**DIGITAL CLARITY**

Keep an eye on the time with an attractive in-mirror LED display that's visible at a glance from across the room.

**STAY PROMPT**

With the proximity to the clock at all times, have the ultimate accountability partner so you can rest assured that you're using time wisely.

**DEPENDABLE**

An internal back-up battery allows the clock to keep time even when the mirror is powered off.

**EASY SETTING**

Simply adjust the time with the sleek IR remote control.

# Digital Clock

## CLOCK SETTING INSTRUCTIONS

1. Press the square until minutes flash
2. Move up/down arrows to select minute
3. Press the square and hours digits will flash
4. Move up/down arrows to select hours
5. Press the square again to exit clock setting mode
