

## Student Academic Record

### Master of Science in Computer Science: Software Engineering

Full name: **Tomáš Garrigue Masaryk**

Nationality: **Poland**

Student ID: **0000000000**

Degree name: **Master of Science in Computer Science: Software Engineering**

Degree accreditation level: **ECTS Accredited (EQF7)**

Degree completion status: **Completed**

Date of award: **26 February 2026**

Official accreditation information: [Degree listing on MFHEA website in Europe](#)

Average (percent): **100%**

Cumulative GPA: **4**

Course title	Completed	Hours	ECTS credits	US percent	GPA
<b>Tier 2</b>					
UX/UI Design	26/02/2026	125	5	100%	4
Web Design	26/02/2026	125	5	100%	4
 Oxford course in Cyber-Resilient Leadership for Digital Transformation	26/02/2026	25	1	100%	4
Relational Databases	26/02/2026	125	5	100%	4
Back End Development	26/02/2026	125	5	100%	4

Student credentials

This Diploma Supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international 'transparency' and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

## 1. Information identifying the holder of the qualification

- 1.1. Full name: Tomáš Garrigue Masaryk
- 1.2. Date of birth (dd/mm/yyyy): 26/02/2026
- 1.3. Student identification number: 0000000000

## 2. Information identifying the qualification

- 2.1. Name of qualification and (if applicable) title conferred (in original language):  
Master of Science in Computer Science: Software Engineering
- 2.2. Main field(s) of study for the qualification: Computer & Mathematical Science
- 2.3. Name and status of awarding institution (in original language): Woolf
- 2.4. Name and status of institution (in different from 2.3) administering studies:  
Woolf (established in 2018) is an accredited Higher Education Institution in Malta with license 2019-015 from the Malta Further and Higher Authority.
- 2.5. Language of instruction/examination: Ukrainian

## 3. Information on the level and duration of the qualification

- 3.1. Level of qualification: ECTS Accredited (EQF7)
- 3.2. Standard Programme Length: 18 months
- 3.3. Standard Programme Delivery Length: 24 months
- 3.4. Access requirements: Undergraduate Degree or Equivalent

## 4. Information on the programme completed and the results obtained

### 4.1. Programme learning outcomes:

#### Knowledge

- Define and explain key software development life cycle (SDLC) models and their associated methodologies
- Identify and compare different software design patterns and their appropriate application scenarios
- Analyze the trade-offs between different software testing techniques and evaluate their effectiveness

#### Skills

- Design and implement software modules adhering to object-oriented programming principles and best practices
- Write effective unit tests to identify and debug software defects
- Utilize version control systems to manage code changes effectively and collaborate within a development team

#### Competencies

- Architect and design a software system considering scalability, maintainability, and security requirements
- Evaluate the suitability of different software development methodologies for a specific project and recommend the most appropriate approach
- Implement independently a software project using appropriate tools and technologies, managing the entire development lifecycle

4.2. Programme details, individual credits gained and grades/marks obtained: Refer to the first page of this transcript

4.3. Grading system and, if available, grade distribution table: Refer to the first page of this transcript.

## 5. Information on the function of the qualification

5.1. Access to further study: Degree Programmes may entitle access to EQF8 Level Study

5.2. Access to a regulated profession (if applicable): Not Applicable

## 6. Additional information

6.1. Further information sources: <https://woolf.education/regulation/regulatory-resources>

## 7. Certification of the supplement

7.1. Transcript issued and signed on 26 February 2026 by:

7.2.

Dr. Joshua Broggi  
President

7.3.

Anton Chorny  
Dean of GoIT Neoversity

7.4. Official stamp or seal:
