INSTALLATION INSTRUCTIONS:

- Reference the dimensions on this sheet to properly locate the wall brackets on the mounting surface locate within 0.05° of levelness or +-1/32"
- Wall brackets must have mounting screws in both end slots.
- If it is not possible to mount to the wall framing members, use the supplied toggle bolts into minimum ½-inch thick drywall. Toggle bolt instructions are included in the fastener packet.
- Hold mirror assembly close to wall, connect A/V and power, and verify functionality.
- Hang mirror assembly. Ensure the brackets are interlocked and mirror is secure.
