shares is restricted by an Avis Rent A Car System License Agreement with Avis Rent A Car System, LLC.”

(d) No Public Offering. Licensee covenants not to be or become, a public company directly or indirectly including, by way of an initial public offering or transfer to or merger with an existing public company. Accordingly, securities of Licensee or an entity owning a direct or indirect equity interest in Licensee, this Agreement, any of Licensee’s assets or any of the Rental Business Locations may not be offered pursuant to a public offering or merged with an existing public company.

(e) Limitations on Private Offerings. Licensee acknowledges and understands that Avis may not consent to Licensee's private offering if Avis determines, in its sole discretion, that such an offering is not in the best interest of Avis or its franchise system. If Avis allows a private offering, Licensee will need to pay a higher transfer fee, as reasonably determined by Avis, and meet the other Transfer Requirements contained in **Exhibit F**.

(f) Owner List. Licensee will maintain a current list of all owners of record and all beneficial owners of any class of voting securities or securities convertible into voting securities of Licensee and will furnish the list to Avis upon execution of this Agreement, within ten (10) days of any change, and at any other reasonable times upon Avis' request.

12.3 Avis' Right of First Refusal. If Licensee or its beneficial owners propose to sell, assign or transfer this Agreement, the beneficial ownership of Licensee or the Rental Business (or any material assets relating to the Rental Business) as hereinbefore set forth in Paragraph 12.2(b) (other than to a Permitted Transferee), a copy of the agreement to sell, assign or transfer will be in writing and executed by all parties and submitted to Avis along with all information in Licensee's or the transferee's possession concerning the proposed buyer. Avis or its designee (hereinafter also referred to as "**Avis**" for purposes of this Paragraph 12.3) will, for a period of sixty (60) days from the date of its receipt thereof, have the option to purchase same for the price and on the terms and conditions contained in such agreement, provided that Avis may substitute cash for any other consideration proposed in such agreement and will in all cases be entitled to customary representations and warranties in connection with any such purchase. If the proposed sale, assignment or transfer includes assets of Licensee not related to the Rental Business, Avis, at its sole option, may purchase only the assets related to the operation of the Rental Business, or may also purchase all or some of the other assets, with an equitable purchase price to be allocated to each asset, not a part of the Rental Business. Avis may elect to close any purchase through an escrow in accordance with terms and conditions reasonably prescribed by Avis. If Avis does not exercise this option, the Licensee and/or its beneficial owners, subject to approval by Avis as provided in Paragraph 12.2(a), **Exhibit F** and any applicable franchise disclosure requirements may proceed with the sale, assignment or transfer.

12.4 Death or Incapacity of Licensee. Upon the death or permanent incapacity of a natural person who is the Licensee, or a natural person who is a principal beneficial owner of a legal person that is the Licensee, the executor, administrator, conservator or other personal representative of such natural person will transfer his or her interest to a third party approved by Avis within three (3) months thereof. Such transfers, including transfers by devise or inheritance, will be subject to the same conditions as any lifetime transfer. Failure to so dispose of such interest within said period of time will constitute a breach of this Agreement. If, after the death or permanent incapacity of such natural person, the Rental Business are not being managed by a competent and trained manager (as determined by Avis in its sole discretion), Avis is authorized to immediately appoint a manager pursuant to the terms of Paragraph 11.10, to maintain the operation of the Rental Business until an approved assignee will be able to assume the management and operation of the Rental Business.

12.5 Beneficial Owners of Licensee. Licensee represents and Avis enters into this Agreement in reliance upon the representation that the individuals identified in the Summary Pages (Section 6) and **Exhibit G** are the sole beneficial owners (in the stated proportions) of Licensee.

12.6 Nondisclosure and Noncompetition Agreement. All persons who are the beneficial owners and principal officers of Licensee will execute Avis' then-current Standard Nondisclosure and Noncompetition Agreement. The current form of Nondisclosure and Noncompetition Agreement is set forth in **Exhibit C** attached hereto.

12.7 Personal Guarantee. All persons who are the beneficial owners of Licensee will execute Avis' then-current standard Personal Guarantee. The current form of Personal Guarantee is set forth in **Exhibit A** attached hereto.

ARTICLE XIII

INDEMNIFICATION

13.1 Indemnification of Avis by Licensee. Nothing in this Agreement authorizes Licensee to make any contract, agreement, warranty, or representation on Avis' behalf, or to incur any debt or other obligation in Avis' name; and, that Avis will in no event assume liability for, or be deemed liable as a result of, any such action, or by reason of any act or omission of Licensee in its conduct of the Rental Business or for any claim or judgment arising therefrom against anyone. Licensee will indemnify and hold harmless Avis and the Related Entities and their respective officers, directors, employees, affiliates, agents, successors and assigns (collectively, "**Avis Indemnified Parties**") against any and all liabilities, claims, demands, causes of action, damages, costs, expenses and amounts of any type whatsoever, including environmental claims, whether expended in settlement, in attorneys' fees, or however expended or disbursed, which arise directly or indirectly from, as a result of, or in connection with Licensee's operation of the Rental Business, or in Licensee's dealings with third parties concerning said Rental Business, this Agreement, the System, or the Marks. In addition, Licensee will, at Avis' request, defend, at Licensee's expense, Avis and the other Avis Indemnified Parties against such claims, demands and causes of action; provided, however, that Licensee will relinquish such defense to Avis immediately upon Avis' request, although Licensee will remain obligated to pay Avis' and the other Avis Indemnified Parties' defense costs (but Licensee shall not be liable for the expenses of more than one law firm representing such Avis Indemnified Parties unless there is a conflict of interest.) and any settlements entered into by Avis and the other Avis Indemnified Parties at their discretion. In no event may Licensee enter into any settlement of any such claim on behalf of an Avis Indemnified Party without Avis' prior written approval.

If Avis withholds its consent to a settlement offer received by Licensee with respect to such a claim, and Licensee advises Avis that it desires to accept such offer, Avis will take over the defense of such legal action at such time as it withholds its consent (if Avis has not done so previously), and Licensee will be responsible for and will indemnify the Avis Indemnified Parties for all costs and expenses relating to the defense of such legal action incurred by the Avis Indemnified Parties up to such time as Avis withholds its consent, and subject to the following paragraph, Avis will be responsible for and will indemnify Licensee for all costs and expenses relating to such legal action incurred by Licensee after such time as Avis withholds its consent. Furthermore, if Avis withholds its consent to a settlement offer received by Licensee with respect to such a claim, and Licensee advises Avis that it desires to accept such offer, and the actual settlement or judgment amount (or combination thereof) is greater than such rejected settlement offer, Licensee will be responsible for and will indemnify the Avis Indemnified Parties for up to and including the amount of such rejected settlement offer, and Avis will be responsible for and will

indemnify Licensee for the amount by which the actual settlement or judgment amount (or combination thereof) exceeds such rejected settlement amount.

If Avis withholds its consent to a settlement offer received by Licensee and Licensee has advised Avis that it desires to accept such offer as contemplated above, and the actual settlement or judgment amount (or combination thereof) is less than such rejected settlement offer, then Licensee, in addition to its indemnification obligations set forth in the immediately preceding Paragraph (i.e., paying costs and expenses of defense accrued prior to the time Avis withheld its consent and paying the actual settlement or judgment amount or combination thereof), will indemnify the Avis Indemnified Parties for the additional costs and expenses incurred by the Avis Indemnified Parties relating to such legal action not to exceed the amount by which the rejected settlement amount exceeds the actual judgment settlement amount (or combination thereof).

ARTICLE XIV

GENERAL CONDITION AND PROVISIONS

14.1 Titles and Preambles.

(a) Titles. Section and Paragraph titles are used for convenience only and are not a part of the text hereof.

(b) Preambles. The preambles and recitals are incorporated in and made a part of this Agreement.

14.2 Entire Agreement; Representations and Amendments.

(a) Entire Agreement. This Agreement and its Summary Pages, exhibits and schedules constitute the entire Agreement of the parties (and into which all prior negotiations, commitments, representations and undertakings with respect to the subject matter hereof are merged), and except as herein provided there are no other oral or written understandings or agreements between the parties hereto relating to the subject matter hereof; provided, however, that the Standards and Programs as modified, are incorporated herein by reference. All references herein to this Agreement will include the Standards and Programs. No previous course of dealing or usage in the trade not specifically set forth in this Agreement shall be admissible to explain, modify or contradict this Agreement. Nothing in this Agreement or any related agreement is intended to disclaim the representations made by Avis in the Franchise Disclosure Document delivered to Licensee.

(b) Representations. This Agreement is not based upon any representations as to profits, nor has any other representation not herein expressly set forth (other than as may expressly be contained in the Franchise Disclosure Document) been made to induce Licensee to accept and execute this Agreement.

(c) Amendments. No amendment or other modification of this Agreement will be valid or binding on either party hereto unless reduced to writing and executed by the parties hereto.

14.3 Licensee as an Independent Contractor; Avis Does Not Control Licensee.

(a) Licensee an Independent Contractor. Licensee is an independent contractor and is not the agent, joint venture participant, partner or employee of Avis and, except as expressly provided herein, Avis will not be obligated by any agreements, representations or warranties made by Licensee to any person, nor with respect to any other action of Licensee, nor will Avis be obligated for any damages to any person, whether caused by Licensee's action, failure to act, negligence, or willful conduct. No modification of this Agreement shall be binding upon either party unless and until the same has been made in writing and duly executed by both parties. Notwithstanding the preceding sentence, Licensee understands and agrees that Avis may unilaterally issue new (or amend or modify existing) Standards, operating procedures, policies and guidelines in the Manual pertaining to the System.

(b) Avis Does Not Control Licensee. Avis does not reserve any control over Licensee or any of its owners, officers or employees, except as herein provided with reference to the requirement that Licensee comply with the provisions of this Agreement and the Standards, nor will Avis have any control over the employment, discharge, compensation or working conditions of any owner, director or employee of Licensee.

14.4 Cross Defaults. Licensee agrees that its compliance with the terms of all airport concession agreements, voluntary participation agreements and other agreements signed by Licensee with Avis, including other license agreements, Programs (whether signed agreements or as part of the Standards) and any of the Related Entities are essential to this Agreement and a default under any of these agreements and/or Programs will be a default under and breach of this Agreement.

14.5 Power of Attorney. Licensee, in order to secure the performance of Licensee's obligations under this Agreement, hereby irrevocably appoints Avis as its attorney for the limited purposes of executing, signing, perfecting, doing and (if required) registering every such further assurance, document, act or thing as is required to (a) cause discontinuation of Licensee's use of the Marks (or any other related or similar name or use hereunder) and (b) transfer to Avis or its designee, all telephone numbers, facsimile/electronic communication lines, electronic addresses and domain names used by it in the conduct of the Rental Business and airport licenses, concession agreements, leases and permits as specified in Paragraph 8.2, following the termination of this Agreement for any reason. The exercise by Avis of such power will be conclusive evidence of its right to exercise the same.

14.6 Waiver. Avis and Licensee may by written instrument unilaterally waive or reduce any obligation of or restriction upon the other under this Agreement, effective upon delivery of written notice to the other or any other effective date stated in the notice of waiver. Any waiver a party hereto grants will be without prejudice to any other rights it may have, will be subject to its continuing review and may be revoked, in its sole discretion, at any time and for any reason, effective upon delivery to the other party hereto of ten (10) days' prior written notice. Failure by Avis and/or the Related Entities on the one hand or Licensee on the other, to either enforce any breach or default or series of breaches or defaults in performance by the other; or to exercise any right, power or option given to Avis and/or its Related Entities on the one hand or Licensee on the other hereunder; or to insist upon strict compliance with or performance of the other party's obligations under this Agreement, the Standards (if applicable) or related agreements will not in any event constitute a waiver by Avis and/or the Related Entities on the one hand or Licensee on the other, of the provisions of this Agreement, the Standards (if applicable) or related agreements with

respect to any such breach or default, or subsequent breach or default, or Avis' and/or the Related Entities' right on the one hand or Licensee's right on the other at any time thereafter to require exact and strict compliance with the provisions thereof. No special or restrictive legend on any check or similar item given to a party hereto by the other party hereto, will constitute a waiver, compromise, settlement, "**payment in full**" or accord and satisfaction.

14.7 Governing Law. Except to the extent governed by the United States Trademark Act of 1946 (Lanham Act, 15 U.S.C. §§ 1051 et seq.), this Agreement and the relationship between the parties hereto will be governed by and construed in accordance with the internal laws of the State of New Jersey, except that such state's choice of law and conflicts of laws rules will not apply and any applicable state franchise law or any successor statute and/or regulation will not apply unless its jurisdictional requirements are met independently without reference to this paragraph. Our agent for service of process in the State of New York is the Secretary of State of New York, 41 State Street, Albany, New York 11231, copies of which should be sent to us in accordance with Section 14.20 below.

14.8 Jurisdiction. Licensee agrees that Avis may institute any action against Licensee in any state or federal court of competent jurisdiction in the State of New Jersey and Licensee irrevocably submits to the jurisdiction of such courts and waives any objection it may have to either the jurisdiction or venue of such court.

14.9 Additional Remedies of Avis and Licensee. In addition to all of the remedies granted to Avis and Licensee by this Agreement, each party hereto will have the right to bring suit against the other party hereto for actual damages sustained by Avis caused by the breach of any one or more of any of the provisions of this Agreement or the Standards (if applicable) by the other party hereto, and for such injunctive and other equitable relief as may be appropriate. The prevailing party will be entitled to its costs and reasonable attorney's fees in any such proceeding or action.

14.10 Waiver of Punitive Damages and Jury Trial. Except with respect to Licensee's obligation to indemnify Avis pursuant to Article XIII of this Agreement, the parties waive to the fullest extent permitted by law any right to or claim for any punitive or exemplary damages against the other and agree that, in the event of a dispute between them, the party making a claim will be limited to recovery of any actual damages it sustains.

Each party irrevocably waives trial by jury in any action, proceeding or counterclaim, whether at law or in equity, brought by either party.

14.11 Business to be Conducted in a Lawful Manner. Notwithstanding anything contained herein to the contrary, Licensee will at all times conduct the Rental Business and maintain and service its equipment in a lawful manner and so as not to violate any applicable law or regulation in which it conducts the Rental Business.

14.12 Severability of Provisions. All provisions of this Agreement and the Standards will be severable. The invalidity, unenforceability or illegality of any provision of this Agreement will not affect any other provision, unless and then only to the extent that such invalidity alters the meaning of such other provision. If any covenant herein which restricts competitive activity is deemed unenforceable by virtue of its scope in terms of area, business activity prohibited and/or length of time, but would be enforceable

by reducing any part or all thereof, Licensee and Avis agree that same will be enforced to the fullest extent permissible under the laws and public policies applied in the jurisdiction in which enforcement is sought.

14.13 Meaning of “Licensee.” The term “**Licensee**” as used in this Agreement will mean each person executing this Agreement as Licensee and will apply to each such person as if such person were the only named Licensee in this Agreement. If more than one person executes this Agreement as Licensee, each person will be jointly and severally liable for all obligations and duties of Licensee hereunder. If Licensee is a trust, each trustee or beneficiary signing this Agreement will be jointly and severally liable for all obligations and duties of Licensee hereunder. Notice to or demand upon one Licensee will be deemed notice to or demand upon all Licensees.

14.14 Meaning of “Person” and “Affiliate.” The term “**person**,” as used in this Agreement and the Standards, will mean all natural and legal persons, including corporations, partnerships, sole proprietorships, joint ventures, and other business associations and trusts. The term “**affiliate**” as used in this Agreement and the Standards will mean any entity controlling, controlled by or under common control of any such person.

14.15 Meaning of “Including.” The term “**including**” as used in this Agreement or the Standards will mean “**including without limitation**,” unless the context requires otherwise.

14.16 Meaning of “Beneficial Owners.” The term “**beneficial owners**” as used in this Agreement and the Standards will mean all persons who directly or indirectly own any sole proprietorship, partnership, joint venture, shareholder or other type of ownership interest (whether legally or beneficially) in the Licensee.

14.17 Summary Pages and Exhibits. All Summary Pages and Exhibits to this Agreement and the Standards as modified are incorporated herein by their reference and are to be read as if they are a part of this Agreement.

14.18 Notices. All written notices permitted or required to be delivered by the provisions of this Agreement or the Standards will be delivered by hand, by telecopy or other electronic system (with proof of receipt), by commercial courier service, or by placement in the United States Mail by Registered or Certified Mail, Return Receipt Requested, postage prepaid and addressed to Avis at 379 Interpace Parkway, Parsippany, New Jersey, 07054, Attention: Natasha Joseph with a copy addressed to: Legal Department, Avis Budget Group, Inc. at 379 Interpace Parkway, Parsippany, New Jersey 07054, Attention: Vice President of Licensee Relations or to such other address as Avis will prescribe in the Standards, and addressed to Licensee identified in the Summary Pages (Section 14) or at the latest current business address of which Avis has received written notification.

14.19 Payment of Obligations. Licensee will pay when due all obligations to Avis and the Related Entities, other Network members, and other creditors of Licensee incurred by Licensee in the operation of the Rental Business. Licensee will not, on grounds of the alleged nonperformance by Avis or the Related Entities of any of its or their obligations hereunder or under any other agreement, withhold payments or amounts due of any kind to Avis.

14.20 Receipt of Required Documents. Licensee acknowledges that it has received the disclosure document required by the Federal Trade Commission at least fourteen (14) calendar days prior to the date of execution of this Agreement by Licensee and that it has received a complete and final copy

of this Agreement at least seven (7) calendar days prior to the date of execution of this Agreement by Licensee.

14.21 Parole Evidence Disclaimer. This Agreement may not be modified or amended except by written agreement signed by the parties. The words “**this Agreement**” as used in this Agreement and the Standards will mean any such future modifications unless otherwise indicated by the context. No salesperson, representative or other person has the authority to bind or obligate Avis in any way, except by an instrument in writing duly executed by the president or any vice-president of Avis.

14.22 Representation. No representations, promises, guarantees, projections, or warranties of any kind have been made by Avis to induce the execution of this Agreement or in connection with this Agreement except as specifically set forth in writing herein or contained within the Franchise Disclosure Document. Licensee acknowledges that neither Avis nor any other party has guaranteed Licensee’s success in the business contemplated by this Agreement.

14.23 Survival. The Guarantors’ liability will not be contingent or conditioned upon pursuit by Avis of any remedies against Licensee or any other person.

2. The Guarantors undertake as a separate and additional obligation under the Guarantee to indemnify Avis against any loss that it incurs as a consequence of the failure, for whatever reason, of the due and punctual performance of the obligations guaranteed in **Paragraph 1**.

3. This Guarantee is a continuing obligation and will remain in force until all (not partial) sums payable by and obligations of Licensee referred to in **Paragraph 1** have been irrevocably paid and discharged in full and the Guarantors will have been released in full from this Guarantee in writing executed by a duly authorized officer of Avis.

4. The obligations of the Guarantors hereunder will not be affected by any act, omission or circumstances which but for this Guarantee might operate to release or otherwise exonerate the Guarantors from their obligations hereunder or affect such obligations, including, without limitation and whether or not known to the Guarantors, Avis or Licensee:

(a) Any time, indulgence or concession granted to or with Licensee or any other person; or

(b) The taking, variation, compromise, renewal or refusal or neglect to perfect or enforce any rights, remedies or securities against or granted by Licensee or any other person; or

(c) Any variation or extension of the due date for performance of any obligation of Licensee referred to herein, to the extent that the Guarantors' obligations hereunder will apply to such term as varied or in respect of the extended due date; or

(d) Any irregularity, unenforceability or invalidity of any obligation of Licensee referred to in **Paragraph 1** or any present or future law or order of any government or authority purporting to reduce or otherwise affect any such obligation; or

(e) The death or insolvency of the Licensee or any Guarantor; or

(f) Any security held or taken at any time by Avis being void, defective, or informal;
or

(g) Avis entering into any deed of priority or postponement in relation to any security held or taken at any time by Avis; or

(h) Any modification or addition to, or termination of the obligation of Licensee referred to in **Paragraph 1**.

5. In the event of any liquidation, winding up or similar proceedings in respect of Licensee, the Guarantors will prove all their claims against Licensee in such proceedings and will hold upon trust for Avis the benefit of any such proof and/or monies (if any) received thereunder until all monies now or hereafter owing by Licensee under or by virtue of Licensee's obligations referred to in **Paragraph 1** have been paid in full.

6. The undersigned agrees that this Guarantee shall be interpreted and construed in accordance with the applicable law and dispute resolution provisions of Article XIV of the Agreement. **Article XIV** of the Agreement is hereby incorporated by reference herein and "**Licensee**" shall be deemed to refer to "**Guarantor**" in such provisions.

7. The Guarantors waive, in favor of Avis, all of their rights (whether against Avis, Licensee or any other person) to the extent necessary to give full effect to this Guarantee and will as and when required by Avis, sign or execute all such documents and perform all such things as may be reasonably required by Avis to give effect to this instrument or more satisfactorily assure to Avis any of Avis' rights hereunder.

8. Any Guarantor who executes this Guarantee is not released from liability hereunder by reason of this Guarantee ceasing to be binding as a continuing security on any other Guarantor who so executes this instrument, and a demand or other notice by Avis under this Guarantee if given to any one or more of the Guarantors will be deemed to have been given to all the Guarantors.

9. If Avis holds any other security for or right in respect of all or any of the amounts hereby guaranteed, Avis need not resort to that other security or right before enforcing its rights against the Guarantors under this Guarantee, and the liability of the Guarantors under this Guarantee is not affected by reason that other security or right is, or may be, wholly or partly void, violable or unenforceable.

10. The Guarantors acknowledge that they were not induced to execute this Guarantee by any promise, representation, statement or information of any kind or nature whatsoever given or offered to the

Guarantors by or on behalf of Avis, whether in answer to an inquiry by or on behalf of the Guarantor or not, and that Avis is not, has never been and will not be under any duty or obligation to disclose to the Guarantor any matter or thing relating to the affairs of Licensee or its transactions with Avis.

The Guarantors will pay all Avis' costs and expenses (including attorneys' fees) incurred in the enforcement of Avis' rights hereunder.

NOW, THEREFORE, in consideration of the mutual covenants herein contained and other good and valuable consideration, including the acceptance by Licensee of the Premises as a location for a Rental Business, the parties hereby agree as follows:

1. **Use of Premises.** Licensee will use the Premises only for the operation of a Rental Business pursuant to its License Agreement and for no other purposes whatsoever.

2. **Signage, etc.** Concessionaire hereby consents to Licensee’s use and display on the Premises of such exterior and interior signs, posters, promotional materials, and equipment, furnishings, and decor as are currently required by Avis pursuant to the License Agreement. In the event that such requirements are changed in the future, Concessionaire agrees that it will not unreasonably withhold its consent to Licensee’s compliance with such changes. In the event that local ordinances or zoning

requirements prohibit the use of Avis' standard signage, Avis will not unreasonably withhold its consent to the modification of its standard signage to comply with such requirements.

3. **Notices.** Concessionaire agrees to furnish Avis copies of any and all letters and notices to Licensee pertaining to any default by Licensee under the Concession at the same time and in the same manner as any such notice is sent to Licensee. All notices hereunder will be mailed or delivered to the addresses set forth above, unless changed by any party through written notice mailed or delivered to the other parties.

4. **Assignment.** Concessionaire hereby acknowledges that Licensee has agreed under the License Agreement that, in the event of termination, for any reason, or Licensee's default under the Concession, Licensee will, at Avis' option, assign to Avis or Avis' designee any and all interest of Licensee in the Concession, including any rights to renew the Concession or to sublease the Premises; and Concessionaire hereby consents to such assignment, subject to the following conditions:

Concessionaire agrees to cooperate fully with Avis in enforcing such provisions of the License Agreement against Licensee, including allowing Avis, its employees and agents to enter the Premises and remove signs, decor and materials bearing or displaying any marks, designs or logos of Avis; provided, however, that Concessionaire will not be required to bear any expense thereof. Licensee agrees that if it fails to de-identify the Premises promptly upon termination or expiration as required under the License Agreement, Avis may cause all required de-identification to be completed at Licensee’s expense.

8. **General Provisions.**

(a) This Agreement will be binding upon the parties hereto and their successors, assigns, heirs, executors, and administrators.

(b) Any party hereto may seek equitable relief, including, without limitation, injunctive relief or specific performance, for actual or threatened violation or non-performance of this Agreement by any other party. Such remedies will be in addition to all other rights provided for under law or other agreements between any of the parties. The prevailing party in any action will be entitled to recover its legal fees together with court costs and expenses of litigation.

(c) Nothing contained in this agreement will affect any term or condition in the License Agreement between Licensee and Avis. Licensee agrees that ABCR, at its sole discretion, will first apply any payments that it receives to the oldest balances first and that ABCR may modify the Review Period or any of the Standards relating to the Composite Statement upon written notice to the Licensee.

a. Reservation Fee. This fee is attributable to reservation operating expenses, which include reservations incoming from phone/GDS equipment, phone calls or internet/direct link reservations, including from www.Avis.com. This fee also covers the operating expenses of the Reservation System, including expenses for the acquisition, maintenance and enhancement of facilities, equipment, personnel, marketing, customer relations and corporate overhead for the Reservation System. A list of the current total Reservation Fees are specified in **Schedule F**, which is attached hereto and

incorporated herein by reference. These expenses may be periodically adjusted to compensate for any increase or decrease in actual cost.

b. Third Party Automated Reservation Fee. This fee covers the reservation transmission fee for all reservations generated by third parties booked through their proprietary systems (also known as a Global Display System or “GDS” and referred to elsewhere in this Agreement as a “GDS”) and processed through the Reservation System on Licensee’s behalf. The current rates for this fee are indicated in Schedule 2 to **Schedule F**, which is attached hereto and incorporated herein by reference, and are subject to change as and to the extent that the GDS reservation fee rates that ABCR is required to pay changes.

c. Avis Centralized Commission Services Program Fee. This fee will cover the expenses of processing and paying commissions for travel source generated reservations in accordance with Schedule 3 to **Schedule F**, which is attached hereto and incorporated herein by reference, as amended from time to time.

d. International Phone Reservation Fee. This fee covers expenses for reservations made by international phone sources. The current International Phone Reservation Fee is listed in **Schedule F**.

e. All fees due to be paid by Licensee to ABCR under this Agreement are due and payable by Licensee via the online Composite Statement for such fees.

(b) Joint Resolution Procedures.

(i) Licensee authorizes ABCR (through the Avis Customer Service Department or other department ABCR designates), in accordance with the then current Avis Joint Resolution Procedure (“Joint Resolution Procedure”), to act on Licensee’s behalf to resolve customer complaints by payment on Licensee’s behalf, of up to the amount periodically designated by ABCR (currently up to \$150 without prior approval from Licensee, with adjustments greater than \$150 requiring Licensee’s prior approval). If ABCR receives a customer complaint relating to Licensee’s Business that ABCR reasonably believes cannot be satisfied by ABCR’s payment to the customer (on Licensee’s behalf), Avis will refer the complaint to Licensee for resolution. Licensee will respond to the customer and resolve the complaint within the period set forth in the Joint Resolution Procedure. If ABCR does not receive written evidence of the complaint’s resolution within such period, then Licensee authorizes ABCR to act on its behalf and resolve the complaint, on Licensee’s behalf, as ABCR reasonably deems appropriate. The cost to administer the current program is included as part of the Reservation Fee.

(ii) Information Requests. When insufficient details regarding the complaint are provided by the customer, and/or otherwise available to ABCR, ABCR may request additional information or documentation (e.g., copy of the rental agreement) from Licensee to assist ABCR in reaching a resolution with respect to such complaint.

(iii) All requests for additional information or documentation made by ABCR must be in writing (via electronic mail or facsimile). Licensee must respond to such request in writing within the period set forth in the Joint Resolution Procedure but no more than ten (10) days. All responses made by Licensee must answer the question(s) raised and/or provide the information requested in such request.

(iv) Vehicle Damage.

(1) In the case of a complaint regarding charges imposed on a customer in connection with any vehicle damage, the Licensee must provide copies or sufficient evidence of the following:

- a. itemized actual repair costs and charges of the damaged vehicle;
- b. full disclosure to the customer of any damaged vehicle repair costs and charges;
- c. customer's written authorization to charge any repair costs and charges to the credit card owned by such customer; and
- d. an accident report.

(2) Failure to provide the information listed in clauses (a) through (d) above within the period set forth in the Joint Resolution Procedure will be deemed an authorization to make further adjustments and such adjustments shall be fully reimbursable by the Licensee.

(3) Licensee will receive a monthly Composite Statement which will include amounts paid by ABCR during the prior month to customers in accordance with the Joint Resolution Procedure. Licensee shall pay this amount no later than 45 days from the date of the Composite Statement with payment of the other Reservation Fees identified above.

(c) Avis Centralized Commission Services Program. Licensee authorizes ABCR to act on its behalf for purposes of processing and paying for travel source reservations and agrees to comply with the terms and conditions of the then current Avis Centralized Commission Services Program, which is an integral part of the Reservation System, and the related policies and procedures, as established by ABCR from time to time, a current copy of which is attached hereto as Schedule 3 to **Schedule F**.

(d) Access to Information. Licensee agrees to designate in writing to Avis an individual(s) who will provide, and Licensee shall ensure that said individual provides, the Reservation System, either orally or in writing, with the most accurate and current information regarding Licensee's program participation, vehicle availability, rates, locations, days and hours of operation, as well as all other information applicable to Licensee and its various Avis rental locations which information Avis may reasonably deem, from time to time, to be necessary for the efficient operation of the Reservation System. Licensee agrees that Avis has the right to rely

and act upon the information provided by said individual(s) until receipt of written notification to the contrary by Licensee and designation of a new individual(s).

(e) Use of Symbols. Licensee agrees to use letter and number symbols for communicating rental rates, vehicle types, credit cards and other similar information related to the rental transaction which are compatible with and conform to all of the requirements, standards and specifications established from time to time by ABCR and/or the Air Traffic Conference, or other outside standard setting agency, as soon as practical but in no event later than six (6) months after notice from ABCR of said requirements, standards and specifications. The current symbol requirements are specified on Schedule 4 to **Schedule F**, which is attached hereto and incorporated herein by reference.

(f) Compliance with Law. Licensee agrees to fully comply with all applicable local, state and federal laws and regulations, including, for example, consumer protection laws and regulations relating to advertising, marketing and providing services offered and/or processed through a computer reservation system. ABCR reserves the right to refuse to communicate or otherwise transmit any information provided to it by Licensee through its designated individual(s), or otherwise, which would be in violation of any local, state or federal law or regulation and reserves the right to communicate to the public such additional information as ABCR, in its sole discretion, determines is necessary to comply with such laws and regulations.

(g) Prerequisites for Reservations Services. Licensee agrees that, as a prerequisite to receiving reservation services through the Reservation System, including, for example, the delivery of reservations to Licensee, Licensee will process all rental transactions resulting from reservations generated through the Reservation System in accordance with:

(1) The terms and conditions of this Agreement and the License Agreement;

(2) Avis's then current national account, CorpRate account and marketing programs in which Licensee has agreed to participate by separate agreement; and

(3) The terms and conditions of Licensee's reservations, including, without limitation, the class of vehicle and the rate; provided, however, that if there are no vehicles available within the reserved vehicle class: i) Licensee must provide renter with a vehicle in a higher class at the reserved rental rate; or ii) if there are no vehicles available within a higher class, Licensee must provide renter with a vehicle in the next lowest class as long as it also provides the renter with the best rate for a vehicle in that class, or with the reserved rate, whichever is lower.

2. ABCR's Responsibilities.

(a) Use of Fees. ABCR agrees to use all Reservation Fees received from Licensee to operate the Reservation System in accordance with the terms and conditions of this Agreement.

(b) Solicitation and Transmission of Reservations. ABCR agrees to provide facilities, equipment and personnel for the Reservation System that may be reasonably necessary for the solicitation, reception and transmission of national and international reservations for and on behalf of Licensee.

3. Year End Reconciliation. At the end of each calendar year, ABCR will prepare a profit and loss statement for the Reservation System, reconcile the applicable fees and expenses, and adjust such fees for the then current year including any retroactive adjustment to the beginning of the then current calendar year as follows:

Reservation Fee/Third Party Automated Reservation/Network Access/
Internet/Tour Direct Fees.

(a) Credit Balance. If and to the extent the Reservation Fee, Third Party Automated Reservation, Network Access and Internet/Tour Direct Fees charged to all Avis licensees during the year exceed the corresponding expenses incurred during that year, the excess fees will be credited to the following year to offset future Reservation Fees and to reduce any increase in the Reservation Fee for such following year.

(b) Deficit Balance. If and to the extent the Reservation Fee, Third Party Automated Reservation, Network Access and Internet/Tour Direct expenses incurred during the year exceed the total Reservation Fee, Third Party Automated Reservation, Network Access and Internet/Tour Direct Fees charged to all Avis licensees during the year, ABCR may recover the deficit amount by increasing the Reservation Fee upon 30 days written notice to the Licensee, subject to the limitations of Section II.1.(a) above.

4. Other.

(a) Outstanding Indebtedness. In the event that this Agreement is terminated, Licensee agrees to pay all outstanding fees due ABCR arising from this Agreement within fifteen (15) days after receipt of a final Composite Statement from ABCR.

(b) License Agreement Obligations. Licensee acknowledges and agrees that as long as ABCR maintains the Reservation System and makes it available to Licensee in accordance with the terms of this Agreement or any substitute agreement (as amended from time to time), Avis shall have fulfilled its obligations to Licensee regarding reservations, if and to the extent such obligations arise from Licensee's License Agreement.

III. TERM

This Agreement will begin on the Effective Date and will remain in effect until the License Agreement between Avis and Licensee expires, terminates or is transferred pursuant to its terms. In any such event, this Agreement will simultaneously terminate or transfer, as appropriate. Licensee will, however, continue to be responsible for all of its obligations hereunder that arose prior to expiration, termination or transfer.

IV. CONNECTIVITY

1. ABCR reserves the right to modify or change the method of connectivity to the System, provided that such modification or change is applicable to Avis locations as well as Avis licensee locations.

2. In the event Licensee elects to connect to the System via Legacy SNA (Frame Relay), ABCR will, at Licensee's expense, acquire, install, manage and maintain the network communications equipment, interconnections and telephone services required by ABCR for Legacy SNA connectivity. Existing Legacy SNA requirements and costs are outlined in **Schedule B** hereto. ABCR may change these costs from time to time upon written notice to Licensee based upon increases in actual expenses incurred by ABCR to provide such services and obtain such equipment.

3. In the event Licensee elects to connect to the System via the Internet, Licensee will be required to execute the **Wizard System Network Access Addendum** attached hereto as **Schedule C** (the "Addendum"), which Addendum is incorporated herein by reference and is a part hereof.

4. Licensee may connect to the System using Thin Client, a Terminal purchased via ABCR that provides Licensee with a PCI-compliant infrastructure.

5. Licensee, at its option, may connect to the System using Thin Client either through (i) a Multiprotocol Label Switching ("MPLS") based solution or (ii) via the Aruba/DSL Connectivity. A Site Survey must be conducted prior to the implementation of Thin Client to determine the network and physical needs of Licensee's location ("**Site Survey**"). The Site Survey must be conducted by an ABCR approved third party vendor and the fees for the Site Survey are paid directly to the vendor by Licensee (**Schedule B**).

6. In the event Licensee elects to connect to the System via an Aruba/DSL, ABCR will, at Licensee's expense, acquire, install, manage and maintain the network communications equipment and interconnections required by ABCR for Aruba/DSL connectivity. Aruba/DSL requirements and costs are outlined in **Schedule B** and **Schedule 4** to **Schedule E** herein. Aruba/DSL connectivity is reactively managed, as defined in **Schedule A** herein. ABCR may change these costs from time to time upon written notice to Licensee based upon increases in actual expenses incurred by ABCR to provide such services and obtain such equipment.

V. ACQUISITION OF EQUIPMENT

1. Except as provided in Article IV.2. above, Licensee, at its own expense, will acquire, install and maintain, all on-site computer/terminal equipment, computer/terminal interconnections, modems, controllers and other communication equipment, interconnections and services, including an ISP if Licensee elects to connect to the System via the Internet, backup capabilities and materials it may require from time to time in order to access and utilize the System (hereinafter, either individually or collectively, the "Equipment").

2. In order to maintain compatibility with operational and communications standards for the System: (i) all Equipment must be approved by ABCR prior to installation by Licensee

and (ii) during the term of this Agreement, Licensee may only use Equipment which is on ABCR's list of approved Equipment. **Schedule 1** to the **Wizard System Network Access Addendum** contains a listing of approved Equipment for Internet connectivity. **Schedule D** hereto contains the currently approved Equipment for MPLS and Aruba/DSL Connectivity.

3. All Equipment will be maintained and operated in accordance with System standards and published vendor communication specifications approved by ABCR. If Licensee uses Equipment which has not been approved by ABCR or fails to install, maintain and operate Equipment as provided herein, Licensee will be responsible for any resulting damage or expense incurred by ABCR and other users of the System, ABCR will have no obligation to perform under this Agreement and at ABCR's request, Licensee will, at its expense, correct any nonconformity as specified by ABCR.

VI. EQUIPMENT INSTALLATION

1. Site Preparation.

Licensee will be responsible, at its own expense, to prepare each site where Equipment is to be installed in accordance with site preparation guidelines to be furnished by ABCR.

2. ABCR Assistance.

ABCR acknowledges that Licensee may require ABCR's cooperation and/or assistance during periods of acquisition and installation of Equipment. Therefore, if requested by Licensee, ABCR agrees to cooperate with Licensee's vendors by providing them with System compatibility standards and to assist Licensee to the extent reasonably necessary in order that Licensee may acquire and install Equipment for the System.

3. Training.

Licensee will, at its own expense, cause its personnel who will operate the Equipment and utilize the System to receive such training as Avis deems necessary to insure the proper operation of Licensee's Business with the System. Avis will offer Licensee, for an additional charge, System training and on-site assistance for such purpose.

VII. SYSTEM USE

1. Licensee Data.

(a) (i) All automobiles operated by Licensee from time to time in the conduct of its Business and all Transactions executed by Licensee in the conduct of such business, will be entered into the System.

(ii) Each automobile entered into the System will continue to be recorded in the System until such automobile will have become a total loss, or been sold or otherwise disposed of.

(b) Licensee will promptly enter into the System, in accordance with uniform procedures established by ABCR, all information necessary to enable ABCR to identify Licensee's automobiles in all city(ies) or area(s) in its franchise territories, as well as all replacements for and additions to such fleet.

(c) If the System is down for any reason, Licensee will cause any Transactions executed during such downtime to be entered into the System on a delayed basis.

(d) ABCR will enter Licensee's rental rates, location codes and other specific information relating to Licensee's Business into the System in such manner, and at such charges, as may be determined by ABCR from time to time.

(e) From time to time ABCR may delete from the System customer information contained in Licensee Data where there has been no rental activity for such customer after a period of time determined by ABCR, or where the customer requests deletion of his/her personal information. For the purposes of this Agreement, all of the data entered in the System by Licensee shall be referred to as "Licensee Data."

2. Integrity of Data.

Licensee will be responsible for the integrity of all of the Licensee Data. If ABCR enters data into the System on behalf of Licensee, Licensee must review such data in whatever format is provided to it and ensure that appropriate corrections are timely made, if necessary. Licensee must undertake the necessary steps to be in compliance with the Payment Card Industry Data Security Standards which are currently in effect ("**PCI Standards**") and agrees to remain in full compliance with all applicable PCI Standards. Licensee also understands and acknowledges that it is solely responsible for the compliance of any and all third parties (including but not limited to Internet and Host Service Providers) that are given access by Licensee, to Avis customer data. Licensee is responsible for promptly notifying Avis of any data security compromise and to fully cooperate and assist in any subsequent investigation.

3. License.

Licensee hereby grants ABCR a royalty-free, non-exclusive, right and license to adopt, display and utilize the Licensee Data for the purpose of performing ABCR's obligations hereunder.

4. Procedures.

Licensee will comply with all uniform procedures that ABCR may issue from time to time, governing the use and operation of the System, including, without limitation, procedures for emergency operation of the System in the event of disruption thereof.

VIII. SYSTEM SERVICE CHARGES

1. As consideration for ABCR's processing Transactions in Wizard and providing Licensee access to the System, Licensee will initially pay to ABCR a service charge of \$.574 per Transaction (the "Service Charge"). ABCR will bill Licensee monthly for Transactions executed during the prior month. Commencing on the first January 1st after the execution of this Agreement

and on each January 1st thereafter during the term of this Agreement, the Service Charge may be increased or decreased by ABCR to reflect any increases or decreases in ABCR's cost of operating the System, which costs include, among other things, outsource provider fees, internal and consultant labor costs, System maintenance and upgrades, network charges and software amortization costs.

2. Billing and Payment.

ABCR may assess interest at the lesser rate of 18% per annum or the maximum lawful rate on any amounts unpaid hereunder that remain unpaid for more than forty-five (45) days past the Composite Statement Date. Further, Licensee hereby consents to ABCR's offsetting any monies due Licensee pursuant to separate agreement with ABCR against any amounts unpaid hereunder that remain unpaid for more than forty-five (45) days past the Composite Statement Date. Further, if any such unpaid amounts represent pass-through of charges payable to a third party, then ABCR may, without incurring any liability or obligation to Licensee by reason thereof, cease to make any further payment to such third party in respect of the goods or services that such third party provides for Licensee's benefit.

3. As used in this Article VIII, a Transaction will exclude any document or record evidencing a transfer movement, and will include one, and only one, Transaction per completed rental regardless of the form or number of documents involved in such a Transaction.

IX. SYSTEM MODIFICATIONS/WARRANTY

1. ABCR will have the exclusive right, in its sole discretion, at any time, or from time to time, without any liability to Licensee therefor, (i) to modify, amend, replace, sell, lease or otherwise dispose of the System; and (ii) to make other arrangements with any third party to provide installation, maintenance, communications or other services covering all users of the System in replacement for or in addition to any such services contemplated hereunder (but without prejudice to ABCR's continuing obligation to perform this Agreement).

2. EXCEPT AS OTHERWISE PROVIDED IN THIS AGREEMENT, ABCR PROVIDES THE SYSTEM "AS IS" AND "AS AVAILABLE" WITHOUT ANY WARRANTY OR CONDITION OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, USAGE OF TRADE, OR COURSE OF DEALING. ABCR DOES NOT GUARANTEE CONTINUOUS OR UNINTERRUPTED ACCESS TO THE SYSTEM OR THAT THE SAME WILL BE COMPLETELY SECURE OR ERROR FREE. OPERATION OF THE SYSTEM MAY BE INTERFERED BY NUMEROUS FACTORS OUTSIDE OF ABCR'S CONTROL. ABCR DOES NOT WARRANT THE ACCURACY OR RELIABILITY OF THE RESULTS OBTAINED THROUGH USE OF THE SYSTEM OR ANY DATA OR INFORMATION OBTAINED OR ACQUIRED THROUGH THE USE OF THE SYSTEM.

X. LICENSEE DEFAULT

If Licensee defaults on any term or provision of this Agreement, and fails to cure said default within thirty (30) days of Licensee's receipt of a written notice of default from ABCR,

Avis shall have the unqualified right, without liability of any kind, to terminate services provided hereunder and/or to terminate this Agreement, effective immediately upon expiration of the thirty (30) day cure period, without any obligation to deliver a written notice of termination to Licensee. Upon termination, ABCR may discontinue all services offered under this Agreement, including all such services directly or indirectly relating to reservations and to the Reservation System which are provided on behalf of Licensee, including, without limitation, the solicitation, reception and transmission of reservations for and on behalf of Licensee.

XI. TERMINATION

ABCR may automatically terminate this Agreement in the following events:

(i) In the event of the insolvency or dissolution of Licensee, the making by Licensee of an assignment for the benefit of, or entering into any composition or arrangement with, creditors, or the appointment of a receiver or trustee for liquidation of the business of Licensee, or if bankruptcy, reorganization, insolvency or arrangement proceedings or proceedings under any other laws relating to the relief of debtors are commenced by or against Licensee, then this Agreement will automatically terminate together with all rights and interests of Licensee hereunder, without any notice to Licensee.

(ii) If Licensee's License Agreement expires or is terminated for any reason, then this Agreement will terminate on such date of expiration or termination, without any notice to Licensee.

XII. MISCELLANEOUS

1. Assignment.

ABCR may assign this Agreement to, and its obligations hereunder may be performed by, any subsidiary, affiliate or third party who owns or manages the System. Neither this Agreement, nor any rights of Licensee herein, may be assigned, transferred or otherwise conveyed by Licensee without the prior written consent of ABCR, except that this Agreement may be assigned to any person who will have succeeded to the interest of Licensee in the License Agreement in accordance with the terms thereof, provided that the transferee first agrees in writing to be bound by the terms of this Agreement.

2. Limitation on Liability.

IN NO EVENT WILL ABCR BE LIABLE FOR ANY LOSS, DAMAGE, DELAY OR EXPENSE, RESULTING FROM OR ARISING OUT OF ANY FAILURE, INADEQUACY OR BREAKDOWN OF WIZARD OR ANY PART THEREOF, OR ANY FAILURE OF OR DELAY IN DELIVERY, INSTALLATION OR MAINTENANCE BY ANY OTHER PARTY, ANY ERRORS OR OMISSIONS WITH RESPECT TO INFORMATION PROCESSED OR DELIVERED OR TO BE PROCESSED OR DELIVERED THROUGH THE SYSTEM, OR ANY FAILURE OF THE SYSTEM TO FUNCTION AS CONTEMPLATED HEREUNDER, FOR ANY REASON WHATSOEVER, OTHER THAN ABCR'S WILLFUL MISCONDUCT. NOR WILL ABCR BE LIABLE FOR ANY LOSS OF BUSINESS, PROFITS, COSTS SAVINGS OR OTHER CONSEQUENTIAL, PUNITIVE OR SPECIAL DAMAGES RESULTING FROM OR

ARISING OUT OF ANY MATTERS REFERRED TO IN THE PRECEDING PROVISIONS OF THIS SENTENCE OR ANY FAILURE BY ABCR TO PERFORM OR CARRY OUT ANY OF ITS AGREEMENTS OR OBLIGATIONS CONTAINED IN THIS AGREEMENT, FOR ANY REASON WHATSOEVER.

3. Taxes.

There will be added to the charges for the services rendered hereunder, to be paid by Licensee, amounts equal to any taxes, however designated, levied or based on ABCR or any other supplier, or on this Agreement, with respect to such services, including without limitation value added taxes, state or local sales or use taxes, privilege or excise taxes based on gross revenue or any taxes or amounts in lieu thereof paid or payable by ABCR or any other supplier of such services in respect of the foregoing, exclusive, however, of taxes payable in respect of ABCR's net income.

4. Sole Agreement.

This Agreement, which includes all Schedules and Addenda attached hereto, constitutes the full understanding and entire agreement between the parties in regard to the subject matter and supersedes any prior agreements or writings. No terms, conditions, understandings, agreements or representations purporting to modify or vary this Agreement will be binding on the parties unless hereafter made in writing and signed by the party to be bound.

5. Governing Law.

(a) This Agreement will be governed by and construed in accordance with the laws of the State of New Jersey. In the event of any conflict of law, the laws of New Jersey will prevail, without regard to, and without giving effect to, the application of New Jersey conflict of law rules.

(b) The parties agree that any action brought by either party against the other will be brought only in the United States District Court for the District of New Jersey if filed in federal court or only in the Morris County Superior Court if filed in state court. The parties waive all objections to the personal jurisdiction of and venue in such courts for the purpose of carrying out this provision.

(c) ABCR and Licensee irrevocably waive trial by jury in any action, proceeding, or counterclaim, whether at law or in equity, brought by either of them against the other, whether or not there are other parties in such action or proceeding. Any and all claims and actions arising out of or relating to this Agreement, brought by any party hereto against the other, will be commenced within one (1) year from the occurrence of the facts giving rise to such claim or action, or such claim or action will be barred.

6. No Waivers.

No failure to exercise and no delay in exercising, on the part of either party, any right hereunder will operate as a waiver thereof, nor will any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right. The rights and remedies

herein provided will be in addition to all other rights or remedies provided by law. No notice or demand given in any case hereunder will constitute a waiver of the right to take other action in the same, similar or other instances without such notice or demand.

7. Notices.

All communications provided for or given hereunder will be in writing and delivered by hand or sent by mail, facsimile (with proof of receipt), or express mail carrier, addressed, if to ABCR, c/o Avis Rent A Car System, LLC. at 379 Interpace Parkway, Parsippany, New Jersey 07054 Attention: General Counsel, or if to Licensee, _____ or such other address as either party will designate to the other party in writing. Such communication will be effective only upon receipt.

8. Proprietary Information.

(a) Each party agrees to take all reasonable precautions (i) to preserve the secrecy of all information of a confidential nature disclosed to it by the other party that is clearly designated or described as confidential, (ii) to keep such information secure and protected against unauthorized access and (iii) to ensure that these obligations are observed by its employees, officers, agents and contractors. Such obligations will survive termination of this Agreement.

(b) Neither party will be liable for disclosure to others of any such information or data if the same or similar information or data (i) was in the public domain at the time it was disclosed to others; (ii) was known and can be shown to have been known to the party receiving it at the time it was received; (iii) is disclosed inadvertently despite the exercise of the same measure of care as the disclosing party takes to preserve or safeguard its own proprietary or confidential information or data, but in no event less than ordinary care; or (iv) is disclosed to others with the prior written consent of the other party.

(c) Notwithstanding any other provision of this Agreement, Wizard, including all systems, software, methodology, and documentation thereof and all copyrights and other proprietary rights thereof or therein and the name "Wizard System" are owned by ABCR, and Licensee will use its best efforts to maintain all information relating to the System, such methodology and documentation in strict confidence by Licensee and its employees and agents, notwithstanding any completion or termination of this Agreement. Nothing herein will preclude or prevent Licensee from using such information as is necessary to conduct its business so as fully to realize the benefits of the System, or from disclosing such information in good faith to the extent necessary to obtain assistance from third parties that are engaged by Licensee or ABCR to assist Licensee in acquiring, using, maintaining or repairing Licensee's Equipment and that are advised of the proprietary and confidential nature of such information and have signed a non-disclosure agreement with respect thereto.

(d) Licensee agrees at all times to allow ABCR to use all reservation and Transaction data relating to customers of Licensee held on and processed by the System for ABCR's internal reporting and marketing purposes, subject to applicable privacy laws.

9. Merger and Integration.

This Agreement and the exhibits attached hereto contain the entire agreement of the parties with respect to the subject matter of this Agreement, and supersede all prior negotiations, agreements and understandings with respect thereto. This Agreement may only be amended by a written document duly executed by all parties.

10. Severability.

If any provision of this Agreement is held to be inoperative or unenforceable as applied in any particular case in any jurisdiction, or in all cases because it conflicts with any other provision or provisions hereof or any constitution or statute or rule of public policy, or for any other reason, such circumstances will not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions herein contained invalid, inoperative or unenforceable to any extent whatever.

11. No Agency or Partnership.

This Agreement will not be so construed as to constitute Licensee as the agent, representative, partner, co-venturer or fiduciary of ABCR for any purpose whatsoever, and Licensee agrees that it has no authority to assume or to incur any obligation or responsibility, express or implied, for or on behalf of or in the name of ABCR, or to bind, or attempt to bind, ABCR in any manner or thing whatsoever in connection with carrying out the obligations of this Agreement.

SCHEDULE C

WIZARD SYSTEM NETWORK ACCESS ADDENDUM

THIS WIZARD SYSTEM NETWORK ACCESS ADDENDUM is dated as of _____ 20__, by and between Avis Budget Car Rental, LLC (“ABCR”) and _____ d/b/a Avis Rent A Car of _____ (“Licensee”).

WITNESSETH

WHEREAS, Licensee is a party to a Rental System Agreement dated as of the date hereof with ABCR whereby Licensee may utilize the rental system functionality available in the Wizard System (the “System”); and

WHEREAS, ABCR will permit network connectivity to the System for authorized locations of Licensee’s car rental business.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

I. Definitions.

(a) All capitalized terms used and not defined herein will have the same meaning ascribed to such terms in the Rental System Agreement.

(b) ABCR, for the purposes of this Addendum, includes its affiliates, which are defined as any other entity controlling, controlled by or under common control with ABCR and each of their respective successors.

II. Licensee’s Responsibilities.

(a) In order to maintain compatibility with System operational and communication standards, Licensee must use Equipment and software which meets minimum requirements determined by ABCR. Existing workstation requirements are outlined in **Schedule 1** hereto.

(b) Licensee, at its own expense, will acquire, install, maintain and implement controls (the “Controls”) as required from time to time by ABCR in written procedures issued pursuant to the Rental System Agreement in order to safeguard the System from unauthorized use or activity, particularly via the Internet, or other network. The Controls must be implemented prior to any network connectivity at Licensee’s place(s) of business. The current Controls are attached as **Schedule 2** hereto (the “Control List”). ABCR will evaluate and promulgate new Controls in light of ABCR’S assessment of cost versus risk, commercial reasonableness and other relevant factors. ABCR will promulgate revisions of the Control List by written notice and will provide at least thirty (30) days prior notice of required deployment unless ABCR reasonably believes a more immediate threat to security requires faster implementation, and ABCR itself implements a faster deployment of new security measures. In no event will Licensee be provided less time to deploy

new security measures than ABCR unless a specific, identified risk or threat uniquely exposes or affects Licensee.

(c) If Licensee fails to install, maintain, implement and observe the Controls as mandated by ABCR in written procedures, Licensee will be in material breach of the Rental System Agreement, the License Agreement and responsible for any resulting damage or expense incurred by ABCR and the System. Licensee will be responsible for the expense required to correct any non-conformity of Licensee's Equipment or communication systems employed by Licensee with the System, including non-PCI compliance. As a result of any such material breach, Licensee will be suspended from network access until the failure is remedied to ABCR'S satisfaction. If any such failure happens more than twice within any one-year period, ABCR may also, at its discretion, suspend permanently Licensee's connection to the System via the Internet, and require Licensee to follow dedicated connection procedures at Licensee's expense as provided in the Rental System Agreement.

(d) Licensee will be responsible for any damage suffered by ABCR and/or the System as a result of unauthorized access, use or code or file transmission from Licensee's Equipment during any period in which the Controls are not in place on Licensee's Equipment.

(e) Licensee is responsible for the actions of all of its authorized users who have access to Licensee's Equipment at Licensee's locations, regardless of the location of the persons or the means by which such persons access the Equipment. This responsibility exists regardless of the security mechanisms that are in place. This responsibility also extends to actions taken by persons who are not authorized to (i) use Licensee's Equipment but who use Licensee's Equipment while physically located at one of Licensee's locations or (ii) access the System remotely but nevertheless have such access due to Licensee's intentional or negligent act or omission. Licensee is expected to employ the Controls available, and commercially reasonable security mechanisms and procedures including those specified herein.

(f) Licensee is responsible for making best efforts to enforce a policy under which (i) its authorized users log off Licensee's business systems when not in use or lock their screens when leaving their Equipment unattended and (ii) the business systems cannot be remotely operated or accessed by an unauthorized user. Licensee must automatically log all remote logins through Licensee's Equipment, whether successful or failed, and the logs must be reviewed at least once per week by senior supervisory personnel of Licensee for signs of unauthorized access.

(g) Licensee will provide "administrator" or "super-user" access to Licensee's business systems only to Licensee's employees, agents and contractors to whom Licensee has assigned responsibility to maintain such systems.

(h) Licensee will appoint a password administrator who will assign to each of Licensee's authorized users a unique password and a unique User ID. Licensee will establish policies and make reasonable efforts to protect the confidentiality of each such password and User ID. Licensee must instruct its employees to keep such passwords and User ID information confidential and to avoid sharing or disclosing such passwords and User ID's except to the password administrator. Licensee must establish and enforce policies and procedures governing its authorized users. Unless ABCR for good reasons advises otherwise, Licensee will follow the

rules set forth in this paragraph. All users must identify themselves and be authenticated, whether accessing the System from Licensee's locations or some other location. Licensee must disable any "save password" features in software present on Licensee's Equipment.

(i) Licensee must establish and make best efforts to enforce policies that require Licensee's employees to scan all files obtained via the Internet, electronic mail, or diskette or other means for computer viruses, using the virus detection software specified in the Controls. Under no circumstances must Licensee knowingly permit any user of Licensee's Equipment to transfer or transmit any infected files, or files that have not been scanned as required by the Controls, to other individuals or organizations. If a computer virus is detected, Licensee's policy must require the individual to contact the Help Desk immediately.

(j) All of Licensee's business systems which have access to the System and have some form of access to the Internet, or which are connected to any network which has access to the Internet, must be protected by a firewall system specified in the Controls. The firewall must be placed so as to intercept and control all data traffic between the Internet and Licensee's business systems or networks so protected. No gateway or multi-user system with access to the System may be directly accessed from the Internet.

(k) The Licensee must implement a network intrusion detection system ("IDS") at all Internet access points and portals as specified in the Controls. ABCR may require the IDS to be positioned to monitor all traffic to and from the Internet.

(l) All of Licensee's Equipment which has access to the System, or connects to a network or via a network to such Equipment, must be installed and configured in accordance with the manufacturer's recommendations or provisions for a secure configuration. All default passwords and accounts must be changed or removed prior to access to the System.

(m) All operating systems and applications that reside on the Equipment must have all manufacturer-supplied service packs, security patches, updates or other corrective measures applied. The service packs, security patches, updates or measures must be reviewed by the administrator designated by Licensee at least every 60 days and updated as recommended by the manufacturer.

(n) All connections between remote users and Licensee's business systems that traverse the Internet in any form, over any protocol, must utilize strong encryption (at least 128-bit).

(o) In the event Licensee believes a security breach has occurred or is occurring, Licensee must contact the Help Desk immediately. Licensee will cooperate fully with ABCR or its designated agents when investigating or resolving any actual or potential incident.

III. ABCR'S Responsibilities.

(a) ABCR will assign Licensee the following in order to access the System:

- A unique Display and/or Printer Session

- A reasonable number of passwords and User ID's to allow Licensee's authorized users to access the System
 - A unique address for access to the WebWiz Server
 - A unique ID and Password to the WebWiz Server for Host Access
- (b) ABCR will perform monthly outages in order to add new Licensee locations to the System.
- (c) ABCR will provide necessary printing software to support Wizard printing.
- (d) ABCR will be responsible for connectivity from the server to the gateway and then to the Host.
- (e) ABCR or its designated agents may from time to time, during Licensee's normal hours of operation, and at the sole discretion of ABCR, conduct security reviews to verify compliance with this Addendum. Licensee will receive advance written notice of such a review. Failure to acknowledge such notice will in no way impede ABCR'S right or ability to conduct such a review. ABCR may conduct such a review outside normal hours of operation if ABCR reasonably believes that such action is necessary.

IV. Charges.

- (a) Licensee will be responsible for the proportional cost of the System's U. S. Internet communications hub, which includes communications links, servers, gateways, and other facilities associated with achieving Internet connectivity. This cost is outlined in **Schedule 3** hereto under the monthly "Wizard Access Charge" and applies to each Wizard Internet access ID that is issued to Licensee.
- (b) The charge for participating in the System's U. S. Internet communications hub may be changed from time to time upon written notice to Licensee based upon actual pro rata expenses incurred by ABCR to establish and maintain such facilities.
- (c) All charges from ABCR under this Addendum shall be due and payable pursuant to Article VIII of the Rental System Agreement (which Article VIII is incorporated herein in its entirety).

V. System Use.

ABCR strictly prohibits use of the System and Internet connectivity for the following activities:

- Illegal purposes or purposes contrary to ABCR'S published ethics policies
- Harassing, intimidating, or defaming another individual, business or organization
- Sending, receiving, or searching for sexually oriented messages or images, or other images or messages that might be considered lewd or offensive

- Issuing offensive or disparaging statements or language based upon race, culture, sex, age, disability, religion, or any other personal attribute
- Attempting to circumvent or subvert system or network security measures
- Intercepting or viewing network traffic for any reason
- Accessing files, data, or systems for which express prior authorization from the owner, whether ABCR or another company, has not been obtained
- Divulging passwords or access codes to any individual, whether or not employed by ABCR except in a bona fide security service procedure
- Sending or promoting the distribution of unsolicited "junk mail" (e.g. chain letters, spam, advertisements or other communications that represent a waste of valuable time or computer resources for either ABCR or Licensee and its affiliates, or others)
- Any commercial venture not related to the Business or promotional programs with other travel providers

VI. No Warranty.

(a) Licensee acknowledges that although ABCR may use and prescribe commercially reasonable means and methods to secure the System and Licensee's Equipment from unauthorized intrusion, use and access, no such means and methods are foolproof, absolute or perfect as security measures. ABCR does not warrant or guarantee that the System and Licensee's Equipment will be completely secure and free from unauthorized intrusion, use and access, even if the Controls are implemented and observed.

(b) ABCR acknowledges that although Licensee may use commercially reasonable efforts to install, maintain, implement and observe means and methods prescribed by ABCR to safeguard the System from unauthorized use, no such means and methods are foolproof, absolute or perfect as security measures. Licensee does not warrant or guarantee that the System will be completely secure and free from unauthorized intrusion, use and access, even if the Controls are implemented and observed.

VII. Term and Termination.

(a) This Addendum will become effective on the date of execution and will be coterminous with Licensee's Rental System Agreement. In the event Licensee's Rental System Agreement is terminated, then this Addendum will terminate as provided in paragraph (iv) below. In the event this Addendum is terminated, such termination will have no impact on the effectiveness of Licensee's Rental System Agreement.

(b) This Addendum may be terminated as follows:

(i) Licensee may terminate this Addendum with or without cause by providing ABCR with sixty (60) days prior written notice, provided that in the event Licensee determines not to install, maintain or operate Internet connectivity as mandated by ABCR pursuant to Section II hereof, Licensee may immediately terminate this Addendum by written notice. ABCR may terminate this Addendum on sixty (60) days prior written notice if it determines to discontinue offering all Avis Rent A Car locations access to the System via Internet connectivity.

(ii) In the event Licensee violates any of the terms, covenants, conditions or provisions of this Addendum (other than the payment provisions which are governed by Article VIII of the Rental System Agreement) and the same is not cured within thirty (30) days after Licensee's receipt of notice from ABCR, then this Addendum will immediately terminate upon written notice to Licensee.

(iii) In the event of the insolvency or dissolution of Licensee, the making by Licensee of an assignment for the benefit of, or entering into any composition or arrangement with, creditors, or the appointment of a receiver or trustee for liquidation of the business of Licensee, or if bankruptcy, reorganization, insolvency or arrangement proceedings or proceedings under any other laws relating to the relief of debtors are commenced by or against Licensee, then this Addendum will immediately terminate together with all rights and interests of Licensee hereunder, without any notice to Licensee.

(iv) In the event Licensee's Rental System Agreement is terminated by ABCR or Licensee, or their respective successors and assigns, or by operation of law, then this Addendum will immediately terminate on the date of termination of Licensee's Rental System Agreement, without any notice to Licensee.

VIII. Severability.

In the event any one or more of the provisions of this Addendum is for any reason held to be invalid, illegal or unenforceable, the remaining provisions of this Addendum will remain unimpaired, and the invalid, illegal or unenforceable provision will be replaced by a mutually acceptable provision, which, being valid, legal and enforceable, comes closest to the intention of the parties underlying the invalid, illegal or unenforceable provision.

AVIS CENTRALIZED COMMISSION SERVICES PROGRAM (ACCS)

POLICIES AND PROCEDURES (U.S.)

A. SCOPE

1. The Avis Centralized Commission Services Program (“ACCS”), operated by Avis on behalf of Avis Budget Car Rental, LLC. (“ABCR”) is designed to pay travel sources on a worldwide basis, on behalf of all Avis car rental properties, worldwide commissions for both local and one-way car rentals via one central payment method. The current ACCS Instruction Package (“**Instruction Package**”) provides general details of the program together with specific operating instructions.

2. All reservations generated by travel sources must be reconciled through ACCS, whether made directly with the travel source or received from Avis’s Worldwide Reservation Center. The reservations must be reported to ACCS in accordance with the Instruction Package provisions as commissionable or specific non-commissionable categories. This reporting must be done in the same month, or ACCS processing cycle, in which the rental transactions close or the vehicles were due to be rented in the case of non-commissionable categories.

3. The ACCS database currently includes some 170,000 airline appointed travel sources, usually designated as either ARC appointed (U.S.) or IATA (International). These are acronyms for Airline Reporting Corporation and International Air Transport Association as defined in the Instruction Package. You may also see reference to TIDS or PSEUDO numbers. These are 8 character ID numbers usually issued on a temporary basis until the travel sources receive their certifications and permanent numbers from either ARC or IATA.

B. COMMISSION PAYMENT BASIS

1. **Currency.** Payments made by Licensees not on Wizard must be paid to Avis only in U.S. or Canadian dollars converted with respect to local currency, using ABCR’S then applicable exchange rates used for other currency conversion purposes. Wizard automatically converts the local currency to U.S. dollars for those licensees on Wizard, so that Avis or ABCR may issue payment to travel sources.

2. **Frequency of Payment.** ACCS disburses payment twice per month either directly to the travel sources or via a third party vendor.

3. **Commission Calculations.** Regardless of how Avis licensees submit data, the current Avis commission calculation policy is to pay travel sources a percentage of net time and mileage (kilometer) charges, as follows:

Leisure business	10%
Contracted business, including corporate accounts with less than \$100,000. 00 in revenue	5%

Travel Source bookings for corporate accounts with greater than \$100,000 in Avis annual revenue do not earn commissions and as such the Licensee will not be charged commissions for these rentals.

Notwithstanding the standard commission calculations referenced above, any individual travel source(s) or group of travel sources (regardless of location) may be selected by Avis to receive a unique, non-standard commission arrangement (which commissions may be higher than the standard commissions) as part of a particular promotion or program, regardless of duration. Any such promotion or program will be processed through ACCS. Compensation payments may be calculated as a percentage of revenue, a flat dollar amount or any other calculation method selected by Avis. A rental transaction may be eligible for compensation with any vehicle type, rate type/code (including, without limitation, discounted rates), rental period and/or any other category of rental deemed appropriate for such promotion or programs.

4. **Commission Policy.** The current commission percentages described in paragraph 3 above are mandatory for Avis licensees. They may be reviewed and revised by Avis in the future to meet business objectives. Avis licensees shall not deviate from, manipulate or change these mandatory commission percentages in any manner, as part of any ACCS submission, nor use other commission percentages on a local basis to pay any travel source commissions.

5. **Override/Bonus Program.** Avis also provides, as a part of ACCS, an Override/Bonus Program by which eligible individual travel sources or preferred groups may earn a bonus by achieving certain preset goals for business generated throughout the Avis system. By participating in joint marketing promotions or programs with Avis, these preferred accounts are also eligible for special bonus marketing funds.

The primary difference between the base commission Schedule and the Override/Bonus Program is that any override/bonus is based on achieving the preset targets for business directed to Avis U.S. properties as a whole and is not based on any property by property calculation.

When an override/bonus is due, all properties receiving the business are charged an override/bonus at the same preset payout rate. It is important to note that properties are only charged an override/bonus on business which has been generated by the eligible travel sources for those properties.

C. **OPERATING PROCEDURES**

1. **Input by Properties.** The Instruction Package provides details on the currently approved methods of input to ACCS by properties.

2. **Output by Avis (standard)**. The Wizard System will automatically retrieve and process travel source referred rentals for those licensees on Wizard.

3. **Direct Reservations**. Licensee should advise a travel source to re-direct any rentals made directly to the location through the centralized reservation system to ensure that the rental is properly recorded and the rates are charged accurately. Should this not occur, licensee must ensure at all times that any travel source reservations received directly from travel sources are reported by Licensee through ACCS in accordance with the same procedures as published for those travel source reservations transmitted to Licensee's properties through the Reservation System.

D. AUTOMATIC PAYMENT OF COMMISSIONS

1. Licensee will be notified of each travel source reservation for which it has not provided the required information. If after the specified time from such notification, Licensee does not submit information regarding time, mileage, commission percentage, and whether the reservation was canceled, was a duplicate, or the renter was a no-show, or such other information as may then be required for submissions, ABCR will pay the travel source commission based on estimated rental amounts on the reservation. Licensee will make diligent efforts to resolve all travel source commission complaints and resolve all other travel source commission issues so that commissions can be paid based on actual submissions prior to the trigger of the automatic commission payments in accordance with the Instruction Package.

2. Avis reserves the right to reject any Licensee's submission which contains time and mileage calculations and/or no-show items that demonstrate a variance from either the Licensee's or Avis's current commission averages, no-show percentages or Licensee's historical data, if available.

E. ASSESSMENT CHARGES - AUTOMATIC COMMISSION PAYMENTS

1. Licensee is required to report the status of travel source reservations to the Commission Services Department within 30 days of the completion of the applicable rental or no show reservation. Failure to report the status of such reservations results in a communication to the Licensee which documents unreported reservations from the previous month. This report is referred to as the Commission Exception Report.

2. The Licensee must respond within 30 days to the disposition (no-show, cancellation, completed rental information) of each reservation listed on their customized report. The Licensee's failure to respond results in the classification of the reservation as a completed reservation and the Commission Services Department uses the estimated time and mileage from the reservation to calculate a commission payment to the referring travel agency.

3. A processing fee of \$5.00 per reservation is assessed to cover administrative fees.

4. Licensee can avoid the AutoPay Penalty by timely reporting the status of commissionable reservations or responding to the Commission Exception Report as required.

F. **REIMBURSEMENT BY LICENSEE**

The Composite Statement will include the actual amount of commissions (including any special override/bonus payments) to be paid by Avis or ABCR on Licensee's behalf to travel sources for commissionable rentals. Also included on the Composite Statement will be any automatic commission payments made due to Licensee's failure to respond to travel source inquiries. On occasion, there may also be commission charges, separately listed, covering commission inquiries received at ACCS for which no responses have been received from Licensee within the established time period for resolution. This Composite Statement will be sent monthly and will include the amount of commissions due as soon as they are calculated. Licensee will pay Avis for these charges no later than forty-five (45) days from the date of the Composite Statement. Every attempt will be made by Avis to ensure such Composite Statements are mailed promptly or sent electronically to Licensee. There may be occasions however where circumstances beyond Avis's control cause some delay in the processing of said the Composite Statements. Such delays, if any, do not in any way shorten the reimbursement time requirement as specified herein.

G. **POLICY DETERMINATION**

Any questions regarding the ACCS policy should be sent in writing to:

Manager

The following procedures apply to all corporate and licensee locations both in Canada and in the continental United States. In all cases where a licensee is going to be charged under this provision, it will be reviewed and decided by the VP of Franchise Operations and Chairman of the Inter City Committee before the licensee is charged.

4. The underlying principle of the vehicle exchange procedure is that the customer will be billed exactly the same as if no exchange had taken place. This excludes any change in rates or drop fee because the customer violates the original terms of the rental agreement.

Examples:

- a. Customer returns the vehicle intercity when it was to be local rental, the customer would be subject to a rate change and drop fee.
- b. If the customer was on a weekend rate and returns beyond the weekend period, he may have to pay a higher rate. Any change in rate shall be based on the original rental location's rates.

Prior to Exchange

Prior to a vehicle exchange, the exchange city must:

1. Verify the customer's credit I.D. and driver's license.
2. Check the original rental agreement to ensure that the vehicle is not overdue.
3. Verify with the customer the check-in date and time.
4. Obtain additional authorization from the Credit Club if the rental is extended or appears to require additional authorization. On cash rentals being extended, the exchange location is responsible for obtaining an additional deposit equal to the estimated rental charges plus 40% up until the new return time and date. The additional authorization or prepayment must appear on both the original rental agreement and the vehicle exchange agreement.

5. Except as otherwise required by law, additional drivers are not permitted to exchange a vehicle. Only the named Renter, with Avis' permission may exchange a vehicle. The only exception to this rule would be for situations arising under the Emergency Road Service Program.
6. If the exchange location cannot perform all of the above, it must contact the original renting city for instructions.
7. In the event that the exchange location does not follow the above procedures it shall be liable to the exchange vehicle owner for commission, LDW and gas for the time after the exchange up until the time the vehicle is checked in or exchanged in another city. It shall also forfeit its renting city commission. In the event that the vehicle is converted and such conversion could have been prevented by complying with items 1,2,3,4,5 and 6 above, the exchange city shall become liable to the vehicle owner for the book value of the vehicle as of the date of exchange. In the event the exchange city complies with 1,2,3,4,5 and 6 above and the vehicle is subsequently converted, the exchange city will not be responsible for the vehicle other than to cooperate with the original renting station and the vehicle owner to recover the vehicle.

EXCHANGE PROCEDURES

Rental sales agents will process the car exchange transaction by completing the vehicle exchange agreement.

CAR EXCHANGE CHECK-IN AND CHECK-OUT OF NEW CAR

Complete the vehicle exchange agreement with the following information:

1. All customer, rate and rental information shown on the rental agreement.
2. Car information for the new car being assigned.
3. The appropriate boxes of the vehicle exchange agreement should show the previous car number, miles in, exchange date and time, miles driven, refueling service charge, amount of gas or on-the-road expense deduction, and amount of cash refund given, and the customer's initials. Each box should be clearly marked.

Have the customer sign the vehicle exchange agreement. When performing a car exchange, do not use the calculation boxes on the right-hand side of the rental agreement or the vehicle exchange agreement to record the car exchange charges. These will be used at final check-in.

FINAL CHECK-IN PROCEDURES

1. The rental is to be calculated by combining all of the vehicle usage and computing it on the original rental agreement and subsequent copies in the exchange documents. In no event shall the total rental charges be in excess of the charges had the exchange not taken place. Exception: if the customer chooses to upgrade the vehicle class at the time of

exchange, the customer shall pay the appropriate higher rate for the period he or she utilized the higher class vehicle.

2. The exchange location is responsible for distribution of rental agreement copies to the original renting city, original owner, subsequent exchange city(s) and the subsequent owning city(s).

PRORATION OF REVENUES

The original renting city is responsible for all customer billing adjustments and also pays the owning cities involved, as well as exchange cities. However, with respect to licensee receivables purchased by Avis or its parent company, WHQ shall bill the customer subject to the terms and conditions of the Agreement for Computer Services and any accompanying schedules and amendments. The proration and allocation of rental revenue will be based on the following principles:

1. Proration will be based on the **total** time and mileage calculated at the final check-in of the rental.

Mileage driven on each part of the rental is **not** a basis for proration.

2. Calculations determining the daily prorated value will be based on completed 24-hour periods up to the last city in the exchange city chain. The last city in the car exchange chain will receive the remainder of the prorated charges after the original renting city and the intermediate exchange cities receive their prorated portions. **NOTE:** *If the entire period is less than one day or if none of the cities involved in an exchange has a complete 24-hour period of rental, the final exchange city will receive all of the revenue.*
3. Renting and owning city commissions will be determined based on the existing formula of 60% of time and mileage to owning city and 40% of time and mileage to renting city and prorated according to each vehicle used.
4. Distribution of LDW and PAI remains as it has in the past. LDW goes to the owning city and PAI, PAI Plus, ALI and PEP to the renting city. The amounts credited will be based on the prorated portions for each vehicle used.
5. Refueling charges for each vehicle will be credited to the owner of the vehicle and will not be prorated.

The amount of refueling charges at each exchange will be posted in the appropriate box of the vehicle exchange agreement. This amount is the basis for refueling charges to be paid to the owner by the original renting city.

6. Payment of tax, airport fees, system fees, credit card fees, and travel agency commission is the first renting location's responsibility.
7. One-way fees will be credited to the last owner and are not prorated.

XXII. BILLING

1. Process the rental agreement normally for customer billing.
2. Whenever the exchange takes place between a corporate and licensee location and the rate on the original rental agreement is lower than the rates in the exchange location's station file, the exchange location may F-68 the renting location for difference in rates. This billing is not permitted among corporate locations. Billing between licensees and corporate locations may never be for an amount greater than the renting city's prorated revenue.
3. If the exchange location incurs extra costs such as delivery expenses, towing etc., then these expenses will be paid by the owning location. If the expense will be over \$250, contact the owning location for authorization before proceeding.

OVERDUE EXCHANGE VEHICLES

The exchange location is responsible for overdue exchange vehicles up until the time the original renting city is notified of the overdue status of the exchange vehicle.

XXIII. VEHICLE REGISTRATIONS

When a vehicle is side-lined for expiring plate/registration, send an e-mail or fax the MVA number, the license plate number and the state where registered to the Fleet Processing Department for corporate cars. For licensee cars, the owning city is to be contacted. The Fleet Processing Department e-mail is: reg.renewal@avisbudget.com. The FAX is 757-687-2365.

THE FOLLOWING ARE ADDITIONAL DISCLOSURES FOR THE FRANCHISE DISCLOSURE DOCUMENT OF AVIS RENT A CAR SYSTEM LLC REQUIRED BY VARIOUS STATES FRANCHISE LAWS. EACH PROVISION OF THESE ADDITIONAL DISCLOSURES WILL NOT APPLY UNLESS, WITH RESPECT TO THAT PROVISION, THE JURISDICTIONAL REQUIREMENTS OF THE APPLICABLE STATE FRANCHISE REGISTRATION AND DISCLOSURE LAW ARE MET INDEPENDENTLY WITHOUT REFERENCE TO THESE ADDITIONAL DISCLOSURES.

CALIFORNIA

1. No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.

2. The following is added at the end of Item 3:

“Except as disclosed above, neither Avis nor any person in Item 2 is subject to any currently effective order of any national securities association or national securities exchange, as defined in the Securities and Exchange Act of 1934, 15 U.S.C.A. Sections 78a *et seq.*, suspending or expelling such person from membership in such association or exchange.”

3. THE CALIFORNIA FRANCHISE INVESTMENT LAW REQUIRES THAT A COPY OF ALL PROPOSED AGREEMENTS RELATING TO THE SALE OF THE FRANCHISE BE DELIVERED TOGETHER WITH THE DISCLOSURE DOCUMENT.

4. The following is added as the first paragraph of Item 5:

The Department has determined that we, the franchisor, have not demonstrated we are adequately capitalized and/or that we must rely on franchise fees to fund our operations. The Commissioner has imposed a fee deferral condition, which requires that we defer the collection of all initial fees from California franchises until we have completed all of our pre-opening obligations and you are open for business. For California franchisees who sign a development agreement, the payment of the development and initial fees attributed to a specific unit in your development schedule is deferred until that unit is open.

5. The following paragraphs are added at the end of Item 17:

“California Law Regarding Termination and Nonrenewal. The California Business and Professions Code Sections 20000 through 20043 provide rights to franchisees concerning termination or nonrenewal of a franchise. If the License Agreement contains any provisions that are inconsistent with the law (and the law applies), the law will control.

Termination Upon Bankruptcy. The License Agreement provides for termination upon bankruptcy. This provision might not be enforceable under federal bankruptcy law (11 U.S.C.A. Sections 101 et. seq.).

Post-Termination Noncompetition Covenants. The License Agreement contains a covenant not to compete which extends beyond the termination of the agreement. This provision might not be enforceable under California law.

Liquidated Damages for Termination Without Cause. The License Agreement contains a provision providing for liquidated damages. This provision might not be enforceable under California law.

Applicable Law. The License Agreement and related agreements require application of the laws of New Jersey. This provision might not be enforceable under California law.

Forum. The License Agreement and related agreements require application of the forum of New Jersey. This provision might not be enforceable under California law.

California Corporations Code, Section 31125 requires us to give you a disclosure document, approved by the Department of Financial Protection and Innovation, prior to a solicitation of a proposed material modification of an existing franchise.

The License Agreement requires you to sign a general release of claims upon transfer of the License Agreement. California Corporations Code Section 31512 provides that any condition, stipulation or provision purporting to bind any person acquiring any franchise to waive compliance with any provision of that law or any rule or order thereunder is void. Section 31512 might void a waiver of your rights under the Franchise Investment Law (California Corporations Code Section 31000 – 31516). Business and Professions Code Section 20010 might void a waiver of your rights under the Franchise Relations Act (Business and Professions Code Sections 20000 – 20043).

Despite the disclosures above, Avis and you agree to interpret and enforce the provisions of the License Agreement and related documents as written to the maximum extent the law allows.”

NORTH DAKOTA

13. Item 17, “**Renewal, Termination, Transfer and Dispute Resolution**,” Section 11 of the License Agreement, “**Term and Termination**,” and Section 14 of the License Agreement, “**General Conditions and Provisions**,” shall be amended by the addition of the following paragraphs:

“Payment of all initial fees is deferred until Franchisor has satisfied its pre-opening obligations and Franchisee’s Franchised Business opens to the public.”

“No statement, questionnaire, or acknowledgment signed or agreed to by a franchisee in connection with the commencement of the franchise relationship shall have the effect of (i) waiving any claims under any applicable state franchise law, including fraud in the inducement, or (ii) disclaiming reliance on any statement made by any franchisor, franchise seller, or other person acting on behalf of the franchisor. This provision supersedes any other term of any document executed in connection with the franchise.”

VIRGINIA

Under Section 13.1-564 of the Virginia Retail Franchising Act, it is unlawful for a franchisor to cancel a franchise without reasonable cause. If any grounds for default or termination stated in the License Agreement does not constitute “reasonable cause,” as that term may be defined in the Virginia Retail Franchising Act or the laws of Virginia, that provision may not be enforceable.

WASHINGTON

Notwithstanding anything to the contrary set forth in Item 5, all initial fees shall be deferred until Franchisor has fulfilled its initial pre-opening obligations and until Franchisee’s Franchised Business is open to the public.

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

This Rider is being executed because (a) Licensee is a resident of the State of Illinois, and/or (b) the Avis Franchise that Licensee will operate under the License Agreement will be located within the State of Illinois and the offering or sales activity with respect to the License Agreement occurred or will occur in the State of Illinois. Each provision of this Rider shall be effective only to the extent, with respect to such provision, that the jurisdictional requirements of the Illinois Franchise Disclosure Act are met independently without reference to this Rider.

2. Payment of Initial Fees will be deferred until Franchisor has met its initial obligations to franchisee, and franchisee has commenced doing business. This financial assurance requirement was imposed by the Office of the Illinois Attorney General due to Franchisor’s financial condition.

3. **Entire Agreement; Representations and Amendments.** The first sentence of Paragraph 14.2(a) of the License Agreement is deleted in its entirety and the following is substituted in its place:

“In conformance with Section 4 of the Illinois Franchise Disclosure Act, any provision in a franchise agreement that designates jurisdiction and venue in a forum outside of the State of Illinois is void. However, a franchise agreement may provide for arbitration to take place outside of Illinois.”

4. **New Jersey Law Governs.** Paragraph 14.7 of the License Agreement is deleted in its entirety and the following is substituted in its place:

“Except to the extent governed by the United States Trademark Act of 1946 (Lanham Act, 15 U.S.C. §§ 1051 et seq.), this Agreement and the relationship between the parties hereto will be governed by and construed in accordance with the internal laws of the State of Illinois.

5. **Jurisdiction.** Paragraph 14.8 of the License Agreement is deleted in its entirety.

6. **Waiver of Punitive Damages and Jury Trial.** The following is added after Paragraph 14.10 of the License Agreement:

“However, the waiver in this paragraph shall not apply to the extent prohibited by Section 705/41 of the Illinois Franchise Disclosure Act of 1987 which provides that “**Any**

condition, stipulation, or provision purporting to bind any person acquiring any franchise to waive compliance with any provision of this Act or any other law of this State is void. This Section shall not prevent any person from entering into a settlement agreement or executing a general release regarding a potential or actual lawsuit filed under any of the provisions of this Act, nor shall it prevent the arbitration of any claim pursuant to the provisions of Title 9 of the United States Code” or Illinois Regulations at Section 200.609.”

7. There is extensive litigation involving Avis disclosed in Item 3 of the disclosure document. Make certain to review Item 3 in the disclosure document, along with the document attached as Exhibit B, Laws & Regulations Concerning the Car Rental Industry and the Announcement of the Department of Justice – Settlement Agreement.

8 Avis expects that YOU will finance 100% of your vehicle fleet. YOU must provide security for any loan you obtain and personally guarantee any financing. This Guarantee will place your personal assets (perhaps including your house) at risk if your franchise fails.

9. Item 6 in the disclosure document contains 7 plus pages of “Additional Fees” that YOU MUST PAY throughout the term of the franchise.

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Rider on the day and year first above written.

This Rider is made and entered into this _____ day of _____, 20____ by and between **Avis Rent A Car System, LLC**, a Delaware limited liability company (“**Avis**”), and _____ d/b/a Avis Rent A Car of _____ (“**Licensee**”).

1. **Background.** Avis and Licensee are parties to that certain “**License Agreement**” dated _____, 20____ that has been executed concurrently with the execution of this Rider. This Rider is annexed to and forms a part of the License Agreement. This Rider is being signed because (a) the Avis Franchise that Licensee will operate under the License Agreement will be located in the State of Washington; and/or (b) Licensee is a resident of Washington; and/or (c) the offering or sales activity with respect to the License Agreement occurred in the State of Washington. Each provision of this Rider shall be effective only to the extent, with respect to such provision, that the jurisdictional requirements of the Washington Franchise Investment Protection Act and its regulations are met independently without reference to this Rider.

2. Notwithstanding anything to the contrary set forth in the License Agreement, and in particular Summary Pages (Section 10(b)) and Section 7.1 thereof, all initial fees shall be deferred until Franchisor has fulfilled its initial pre-opening obligations and until Franchisee’s Franchised Business is open to the public.

3. **Addition of Paragraphs.** The following paragraphs are hereby added to the end of the License Agreement as Paragraph 15:

“In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail.

RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or

limit the statute of limitations period for claims under the Act, or rights or remedies under the Act such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor’s reasonable estimated or actual costs in effecting a transfer. Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee’s earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor’s earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation). As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

The undersigned acknowledges receipt of this Rider.”
