Easy track

Starting from Mornington Wilderness Camp, Wunaamin Miliwundi Ranges, this return walk takes you on a stroll along Annie Creek. Do not forget your binoculars as Annie Creek and the riparian habitat is host to a plethora of bird species that you can observe. It is possible to spot species of finches, such as crimson finches, painted finches and double-barred finches, along with kingfishers, honeyeaters, rainbow bee-eaters. You can opt to return back to the campsite to convert this walk a loop as well. The track is compacted or hardened surface, and there are only gentle hilly sections. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
