Starting from the dirt car park at the end of Donkey Springs Track, Wunaamin Miliwundi Ranges, this return walk takes you to Donkey Springs and back. There are three different pools in the area, and the first 2 has beautiful water lilies that are suitable for photography and observation, while the last one is better for a dip to cool off. The area also hosts a wide variety of wildlife, such as birds, snakes, reptiles and water goannas. The trail is well marked, but there are certain sections that require rock hoppings, and the texture can be uneven in some places. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
