

VALUE-ENGINEERED LIGHTED MIRRORS

# Séura Select™ Lighted Mirrors

Séura Select™ is designed for the hotelier that wants high quality products for a budget-friendly price without the risk of imports. Choose from more than 140 standard models made in Séura's Green Bay, Wisconsin facility.

### Select LEDs

Séura Select LED technology offers bright, sustainable, and long-lasting light with user-preferred color temperature and high CRI for optimal lighting at the mirror.

### High 90+ CRI

The higher the CRI (Color Rendering Index), the more natural the lighting environment.

**3000**  
Kelvin

### Natural Light Temperature

Color temperature of 3000K offers comfortable, clear and enhancing light.

### Lifetime Silver Mirrors

Copper-free 1/4" silver mirror glass is not susceptible to black edge corrosion.

### Sustainable

Energy-efficient, sustainable and long-lasting lighting, reducing maintenance and electrical costs.

### Built in the USA

Designed and manufactured in Wisconsin, Séura Lighted Mirrors are created upon order - enabling an unmatched level of control and craftsmanship with each and every mirror.
