Hard track

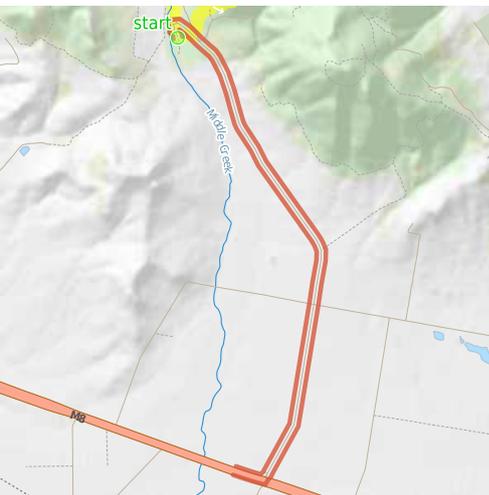

Starting from the Middle Creek Campground, Raglan, this circuit walk takes you to the Bukkertillible Cave in Mount Buangor State Park via the Cave Hill Circuit, crossing Middle Creek along the way. The word bukkertillible actually means 'cave' in the local Aboriginal language. 100+ metres wide and 15 meters high, this eye-catching granite formation makes you think how it was formed long ago. If you're somewhat into archeology, feel free to get closer and examine the cracks and lines on the big chunk of granite. You may run into echidnas and possums along with eastern grey kangaroos as you're hiking through the eucalypt forest. Enjoy a good meal at the scenic Bailes Picnic Area as you listen to the burbling of Middle Creek. Unfortunately, your pets need to sit this one out. Let us begin by acknowledging the Traditional Custodians of the land on which we travel today, and pay our respects to their Elders past and present.
