Very challenging

Starting from the car park off Barrs Road, Glass House Mountains, this walk/scramble takes you to the summit of Mount Tibrogargan and back, visiting a couple of viewpoints along the climb. The said summit provides you with gorgeous views of the surrounding mountains and rural areas, and they surely will feel rewarding and extra magical after the steep climb you just conquered. The 3 metre near-vertical rock face climb near the start serves as a testing point. See how you feel climbing up and down(usually harder) and continue the track based on that. Well placed hand and foot holds are provided, but keep an ear out for people shouting out "Rock!" to avoid falling rocks. A helmet may come in handy, but shoes with good grip are a necessity. Hire a guide or go with someone experienced to be safe. Check the forecast and avoid rainy days as the climb can become extremely dangerous and slippery when wet. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
