

## PRODUCT DESCRIPTION

Séura Smart Lights™ offer Integrators and Lighting Designers the ability to extend lighting control to the place their customers need it most: the bathroom. Transform daily routines with personalized lighting scenes that provide the perfect color temperature, brightness and light color for every task, at any time of day.

## PRODUCT SPECIFICATIONS

- 1/4" silver mirror glass provides accurate, crystal-clear mirror reflection
- Copper-free mirror glass is not susceptible to black edge corrosion
- UV Protective coating applied to mirror glass
- Uses Séura Smart LED Technology™
- Backside etching with smooth front surface that doesn't collect dust or grime and makes cleaning easy

## INSTALLATION SPECIFICATIONS

- Product depth 1.5"
- Hard-wired (optional plug-in configuration available)
- Powder-coated white slim metal housing
- Includes mounting and hardware for surface installation
- Open back housing to easily locate and make electrical connections

## FEATURES & BENEFITS

- **Intelligent Tunable Lighting**—Proprietary tunable LED technology allows complete control of brightness, color temperature and LED color.
- **Personalized Wellness**— With the ability to fine-tune color temperature and LED color, users can choose lighting settings that best suit their emotional and physiological needs at any given time.
- **Smart Integration, Easy Control**— Compatible with leading home automation platforms to seamlessly integrate into the smart home ecosystem, creating a consistent lighting solution across the entire home.
- **Energy-Efficient**— Combining energy-efficient LED technology with energy-saving control systems to bring consumption to an all time low without compromising performance.
- **Sleek Custom Designs**— Incorporate into any built-to-order Séura Lighted Mirror – select your lighting design, mirror size, and custom add-ons for the perfect bathroom lighting fixture\*.
- **Durable Mirror with Crystal-Clear Reflections**— Séura's copper-free mirror glass with UV protective coating is not susceptible to black edge corrosion caused by ammoniated cleaners and humid environments.
- **Easy Wall Mounting**— Includes installer-preferred, two-piece wall mounting system that is our lightest design ever for easier handling and installation. Visually position and mount the lightweight mirror housing, connect wires, and hang the mirror.

\*Some restrictions apply

LIGHTING	LIGHTING TECHNOLOGY	Séura Smart LED Technology™
	LED BRIGHTNESS	19W/m: 1650lm/m (503lm/ft)
	CRI / TM-30	90+ CRI in the Tunable White range and an R9 of up to 95. TM-30 Fidelity Index 96
	COLOR TEMPERATURE	Achieves full color, combining RGB and Tunable White (2200K - 6500K)
	POWER CONSUMPTION	5.8 watts/foot
	EFFICIENCY	87 lumens/watt
	LAMP LIFE	50,000 hours at L70
LIGHTING CONTROL	CONTROL COMPATIBILITY	WiZ Connected™*, Control4®* Compatible
	DIMMING	Product dimming managed via digital control system. Not compatible with standard dimmers. Wall control system optional (Scenes, Dimming, Power, Color Temperature)
	WALL CONTROL	Room Controller included. Wi-Fi enabled to control all WiZ enabled lights in the room with a simple click. Wi-Fi not required. Power lights on/off, control the dimming, select your white, and toggle through your four favorite modes pre-selected in the WiZ app.
	SET TIMERS	With the ability to set up timers within the WiZ app, automatically switch light in a restaurant setting from bright at lunch to dim for dinner.
	VACATION MODE	Relax on vacation, knowing that your home is safe with automated schedules to simulate presence in the morning and evening while you're not there.
	LIGHT SCENES	WiZ has preset dynamic light modes that rotate through color combinations that create an immersive experience
	CIRCADIAN RHYTHM	Feel and sleep better with the circadian rhythm option, which slowly transitions lighting from morning to night. Or you can customize your white for any time of day.
	OTHER COMPATIBLE WALL CONTROLLERS	 <a href="#">WiZ Lighting Driver for Control4 systems</a>
CUSTOMIZATION	CUSTOM DESIGN OPTIONS	Mirror size, frame, etching design
	CUSTOM TECHNOLOGY OPTIONS	Defogger, digital clock, UL electrical plug
	CUSTOM FUNCTIONALITY OPTIONS	Fingerprint protection, tamper-free security hardware, safety mirror backing
	MAXIMUM MIRROR SIZE	94" x 70"
OTHER	CERTIFICATIONS AND COMPLIANCE	ETL listed to conform to UL and CAN/CSA safety requirements; LEDs are UL Listed, CE certified
	TITLE 24 COMPLIANCE	Compliant with Title 24 Building Energy Efficiency Standards (applies to select models)
	WARRANTY	Lighted Mirrors (excluding Imported Lighted Mirrors) with respect to Séura's labor, glass, structure, and assembly for seven (7) years; electrical and LED light strips for five (5) years; mirror technology with respect to Séura's labor and parts including clocks, night lights, defoggers, dimmers, and touch controls are covered for three (3) years.
