Moderate track

This walk follows Moores Creek through several reserves in east Roseville and East Lindfield. The track is named after Australia's 7th Prime Minister, who once lived in the area. The walk explores the ferns and sandstone overhangs of the area, and there are several small waterfalls on Moore creek, which are worth the very short detour to visit. Officially, the Little Digger track finishes near the bottom of the Carlyle road service trail, but we included this section to get back to the road. Let us begin by acknowledging the Darug people, Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.

Getting started: From the signposted trackhead at the intersection of Amarna Pde and Roseville Ave, the walk passes the 'Little Digger Track' sign and heads down the steps. The walk then follows the bush track downstream along the creek, keeping the creek to the left. After a little while the track fades for about 10 meters then arrives at the top of a waterfall. The track loops around the rocks, and down to a Y intersection just near the bottom of the same waterfall.
