29 LEND A HAND

BEST PRACTICES

Actively model servant leadership as a worship leader, and as a team member. Your attempts to champion another by changing someone's strings, bringing them water, or stopping rehearsal to aid a musician struggling with a part, will not go unnoticed by your God or your band.

Lending a hand to others on your team is easier the more you are prepared before a rehearsal or worship event. Show up early, have your gear set up, and be waiting to help whenever you can.

ESSENTIALS IN WORSHIP
