Moderate track

Starting from Brambuk National Park and Culture Centre, Halls Gap, this return walk takes you to Boronia Peak and back through the western slopes of Mount William. This scenic walk offers you panoramic views of the Wonderland Range, Cathedral Range and Mount Williams and the open plains in the area. The path goes through messmate forest and native pines. You can also come across kangaroos, wallabies, emus, and native birds in the area. There are certain steep sections, so a moderate amount of fitness can be useful. Additionally, the site is relatively popular and can be crowded compared to other regions. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
