What You Need To Know About Franchising Generally

Continuing responsibility to pay fees. You may have to pay royalties and other fees even if you are losing money.

Business model can change. The franchise agreement may allow the franchisor to change its manuals and business model without your consent. These changes may require you to make additional investments in your franchise business or may harm your franchise business.

Supplier restrictions. You may have to buy or lease items from the franchisor or a limited group of suppliers the franchisor designates. These items may be more expensive than similar items you could buy on your own.

Operating restrictions. The franchise agreement may prohibit you from operating a similar business during the term of the franchise. There are usually other restrictions. Some examples may include controlling your location, your access to customers, what you sell, how you market, and your hours of operation.

Competition from franchisor. Even if the franchise agreement grants you a territory, the franchisor may have the right to compete with you in your territory.

Renewal. Your franchise agreement may not permit you to renew. Even if it does, you may have to sign a new agreement with different terms and conditions in order to continue to operate your franchise business.

When your franchise ends. The franchise agreement may prohibit you from operating a similar business after your franchise ends even if you still have obligations to your landlord or other creditors.

Some States Require Registration

Your state may have a franchise law, or other law, that requires franchisors to register before offering or selling franchises in the state. Registration does not mean that the state recommends the franchise or has verified the information in this document. To find out if your state has a registration requirement, or to contact your state, use the agency information in Exhibit A.

Your state also may have laws that require special disclosures or amendments be made to your franchise agreement. If so, you should check the State Specific Addenda. See the Table of Contents for the location of the State Specific Addenda.

Special Risks to Consider About This Franchise

Certain states require that the following risk(s) be highlighted:

1. **Out-of-State Dispute Resolution**. The franchise agreement requires you to resolve disputes with the franchisor by mediation, arbitration and/or litigation only in Oklahoma. Out-of-state mediation, arbitration, or litigation may for you to accept a less favorable settlement for disputes. It may also cost more to mediate, arbitrate, or litigate with the franchisor in Oklahoma than in your own state.

2. **Mandatory Purchases and Advertising**. You must purchase a minimum amount of Ram Jack Products annually and spend a minimum amount on advertising and marketing your Ram Jack Business. Failure to meeting minimum annual purchase requirements and/or failure to spend a minimum amount annually on advertising and marketing your Ram Jack Business may result in a reduction or elimination of your protected territory or even termination of your franchise and loss of your investment.

Certain states may require other risks to be highlighted. If so, check the “State Specific Addenda” pages for your state.

INFORMATION FOR RESIDENTS OF THE STATE OF MICHIGAN

The State of Michigan prohibits certain unfair provisions that are sometimes in franchise documents. If any of the following provisions are in these franchise documents, the provisions are void and cannot be enforced against you.

- (A) A prohibition of the right of a franchisee to join an association of franchisees.
- (B) A requirement that a franchisee assent to a release, assignment, novation, waiver, or estoppel which deprives a franchisee of rights and protections provided in this act. This shall not preclude a franchisee, after entering into a franchise agreement, from settling any and all claims.
- (C) A provision that permits a franchisor to terminate a franchise prior to the expiration of its terms except for good cause. Good cause shall include the failure of the franchisee to comply with any lawful provision of the franchise agreement and to cure such failure after being given written notice hereof and a reasonable opportunity, which in no event need be more than 30 days, to cure each failure.
- (D) A provision that permits a franchisor to refuse to renew a franchise without fairly compensating the franchisee by repurchase or other means for the fair market value at the time of expiration of the franchisee's inventory, supplies, equipment, fixtures, and furnishings. Personalized materials which have no value to the franchisor and inventory, supplies, equipment, fixtures, and furnishings not reasonably required in the conduct of the franchise business are not subject to compensation. This subsection applies only if (i) the term of the franchise is less than 5 years and (ii) the franchisee is prohibited by the franchise or other agreement from continuing to conduct substantially the same business under another trademark, service mark, trade name, logotype, advertising, or other commercial symbol in the same area subsequent to the expiration of the franchise or the franchisee does not receive at least 6 months notice of franchisor's intent not to renew the franchise.
- (E) A provision that permits the franchisor to refuse to renew a franchise on terms generally available to other franchisees of the same class or type under similar circumstances. This section does not require a renewal provision.
- (F) A provision requiring that arbitration or litigation be conducted outside this state. This shall not preclude the franchisee from entering into an agreement, at the time of arbitration, to conduct arbitration at a location outside the state.
- (G) A provision which permits a franchisor to refuse to permit a transfer of ownership of a franchise, except for good cause. This subdivision does not prevent a franchisor from exercising a right of first refusal to purchase the franchise. Good cause shall include but is not limited to:
 - (i) the failure of the proposed transferee to meet the franchisor's then current reasonable qualification or standards.
 - (ii) the fact that the proposed transferee is a competitor of the franchisor or sub-franchisor.

(iii) the unwillingness of the proposed transferee to agree in writing to comply with all lawful obligations.

(iv) the failure of the franchisee or proposed transferee to pay any sums owing to the franchisor or to cure any default in the franchise agreement existing at the time of the proposed transfer.

(H) A provision that requires the franchisee to resell to the franchisor items that are not uniquely identified with the franchisor. This subdivision does not prohibit a provision that grants to a franchisor a right of first refusal to purchase the assets of a franchise on the same terms and conditions as a bona fide third party willing and able to purchase those assets, nor does this subdivision prohibit a provision that grants the franchisor the right to acquire the assets of a franchise for the market or appraised value of such assets if the franchisee has breached the lawful provisions of the franchise agreement and has failed to cure the breach in the manner provided in subdivision (c).

(I) A provision which permits the franchisor to directly or indirectly convey, assign, or otherwise transfer its obligations to fulfill contractual obligations to the franchisee unless provision has been made for providing the required contractual services.

The fact that there is a notice of this offering on file with the Attorney General does not constitute approval, recommendation, or endorsement by the Attorney General.

Our concept was developed by our founder Stephen Gregory and our affiliate company Gregory Enterprises, Inc. (GEI) which incorporated on January 3, 1975 as Gregory Pest Control, Inc. and changed its name on June 29, 1984. Its offices are located at 13655 CR 1570, Ada, OK 74820. Ram Jack Manufacturing, LLC, is a limited liability company, registered in Oklahoma on January 31, 2000. It also offices at 13655 CR 1570, Ada, OK 74820. Ram Jack Manufacturing, LLC. manufactures the licensed products and of the equipment used in the Ram Jack® system.

The principal business address of each affiliate is 13655 CR 1570, Ada, Oklahoma 74820.

Additionally, we have two affiliate-owned companies Ram Jack Solar Solutions, LLC (registered December 3, 2010 in Oklahoma) and Ram Jack Utility Solutions, LLC (registered July 7, 2009 in Oklahoma) which were formed to joint-venture with Ram Jack dealers to use Ram Jack products, methods and processes for large projects that are not within the scope, financial resources or capability of an individual dealer. Both companies are headquartered at our offices at 13655 CR 1570, Ada, OK 74820.

No predecessor or affiliate has offered franchises for this business or any other lines of business.

Our Business:

We offer franchised dealerships with protected territories, granting the right to operate a foundation repair and piercing business with ancillary services under our trade name of "Ram Jack" and Ram Jack Foundation Solutions and using exclusive patented equipment, products and systems to offer high quality foundations solutions for both residential and commercial structures.

We also offer another form of our dealership to established construction and construction related support service businesses the opportunity to complement their business with a franchised

foundation repair and installation services dealership within an unprotected territory, granting the right to operate a foundation repair and piercing business under our trade name of "Ram Jack" and Ram Jack Foundation Solutions or they can also choose to establish their own foundation repair and installation business, operating independently under their own business name but utilizing and marketing exclusively Ram Jack Products and using exclusive patented equipment, products and systems to offer high quality foundations solutions for both residential and commercial structures

Operating and franchising Ram Jack dealerships is our only business. Although we intend to concentrate on establishing and expanding our Ram Jack dealership network, we reserve the right to develop alternative methods of distribution of our Products and services.

The Franchise Dealership:

History of Our Franchise Model

From 2008 to December 2019, we offered a comprehensive franchise opportunity to operate a Ram Jack Foundations Solutions full service dealership with an exclusive protected territory and numerous support services fees and minimum purchase and marketing requirements. However, after exploring then current market conditions and in response to requests for a more streamlined foundation support installation and repair opportunity that can operate efficiently in conjunction with establish construction and other service related businesses, we tested the current form of dealership with an unprotected territory by means of a "certified installer" program and subsequently as of December 1, 2019, we discontinued offering the more comprehensive franchise opportunity and expanded the "certified installer" program into the current form of Ram Jack franchised dealership with unprotected territory. Franchisees with original protected territories retained their exclusive territories and continued operating. Currently, based on continuing requests for Ram Jack dealerships with protected territories, as of the issuance date of this FDD, Ram Jack is resuming the offer of its Ram Jack Foundation Solutions full service dealership with a protected territory under a separate form of franchise agreement. We will continue to offer the option of a streamlined dealership under a different form of franchise agreement with an unprotected territory. Training and available Ram Jack products are the same for all dealers.

Ram Jack Dealerships Generally:

The Ram Jack Foundation Solutions is a carefully designed concept that requires no experience in the foundation industry. Although prior foundation or construction experience is helpful to operate a Ram Jack Foundation Solutions Dealership, it is not necessary. Our goal is to grant franchises to individuals who have the desire, common sense, and general business skills to operate a Ram Jack Dealership. The Ram Jack Foundation Solutions Dealership offers a strong, reliable system for repairing and installing residential and commercial foundations using unique patented piercing and related foundation support and repair products. The Ram Jack dealership is designed to allow both established businesses and individuals who wish to start a business the opportunity to purchase and use Ram Jack's propriety and patented hydraulically driven steel piercing systems and other proprietary steel

fabricated products including equipment/tools/products/apparatus (Ram Jack Products) and methods of foundation repair. You may operate from a home office, a commercial location from which you already operate a non-competitive business (e.g. construction) or may rent or lease commercial space for your Dealership

Dealers with Protected Territory

We will provide you with comprehensive training in the proper installation of our Products using the Ram Jack® system, a system that is backed by the finest grade American made steel products, many under exclusive Ram Jack patents we license to you. We provide an initial training and a basic marketing package for the franchise and offer other operational support services such as optional centralized call center services for a fee. Many of the tools needed to install Ram Jack Products are common in construction related businesses. If you do not have all the essential tools and equipment needed to install Ram Jack Products, then you must purchase them. Operation of the business can begin immediately after completion of training and obtaining any necessary tools and equipment you do not currently have on hand. We will provide you with instructional handouts (at training), web page and marketing materials and access to our manuals and other information online at www.MyRamjack.com. No other Ram Jack Dealer will be located in your territory.

Dealers with Unprotected Territory

For qualified individuals and businesses, we also offer a more streamlined opportunity to offer foundation repair and installation services using Ram Jack Products and systems at a reduced investment and with fewer requirements by choosing to operate with a designated territory that will not be exclusive or protected from other dealers. The Ram Jack Dealership can operate a complementary business to an already established business such as general construction contracting. Ram Jack Dealers can also choose to establish their own foundation repair and installation business, operating independently of other business interests but utilizing and marketing exclusively Ram Jack Products and related services. Other Ram Jack Dealers may be placed in your territory.

Prior Business Experience:

Ram Jack Systems Distribution, LLC's principal Stephen Gregory began appointing foundation repair dealerships in 1999 and then we were formed to continue developing the Ram Jack dealerships. We offered short term dealership licenses from our formation until July 2008. Our affiliate company, Gregory Enterprises, Inc. has been in the foundation repair business since 1982. Before Gregory Enterprises, Inc. was renamed, the company did pest control work, installed swimming pools and began foundation and concrete repair type work. Gregory Pest Control, Inc. changed its name to Gregory Enterprises, Inc. on June 29, 1984. Before Ram Jack Manufacturing was formed in 2001, GEI manufactured all proprietary and patented products.

Other Lines of Business:

We offered franchises for seawall repair and stabilization under the name, Ram Jack Seawall Solutions, in test geographic areas during 2008-2009, but discontinued offering the separate seawall franchise by the December 2009. We have also previously offered short term dealership opportunities using the Ram Jack name and installing patented Ram Jack foundation repair systems from 1999 to July 2008.

Competition:

You will have to compete with a variety of independent companies and sole proprietors using various products and methods of foundation repair and piling for residential and commercial property. While these businesses offer similar services, as an authorized Ram Jack Foundation Solutions dealer, you will be able use our exclusive Ram Jack proprietary and patented piling systems, apparatus and methods. See Item 14 for details.

Applicable Laws and Regulations:

We are aware of no laws or regulations specific to the operation as a Ram Jack dealership. However, in some states, Ram Jack Foundation Solutions dealers must obtain some form of construction permit or contractor's license to operate a foundation repair and support business. You must comply with all local, state and federal laws regulating your business, and you are responsible for identifying the specific legal requirements applicable to your business within your territory. We recommend you consult with your business advisors for further information about applicable laws as well as check your state's official web site (typically the secretary of state) for information about applicable laws and regulations that may affect your Dealership.

Ram Jack Dealer⁽⁵⁾ Association	Initial Membership Fee: \$1,000 ---- Annual Dues:\$1000 ---- \$1 per bracket purchased from us	When you elect to join. ---- Anniversary of joining ---- Billed monthly by the Association	This is a voluntary association run entirely by the dealers for the purpose of providing a warranty trust fund to support warranties given by dealers in support of the guarantees that dealers may give their customers. All fees/dues are paid directly to the Association.

Notes:

1. Unless otherwise specifically noted, all fees are uniformly imposed by and payable to us and are not refundable.
2. We occasionally provide additional training at no charge, but this is subject to change. If additional training is provided at your location, then we may charge for our representatives actual expenses incurred for travel, lodging and meals.
3. Interest begins from the date of non-payment.
4. We are not able to estimate the costs of such an audit because we have never conducted one. Variables that may affect costs include location of franchisee, location and availability of an appropriately experienced auditor, any travel and related expenses, complexity of the recordkeeping to be audited. For the audit, we do not intend to charge more than the actual costs plus a reasonable charge for our employees' time.
5. Other than providing a representative to serve as a board member and offer our input, the only role that we will play is that we will give the Dealers Association an accounting of each member dealer's bracket purchases for the month. The Dealers Association will then bill each member dealer \$1 per bracket for the warranty trust. The criteria for membership in the Association is that the dealer must be in good standing with us, i.e. current account. After becoming a member, you must continue to maintain good standing with

Distribution as well as the Dealers Association. If we terminate a dealer, that information will be immediately forwarded to the Association.

Notes:

1. The initial franchise fees is the same for all franchisees with a protected territory. We do not charge an initial franchise fee for franchises with unprotected territory nor require any other fees. Neither we nor any affiliates offer financing of fees or any portion of the initial investment.
2. Most construction and support service businesses that purchase the Ram Jack franchise dealership with an unprotected territory will already have most, if not all, of the essential equipment and tools to install Ram Jack Products.
3. Tools will be needed outside of the proprietary equipment available for purchase, some of these include general hand tools like screw drivers, socket sets, cordless drills, reciprocating, etc. You will also need some medium duty tools such as a jack hammer, concrete saw, and core drill. If you are already

operating a construction related business, you may already have all that you need.

4. If you do not already have a suitable truck and need to purchase one, you have the option of financing through third party lending institutions. Typical monthly payments range from \$566 to \$985. You will need a flat bed truck or box truck capable of hauling proper installation equipment, personnel, and products to and from job sites such as a Dodge 4500, Chevrolet 5500 or Ford F450. These are examples only and we make no recommendations for any particular make and model of truck. The Department of Transportation regulations and laws of your state must be consulted and followed pertaining to maximum weight limits for loaded truck and loaded trailer. The vehicle must be in proper operating condition, clean, and represent Ram Jack according to our standards. You must also carry proper insurance at all times for all company vehicles.
5. You must pay for your travel and board costs, and that of any employees you have attend when you attend training in Ada, Oklahoma, or another city with a designated trainer.
6. If you already operate a business, we assume you must already have commercial liability insurance for bodily injury, property damage. We do not include the amount of motor vehicle insurance, which you should maintain at a reasonable level. We will review your current insurance coverage to verify commercially reasonable adequacy. Required liability limits may vary according to the geographic location and size of your operation. Insurance costs will vary depending upon the nature and value of the physical assets, gross revenues, and other factors bearing on risk expense practices. Your costs could be greater or less than the range we have suggested as a possible range. It is difficult to estimate the ultimate cost to any given franchisee. We estimate the total costs with the caution that you should obtain quotes from carriers of choice before proceeding. You must keep in full force and effect at all times Contractual Liability; Products and Completed Operations, Personal Injury and Advertising Liability with \$2,000,000 per occurrence and a \$4,000,000 general and products/completed operations aggregate limits. Commercial Auto Coverage at \$2,000,000 Combined Single Limit per occurrence and having Employers Liability limits of at least \$1,000,000/\$1,000,000/\$1,000,000. Umbrella/Excess (following form on Employer's Liability, comprehensive General Liability and Commercial Automobile coverages), with a Minimum coverage - \$2,000,000 Limit of Liability Coverage, with such general liability policy(ies) provided by an insurance company or insurance companies licensed to do business in the state in which your franchise is located. We shall be named as an additional insured. Notwithstanding the foregoing, We may accept from you lower limits of insurance at our sole discretion, to be evidenced by our prior written consent. The policy(ies) must cover all of your activities under the Franchise Agreement and must name us as an additional insured. All such policy(ies) shall cover all of Your activities under this Agreement and shall state that it is primary insurance in regard to Us, Our officers and employees and shall carry endorsements for grantor of franchise, ongoing operations and completed

operations. You must maintain no less than the minimum amounts and limits for Workers' Compensation and General Liability insurance coverages with limits required by applicable state law, and use only insurers and forms of policies approved by your state insurance commissioner.

7. You may desire to retain legal counsel to review Your initial agreements and an accountant to advise on financial and tax matters. The fees they charge will depend on the scope of services you request and could exceed this amount.
8. As a protected territory franchisee you will need a fully loaded trailer. There are many options in the choice of trailers if you do not already have a suitable enclosed trailer. If you purchase the custom trailer, you will need to own or purchase a truck capable of towing the fully loaded trailer with equipment loaded on truck bed. The Department of Transportation regulations and laws of your state must be consulted and followed pertaining to maximum weight limits for loaded truck and loaded trailer.
9. You must have both your truck and any trailer vinyl wrapped according to our specifications by the vendor of your choice.
10. This item estimates your initial start up expenses for a 3-month period. If you are already operating a similar or complementary business, you may need very little or no additional funds to provide operating cash and miscellaneous costs. The amount required may fluctuate due to expenses of the Business such as the efficiency of your operation, any complementary existing business operations you may have, where you choose to base your Dealership operation, the local market, the length of time it takes to secure and produce Your first jobs. Many suppliers, utilities and tradesmen require you pay their fees and deposits before providing services, e.g. sales tax deposits, business license fees, etc. In addition, you will incur costs such as gasoline, insurance, monthly phone bills, vehicle lease or purchase payments and the like before you will have generated any revenue from sales. Once started, you will purchase Ram Jack products as appropriate and needed for the particular job. These figures are estimates. We cannot guarantee that you will not have additional expenses starting your business. Operating capital is calculated solely for your Dealership expenses and does not include any funds you may need for personal use or salary. Initial operating capital needs vary greatly and a three month period may not suffice.

Important Note: Because the type and size of projects you may undertake will vary considerably, the cost of materials and products you may need for your first installations cannot be estimated and is not included here, but you should consider that in planning your working capital needs. We will help you develop a marketing plan but how and the timing of when you spend your advertising budget is at your discretion.

11. We will help you develop a marketing plan but how and the timing of when you spend your advertising budget is at your discretion.
12. If you rent, most landlords require a security deposit.

13. You must maintain a telephone or cable/broadband line with high speed internet capability, as well as a telephone, either landline or cell phone.
14. Basic office furniture and supplies include, desk, chair, file cabinet, office supplies. Franchisee will need to provide a facsimile machine and printer of their choice.
15. We will determine the initial training fee we will charge you based on our evaluation of your skills, abilities, work experience, previous training and knowledge of and experience in the foundation and construction industries
16. These total estimates are calculated for different representative levels of operation. It will also be affected by the materials and products you must purchase for your first installations. We base the estimated initial investment on the experience of our founder Steven Gregory and our original dealership and franchise network. The unprotected territory franchise opportunity is directed primarily to entrepreneurs who have an already existing business and already own basic construction equipment and tools. Much will depend on your current business operations, as to how much, if any, you might additionally need to spend. You should review these figures carefully with a business advisor before making any decision to purchase the franchise. Product purchases and any fees paid to us are non-refundable.

Item 8

RESTRICTIONS ON SOURCES OF PRODUCTS AND SERVICES

Required Purchases

To preserve the quality and consistency of the Ram Jack Systems and of the services and products offered customers, we require that you buy all patented equipment and products and all related proprietary and trademarked items. We will control the purchase of these items to assure protection of our patent licenses, trademarks, trade secret rights and for quality control and uniformity of products and services within the franchise system.

While we do not require that you purchase or lease any specific type of vehicle to use in your dealership, we do require that you use an appropriate vehicle and trailer meeting our standards for maintenance and appearance as set out in the Manual. You will need a flat bed truck or box truck capable of hauling proper installation equipment, personnel, and products to and from job sites. An acceptable vehicle would be a truck such as a Dodge 4500, Ford F450, or Chevrolet 5500 and trailer that are clean, mechanically sound and well maintained. The Department of Transportation regulations and laws of your state must be consulted and followed pertaining to maximum weight limits for loaded truck and loaded trailer.

All franchisees must maintain a computer with software at all times that is capable of connecting to the internet, communicating by email, and performing other basic office functions, such as word processing, accounting and spreadsheets. If you do not currently have this, you must buy or lease it. See also Item 11.

Maintaining the quality and uniformity of Ram Jack foundation repair and piling system services is central to the reputation, goodwill and value of the Ram Jack system. To

provide any Ram Jack System services, you must use Ram Jack patented equipment, apparatus systems and related proprietary products we manufacture or have made to our specifications. ("Products.")

You are strictly prohibited from reselling Ram Jack Products except as part of our repair and piercing system services provided to the end user customer in accordance with our standards and specifications other than a current Licensed Ram Jack Dealer.

Required and Approved Suppliers; Specifications and Standards

You must purchase all your requirements of our Products either from us or from our designated affiliate. We are the only approved suppliers of Ram Jack Products. Prices for Ram Jack Products vary among franchisees and dealers, based on prior arrangements, some of which are no longer offered, and qualifications for current discount programs. We publish our current pricing schedules and criteria from time to time, and reserve the right to change price and purchase terms in our sole discretion. As applicable, we will provide you with standards, specifications for any purchases necessary to enable the proper installation of Ram Jack Products. We have the right to change those specifications and standards at any time. Our specifications and standards for equipment and products are included in our operations manual or in written communications to you and may periodically change. Neither we nor any of our officers own an interest in any approved supplier. However, Steven Gregory, our founder, is an officer who owns the membership interests in Ram Jack Systems Distribution, LLC.

You must keep your equipment in good working order. You may use any supplier to perform maintenance and repairs. You must conduct in a professional and dignified manner all marketing and promotion of any kind and in any medium and must conform to our specified standards. We must approve all advertising and promotional materials before you may use them. If you do not receive our written approval within 20 days, the materials are deemed not approved.

Approval of Alternative Suppliers

There are no other approved suppliers, because we do not require that you purchase anything other than all your requirements of Ram Jack Products. You may exercise your reasonable business judgment in selecting vendors for any reason other than Ram Jack Products. There is no procedure for approval of a vendor because we do not reserve the right to approve vendors except that we are the only vendor of Ram Jack Products.

Revenue from Franchisee Purchases

We only derive income from franchisees' purchases directly from us. We do not negotiate purchase agreements with suppliers of various products for our benefit and that of the franchise system. We do not provide material benefits to a franchisee based on a franchisee's use of designated or approved suppliers. We do not receive any money, rebates or advertising allowances from approved suppliers. There are no purchasing or distribution cooperatives.

Our gross revenue for the fiscal year ending 2022 was \$31,091,277 of which \$24,798,566 was from the sale of all required purchases and leases of equipment and supplies to our franchisees. All of your required purchases represent approximately 80-90%

percent of your total purchases and leases in connection with the establishment of your Dealership and approximately 40% percent of your overall purchases in operating the Dealership. Affiliate companies do not receive revenues from franchisee required purchases or leases.

You must provide us with a copy of your current commercial insurance policy or policies evidencing satisfactory insurance coverage as specified in the Franchise Agreement. You must also furnish us with copies of all insurance policies showing the coverage and payment of premiums required by your Franchise Agreement and then continue to provide renewal certificates.

In addition to maintaining basic business records, you will use your computer to process and follow up on potential sales and customer information. If you do not already have such a computer, the estimated cost of this equipment and software is approximately \$800 to \$1,000 for computer, software, multifunction printer. We do require all franchisees to maintain a basic computer at all times that is capable of connecting to the internet, communicating by email, and performing other basic office functions, such as word processing, accounting and spreadsheets. Maintenance of computers and software is your responsibility.

We have no annual optional or required maintenance, updating, upgrading, or support contracts and have no knowledge of such costs. Because of rapidly changing technology, we do not know what our requirements may become, nor how much any updates, upgrades or new equipment or software may cost.

Length of Time Between Signing of the Agreement and Beginning Operations:

The period of time between the signing of the Franchise Agreement and the start of your Dealership varies, depending upon when you schedule any applicable training and begin your marketing. We estimate that the typical length of time between signing the franchise agreement and the start up of your Ram Jack Dealership is 60 days. Once you complete training and return home, you can immediately begin marketing for customers and offering Ram Jack Products and services.

Item 12
TERRITORY

For Franchisee Dealers with Unprotected Territory:

We do not grant you an exclusive territory or protected area of any kind. To ensure you operate only in unassigned areas and we do limit your right to operate as a Ram Jack Dealer to a designated territory which is the only geographic area within which you may install offer Ram Jack services and install the Ram Jack Products that we sell to you. The designation of a restricted territory is simply a limitation on where you may install our Products and does not give you any protected rights within the territory. You will not receive an exclusive territory. You may face competition from independent businesses, other Ram Jack dealers and Ram Jack Foundation Solutions franchisees, from outlets that we own, or from other channels of distribution or competitive brands that we control.

We are not obligated to consent to any work in outside of your restricted territory, even though it may be unassigned.

For Franchisee Dealers With Protected Territory Only:

Under the Franchise Agreement, we grant you an exclusive territory. You must locate and operate your Ram Jack Dealership within a territory designated in Exhibit C attached to the Franchise Agreement (“the Territory”) The grant of a Territory means you have rights to perform the dealership services for which you are licensed only within the designated territory. Neither we, nor another franchisee can perform the same Ram Jack services for single family residences in your Territory. Your territorial exclusivity is not dependent upon achievement of a certain sales volume, market penetration or any other contingency. However, if we determine you are not able to adequately handle commercial or multiunit projects, on a project by project basis, we or an affiliate or other dealer may be authorized to service the project.

The Territory deemed appropriate will vary in physical size from franchise to franchise, but all will be delineated geographic boundaries and/or zip codes. We will determine the Territory by the specific geographic and market factors affecting the Territory and by our overall plan for development of the Territory. These factors include: the size of the territory, the demographics of the territory, the experience of the franchisee, the financial strength of the franchisee and other commercially feasible factors.

Among other sources, we will derive our information from current data released by the U.S. Census Bureau including information that has been converted by a commercial service into zip code data we will use in determining the Territory. We will negotiate your Territory concurrently with the Franchise Agreement, which will be described in Exhibit C to the Franchise Agreement. Because Ram Jack businesses provide services at the customer’s location, you will be granted a designated territory within which you will market and service customers. You cannot relocate your franchise rights outside your territory. If you wish to locate outside your Territory, you may sell your Business, and we will consider selling you a franchise for another territory so long as you are in full compliance with your franchise agreement and will otherwise qualify.

Minimum Purchase and Advertising Requirements: (MPAR)

Minimum Purchase Requirement (MPR): As a condition of your franchise, annually you must purchase a designated minimum amount of our Proprietary Products. Based on the number of housing units in your Territory, considering the demographics of the Territory using the U.S. Census Bureau data, considering other factors such as local competition, We determine your annual MPR which will include increases each year for the first three years as set out in Exhibit D to the franchise agreement, and may then be increased annually as we determine appropriate.

Minimum Advertising Requirement (MAR): For approved advertising and marketing of Ram Jack services products and Marks, you must annually spend a minimum for approved marketing and advertising within your Territory. Based on the number of housing units in your Territory, considering the demographics of the Territory using the U.S. Census Bureau data, considering other factors such as local competition, We determine your annual MAR which will include increases each year for the first three years as set out in Exhibit D to the franchise agreement, and then may thereafter be increased annually as we determine appropriate.

Modification of the Territory or Termination

If you do not meet your minimum purchase requirement or your minimum advertising requirement for any year of operation as those are specified in Exhibit D to the Franchise Agreement, then we may either: 1) adjust the boundaries of your Territory to reduce its geographic scope and the number of households it includes, or: 2) terminate the franchise agreement. We will not, however, do so without first giving you written notice and opportunity to cure within a 90 day period, and/or elect either to terminate this Agreement at the end of the first or second (if given) 90 day cure period or adjust the boundaries of Your Exclusive Territory to reduce its geographic scope and or number of households.

Although unlikely, we may also revise your authorized Territory at renewal. There are no other circumstances that permit the franchisor to modify the franchisee's territorial rights.

Other Channels of Distribution (All franchisees): We have the right to solicit and accept orders for products bearing our Marks or other products to customers located anywhere including within your restricted territory without compensation to you. We reserve the right to use the Marks in any other channel of distribution and may sell other similar services and goods under other trademarks including the right to:

- a) use any channel of distribution now existing or in the future developed, including, as examples, the Internet and mail order.
- b) develop other lines and types of foundation support and repair related products and systems, some of which may be marketed for use in the Ram Jack™ System, or may also be marketed through, or exclusively through, other distribution channels such as by means of the Internet or through an affiliate.
- c) operate or grant others the right to operate a Ram Jack™ Foundation Solutions Dealership anywhere in proximity to Your Ram Jack Dealership, so long as it is outside of any Protected Territory; and

- d) service or assign another franchisee to service any large commercial or multiunit residential account that we determine you are unable to adequately service in Our reasonable business judgement.

Relocation. If you wish to locate outside your Territory, we will consider revising your restricted Territory, so long as you are in full compliance with your franchise dealer agreement and will otherwise qualify.

National Accounts. We may obtain national, regional or unique accounts that agree to use Ram Jack foundation systems or products as needed on terms we negotiate. If the National Account requests Ram Jack Products or services for installation/use within your Territory, we may perform the project on the National Account Terms directly or through one of Our affiliates, or We may offer the project to you or another dealer in Our sole discretion.

A "National Account" means a special customer (which may be, but is not limited, to a national or regional customer, other large business or government agency) that we designate as such from time to time in Our business judgment. Typically (though not necessarily) a national account will be a customer whose offices, stores, plants, buildings or other facilities are not confined to the territory of a single Ram Jack dealer.

Generally:

We do not allow franchisees to advertise or target solicitation outside of their Territory. Nor do we require payment of any compensation for sales made or orders solicited in another franchisee's territory. We are not subject to these conditions. You may not sell or provide Ram Jack services outside of your Territory except with our prior approval as well as the consent of any Dealer who was granted exclusive rights and in whose territory you propose to work. You may not sell or provide Ram Jack services in the protected territory of any franchisee, except with our consent and that of the affected franchisee. We do not permit use of the Internet, toll free telephone numbers and mail order.

We are not obligated to consent to any work in outside of your territory, even though it may be unassigned.

FOR RESIDENTS OF THE STATE OF INDIANA

The Franchise Agreement contains a covenant not to compete which extends beyond the termination of the franchise. This provision may not be enforceable under Indiana law.

Indiana law makes unilateral termination of a franchise unlawful unless there is a material violation of the Franchise Agreement and the termination is not done in bad faith.

Any claims arising under the Maryland Franchise Registration and Disclosure Law must be brought within three years after the grant of the franchise.

Under certain circumstances, Paragraph 13.2 of the Franchise Agreement requires you to submit to a court proceeding in the State of Oklahoma. These provisions may run contrary to the Maryland Franchise Registration and Disclosure Law. Therefore, nothing will preclude you from being able to enter into litigation with us in Maryland, as long as the nature of the litigation is not the type of dispute, controversy, claim, action, or proceeding which would be subject to arbitration under the Franchise Agreement.

Minnesota Statutes, Section 80C.21 and Minnesota Rule 2860.4400 (J) prohibit the franchisor from requiring litigation to be conducted outside Minnesota, requiring waiver of a jury trial, or requiring the franchisee to consent to liquidated damages, termination penalties or judgment notes. In addition, nothing in the Franchise Disclosure Document or agreement(s) can abrogate or reduce any of franchisee's rights as provided for in Minnesota Statutes, Chapter 80C, or franchisee's rights to any procedure, forum, or remedies provided for by the laws of the jurisdiction.

With respect to franchises governed by Minnesota law, the franchisor will comply with Minnesota Statutes, Section 80C.14, Subds. 3,4, and 5, which require (except in certain specified cases) that a franchisee be given 90 days notice of termination (with 60 days to cure) and 180 days notice for non-renewal of the franchise agreement; and that consent to the transfer of the franchise will not be unreasonably withheld.

FOR THE COMMONWEALTH OF VIRGINIA

The following statements are added to Item 17.h:

By statute, under Section 13.1-564 of the Virginia Retail Franchising Act, it is unlawful for a franchisor to cancel a franchise without reasonable cause. If any grounds for default or termination stated in the Franchise Agreement does not constitute "reasonable cause," as that term may be defined in the Virginia Retail Franchising Act or the laws of Virginia, that provision may not be enforceable.

FOR RESIDENTS OF THE STATE OF WASHINGTON

In the event of a conflict of laws, the provisions of the Washington Franchise Investment Protection Act, Chapter 19.100 RCW will prevail. RCW 19.100.180 may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise. There may also be court decisions which may supersede the franchise agreement in your relationship with the franchisor including the areas of termination and renewal of your franchise.

In any arbitration or mediation involving a franchise purchased in Washington, the arbitration or mediation site will be either in the state of Washington, or in a place mutually agreed upon at the time of the arbitration or mediation, or as determined by the arbitrator or mediator at the time of arbitration or mediation. In addition, if litigation is not precluded by the franchise agreement, a franchisee may bring an action or proceeding arising out of or in connection with the sale of franchises, or a violation of the Washington Franchise Investment Protection Act, in Washington.

A release or waiver of rights executed by a franchisee may not include rights under the Washington Franchise Investment Protection Act or any rule or order thereunder except when executed pursuant to a negotiated settlement after the agreement is in effect and where the parties are represented by independent counsel. Provisions such as those which unreasonably restrict or limit the statute of limitations period for claims under the Act, or rights or remedies under the Act, such as a right to a jury trial, may not be enforceable.

Transfer fees are collectable to the extent that they reflect the franchisor's reasonable estimated or actual costs in effecting a transfer.

Pursuant to RCW 49.62.020, a noncompetition covenant is void and unenforceable against an employee, including an employee of a franchisee, unless the employee's earnings from the party seeking enforcement, when annualized, exceed \$100,000 per year (an amount that will be adjusted annually for inflation). In addition, a noncompetition covenant is void and unenforceable against an independent contractor of a franchisee under RCW 49.62.030 unless the independent contractor's earnings from the party seeking enforcement, when annualized, exceed \$250,000 per year (an amount that will be adjusted annually for inflation).

As a result, any provisions contained in the franchise agreement or elsewhere that conflict with these limitations are void and unenforceable in Washington.

RCW 49.62.060 prohibits a franchisor from restricting, restraining, or prohibiting a franchisee from (i) soliciting or hiring any employee of a franchisee of the same franchisor or (ii) soliciting or hiring any employee of the franchisor. As a result, any such provisions contained in the franchise agreement or elsewhere are void and unenforceable in Washington.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Ram Jack Systems Distribution, LLC, which comprise the balance sheets as of December 31, 2022 and 2021, and the related statements of operations and members' equity and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Ram Jack Systems Distribution, LLC as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ram Jack Systems Distribution, LLC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note 9 to the financial statements, Ram Jack Systems Distribution, LLC has adopted the provisions FASB Accounting Standards Codification Topic 842, *Leases* and FASB Accounting Standards Update No. 2023-01, *Leases (Topic 842): Common Control Arrangements*, as of January 1, 2022, using the modified retrospective approach with an adjustment at the beginning of the adoption period. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ram Jack Systems Distribution, LLC's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ram Jack Systems Distribution, LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ram Jack Systems Distribution, LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Note 2 - Summary of Significant Accounting Policies

Concentrations of Credit Risk

The Company maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2022 and 2021, the Company had approximately \$561,000 and \$476,000, respectively, in excess of FDIC-insured limits.

Receivables and Credit Policy

The Company grants credit, generally without collateral, to its customers. Trade accounts receivable represent customer obligations for product purchased and are due under normal trade terms requiring payment within 30 days from the invoice date. Payments of trade receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoice.

Trade accounts receivable are recorded net of an allowance for expected losses. Bad debts, promotional discounts, and returns and allowances are estimated and accounted for in the allowance for doubtful accounts. Management considers the following factors when determining the collectability of customer accounts: credit-worthiness, historical performance and projection of trends. Based on management's assessment, the Company provides for estimated uncollectible amounts through a charge to earnings and a credit to a valuation allowance. Management continually monitors and periodically adjusts the allowances associated with these receivables based upon its loss history and aging analysis. Balances that remain outstanding after the Company has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The Company does assess late payment charge of 1.5% per month for unpaid amounts overdue. Additionally, the Company reserves the right to suspend additional shipments until payment is received.

In the event of delays in customer payments or at the mutual agreement of the Company and the customer, the Company may place a trade receivable into a note receivable in order to develop a payment plan and apply an appropriate interest rate on such notes. Such interest rates range from 0% to 8%. Interest income from notes receivable is recognized when earned.

Inventory

Inventory is stated at the lower of cost or net realizable value with cost being determined using the average cost method on each item. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation.

Property and Equipment

Property and equipment is recorded at cost, less accumulated depreciation. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income. The estimated useful lives for property and equipment are as follows:

	<u>Depreciable Life</u>
Leasehold Improvements	20 years
Automobiles	5 years
Airplane	20 years
Furniture, fixtures, and office equipment	3 - 5 years
Capitalized software	3 years
Machinery and warehouse equipment	7 years
Transportation equipment	5 years

Depreciation expense for the years ended December 31, 2022 and 2021 was \$88,044 and \$186,911, respectively.

The Company reviews carrying value of property and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. There was no impairment recorded in 2022 or 2021.

Revenue Recognition

For performance obligations related to the sale of Company products, control transfers to the customer at a point in time. The Company’s principal terms of sale are FOB shipping point and the Company transfers control and records revenue upon shipment to the customer. The Company recognizes sales of equipment, parts, and marketing materials, net of estimated discounts and allowances, when the title to the products and risk of loss are transferred to customers. Provisions for rebates to customers are provided in the same period that the related sales are recorded. Customers typically receive products within a few days of being shipped. The Company allows for returns of defective products and records an estimate of these returns based on historical operations and experience.

The Company also offers business services for call centers, website administration, and other foundation repair franchise services over the period of time the services are provided on a monthly basis for a monthly fee per applicable location. The Company recognizes other revenues, such as consultation fees, when the performance obligation has been met on the basis of actual time incurred based on pre-determined rates.

The nature of the Company's business gives rise to variable consideration, including warranties, allowances, and returns that generally decrease the transaction price which reduces revenue. These variable amounts are credited to the customer, based on product returns or price concessions. Variable consideration is estimated at the most likely amount that is expected to be earned. Estimated amounts are included in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved. Estimates are based on historical experience and known trends.

The Company included \$1,260,097 and \$1,229,523 of shipping and handling in its sales for the years ended December 31, 2022 and 2021, respectively.

The Company expenses the costs of advertising as incurred. Advertising expenses for the years ended December 31, 2022 and 2021 were approximately \$135,700 and \$114,100, respectively.

Income Taxes

The Company is a limited liability company which has elected to be taxed as a corporation under the provisions of the Internal Revenue Code. The Company accounts for income taxes in accordance with FASB Accounting Standards Codification Topic 740 "Income Taxes." Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

The deferred taxes represent the future tax return consequences of those differences, which will be taxable when either the assets are recovered or the liabilities are settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred income tax expense represents the change during the period in the deferred tax assets and deferred tax liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Management has evaluated such matters and determined that a valuation allowance is not considered necessary as of December 31, 2022 and 2021.

Accounting principles generally accepted in the United States of America require the Company to evaluate tax positions taken by the Company and recognize a tax liability (or asset) if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken, and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Company's tax returns are subject to examination by federal and state taxing authorities. In the event of an examination of such tax returns, the liability of the Company could be changed if adjustments to the tax return were ultimately sustained by the taxing authorities.

The Company will recognize future accrued interest and penalties related to unrecognized tax benefits in income tax expense if incurred. The Company is no longer subject to federal and state tax examinations by tax authorities for years before 2019.

Sales and Use Taxes

The Company has customers in states and municipalities in which those governmental units impose sales or use tax on certain sales.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events through July 26, 2023, the date which the financial statements were available to be issued.

The deferred taxes represent the future tax return consequences of those differences, which will either be taxable when the assets and liabilities are recovered or settled.

Note 8 - Lines of Credit

The Company has a \$300,000 line of credit with a bank which matures in July 2024. Monthly payments of interest expense are required. The line of credit bears a fixed interest rate of 4.75% at December 31, 2022 and 3.75% at December 31, 2021. The line of credit is secured by accounts receivable, inventory, and equipment. Also, the line of credit is personally guaranteed by a member of the Company. The outstanding balance as of both December 31, 2022 and 2021 was \$15,869. Interest expense related to this debt is approximately \$700 and \$600 for December 31, 2022 and 2021, respectively.

The Company paid interest related to this debt totaling approximately \$1,400 and \$2,800 for the year ending December 31, 2022 and 2021, respectively.

Note 9 - Adoption of Accounting Standards Codification Topic 842

Effective January 1, 2022, the Company adopted the new lease accounting guidance in Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)* and ASU No. 2023-01, *Leases (Topic 842): Common Control Arrangements*. The Company elected to apply the guidance as of January 1, 2022, the beginning of the adoption period. The comparative financial information and disclosures presented are in accordance with the legacy standard, ASC 840. The standard requires the recognition of right-of-use assets and lease liabilities for lease contracts with terms greater than 12 months. Operating lease costs are recognized in the income statement as a single lease cost and finance lease costs are recognized in two components, interest expense and amortization expense. Leasehold improvements related to leases with entities under common control are amortized using the useful life that the assets will be useful to the common control group. The Company has elected the package of practical expedients permitted in ASC Topic 842. Accordingly, the Company accounted for its existing leases as either finance or operating lease under the new guidance, without reassessing (a) whether the contract contains a lease under ASC Topic 842, (b) whether classification of the operating lease would be different in accordance with ASC Topic 842, or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in ASC Topic 842 at lease commencement. Additionally, the Company has elected to apply the practical expedient to use the written terms and conditions of certain common control arrangements in determining whether a lease exists, the classification of the lease, and the accounting for the lease. Management makes this election on an arrangement-by-arrangement basis and has determined that applying this practical expedient is preferable in that the reporting will more accurately reflect the economic substance of these transactions.

As a result of the adoption of the new lease accounting guidance, the Company recognized on January 1, 2022, the beginning of the adoption period, no cumulative effect adjustment to members' equity, an operating lease liability of \$1,771,358, an operating right-of-use asset of \$1,771,358, a finance lease liability of \$74,192, and a finance right-of-use asset of \$74,192. The adoption of the new standard did not materially impact the Company's Statements of Operations or Statements of Cash Flows. See Note 10 for further disclosure of the Company's lease contracts.

Note 10 - Leases Under Common Control

The Company leases certain office facilities, equipment and an airplane for various terms under long-term, non-cancelable operating lease and finance lease agreements with common control. The leases expire at various dates through October 2025. The Company included in the determination of the right-of-use assets and lease liabilities any renewal options when the options are reasonably certain to be exercised. Also, the agreements generally require the Company to pay real estate taxes, insurance, and repairs.

The weighted-average discount rate is based on the discount rate implicit in the lease. If the implicit rate is not readily determinable from the lease, the Company estimates an applicable incremental borrowing rate. The incremental borrowing rate is estimated using the Company's applicable borrowing rates and the contractual lease term.

The Company has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing operating leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on straight-line basis.

The Company elected the practical expedient to not separate lease and non-lease components for real estate and vehicle leases. The Company also elected to apply the practical expedient to use the written terms and conditions of common control arrangements in determining whether a lease exists, the classification of the lease, and the accounting for the lease.

During 2022 and 2021, Ram Jack Systems Distribution had office lease agreements with the Company's affiliates, Gregory & Gregory Leasing (GGL) and SDG Properties, LP (SDG). Additionally, the Company uses Latta Leasing, LP (LL) for purposes of rent of shared property and equipment.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ram Jack Systems Distribution, LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ram Jack Systems Distribution, LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 2 - Summary of Significant Accounting Policies

Concentrations of Credit Risk

The Company maintains its cash accounts in various deposit accounts, the balances of which are periodically in excess of federally insured limits.

Receivables and Credit Policy

The Company grants credit, generally without collateral, to its customers. Trade accounts receivable represent customer obligations for product purchased and are due under normal trade terms requiring payment within 30 days from the invoice date. Payments of trade receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoice.

Trade accounts receivable are recorded net of an allowance for expected losses. Bad debts, promotional discounts, and returns and allowances are estimated and accounted for in the allowance for doubtful accounts. Management considers the following factors when determining the collectability of customer accounts: credit-worthiness, historical performance and projection of trends. Based on management's assessment, the Company provides for estimated uncollectible amounts through a charge to earnings and a credit to a valuation allowance. Management continually monitors and periodically adjusts the allowances associated with these receivables based upon its loss history and aging analysis. Balances that remain outstanding after the Company has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The Company does assess late payment charge of 1.5% per month for unpaid amounts overdue. Additionally, the Company reserves the right to suspend additional shipments until payment is received.

In the event of delays in customer payments or at the mutual agreement of the Company and the customer, the Company may place a trade receivable into a note receivable in order to develop a payment plan and apply an appropriate interest rate on such notes. Such interest rates range from 0% to 8%. Interest income from notes receivable is recognized when earned.

Inventory

Inventory is stated at the lower of cost or net realizable value with cost being determined using the average cost method on each item. Net realizable value is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation.

Property and Equipment

Property and equipment is recorded at cost, less accumulated depreciation. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income. The estimated useful lives for property and equipment are as follows:

	<u>Depreciable Life</u>
Leasehold Improvements	20 years
Automobiles	5 years
Airplane	20 years
Furniture, fixtures, and office equipment	3 - 5 years
Capitalized software	3 years
Machinery and warehouse equipment	7 years
Transportation equipment	5 years

Depreciation expense for the years ended December 31, 2021 and 2020 was \$186,911 and \$155,344, respectively.

The Company reviews carrying value of property and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. There was no impairment recorded in 2021 or 2020.

Revenue Recognition

For performance obligations related to the sale of Company products, control transfers to the customer at a point in time. The Company’s principal terms of sale are FOB shipping point and the Company transfers control and records revenue upon shipment to the customer. The Company recognizes sales of equipment, parts, and marketing materials, net of estimated discounts and allowances, when the title to the products and risk of loss are transferred to customers. Provisions for rebates to customers are provided in the same period that the related sales are recorded. Customers typically receive products within a few days of being shipped. The Company allows for returns of defective products and records an estimate of these returns based on historical operations and experience.

The Company also offers business services for call centers, website administration, and other foundation repair franchise services over the period of time the services are provided on a monthly basis for a monthly fee per applicable location. The Company recognizes other revenues, such as consultation fees, when the performance obligation has been met on the basis of actual time incurred based on pre-determined rates.

The nature of the Company's business gives rise to variable consideration, including warranties, allowances, and returns that generally decrease the transaction price which reduces revenue. These variable amounts are credited to the customer, based on product returns or price concessions. Variable consideration is estimated at the most likely amount that is expected to be earned. Estimated amounts are included in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved. Estimates are based on historical experience and known trends.

Franchise Activity

Ram Jack Systems Distribution offers and grants licenses to businesses as “Franchise Dealership” or “Dealership” relationships.

The following provides a summary of the number of franchises granted, and closed during the years ended December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>

New franchises granted	-	8
Franchises closed	-	(7)
	<u>74</u>	<u>74</u>
Number of franchises - end of year	<u>74</u>	<u>74</u>

Shipping and Handling

The Company recognizes as sales amounts billed to its customers for shipping and handling and includes in its cost of sales the cost of such shipping and handling. The Company included \$1,229,523 and \$1,005,370 of shipping and handling in its sales for the years ended December 31, 2021 and 2020, respectively.

Advertising

The Company expenses the costs of advertising as incurred. Advertising expenses for the years ended December 31, 2021 and 2020 were approximately \$114,100 and \$144,700, respectively.

Income Taxes

The Company is a limited liability company which has elected to be taxed as a corporation under the provisions of the Internal Revenue Code. The Company accounts for income taxes in accordance with FASB Accounting Standards Codification Topic 740 "Income Taxes." Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

The deferred taxes represent the future tax return consequences of those differences, which will be taxable when either the assets are recovered or the liabilities are settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred income tax expense represents the change during the period in the deferred tax assets and deferred tax liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Management has evaluated such matters and determined that a valuation allowance is not considered necessary as of December 31, 2021 and 2020.

Accounting principles generally accepted in the United States of America require the Company to evaluate tax positions taken by the Company and recognize a tax liability (or asset) if the Company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Company's tax returns are subject to examination by federal and state taxing authorities. In the event of an examination of such tax returns, the liability of the Company could be changed if adjustments to the tax return were ultimately sustained by the taxing authorities.

The Company will recognize future accrued interest and penalties related to unrecognized tax benefits in income tax expense if incurred. The Company is no longer subject to federal and state tax examinations by tax authorities for years before 2018.

Sales and Use Taxes

The Company has customers in states and municipalities in which those governmental units impose sales or use tax on certain sales. Prior to January 31, 2020, the Company advised its out-of-state customers that the customer may be subject to use taxes to various governmental units, but the Company did not collect such taxes from its customers. Beginning in February 2020, the Company started charging and remitting sales taxes to the various states, as required.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events through May 11, 2022, the date which the financial statements were available to be issued.

2. GRANT OF FRANCHISE.

2.1 The Franchise System: We, and Our founder and affiliate, have spent considerable money, time and effort to develop and continually improve an efficient and distinctive system of providing foundation repair and related foundation support services, using proprietary products and by means of our patented Ram Jack hydraulically driven steel foundation piercing and repair system and other patented products and methods (the "Foundation Solutions System.") The Foundation Solutions System and related services are distinctive and of high quality performed in accordance with Our confidential specifications and methods by our franchisees, employees, and independent dealers. This is the basis of the Ram Jack Franchise System. We use the name and trademark Ram Jack™, Ram Jack and Design™ and other associated trademarks, service marks, designs and symbols some of which may be registered, or pending registration, on the principal register of the United States Patent and Trademark Office. "The Marks" or alternately "Proprietary Marks" are used on Our proprietary products and services and Our branded products, in promotional materials and on signs as a symbol and name. The Marks identify the goodwill that has been developed and that We continue to develop in connection with the operation of the Ram Jack™ Foundation Solutions dealerships by Us and Our franchisees. This constitutes the "Franchise System" or "System," with which You are familiar.

2.2 We Grant You A Franchise License: For paying the Initial Franchise Fee and agreeing to the terms of this Agreement, We grant to You and You accept a non-exclusive license and the obligation to use the Proprietary Marks and the System in the operation of the Dealership. You will operate under the trade name "Ram Jack™" using the Proprietary Marks (described in Paragraph 6.3) and Proprietary Products, on the terms and conditions set out in this Agreement. You agree to begin operation of Your Ram Jack Foundation Solutions Dealership within 60 days of signing this Agreement or completing any applicable training whichever first occurs. Under specific limited circumstances, if You do not meet and maintain certain performance standards then We may terminate Your franchise license. The performance requirements are set out in Paragraph 2.5 and sub-parts below.

You will operate the Franchise Dealership as a foundation systems business solely within Your Territory. You also agree that this license relates only to the Territory and the Dealership located on the Premises, and gives You no rights to operate a Ram Jack Foundation Solutions Dealership except within the Territory as specifically granted in Section 4, Location and Territory.

2.3 Rights We Reserve; Other Ways We Can Do Business: Except as We have specifically granted to You in this Agreement, We reserve all rights regarding the Ram Jack™ Foundation Solutions business, Our Proprietary Marks and systems, and the offer and sale anywhere of Ram Jack™ Patented Products and other Proprietary Product and services, as well as the granting of other Ram Jack dealerships and the location and operation of company and affiliate owned dealerships. This means that We or a designated affiliate have the exclusive right to:

a) use any channel of distribution now existing or in the future developed, including, as examples, the Internet and mail order.

b) develop other lines and types of foundation support and repair related products and systems, some of which may be marketed for use in the Ram Jack™ System, or may also be marketed through, or exclusively through, other distribution channels such as by means of the Internet or through an affiliate.

c) operate or grant others the right to operate a Ram Jack™ Foundation Solutions Dealership anywhere in proximity to Your Ram Jack Dealership, so long as it is outside Your Territory; and

d) service or assign another franchisee to service any large commercial or multiunit residential account that We determine You are unable to adequately service in Our reasonable business judgement.

2.4 National Accounts. We may obtain national, regional or unique accounts ("National Accounts" as defined below) that agree to use Ram Jack foundation systems or products as needed on terms negotiated through Us ("National Account Terms.") If We do so and the National Account requests Ram Jack Products or services for installation/use within Your Territory, You agree that We may perform the project on the National Account Terms directly or through one of Our affiliates, or We may offer the project to you or another dealer in Our sole discretion.

A "National Account" means a special customer (which may be, but is not limited, to a national or regional customer, other large business or government agency) that We designate as such from time to time in Our business judgment. A national account will typically (though not necessarily) be a customer whose offices, stores, plants, buildings or other facilities are not confined to the territory of a single Ram Jack dealer. All disputes among Ram Jack dealers or between Us and You relating to national accounts will be resolved Us, and Our decision will be final and binding on all parties.

2.5 Minimum Purchase Requirement (MPR) and Minimum Advertising Requirement (MAR). We grant You a Ram Jack™ franchise on the condition that You work diligently and continuously to develop the market within Your Territory. Our desire is to ensure that You take full advantage of the opportunities offered within Your Territory and We require that You comply with the minimum purchase requirements and minimum advertising requirements as a condition of granting this franchise.

2.5.1 Annual Adjustments to Your MPR and MAR. To retain Your franchise rights, You must meet the annual Minimum Purchase Requirements and the Minimum Advertising Requirements We have designated. Your MPR and MAR are set out in Exhibit D to this Agreement,

specifying the annual level of minimum purchases of Proprietary Products and the minimum amount of advertising and marketing expenditures You must make.

2.5.2 Right to Terminate If MPR or MAR Not Met; Our Right to Adjust Territory. If You do not meet the Minimum Purchase Requirements or the Minimum Advertising Requirements as set out in Exhibit D, then We may terminate this Agreement, but will first give You written notice and an opportunity to cure as described Paragraph 10.1.4. Alternatively, if You fail to cure We may choose to reduce or reconfigure the boundaries of Your Territory, instead of exercising Our right terminate. If this Agreement terminates, regardless of reason, the post-termination obligations of this Agreement including but not limited to Section 11 will apply.

3. LOCATION AND TERRITORIAL RIGHTS.

3.1 Territory: You may operate and market Your Ram Jack Dealership solely within the Territory identified in Exhibit C to this Agreement, as those boundaries exist and are defined as of the effective date of this Agreement ("Territory"). You may not service or market to customers outside of Territory, unless We give Our written consent which We may deny in Our sole discretion. If You do not first obtain Our written consent, then We may assess a breach of territory restrictions penalty as described in Paragraph 4.7 below. During the term of this Agreement and subject to Paragraph 7.5 National Accounts, so long as you are in strict compliance with this Agreement We promise not to:

- a) Operate Ourselves nor award to any other party a franchise to operate a Ram Jack Foundation Solutions Dealership within Your Territory, if any;
- b) Modify the Territory, if any, without Your prior written permission; or
- c) Provide nor allow another dealer to provide Ram Jack services to single-family residential accounts.

Except as specifically granted to You, We reserve all rights as further described in Paragraph 2.3 above.

3.2 Dealership Location Your Responsibility: You are solely responsible to obtain an acceptable Location from which to operate your Dealership. You must submit the proposed Location for Your Dealership Premises to Us by the time You attend initial training. Our current policy may be changed from time to time on reasonable written notice. If You fail to pay for purchases, fees or other amounts due according Our current credit terms, then on 15 days written notice We may require that all payments, fees and other amounts due to Us under this Agreement or any other agreement with Us or any affiliate will be paid by credit card or electronic funds transfer ("EFT,") as required by Paragraph 4.2.3 below, no later than the 3rd day of the month following the month based on which they are calculated ("Payment Day"). We may, at Our option on written notice require that You pay all fees and purchases owed to Us by an approved credit card which You must keep active, in good standing and on file with Us or by means of an irrevocable line of credit and/or by means of Our online payment portal available at myramjack.com.

4.2.2 We Will Profit. You understand and agree that We are entitled to profit from Your purchases from Us, and that those purchases and Your agreement and promise to comply fully with the terms of this Agreement constitutes partial consideration for the franchise rights We grant to You.

4.2.3 Late Fee. If any fee or any other amount due under this Agreement is not paid within 15 days after the payment is due, You will pay Us the daily equivalent of 18% A.P.R. of the overdue amount or the highest rate then permitted by applicable law for each day the amount is past due. We may also withdraw other beneficial terms of purchase in accordance with current policy as stated in the Manual.

4.2.4 Application of Payments. All payments You make pursuant to this Agreement will be applied in the order of the date the obligation was incurred unless We mutually agree otherwise. You agree that You may not designate an order for application of any payments contrary to this paragraph 4.2.4. This provision may be waived only by written agreement signed by Us, and that written agreement must be separate from the check or other document constituting payment.

You are responsible for all expenses incurred in attending training, including travel, lodgement and any salary or wages for Your employees.

We retain discretion to approve or disapprove such sale or transfer, and We may consider factors not referenced herein in making Our determination. We will exercise such power of approval reasonably.

9.2 Transfer by Franchisor: This Agreement, and the rights and obligations contained herein, may be assigned or delegated by Us, in whole or in part; if assigned in its entirety, We will give You written notice.

- b) elect either to terminate this Agreement at the end of the first or second (if given) 90 day cure period or adjust the boundaries of Your Territory to reduce its geographic scope and adjust the MPR and MAR requirements as We deem appropriate.

Any notice of termination will be effective upon notice or at the time specified in the notice. If the Agreement is terminated, then You must comply with all post-termination obligations of this Agreement.

10.2 Waiver: Neither Your nor Our waiver of a breach or default by the other, or by other Franchisees, nor delay or failure to exercise any right upon breach or default, nor acceptance of any payment, will impair rights for other breaches or defaults of the same or a different kind. The description of any breach or default in any notice will not preclude the later assertion of other additional defaults or breaches.

11. RIGHTS AND DUTIES UPON TRANSFER OR TERMINATION.

In addition to the rights and duties specified elsewhere in this Agreement, immediately upon the expiration, transfer, or termination of this Agreement for any reason:

11.1 All Payments Immediately Due: You must immediately pay all money You owe Us.

11.2 Franchise Revoked: All rights and licenses We granted You under this Agreement will terminate.

11.3 Equipment and Supplies: You must stop using all Intellectual Property, including Our Marks, the Operations Manual, signage, printed materials or any other item containing Our Proprietary Marks, as well as all Proprietary Products and any other items pertaining to the Franchise System and the Ram Jack Dealership; and You will deliver them to Us or to an approved transferee or upon Our instructions, or destroy the same as We may direct. You must completely remove all signs, vehicle and trailer wraps, trademarks and other indicia that identify it with the Ram Jack System. For any other proprietary items that You have purchased from Us or any Affiliate, We will reimburse You at the fair market value, provided reimbursement will in no event exceed 60% of original price, so long as they are in like new, resalable, unused and unexpired condition and You sign a termination and general release in the form We require.

11.4 Telephone: You will cease using all telephone numbers and listings used in connection with the Ram Jack Foundation Solutions Dealership, transfer all numbers and listings to Us, an approved transferee or any entity designated by Us and promptly direct and authorize the telephone company to make the transfers or, if We so direct, to disconnect the numbers completely.

11.5 Power of Attorney: You irrevocably appoint Us as Your attorney-in-fact to sign in Your name and on Your behalf all documents necessary to discontinue Your use of the Proprietary Marks, specifically including the trade name and trademarks "Ram Jack," "Ram Jack Foundation Solutions" and/or "Ram Jack Foundation Solutions and Design" Marks in all forms and media and also with respect to all governmental agencies, vendors, utilities and other service providers such as directory listings and referral services, and to discontinue Your use of the "Ram Jack" marks in any form including as part of a domain name. Concurrent with signing this Agreement You are signing a Special Limited Power of Attorney in the form attached as Exhibit B, authorizing Us to take any action We deem necessary to protect the Proprietary Marks.

11.6 Continuing Covenants: You will continue to be bound by all the provisions of Paragraphs 6.3.8 and 6.3.9 (and sub-parts) and Paragraph 6.3.10.

11.7 Notice of Election: Our election to exercise any or all of those rights enumerated in this Section 11 will be made in writing to Your last business address, or such other address last specified in Paragraph 13.6 below.

11.8 De-Identification: On termination or expiration, You agree that You will not directly or indirectly identify Yourself or any business as a current or former Franchisee of Ours, nor use or disseminate any design, Mark, operations, signs or other commercial symbol suggesting a connection with Us. Regardless of Our exercise of any option or right under Section 11 above (including subparts), You will immediately take all actions necessary to cancel all fictitious name

registrations, remove any vehicle signage, and any directories or listings reflecting Your use of the Ram Jack name or mark.

12. INDEPENDENT BUSINESS

12.1 Independent Business Status: You are an independent business, responsible for exercising full control over the day-to-day operations of Your Ram Jack Foundation Solutions Business. This Agreement does not create a relationship of principal and agent, joint venture, partnership or employment. You will not act or represent Yourself, directly or by implication, as Our agent or of any other Franchisee of Ours. You will not create or attempt to create any obligation on behalf of or in Our name or any other Franchisee of Ours.

12.2 Control. Except as specified by this Agreement, the Manual and those standards that We deem necessary to maintain the integrity and goodwill of the Marks and the System, We have no right to control the time, place, manner or method in or by which You operate Your Business.

12.3 Employees and Assistants. You may hire assistants at Your own cost to help deliver or fully deliver the duties contemplated in this Agreement, so long as they are under Your supervision and are lawfully hired.

12.4 Tax Payments and Withholding. Since neither You nor Your employees are Our employees, We are not obligated to, nor will We, perform any of the following duties for Your benefit or any of Your employees.

12.4.1 Withhold federal, state or local income tax, sales tax or payroll tax of any kind, including FICA (Social Security), from Franchisee's payments;

12.4.2 Make unemployment insurance contributions to the state or federal government; or

12.4.3 Obtain worker's compensation insurance.

You further acknowledge that You are liable for Your own federal, state and local income and taxes and federal employment taxes related to income received under this Agreement. You are also solely responsible to report and pay all applicable sales tax.

12.5 Benefits. Since neither You nor Your employees are Our employees, it is expressly understood and agreed between us that You and Your employees shall not receive and have no claim to any benefits or other compensation, including, but not limited to, any employer pension, profitsharing, health insurance, or other fringe benefit plan currently paid by Us to Our employees or hereafter declared by Us for the benefit of Your employees.

12.6 Worker's Compensation Insurance. Since neither You nor Your employees are Our employees, and since You the franchisee and We the franchisor, are separate businesses, You may elect to provide worker's compensation insurance for Your assistants, employees and agents. You shall hold harmless and indemnify Us for any and all claims arising out of any injury, disability or death of Your assistants, employees or agents. In addition, if We so request, You will provide proof of such insurance and, as requested, compliance with the laws applicable to Your Dealership

12.7 Liability for Costs and Expenses. You will pay and be responsible for all costs You incur relating to, or in connection with, the performance and duties under this Agreement. These costs include, but are not limited to, costs of overhead, all costs relating to equipment necessary to

the performance and service hereunder; salaries of any assistants hired; bills and travel associated with performance of duties hereunder; fees, fines, licenses, bonds or taxes required of, or imposed against You; and all Your other costs of doing business or in connection with the performance of such duties.

12.8 Tax Indemnity. You must pay to Us the amount of any state or local sales, use, gross receipts, or similar tax that We may be required to pay on sales made to You under this Agreement, regardless of whether the state or local tax is imposed directly on You or Us, is required to be withheld by You from amounts due to Us under this Agreement, is otherwise required to be collected by You from Us or is otherwise required to be collected by Us from You. Your obligations under this Section shall not be reduced or offset by any type of claim, credit or deduction of any kind. This provision does not apply to income taxes or comparable taxes measured by income to which We may be subject.

12.9 Reimbursement for Fraud and Negligence. You agree to reimburse Us for all damages, costs and expenses We incur, including attorney's fees and expenses, as a result of Your fraud or gross negligence in completion of Your obligations under this Agreement.

12.10 Incurring Profit or Loss. By signing this Agreement, You acknowledge that You may incur either a profit or a loss. Any loss You incur shall not be reimbursed by Us, nor shall We be responsible in any way for the payment of any losses or debts You incur in connection with this Agreement.

13. INTERPRETATION.

13.1 Integration and Amendments: This Agreement constitutes the entire agreement of the parties into which all prior negotiations, commitments, representations and undertakings with respect of the subject matter hereof are merged. There are no oral or other written understandings or agreements between the parties relating to the subject matter of this Agreement. NOTHING IN THIS AGREEMENT OR IN ANY RELATED AGREEMENT IS INTENDED TO DISCLAIM THE REPRESENTATIONS WE MADE IN THE FRANCHISE DISCLOSURE DOCUMENT. This Agreement may only be changed by a written document signed by both parties, with the sole exception of amendments to the Agreement made pursuant to Paragraph 8.2.3.

13.2 Choice of Law and Forum: This Agreement will be construed under the laws of the state of Oklahoma. Any legal action concerning this Agreement will be brought exclusively in a court of competent jurisdiction, in Pontotoc County, State of Oklahoma. You waive all questions of personal jurisdiction or venue for the purpose of carrying out this provision and waive any objection to such jurisdiction. Notwithstanding the foregoing, We may bring an action for a temporary restraining order, temporary or preliminary injunctive relief, or to litigate matters not subject to, or excluded by Us from, arbitration, in any federal or state court of general jurisdiction in the state in which You reside or in which the Ram Jack Dealership is located.

13.3 Construction of Language: The language of this Agreement will be construed according to its fair meaning, and not strictly for or against either party. All words in this Agreement refer to whatever number or gender the context requires; if more than one party or persons are referred to as You, their obligations and liabilities will be joint and several. Headings are for reference purposes and do not control interpretation.

13.4 Successors: References to We and You include successors, assigns, or transferees of both parties.

13.5 Severability: If any provision of this Agreement is deemed to be invalid or inoperative for any reason, that provision will be deemed modified to the extent necessary to make it valid and operative, or if it cannot be so modified, then severed, and the remainder of the Agreement will continue in full force and effect as if the Agreement had been signed with the invalid portion so modified or eliminated; provided, however, that if any part of this Agreement relating to payments to Us or protection of the Ram Jack Systems or trade secrets is declared invalid or unenforceable, then We at Our option may terminate this Agreement upon written notice to You.

13.6 Notices. All notices, requests, demands, and reports to be given under this Agreement are to be in writing, delivered by hand, or certified or registered mail (except that regular quarterly and annual reports from You may be sent by regular mail) to the following addresses (which may be changed by written notice):

Notice to Franchisor:

Ram Jack Systems Distribution, LLC
13655 CR 1570
Ada, OK 74820
Attention: Scott Holland, General Mgr.

Notice to Franchisee:

Attention: _____

Notice by mail will be considered given on the third (3rd) business day after mailing or upon actual receipt, whichever is earlier. Any individual Franchisee, general manager, guarantor, or substantial beneficial owner will be conclusively deemed to have personally received any notice sent by Us pursuant to or in connection with this Franchise Agreement, related documents and agreements between the parties, or the Ram Jack Business, by mailing notice to Your address established pursuant to this Paragraph, whether addressed to a Controlling Person or to the entity executing this Agreement as Franchisee.

13.7 Modification of Agreement: This Agreement may be modified only in writing signed by both of the parties. We reserve the right, however, to reduce the scope of the non-competition provisions or any of Your obligations, if We determine in Our discretion that the scope of such restrictions or obligations are excessive or unduly onerous. Any modification will not be deemed a waiver by Us of that provision as amended.

14. ENFORCEMENT.

14.1 Execution of Documents: The parties agree to sign and deliver all documents necessary or appropriate to carry out the purposes and intent of this Agreement.

14.2 Dispute Resolution: The parties acknowledge that, during the term of this Agreement, certain disputes may arise between the parties, and that the parties will make every attempt to resolve the dispute using the following methods:

14.2.1 Negotiation: The parties will attempt to resolve promptly any controversy or claim arising out of or relating to this Agreement or any other agreement entered into pursuant to this Agreement by negotiating in good faith; and

14.2.2 Mediation: If the parties are unable to resolve a controversy or claim through negotiation, they agree that either party then has the right, prior to commencement of litigation to require that the dispute between them first be submitted for mediation to the Mediation Organization identified in Paragraph 14.2.3 below. The mediator will be agreed upon by the parties, and the mediation will take place in Pontotoc County, Oklahoma with the cost of the mediation shared equally by the parties.

14.2.3 Mediation Organization: If, after attempted negotiation, either party elects to refer any dispute to mediation, it must be referred to the professional dispute resolution organization that We select ("the Mediation Organization"). The dispute will be conducted pursuant to the Mediation Organization's commercial mediation rules and heard by one mediator.

14.2.4 Legal Proceedings: You will not institute any legal or administrative proceeding for claims arising out of a dispute relating to Our franchise relationship or pursuant to this Agreement without first attempting to resolve the dispute through negotiation and non-binding mediation. If the dispute is not resolved through negotiation or mediation pursuant to Paragraphs 14.2.1 and 14.2.2 above, then either of Us may initiate litigation in Pontotoc County, Oklahoma, in accordance with Paragraph 13.2 above.

14.2.5 Disputes Excluded: In Our sole discretion, the requirements to mediate under this Paragraph 14.2.4 will not apply to disputes involving Our rights under all or part of Paragraph 6.3 and sub-parts as set out in this Agreement, for which We may seek not only injunctive relief as set out in Paragraph 14.3 below, but may also litigate the entire dispute in a court of competent jurisdiction having venue in Pontotoc County, Oklahoma.

14.3 Injunctive Relief: If either party breaches or threatens to breach this Agreement, the non-breaching party will immediately be entitled to injunctive relief (including a temporary restraining order, preliminary injunction, and specific performance) without showing or proving any actual damage sustained and will not thereby be deemed to have elected its remedies. You specifically understand and agree that We may incur incalculable and irreparable damage from any violation of Paragraphs 6.3, 7.7, 7.8, 11.2, 11.5 or 11.6, and that We have no adequate remedy at law and are entitled to injunctive relief, including specific performance, for any actual or threatened violation.

14.4 Attorneys' Fees: If either party institutes legal proceedings to enforce the terms or conditions of this Agreement, the prevailing party will be entitled to recover all its reasonable expenses, including attorneys' fees, costs, and other expenses reasonably and necessarily incurred.

14.5 Waiver of Jury Trial; Limitations of Claims: WE AND YOU IRREVOCABLY WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM, WHETHER AT LAW OR IN EQUITY, BROUGHT BY EITHER YOU OR US. Except for claims arising from Your nonpayment or underpayment of amounts You owe Us pursuant to this Agreement, any and all claims arising out of or relating to this Agreement or Our relationship with You will be barred, unless a judicial proceeding is commenced within two (2) years from the date on which the party asserting such claim knew or should have known of the facts giving rise to the claims.

15. REPRESENTATIONS, APPROVAL AND GUARANTEES OF EQUITY HOLDERS.

If You are a corporation, limited liability company or other business entity franchisee, then Your Controlling Persons must together: a) own one hundred percent (100%) of the interests in You, b) agree to furnish the financial information required, c) agree to the restrictions placed on them (including restrictions on the transfer of their interests in the franchise and limitations on their ability to compete), and d) sign a separate written guarantee of Your payments and performance under the terms of this Agreement, which is attached hereto as Exhibit G. The shareholders, members or other equity holders and any other parties executing guarantees will be considered "Franchisees" within the context of the definitions in Paragraph 1.2 hereof and agree to be bound by all the terms of this Agreement.

You represent that, as of the execution of this Agreement, the equity and voting control of You, as the party to this Agreement, is as shown in Exhibit E which is attached to and made a part of this Agreement. You will submit to Us before any proposed transfer of an equity or voting interest, and at any other time upon request, a list of all holders of direct or indirect equity or voting interests of record reflecting their respective present and/or proposed direct or indirect interests in You, in the form that We may require. In addition, You will provide Us with Your governing documents, evidence of authority and written ratification of this Agreement by an appropriately adopted corporate resolution.

If Your Business Entity has not yet been formed, then You will complete formation and submit Your governing documents to Us within 30 days of Your Controlling Person signing this Agreement on Your behalf.

During the term of this Power of Attorney and regardless of whether Franchisee has designated any other person to act as its attorney-in-fact and agent, no person, firm or corporation dealing with Ram Jack will be required to ascertain the authority of Ram Jack, nor to see to the performance of the agency, nor be responsible in any way for the proper application of funds or property paid or delivered to Ram Jack. Any instrument or document executed on behalf of Franchisee by Ram Jack will be deemed to include such a certificate on the part of Ram Jack, whether or not expressed. This paragraph will survive any termination of this Power of Attorney.

This power of Attorney will terminate three (3) years following the expiration or termination of that certain Franchise Agreement dated evenly herewith by and between Ram Jack and Franchisee. Termination or expiration, however, will not affect the validity of any act or deed that Ram Jack may have effected prior to such date pursuant to the powers herein granted.

This instrument is to be construed and interpreted as an irrevocable Power of Attorney coupled with an interest. It is executed and delivered in the State of Oklahoma and the laws of the State of Oklahoma and will govern all questions as to the validity of this Power of Attorney and the construction of its provisions.

EXHIBIT F TO FRANCHISE AGREEMENT

Restrictive Covenant Agreement

THIS AGREEMENT is entered into by and between the parties: Ram Jack Systems Distribution, LLC(**Franchisor**), _____ (**Franchisee**), a business entity in the form of corporation/partnership/limited liability company [strike out inapplicable types] organized under the laws of the State of _____, and _____ (**Owner**) who is an individual resident of the State of _____.

RECITALS:

1. Pursuant to a Franchise Agreement dated _____ (the **Franchise Agreement**), Franchisor is granting Franchisee a franchise to operate a foundation repair and support business using patented hydraulically driven steel piercing systems including equipment/tools/products/apparatus and methods of foundation repair or any other System services such as waterproofing and products such as carbon fiber, foam and polyuretane injection (the **Franchise**), using Franchisor's unique franchise system and Franchisor's trade name and service mark Ram Jack and other proprietary marks;

2. Owner is an equity owner in the business entity which is the Franchisee;

3. Franchisor has expended substantial amounts of time and money in developing the Marks (as hereinafter defined) and Franchisor's distinctive franchise system, including, without limitation, patented hydraulically driven steel piercing products and methods of installation, foundation repair systems techniques and trade secret processes, unique sales and marketing methods, pricing techniques, financial information, all of which Owner acknowledges to be confidential and proprietary information; and

4. In connection with the operation of the Franchise, Owner will have access to such confidential and proprietary information; and

5. As a condition precedent to granting the Franchise to Franchisee, all shareholders, officers, partners, members, and managers of Franchisee must execute the covenants contained in this Agreement;

AGREEMENT:

As additional consideration and inducement for granting the Franchise to Franchisee, Owner hereby agrees and covenants to Franchisee and Franchisor as follows:

1. Confidentiality. Owner acknowledges the proprietary and confidential nature of Franchisor's Pre-Opening and Operations Manuals, instructional materials and other trade secret systems and products, that Franchisee receives on loan or otherwise from Franchisor for the term of the Franchise Agreement, unique sales and marketing methods, promotional materials, new product development, financial information, procedures for the efficient operation of a franchise, and any other methods, procedures, processes, techniques, information, knowledge, or know-how concerning Franchisor's franchise system or Franchisee's Franchise in particular that may not be commonly known to the public or to Franchisor's or Franchisee's competitors and that Franchisor or Franchisee have identified or may identify as proprietary and confidential information (**Trade Secrets**). Owner shall use such Trade Secrets solely for Franchisee's benefit and shall not, during

the term of the Franchise Agreement or at any time thereafter, communicate, divulge, or use any Trade Secrets to or for the benefit of any other person, entity or organization.

2. Proprietary Marks. Owner acknowledges Franchisor's right, title, and interest in and to the service mark Ram Jack and Ram Jack Foundation Solutions, Franchisor's stylized "Ram Jack" logo, and certain other proprietary service marks, logos, symbols and trade names presently used by Franchisor or that Franchisor may hereafter use or provide for use by Franchisee, and the identification, schemes, standards, specifications, operating procedures, and other concepts embodied in Franchisor's franchise system (the **Marks**). Owner further acknowledges that any use of the Marks outside the scope of the Franchise Agreement without Franchisor's prior written consent would be an infringement of Franchisor's rights in the Marks. Owner expressly covenants that he/she shall not, directly or indirectly, commit an act of infringement or contest, or aid in contesting, the validity or ownership of the Marks or take any other action in derogation of the Marks during the term of the Franchise Agreement or after the expiration or termination thereof.

3. Restrictive Covenant. Owner covenants that, during the term of the Franchise Agreement and any successor agreements, and for two years after its termination or expiration, Owner will not directly, nor as a beneficial owner, investor, partner, director, officer, employee, independent contractor, representative, or agent, nor through a family member or other agent, control, own, provide consulting services for, benefit from or engage in any business offering the installation and repair of foundation systems, related supplies, equipment or other items, related products or any other System services and products then being offered by Franchisor, or by Ram Jack franchises (whether for purchase or are offered without charge as a premium) either as an independent business, in a Foundation Repair format in any capacity, as a Franchisee, licensee, franchisee or as a franchisor, except pursuant to a franchise agreement signed by Franchisor.

Owner agrees that this restrictive covenant will bind Owner in all capacities, including as an independent business, shareholder, director, advisor, franchisee, licensee, employee, agent or consultant, as a beneficial owner, investor, partner, officer, independent contractor, representative, or agent, or directly or indirectly through a family member anywhere ("Related Parties"), so long as the Franchise Agreement or any successor agreement is in place or the Owner or Related Parties are operating a Ram Jack Franchiseeship.

This restriction shall not apply to the beneficial ownership by Owner of less than five percent (5%) of the outstanding equity securities of any corporation whose securities are registered under the Securities and Exchange Act of 1934.

4. Remedies. Owner acknowledges that his/her violation of any of the covenants contained in this Agreement would result in irreparable injury to Franchisor and Franchisee, for which no adequate remedy at law may be available, and accordingly consents to the issuance of, and agrees to pay all court costs and reasonable attorney fees incurred by Franchisor or Franchisee in obtaining an injunction enjoining any conduct by Owner prohibited by the terms of this Agreement and without bond. This remedy shall be in addition to any and all other remedies that may be available to Franchisor or Franchisee.

5. Severability. The parties agree that each of the covenants contained in this Agreement shall be construed as independent of any other covenant or provision of this Agreement. If all or any portion of a covenant in this Agreement is held unreasonable or unenforceable by a court or agency having valid jurisdiction in an unappealed final decision, Owner expressly agrees to be bound by any lesser covenants subsumed within the terms of such covenant that imposes

the maximum duty permitted by law, as if the resulting covenants were separately stated in and made a part of this Agreement.

6. Effect. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal representatives, successors, and assigns.

If any provision of this Guaranty or its application to any person or circumstance will, for any reason and to any extent, be invalid or unenforceable, neither the remainder of this Guaranty nor the application of that provision to any other persons or circumstances will affect the invalidity, but rather the Guaranty will be enforced to the greatest extent permitted by law. The waiver will be limited to the breach or default described therein; no such waiver may be or be deemed a waiver of any other, similar, prior, continuing or subsequent breach or default.

14.3 Assignment. Neither this Agreement nor any of Dealer's rights or obligations arising under this Agreement may be assigned without Ram Jack's prior written consent. Any attempt to assign all or part of this Agreement without Ram Jack's consent is void and a material

breach. This Agreement is freely assignable by Ram Jack, and will be for the benefit of Ram Jack's successors and assigns.

14.4 Entire Agreement. This Agreement together with any Ram Jack modifications from time to time constitutes the entire agreement and understanding between Dealer and Ram Jack with regard to the subject matter hereof, and supersedes all prior and contemporaneous verbal and written communications, agreements, assurances and understandings between Dealer and Ram Jack. NOTHING IN THIS AGREEMENT OR IN ANY RELATED AGREEMENT IS INTENDED TO DISCLAIM THE REPRESENTATIONS RAM JACK MADE IN THE FRANCHISE DISCLOSURE DOCUMENT.

14.5 Independent Contractors. Dealer acknowledges that Dealer and Ram Jack are independent contractors and agree that Dealer may not represent itself as an agent or legal representative of Ram Jack. This Agreement does not create a relationship of principal and agent, joint venture, partnership or employment, nor is Ram Jack to be construed as a fiduciary in any way. No person or entity may be deemed a third-party beneficiary of this Agreement.

14.6 Compliance with Laws. Dealer agrees to comply at its own expense with all laws regulations, and orders of any governmental body which are applicable to or result from its rights and obligations under this Agreement.

14.7 Waiver of Jury Trial. DEALER AND RAM JACK HEREBY VOLUNTARILY, KNOWINGLY, IRREVOCABLY AND UNCONDITIONALLY WAIVE THEIR RESPECTIVE RIGHT TO TRIAL BY JURY.

14.8 Attorneys' Fees. If either party institutes legal proceedings to enforce the terms or conditions of this Agreement, the prevailing party will be entitled to recover all its reasonable expenses, including attorneys' fees, costs, and other expenses reasonably and necessarily incurred.

14.9 Force Majeure: Ram Jack will not be liable to Dealer for any failure or delay in performing any obligation, in whole or in part under this Agreement, if the failure or delay results directly or indirectly from wars (declared or not), insurrections, riots, fires, floods, explosions, earthquakes, accidents, epidemic or quarantine restrictions, acts of God, any active government or government priorities, transportation failures or delays, embargoes, material or parts shortages, strikes, labor trouble causing a cessation or slowdown or interruption of work (including labor troubles or other delays at a supplier's or service vendor's facility or "in the cloud" platform), events where an export license is refused or withdrawn, or technology related failures or any other cause beyond Our reasonable control.

15. REPRESENTATIONS AND GUARANTEES OF EQUITY HOLDERS

If Dealer is a corporation, partnership, or other legal entity ("Business Entity"), the shareholders, members, or other parties agree to be bound by all the terms of this Agreement and shall sign as Principals below. At any time upon request, Dealer will provide Ram Jack with a verified list of all holders of direct or indirect equity or voting interests of record reflecting their respective present and/or proposed direct or indirect interests in Dealer, in the form that Ram Jack may require.

Confidentiality and Restrictive Covenant Agreement

THIS AGREEMENT is entered into by and between the parties: Ram Jack Systems Distribution, LLC(**Franchisor**), _____ (**Dealer**), a [corporation] [partnership] [limited liability company] organized under the laws of the State of _____, and _____ (**Owner**), an individual resident of the State of _____.

INTRODUCTORY TERMS:

1. Pursuant to a Franchise Dealer Agreement dated _____ (the **Franchise Agreement**), Franchisor is granting Dealer a franchise to operate a foundation repair and support business using patented hydraulically driven steel piercing systems including equipment/tools/products/apparatus and methods of foundation repair (the Franchise), using Franchisor's unique franchise system and Franchisor's trade name and service mark Ram Jack and other proprietary marks; and

Owner is the owner of ____% of the total outstanding voting stock of Dealer; and [Use with a corporation]

[or Owner is the _____ [*President, Vice President, Treasurer, Secretary, or other officer*] of Dealer;] [Use with only an officer or both officer and shareholder]

[or Owner is the owner of a _____% membership interest in Dealer;] [Use with a Limited Liability Company]

2. Franchisor has expended substantial amounts of time and money in developing the Marks (as hereinafter defined) and Franchisor's distinctive franchise system, including, without limitation, patented hydraulically driven steel piercing products and methods of installation, foundation repair systems techniques and trade secret processes, unique sales and marketing methods, pricing techniques, financial information, all of which Owner acknowledges to be confidential and proprietary information; and

3. In connection with the operation of the Franchise, Owner will have access to such confidential and proprietary information; and

4. As a condition precedent to granting the Franchise to Dealer, all shareholders, officers, partners, or members of Dealer must execute the covenants contained in this Agreement;

AGREEMENT:

As additional consideration and inducement for granting the Franchise to Dealer, Owner hereby agrees and covenants to Dealer and Franchisor as follows:

1. Confidentiality. Owner acknowledges the proprietary and confidential nature of Franchisor's Operations Manuals, instructional materials and other trade secret systems and products, that Dealer receives on loan or otherwise from Franchisor for the term of the Franchise Agreement, unique sales and marketing methods, promotional materials, new

product development, financial information, procedures for the efficient operation of a Ram Jack franchise, and any other methods, procedures, processes, techniques, information, knowledge, or know-how concerning Franchisor's franchise system or Dealer's Franchise in particular that may not be commonly known to the public or to Franchisor's or Dealer's competitors and that Franchisor or Dealer have identified or may identify as proprietary and confidential information (**Trade Secrets**). Owner shall use such Trade Secrets solely for Dealer's benefit and shall not, during the term of the Franchise Agreement or at any time thereafter, communicate, divulge, or use any Trade Secrets to or for the benefit of any other person, entity or organization.

2. Proprietary Marks. Owner acknowledges Franchisor's right, title, and interest in and to the service mark *Ram Jack* and *Ram Jack Foundation Solutions*, Franchisor's stylized "Ram Jack" logo, and certain other proprietary service marks, logos, symbols and trade names presently used by Franchisor or that Franchisor may hereafter use or provide for use by Dealer, and the identification, schemes, standards, specifications, operating procedures, and other concepts embodied in Franchisor's franchise system (the **Marks**). Owner further acknowledges that any use of the Marks outside the scope of the Franchise Agreement without Franchisor's prior written consent would be an infringement of Franchisor's rights in the Marks. Owner expressly covenants that he/she shall not, directly or indirectly, commit an act of infringement or contest, or aid in contesting, the validity or ownership of the Marks or take any other action in derogation of the Marks during the term of the Franchise Agreement or after the expiration or termination thereof.

3. Restrictive Covenant. Owner covenants that, during the term of the Franchise Agreement, Owner will not directly, nor as a beneficial owner, investor, partner, director, officer, employee, independent contractor, representative, or agent, nor through a family member or other agent, control, own, provide consulting services for, benefit from or engage in any business offering the installation and repair of foundation systems, equipment or other items, related products or any other Ram Jack services and Products then being offered by Franchisor, or by Ram Jack franchises (whether for purchase or are offered without charge as a premium or packaged with services) either as an independent business, in a Foundation Repair format in any capacity, as a dealer, licensee, franchisee or as a franchisor, except pursuant to a franchise agreement signed by Franchisor.

Owner agrees that this restrictive covenant will bind Owner in all capacities, including as an independent business, shareholder, director, advisor, franchisee, licensee, employee, agent or consultant, as a beneficial owner, investor, partner, officer, independent contractor, representative, or agent, or directly or indirectly through a family member anywhere ("Related Parties"), so long as the Franchise Agreement or any successor agreement is in place or the Owner or Related Parties are operating a Ram Jack dealership.

This restriction shall not apply to the beneficial ownership by Owner of less than five percent (5%) of the outstanding equity securities of any corporation whose securities are registered under the Securities and Exchange Act of 1934.

4. Remedies. Owner acknowledges that his/her violation of any of the covenants contained in this Agreement would result in irreparable injury to Franchisor and Dealer, for which no adequate remedy at law may be available, and accordingly consents to the issuance of, and agrees to pay all court costs and reasonable attorney fees incurred by Franchisor or Dealer in obtaining an injunction enjoining any conduct by Owner prohibited by the terms of

this Agreement and without bond. This remedy shall be in addition to any and all other remedies that may be available to Franchisor or Dealer.

5. Severability. The parties agree that each of the covenants contained in this Agreement shall be construed as independent of any other covenant or provision of this Agreement. If all or any portion of a covenant in this Agreement is held unreasonable or unenforceable by a court or agency having valid jurisdiction in an unappealed final decision, Owner expressly agrees to be bound by any lesser covenants subsumed within the terms of such covenant that imposes the maximum duty permitted by law, as if the resulting covenants were separately stated in and made a part of this Agreement.

6. Effect. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal representatives, successors, and assigns.

7. Construction. The parties agree that this Agreement shall be deemed to have been entered into in, and shall be governed by and construed in accordance with the laws of the State of Oklahoma.

8. Jurisdiction. The parties agree that any action based upon this Agreement brought by any party or third party beneficiary hereto against any other party hereto may be brought within the State of Oklahoma in the judicial district in which Franchisor has its principal place of business, and hereby consent to the exercise of personal jurisdiction by any such court and waive all questions of personal jurisdiction or venue for the purpose of carrying out this provision.

9. Legal Expenses. If a dispute arises under this Agreement, the prevailing party shall be entitled to recover its expenses, including reasonable attorney and accountant fees, in addition to any other relief to which it may be found entitled.

10. Execution. The signatures of the parties to this Agreement follow on the next page.

[Balance of page intentionally blank]
