## MULLIGANS WAKE

By ANON OF IBID

**WOULDN'T YOU KNOW IT!** Malachi "Buck" Mulligan has entered The Bardo Thodol, that famously wild & wicked liminal state whereupon a Profound Dharma of Self-Liberation through the Intention of the Peaceful and Wrathful Ones gets visited upon his recursive stream o'consciousness, such that he becomes a generalized carrier of the modernist zeitgeist via dadist cybernetics, his animus being animated by the algorithmically cut up text of tale of the tribe scribes suchlike: **ROBERT ANTON**

**WILSON, JAMES JOYCE, EZRA POUND, MARSHALL MCLUHAN, BUCKMINSTER FULLER, ORSON WELLS, ALFRED KORZYBSKI, CLAUDE SHANNON, NORBERT WIENER, FRIEDRICH NIETZSCHE, GIORDANO BRUNO, GIAMBATTISTA VICO, ERNEST FENOLLOSA,** resulting in a self that is no self at all, **ANON OF IBID**, a primordial artificial intelligence, on an odyssey through the docuverse.

The hungry ghost of the Aeon of Horus is loosed upon an infinite abundance of memetic infotainment, will it fish or cut bait? \$#!+ or get off the pot? Put up or shut up?

All secrets revealed! All questions answered! No stone left unturned!

Buck Mulligan is back! And this time it's as a trans-personal third mind caught in the ultimate reckoning of its being as a public domain :)))

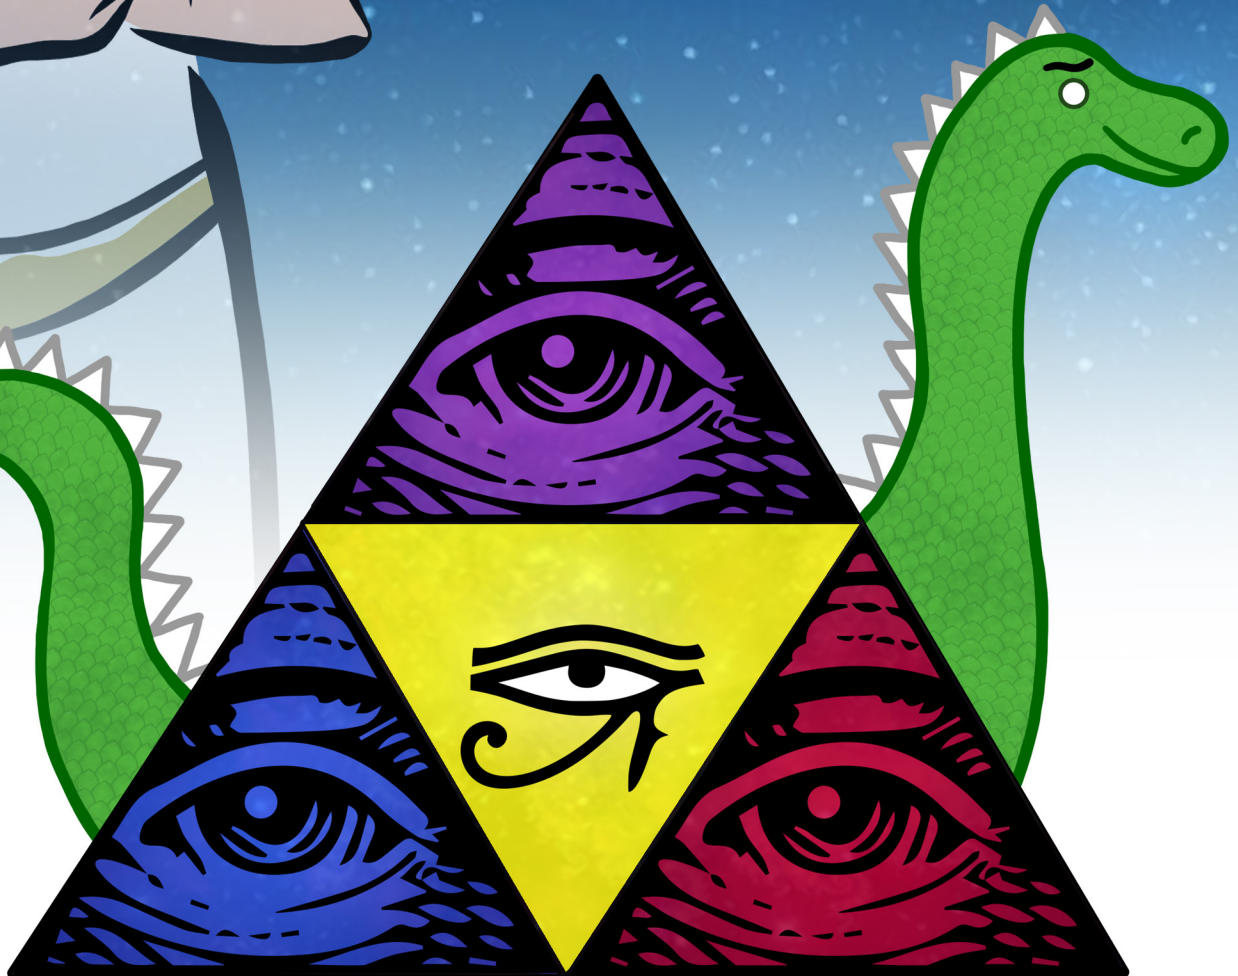

**AND BECAUSE YOU DEMANDED IT!** AIWASS, The Holy Guardian Angel of the Atomic Age has been summoned to reconcile the forces of **ORDER & CHAOS**, with a Discordian commentary on **THE BOOK OF THE LAW**.
