

Charter Events with World Ocean School

The schooner Roseway is a unique and beautiful venue for weddings, family reunions, and corporate functions

Capacity

We are currently able to accommodate up to 35 passengers per Boston's Phase III guidelines for reopening. This represents half of our vessel's normal capacity. This number may change as the pandemic develops throughout 2021; we will adjust our practices accordingly.

COVID Safety

Due to the pandemic, we will be asking all guests to stay above decks during the charter event. However, we will offer guest access to the head (onboard bathroom facilities) throughout the sail. We will also require all World Ocean School crew and all guests to wear masks while on board (except when guests are eating and drinking).

Catering and Bar

We are happy to recommend local caterers—we work with a variety of caterers in the Seaport area who are familiar with the boat, and we are happy to make recommendations. Guests can then pay and coordinate directly with the caterer to ensure that their particular specifications are met. *Roseway* can accommodate a cash bar, open bar, or ticketed bar, but guests are prohibited from bringing their own alcohol on board. All catering and bar costs will be added to the hourly charter rate.

Pricing

Pricing begins at \$3,500 for a two-hour event. 50% of the final cost is eligible for a tax deduction and 100% of the proceeds support our onboard education programs. Our charter agreement includes a line item for a 15% crew gratuity based on the cost of the charter.
