4 FOLLOW THE LEADER

BEST PRACTICES

Our ability to follow a leader is an art form that must be honed over a lifetime. Obedience to Christ is formed in us as we learn to respond with humility to those God has placed in roles of guidance in our lives (and in our faith communities). God gives us all leaders – just as He has given us to others.

Learn how to follow, and you will be honing your own ability to lead. It's the way of the Master.
