Moderate track

Starting from the car park on Warren Road, Williamstown, this walk takes you on a circuit within Hale Conservation Park via the Hale Hike Trail. This circuit walk explores the rocky lookouts, waterfall and old mine diggings within the park. There are wonderful views of Adelaide farms, bushland and pine trees along the way, and if you're lucky, you may spot an echidna. The lookout provides a great place to catch your breath and contemplate your surroundings, with panoramic views towards the South Para Reservoir and Mount Lofty. The track is well defined and marked with yellow markers. Some parts of the trail are quite narrow, with fairly steep inclines and moderately challenging rocky sections. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
