--	---	---

ONE-TOUCH CONTROL

Tap the mirror to power the lights on and off, or gently touch and hold to dim brightness levels.

SMART MEMORY

Select your desired brightness and your setting will be resumed next time you turn the mirror lights on.

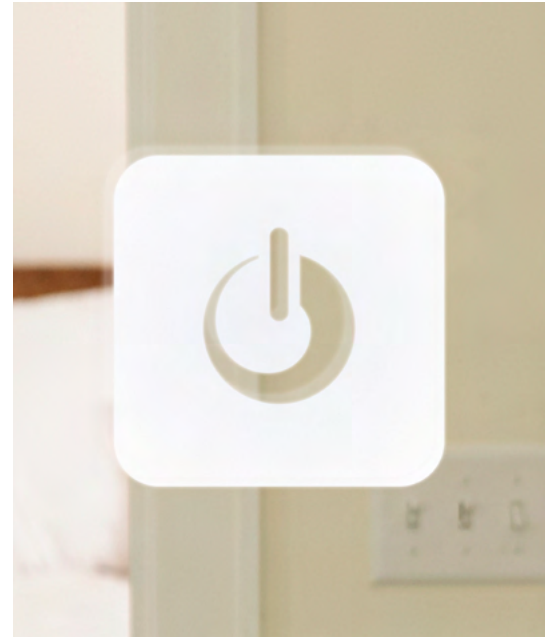

SLEEK DESIGN

The dance of form and function results in a minimalist, integrated design with convenient touch capability.

Touch Control Dimming

TOUCH BUTTON OPERATION

When the mirror is powered on, the energy-efficient button illuminates and senses your touch. Tap the in-mirror button to turn the lights on and off. Gently touch and hold to lift or dim brightness levels from 100% full brightness down to 10% ambient low-lighting. Lift your finger off to stop at your desired setting.

Dimmable LEDs

Meet the sophisticated lighting that balances the room with your mood. Séura's lighted mirrors adjust to every changing moment of your day with dimming control.

100% Full Brightness

Experience fresh, bright lighting for daytime routines such as hair, makeup, grooming and overall preparation.

70% Medium-High Brightness

An upbeat addition to your home, this setting helps light the space for mid-day productivity.

40% Medium-Low Brightness

Relax and unwind with mood-nourishing ambient light for a mellow and romantic atmosphere.

10% Low Lighting

Add a glow of comforting low light in late evenings to set the tone for movie time or rest.
