Part autobiography, part introduction to entheogens and visionary substances, *The Toad of Dawn* gives an overview of the history, use, and the benefits of the toad medicine, and reveals how it can be used to initiate people on a spiritual path. In *The Toad of Dawn* Dr. Rettig Hinojosa shows that 5meO-DMT derived from the secretion of the Sonoran Desert Toad is the most profound, most healing entheogen available, even more so than Ayahuasca, LSD, DMT, Psilocybin etc. The author thinks of it as the Master of all entheogens, the one thing that brings someone closest to God, the Divine Source, to the big meaning behind all, and declares it to be the most powerful healer on this planet. The most significant contribution to entheogenic literature since Jeremy Narby's *The Cosmic Serpent*. - Scott Olson. Dr. Octavio Rettig Hinojosa is a Mexican doctor who works with the sacred medicine 5MeODMT found in the secretions of the Sonoran Desert Toad (Bufo Alvarius). Under the auspices of the United Nations Venezuela Association, he has traveled extensively throughout the world and shared 5MeODMT with over 6000 people during sacred ceremonies, eliminating chemical addictions, depression, anxiety disorders, insomnia, bronchitis, and trauma. Rak Razam is a founding editor of *Undergrowth*, Australia's leading alternative arts and literature
