PEOPLE WHO KNOW THE JOB

We connect people for your
crewing needs for all types of
vessels and projects worldwide.

CREWING
SHIP DELIVERY
PORT & LOGISTICS
ONSHORE

WE ARE TOS

We are TOS. A family business. Honest and loyal. The maritime world is our world. It's where we belong. For more than 30 years. We have evolved into the expert in flexible personnel solutions and the worldwide delivery of ships within this dynamic, no-nonsense sector. People who understand the business. That's us. And we provide these people.

Working with TOS means working with people. Personal and committed. Proactive and ambitious. Clear and direct. Doers who think and thinkers who do. That's why we know better than anyone who and what is needed to get the job done. We select, recruit, train, and guide professionals. We support partners with services such as payrolling, HR advice, and administration.

Empathy and problem-solving skills enable us to realize successful collaborations, on and around the water. With our hands-on mentality and entrepreneurial spirit, we tackle every project head-on. From global crewing to port & logistics personnel and onshore specialists. In addition, ship delivery is one of our specialties.
