

SÉURA TV MIRRORS

# Lighted Vanity TV Mirrors

Seamlessly incorporate video into bathrooms, dressing rooms and spas without ever having to see the TV. Combine with abundant, bright light and a broad suite of customization options that makes Séura's lighted TV mirrors perfect for every design project.

### Vanishing Technology

Séura Vanity TV Mirrors are purposefully crafted to create excellent mirror reflectivity, while enabling the television to completely disappear when switched off.

### Brighter Than Ever

Séura offers the highest quality Vanity TV Mirror viewing experience with displays that now appear 25% brighter.

### Radiant LED Technology™

Séura's latest COB LED technology offers the even glow of ambient lighting, 15% more brightness than before, and greater energy efficiency that uses less power.

### Customization

Unique design configuration options include display size, mirror size, framing, technology upgrades and more.

### Color-Accurate Lighting

The higher the CRI (Color Rendering Index), the more natural the lighting environment. See your true self with ultra high red R9 color that reflects accurate human skin tones.

### Uniform And Exact

High-end lighting emits smoothly and evenly, eliminating the need for add-on diffusers, and radiates at a precise color rating for tones and hues that nature intended.

### Sustainable

Energy-efficient, environmentally sustainable and long-lasting lighting, reduces maintenance and electrical costs.

**3000**  
Kelvin

### Natural Light Temperature

Color temperature of 3000K offers comfortable, clear and enhancing light.
