SÉURA MIRROR TECHNOLOGY, CUSTOM UPGRADE

Defogger

Expect a clear view every time, with a mirror that remains clean and spotless after steamy showers. Séura's defogger warms the mirror's surface so there's no need to wipe away drips and streaks or wait for the condensation to clear.

IDEAL SPACES

Bathroom Vanity

DEFOGGER SIZE

15" x 15"
Multiple defoggers available in larger mirrors

CONTROL

Upgrade to in-mirror touch control or control from a wall switch, either with the mirror lights or on its own switch

FOG FREE

Your mirror is ready when you are with Séura's thermal warmer that evaporates droplets for a crystal-clear reflection.

SAVE ON CLEANING

Save the time and bother of repeatedly cleaning mirror streaks and smudges.

BE GREEN

Powered separate from the mirror lighting, save energy by only using the defogger when needed.

OPTIONAL TOUCH CONTROL

Conveniently control the defogger from the mirror. One touch turns the defogger on and off.

SÉURA®

Defogger

OPTIONAL TOUCH BUTTON OPERATION

When the mirror is powered on, the energy-efficient button senses your touch. One tap turns the defogger on and off. The button illuminates to indicate the defogger is on.
